Still Hunt for Cyclops.

WASHINGTON, May 15.—Although two months have passed since the Naval Collier Cyclops disappeared, Secretary Daniels said to-day, the Navy Department has not yet officially recorded the vessel as "lost." Systematic questioning of fishermen and residents of islands along the route the collier would have followed from the West Indies to an Atlantic port is continuing.

BENNETT'S BODY WILL BE TAKEN TO PARIS FOR BURIAL

Was Newspaper Owner's Often Expressed Wish—Widow Probable Legatee.

PARIS, May 15.—The body of James Gordon Bennett, proprietor of the New York Herald, who died at Beaulieu yesterday, will be brought to Paris early next week in accordance with Mr. Bennett's desire, often expressed, that Paris be his last resting place. Mr. Bennett's legal representative in P[illegible] informed that it is not expected the will will be made public until after the funeral service.

In an article in Le Journal, Maurice de Waleffe writes:

"James Gordon Bennett was more than famous. It may be said of him that he was immortal, having created the type of the transatlantic millionaire, serving as a model for all our novelists."

This is but one of a dozen kindly and appreciative references in the Paris morning newspapers to the late Mr. Bennett. The "newspaper Napoleon" and the "Maecenas of sports and arts" are some of the characterizations of him by writers of the tributes. All of them lay emphasis upon his labors to the end of securing the entry of America into the war.

According to Paris cables friends of Mr. Bennett believe Mrs. Bennett formerly the Baroness de Reuter, will be his legatee. It is known that since their marriage in 1914 her influence on him had been great, including his business affairs.

It is known that during his last visit to this country, in 1916, he revised his will, making important changes. But what these were will not be known until the will is filed. A few years ago his fortune was estimated as high as $25,000,000.

Mrs. Bennett has two sons by her first marriage. Until the will is read, all speculation as to Mr. Bennett's disposition of the Herald, the Evening Telegram and the Paris Herald is of no value.

Mr. Bennett's will doubtless will be offered for probate in this city, because he gave No. 32 West 57th Street, Manhattan, as his official residence in his last income tax report. Mr. Bennett had other realty holdings in Manhattan. An extensive tract at Washington Heights, near 175th Street, known as the old Bennett homestead property, was appraised a few years ago at upward of $5,000,000. He also owned considerable real estate in Westchester County.

BASE HOSPITAL PATIENT SAVES A SOLDIER'S LIFE

Dives in Lake When Canoe Is Overturned and Rescues One Occupant; the Other Is Lost.

LAKEWOOD, N. J., May 15.—Noah H. Dowling of Lawrence, Kan., a private attached to the Medical Corps here at Base Hospital No. 9, was drowned in Lake Carasalio last night when the canoe which he and Homer D. Grimm, another private from the Medical Corps of Mount Carroll, Ill., occupied was upset.

Neither of the men could swim. Grimm was saved by the heroic efforts of Private William Packard, a private invalided from France. Packard swam a hundred yards to where the two men had disappeared. After making several dives, he found Grimm and swam with him to the shore. Grimm was unconscious. A pulmotor was obtained and after a half hour's work he was resuscitated.

Packard dived into the water again, but could not locate Dowling.

WILL PLAY JOAN OF ARC FOR THE BENEFIT OF U. S. ARMY HOSPITAL

Drusilla S. Pike, President of the Joan of Arc League of New York, will take the title role in a Joan of Arc play to be produced at Amsterdam Opera House to-morrow night for the benefit of United States Base Hospital No. 1. The production has been advertised in Broadway and other thoroughfares the last few days by an army truck from the First Field Artillery, and tickets have been sold from booths in various hotels and at the Public Library in connection with the sale of War Saving Stamps, one of which is to be given to every person present to-morrow night.

The Motor Corps Women are to give an exhibition drill and the camouflage corps of women will be present in a body. One hundred programme girls will be dressed as Red Cross nurses and to represent the Allied Nations. Among those taking part in the play will be Miss Carrie Byers, Miss Minnie Williams, Mrs. J. Burke Morgan, Miss Norma Drew, Miss Ada B. Smith and Mrs. J. Carleton McCormick.

A conspicuous figure in the booth at the Hotel Knickerbocker has been little Joan Clark, three years old, dressed as a Red Cross nurse.

HEARST BAN NOW SIGNED BY MAYOR IN MOUNT VERNON

Ordinance Forbidding Sale of His Newspapers or German Press Becomes Law.

William Randolph Hearst's New York American and New York Evening Journal, as well as German language newspapers, were to-day barred from Mount Vernon, when Mayor Edward Brush signed the ordinance passed last night by the Common Council making their sale or distribution a misdemeanor.

It was not without a hard and bitter fight on the part of the Hearst interests that the ordinance was passed. Luke J. O'Reilly, Mr. Hearst's political adviser, spent the day in Mount Vernon and remained until his mission had proved fruitless. County Clerk William Schneider of New York was busy the better part of the day on the telephone. On Monday night the ordinance was agreed upon by a vote of seven to three. Last night a motion to lay it on the table was supported by five councilmen, and the deciding vote was cast by Mayor Brush. Then the ordinance was passed by the original seven votes to three.

Two of those who voted against the measure represented the German vote of the city. The third said that he doubted the constitutionality of the ordinance. Mr. Dawson, author of the ordinance, said he had taken legal advice on that matter. He said further that all he asked was a glance at the clippings he had taken from Mr. Hearst's papers, the cartoons and editorials from the sinking of the Lusitania until a few days ago, when the Hearst paper presented a garbled report of the President's proclamation for Decoration Day. Mayor Brush said this morning:

"I certainly will sign any bill passed by the board that will help to put a curb on the Kaiser or any of his agents. Hearst has shown himself to be one of the latter. Mount Vernon will not stand for anything or any one not wholly American at this time."

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain

How to Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, &c., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This neutralizes the stomach, prevents the formation of excess acid, and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.—Advt.

NUXATED IRON

Increases strength of delicate, nervous, run-down people in two weeks' time in many instances. Used and highly endorsed by former United States Senators and Members of Congress, well-known physicians and former Public Health officials. Ask your doctor or druggist about it.
