U. S. WILL CLEAR FREIGHT PIERS BY STORE DOOR PLAN

Trucking From All Wharves Under Federal Control by Aug. 15.

Representatives of railroads and shippers' organizations will meet Wednesday with New York merchants and manufacturers to work out details of the new store-door delivery system which will go into effect in this city not later than Aug. 15. Local traffic authorities have already indorsed the intervention of the Government as outlined in the announcement by Interstate Commerce Commissioner James S. Harlan, who will have charge of the installation of the service under control of Director General McAdoo.

Mr. Harlan, after an investigation of the freight situation here lasting through last February and March, advised Mr. McAdoo that the ordinary daily drayage charge on Manhattan Island is about $700,000 and that some days it reaches $1,000,000. It is believed the new plan, which will be under the supervision of a Drayage Director, several assistants and a number of committees, will increase the amount of freight that can come in and go out over the city piers by at least 50 per cent.

The plan includes the handling to the store door of the consignee of all inbound freight immediately on its arrival in the drayage district, which will take in all of Manhattan south of 59th Street. The elaboration of the organization will be effected with the advice and help of the shippers and consignees themselves, with whom Mr. Harlan has had numerous talks and from whom he has obtained promises of complete co-operation.

This action by the Government, Mr. Harlan asserts, will eliminate a vast waste and, as a war measure, will aid materially in feeding and equipping the fighting men in France. It has been adopted by the Railroad Administration as the scheme that will least disturb present methods and investments and afford the largest measure of relief with the least delay.

Mr. Harlan had the assistance of Roy D. Chapin, Chairman of the Highways Transport Committee of the Council of National Defense, and George H. Pride, also of that committee.

Government Forces Beaten in Panama Election.

PANAMA, July 1.—The Government forces were defeated in the elections to the National Assembly, which is to choose a President. American soldiers acted as watchers at the polls, and the election was quiet. The only untoward incident reported was that of Father Polo, a priest, being killed at Santa Isabella, near Colon.

AN AERIAL TREAT FOR KIDDIE KLUB AT LUNA PARK OUTING

Cousins Will Get All the Thrills of Brave Flyers in France.

By Cousin Eleanor.

Kiddie cousins who have seen the many aeroplanes and hydroplanes, monoplanes and battleplanes flying over New York City in the practice flights of our brave boys from the Mineola Aviation Field, will be permitted to feel the wonderful sensation of victory over the air in the "Captive Aeroplanes" at Luna, Coney Island, on July 17, the day of the Kiddie Klub outing.

The mechanism consists of a powerful centre pole of steel. To this are riveted the supports of the air machines, and from these they hang, resting easily for the load of happy, laughing cousins who will crowd into the seats, wild with anticipation. Each machine is like a real aeroplane. There are the wings, the tail, the body. The latter looks like the main structure of a battleplane. In it are three rows of seats holding six people.

All are ready. The word is given. The immense mechanism starts. Slowly the machines circle and begin to rise. The ascent is gradual, just as the immense artificial eagles rise over the battlefields of France. Up, up they go as the speed increases. Finally the extreme height is reached. The thrilled and excited occupants of the planes begin to get used to the sensation and look down on the immense crowds of Luna from the giddy heights.

You can imagine that you are doing military observation in France in the United States Flying Corps. You can look out toward the ocean and see our transports lying there. You can imagine that some are bringing troops and others are going back to the U. S. A. for more American boys. Little U boat chasers and torpedo boats dart back and forth. Gray battleships with shining guns and supply ships with their queer camouflage are there.

Now you are flying over the land. To your right there is a coal mine. You see the little donkeys pulling coal cars. How odd they look from the height, just like a little row of busy insects. Around again you go. Now you are all excited. You catch a glimpse of front-line trenches and no man's land. It is the panorama called "Over There." Soldiers are marching to the trenches. Bombs are bursting overhead. The roar of guns is heard. Surely you are gathering good material for the report you will make at military headquarters. A rumble is heard; a train is advancing. You looked intently. It is passing through a cut in the mountains.

Laughter comes to your ears from the west. You look and swiftly from a great height dash speed boats loaded with Cousins "Shooting the Chutes." Now for the first time you realize that it is all fun and not real reconnoitring. You were only allowing your imagination to work. What a wonderful time you will have if you do this.

The power is permitted to die down. The air machines begin to settle and, like the planes of the heroic American aces, they gradually sink to earth.

As you young aviators step out of the machines on all sides is heard the exclamation, "Wonderful! How wonderful!"

MOVIE BANNED, RAPS CITY.

The Rev. Paul Smith Attacks Officials Who Stopped Picture.

The Rev. Paul Smith of San Francisco, whose attempt to exhibit a moving picture called "What Are You Going To Do With Us?" or "The Finger of Justice," at the Lyric Theatre, was thwarted by License Commissioner Gilchrist, made an address from the pulpit of the Church of the Strangers last night, defending his own motives and attacking Mr. Gilchrist and the City Administration.

He said his sole purpose was to extend the anti-vice crusade he began in San Francisco, and asked the Commissioner and the Administration ten questions, in which he found fault with the morality of Broadway and the New York stage, and hinted that his photoplay may have been barred because it showed collusion between city officials and those who profit by vice.

Overworked Women must learn not to neglect their health

How Women are Restored to Health

Spartanburg, S.C.—"For nine years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use."—Mrs. S. D. McAbee, 122 Dewey Ave., Spartanburg, S. C.

Chicago, Ill.—"For about two years I suffered from a female trouble so I was unable to walk or do any of my own work. I read about Lydia E. Pinkham's Vegetable Compound in the newspapers and determined to try it. It brought almost immediate relief. My weakness has entirely disappeared and I never had better health. I weigh 155 pounds and am as strong as a man. I think money is well spent which purchases Lydia E. Pinkham's Vegetable Compound."—Mrs. Jos. O'Bryan, 1755 Newport Ave., Chicago, Ill.
