RUB YOUR BACK! STOPS LUMBAGO

Don't drug kidneys! Rub the pain right out with old "St. Jacobs Liniment"

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Liniment!" Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin.

Limber up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years. Stop drugging kidneys. They don't cause backache, because they have no nerves, therefore can not cause pain.—Adv.

CITY TO ANALYZE ALL SUBWAY WORK BEFORE GIVING AID

Some Contractors Not Deserving, View of Estimate Board Members.

Before the City of New York commits itself to paying the obligations of subway contractors who claim they have been hard hit by war conditions, it will analyze the case of each contractor making application for relief. Certain city officials believe there are a number of contractors who ought to be helped. And it may develop during the investigation the Board of Estimate began to-day that there are firms under contract to the city that are not deserving of help.

Because there are some deserving cases the Estimate Board will not necessarily financially recoup every subway contractor who claims he has been hit since the entrance of the United States into the war.

Several members of the Board of Estimate believe that with the Seventh Avenue-Lexington Avenue lines and the Fourteenth Street Eastern District line finished, subway work could be stopped until the end of the war without the slightest danger of anything approaching a crisis in the congestion problem.

That the Board of Estimate is not the least alarmed by the agitation over the subway situation is best illustrated by the following statement made to-day by Comptroller Craig:

"The Public Service Commission, at my request, has been asked to submit to the Board of Estimate and Apportionment specific information in regard to each unfinished subway contract, showing the location, the amount of finished and unfinished work, the name of the contractor, contract price, the surety company bond and name of the surety company with the amount of moneys actually paid to the contractor and the percentage retained by the city; also who other contracts the contractor has with the city for subway or other work.

"This informaton will enable the Board of Estimate to determine where and to what extent emergencies exist and where extraordinary relief, if any, is required."

SUNDAY WORLD WANTS WORK
MONDAY MORNING WONDERS

Like Being Hit By Rattle Snake

Says that every time you cut or pick at a corn you invite lockjaw

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts right out with the fingers, without one particle of pain.

This freezone is a sticky substance which dries the moment it is applied and just loosens the corn without inflaming or even irritating the surrounding tissue or skin. He says a quarter of an ounce will cost very little at any of the drug stores, but this is sufficient to rid one's feet of every hard of soft corn or callus.

You are positively warned that cutting or picking at a corn is a suicidal habit.—Adv.

CONGRESS RECESS URGED TO BOOM LIBERTY LOAN

Proposal for Members to Go Home for Few Days to Sell Bonds Will Be Introduced.

WASHINGTON, March 14.—Congress may take a "win the war" recess to sell Liberty Bonds. Legislative leaders are urging a pause in Congressional labors for several days, beginning April 6, the opening day of the next Liberty Loan campaign, while members go home to talk bonds.

The question will be laid before the House and Senate shortly. Speaker Clark favors it and Secretary McAdoo says "it should be done if at all possible." Representative Medill McCormick of Illinois is one of the leading backers of the plan.

Much of the "Liberty campaigning," should the plan be approved, will be directed at the farmers, who, it is admitted, have not done their proportionate part in other Loans.

Auto Bandits Kill One, Wound Two in Raid.

CLEVELAND, March 14.—One workingman was shot and killed and two others were seriously wounded early today when nine armed automobile bandits held up six men in a railroad construction camp near here secured $[illegible] from the dead and wounded men, and escaped.

ODDITIES IN THE NEWS

"HAIR TONIC" Bronx barber said sailors made them so happy detectives bought some of it, and say it was whiskey.

COAT OF YELLOW PAINT was applied on Court House steps at Albia (Ia.) to pacifist who had refused to sell Thrift Stamps.

TO SAVE POWDER for war, Ohio will prohibit use of fireworks on the Fourth of July.

HIGH COST of materials to keep Chicago from having a City Directory this year, for the first time in almost half a century.

CREPED PAPER BANDAGES so extensively used in war hospitals, a Massachusetts factory has been established to make them.

BAPTIST HENS in Ohio enlisted for week of March 17 to contribute $1,000,000 worth of eggs for missionary work.

TRUSTEES of Long Island village conducted business session in whispers and writing to keep newspaper reporter from getting account of proceedings.

BUTTON AND LENS LEAD TO ARREST IN AUTO DEATH

Chauffeur Is Arraigned in Killing of Man by Truck Last Oct. 5.

A fragment of a coat button and particles of an eye lens led to the arraignment of William Dornberg, a chauffeur employed by the Schuyler Garage Company of No. 249 West 59th Street, before Judge Crain and a jury in General Sessions to-day on the charge of violating the highway law.

Assistant District Attorney Jacob Goldstein told Judge Crain that on Oct. 5 last Michael O'Sullivan, formerly Fire Marshal, was knocked down and killed by an automobile truck at Amsterdam Avenue and 104th Street.

A spectator reported the license number on the truck as 54,787. Investigation disclosed that this number was not correct, and further search by Detective Conking revealed the true number as 54,752. The truck bearing this number was located in the Schuyler Garage and found to have a broken headlight.

Dornberg denied any knowledge of the accident, declaring he had struck a lamppost and thus shattered the light. Among the fragments of glass in the base of the lamp Conking found a piece of a button, and in the chains between the hood and the mudguard a half lens of an eyeglass.

An examination of the coat worn by O'Sullivan disclosed that one of the buttons had been split and the piece found in the lamp matched and fitted the portion of the button left upon O'Sullivan's coat.

HUDSON STREET HOSPITAL TO TAKE NAVY CASES ONLY

Beginning To-Morrow It Will Co-operate With Government—Thirty-five Bids Ready.

Answering an urgent call from the Navy through the War Department, the directors of the New York Hospital have decided to use the Hudson Street Hospital, at Jay and Hudson Streets, a branch of that institution for navy patients for the duration of the war. The change begins to-morrow, when it is expected thirty-five beds will be ready for the men in blue.

Dr. Thomas Howell, superintendent of the New York Hospital, said to-day: "The government has not taken over the Hudson Street Hospital and all our staff, including Assistant Superintendent Henry McKeon, will remain and do the work. The Navy has stated that it will have sixty-five patients for us at all times and we are prepared to take care of them."

"It will be necessary to discontinue our local ambulance service, but it is expected this work will be looked after by St. Vincent's and the Volunteer Hospitals. We have no serious cases on hand and all patients at present in the hospital will be removed to their homes."

COURAGEOUS POLICEMAN ROUNDS UP CRAPS BAND

Nearly Unconscious From Blow in Shaft, Plain Clothes Man Succeeds in His Mission.

Lanterns were gleaming fitfully in the 70-foot shaft of the 14th Street subway excavation at the foot of North Seventh Street, Williamsburg, and rain was making each slippery step of the winding stairs a chute of death as Policemen Benjamin Koebler and William Alberts of Inspector Savage's squad carefully crept down into the depths of earth shortly after last midnight.

The two plain clothes men took the final flight of stairs in a bound and with levelled revolvers sent twenty-three "sand hogs" sprawling on their backs.

"Now, one at a time, up those stairs!" commanded Koebler. Just then a chunk of coal, weighing fully ten pounds and toppled over the rim of the shaft by an unseen hand, struck Koebler on the head. He dropped, fighting unconsciousness. Alberts held off the craps players with his revolver until Koebler, bleeding from nose and ears, could regain his feet. Then the two drove their prisoners up the stairs to the street level. Koebler was taken home, suffering from brain concussion.

Metal Workers on Ships Vote to Strike Monday.

MOBILE, March 14.—Metal trades workers in shipyards here voted yesterday to strike Monday unless they are given an immediate increase in wages. Their demands are in the hands of the Shipbuilding Labor Adjustment Board at Washington which is working out a general Gulf Coast shipyard wage scale. The question of a strike is also before the unions building ships in other Gulf Coast cities.

RAILROAD INVENTORIES ORDERED BY GOVERNMENT

Must List Materials and Supplies on Hand Dec. 31 for Use in Federal Administration.

WASHINGTON, March 14.—Railroads were ordered to-day by Director General McAdoo to make an inventory of materials and supplies on hand Dec. 31, 1917, when private control ceased, for use in connection with Government administration of purchases, additions and betterments and railroad financing.

The inventories must be begun by May 1, according to the order, and are to be adjusted to show conditions on Dec. 31. If inventories have been taken since that date or within ninety days before then they may be used as the basis for the report.

The inventories will be valuable to the Government and the railroads when the period of common control ends, as the Government is required to return the railways' properties in as good condition as when they were taken over.

SON OF FORMER SING SING WARDEN WEDS COUNTESS

Lithgow Osborne of New York Takes Daughter of Danish Ex-Minister as Bride.

Lithgow Osborne of New York, Secretary of the American Legation in Denmark, and Countess Lili Raben-Levetzau, daughter of the former Danish Minister of Foreign Affairs, were married yesterday. News of the wedding was received to-day in a cable from Copenhagen.

Mr. Osborne is a son of Thomas Mott Osborne, former Warden of Sing Sing Prison, and was a member of Ambassador James W. Gerard's staff in Berlin until the rupture of relations between the United States and Germany.

The Countess, one of the best known Scandinavian authors, is the granddaughter of Charles Moulton of Boston. Her mother was Miss Nina Moulton.

Mr. and Mrs. Osborne, the cable stated, will spend their honeymoon at Lokkende, an estate of the bride's father.

THIBETANS IN REBELLION.

10,000 Marching Into Szechuan Province, China; Seizing Towns.

PEKING, March 14.—Taking advantage of disorder in the Province of Szechuan, the Thibetans have rebelled and are marching into Szechuan, where they have captured several towns. The force is estimated at 10,000 and is armed with modern rifles.

Thibet is controlled virtually by the natives, who are a branch of the Mongol race, the Chinese Government looking after foreign relations and maintaining small garrisons of Chinese troops. There is a Regent appointed by the Chinese Government selected from the Lamas, or religious leaders.

The Province of Szechuan has been overrun recently by bandits, against whom the Chinese troops have been able to make little headway.

What is Castoria

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhœa; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-Good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Genuine Castoria always bears the signature of Chas. H. Fletcher

Stops Indigestion, Dyspepsia, Heartburn, Gases, Sourness and Stomach Distress
