ITALIAN CABINET RESIGNS IN BODY; ORLANDO IN POWER

Abandonment of Imperialistic Aims Seen in Elimination of Sonnino.

ROME, Jan. 15.—The entire Italian Cabinet has resigned.

Premier Orlando was at work today on the formation of a new Cabinet.

PARIS, Jan. 16.—Italy has abandoned its imperialistic programme and definitely accepted the British and American ideas of a democratic peace settlement. That was the interpretation in some diplomatic quarters to-day of the resignation of the entire Italian Cabinet.

Italy's territorial ambitions, resulting from the concessions understood to have been granted by Great Britain, France and Russia in the London Pact, have constituted one of the stumbling blocks in the peace conferences.

The old school Italian diplomats stoutly clung to the determination that the entire programme of political and territorial expansion should be carried out. The more democratic element in the government, however, effectively opposed the imperialistic aims. This led to a ministerial crisis which reached its climax yesterday.

Foreign Minister Sonnino has been recognized as the leader of the clique opposed to any modification of the attitude required in the resignation of Minister Bissolati, who held the portfolio of military and war pensions, and other Liberal Ministers, moved in Italian political circles were to-day that the only solution of the problem would be the ousting of Sonnino, it was reported. To accomplish this, Orlando was to resign—which would be tantamount to their dismissal—and commander was to detail Orlando to form another Cabinet. The new military would have another Foreign Minister, with Sonnino possibly Premier.

Only one of the fact that Sonnino has a duly accredited delegate to the Peace Congress, it is doubtful whether he can be superseded. There is no doubt, however, that his influence by the Cabinet resignation, and that he will feel indisposed to pursue his original course regarding the London Pact.

Judge Young Reverses Lower Court in Cases of Disappearing Husbands

Husbands who disappear periodically in New York State cannot be held for abandonment, County Judge Young decided to-day at White Plains, unless it is shown that the abandoned wife, or abandoned wife and children, are likely to become public charges. The cases before the court were those of George W. Enger and Raymond Nagley, both of Mount Vernon. Found guilty in the lower court, each had been ordered to pay. It appears to have been said unformly in the courts, said Judge Young, that in order to justify a conviction, that in order to justify a conviction, it is necessary to prove public charges. I should like to hold that defendants charge evidence. The judgment is reversed.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach misery are caused by excess acid. Nine times out of ten it is not the quantity of hydrochloric acid in the stomach, but too much acid in the stomach, that causes indigestion. Hyperacidity is regarded by many authorities as a disease. Bitter bile can go on a limited, and but disagreeable, diet, but little gas, stomach and heal to excess acid acute indigestion, or sour, can eat as they please in reality the effect of the harmful acid and prevent formation of Kon-Lax-Tone or prima. Bisurated Magnesia at their meals. There is probably no better, safer or more reliable stomach antacid than this tasteless, harmless, pleasant powder. But a teaspoonful in a little water with the food will neutralize the excess acidity which may be present, remove the whole cause of the trouble and the most delicate, naturally, and antiseptically without need of prescription or drugs. A few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or milk of citrate, in the bisurated form is not a laxative. Try this and you will be surprised at the results.
