FOREIGN TRADE EXTENSION PROVIDED FOR IN BILL

Legislative, Executive and Judicial Measure, Carrying $95,348,000, Reported to House.

WASHINGTON, Jan. 10.—An act for the extension of American foreign trade is provided in the annual legislative, executive and judicial Appropriation bill for 1920, reported today to the House. The measure carries appropriations totalling $95,348,000, approximately $5,000,000 more than the 1919 bill, and provides for 18,155 salaries, a decrease of 178.

For the expansion of American foreign trade an appropriation of $367,500 would be given to Bureau of Foreign and Domestic Commerce of the Department of Commerce. The appropriation, which is double that made in 1919, also broadens the scope of agents of the bureau throughout the world to investigate opportunities for American business.

In searching for State Department needs the bill abolishes the title of Counselor of the Department and establishes the title of Under Secretary of the State.

The increase in appropriations provided by the bill is due largely to provisions for the 1920 census, the amount proposed for that purpose being $11,850,000. The other principal increase is an addition of $5,238,000 over the 1919 appropriation for the Internal Revenue Bureau.

MINE SINKS SHIP AND MEN.

Most of Northumbria's Crew Believed Lost.

LONDON, Jan. 10.—The British steamer Northumbria struck a mine off Middlesborough Thursday and it is believed that most of the crew was lost. A boat with two survivors and eight dead has been washed ashore at Newton Abbot. Four boats which left the ship with survivors are missing and it is believed that the boats were swamped while attempting to make shore. The Northumbria was of 4,215 tons.

NAMED FOR $8,000 JOB, THE HIGHEST SALARY PAID ANY WOMAN BY THE STATE

FRANCES PERKINS

ALBANY, Jan. 10.—Miss Frances Perkins of New York, named by Gov. Smith as State Industrial Commissioner at $8,000 a year, the highest salaried job any woman has ever held under the State Government, may face a fight for confirmation.

Miss Perkins, who in private life is Mrs. Paul Wilson, wife of a former secretary to the late Mayor Mitchel, will receive the same pay as Lewis Nixon, the shipbuilder, appointed Superintendent of Public Works, and Charles F. Rattigan, Democratic leader of Cayuga, made Superintendent of State Prisons.

DANIELS'S NAVY PLAN CUT.

House Subcommittee Would Provide for Only 225,000 Men.

WASHINGTON, Jan. 10.—A temporary naval force of 225,000 enlisted men for the year beginning next July was decided on to-day by the House Naval Subcommittee in beginning the work of framing the Naval Appropriation Bill. This force is 25,000 less than was recommended by Secretary Daniels.

The situation is similar in the Senate where the Republicans, who are in majority, have deadlocked over the selection of a president.

WANTS WOMEN ON JURIES.

Mrs. Ida P. Schleider, a lawyer of No. 51 Chambers street, began yesterday a campaign among attorneys to place women on all juries.

Mrs. Schleider explained that the Women's Bar Association of Kings County was promoting a movement "to enlist the co-operation of all the civic organizations in New York State in drawing about the measure of legislation providing for women jurors." A bill, she said, has been drawn for presentation to the Legislature.

"It happens too frequently," she said, "that a woman escapes punishment because she is handsome and makes a good impression on the men in the jury box. This, of course, would be impossible if women sat on juries. A convicted litigant would receive a square deal and a woman would be tried fairly by her peers."

U. S. DELEGATION CHAFES AT DELAY IN PEACE MEETING

(Continued from First Page.

Senators and members of the Government will be among the guests.

Rear Admiral Grayson, the President's physician, is said to have ordered him to take a complete rest for forty-eight hours after his return from Italy.

The Matin says that the President, who desires to visit the devastated regions of France before the opening of the Peace Conference, will make the journey Saturday.

It is probable that there will be eighty delegates at the Peace Congress, if the programme presented to the delegates by the French Government is approved by the Supreme Council. There will, in addition, be extra delegates from most of the nations represented. These will be called into the Congress when special subjects upon which they are experts are under consideration.

It is probable that Lord Hardinge, former Viceroy of India; Sir Louis Mallet, British Ambassador to Turkey, and Sir Esme W. Howard, British Minister to Switzerland, will appear for Great Britain as extra delegates. Bernard Baruch, Vance McCormick and other specialists will be called upon by the United States Peace Commission.

Changes in the plans hitherto considered were suggested to-day. They concerned, principally, the number of delegates to be given the smaller powers. Most of those which declared war on the Central Empires will have three. These nations are Greece, Serbia, Portugal, Roumania, Brazil and China. Poland and Czecho-Slovakia will have two apiece. Countries which simply broke relations with either of the Central Powers will have one delegate.

Neutrals will be represented when their special interests are taken up. The number of delegates to be apportioned to Germany, Austria, Bulgaria and Turkey will be decided upon later.

LONDON, Jan. 10 (Reuter Despatch to Canadian Press).—Messages from Paris indicate that Premiers Clemenceau and Lloyd George have scored a great success on the question of the freedom of the seas and that very little is likely to be said on this subject when the actual Peace Conference assembles.

The Spanish-Moroccan question has also been settled to the satisfaction of Britain and France.

Montreal Meeting Asks Peace Congress to Aid Ireland.

MONTREAL, Jan. 10.—Resolutions calling on the Peace Congress, in carrying out the resolutions of European States, take cognizance of Ireland's claim to liberty were passed at a meeting held at the Monument National. The resolutions asking that Ireland be given the same rights, guarantees and liberties to be accorded the smaller European nations.
