The December Number of the Pacific Poultryman is going to be the best number ever issued from that office. You should have a copy of this number, as it will tell you just how to start in the poultry business and where you can get any variety of fowl you desire. Five cents in stamps will bring that number to you or fifty cents will bring it for a whole year. If you have anything to sell you can dispose of it by taking an advertisement in that number. If you have a ranch that would make a good poultry farm, advertise it and you can get a buyer. The chicken men, nearly all of them, take the Pacific Poultryman. We can not understand how you have kept chickens without it. Now don't wait, but sit down and write for a copy at once. Address, Pacific Poultryman, Tacoma, Wash.

**WARNING**

A certain unprincipled dealer in dairy products, unable to sell his inferior gasoline engines on their own merits, has adopted the name of "Simplex Gasoline Engine." The "Simplex" is manufactured only by

**Fairbanks, Morse & Co.**

And it is its exclusive brand, covered fully by United States patents. This party is now writing letters to farmers of Western Washington, and offering to furnish his "Simplex" engine at a price far below the cost of construction of a first-class engine, but on account of cheap material and poor workmanship finds it necessary to resort to low prices and gross misrepresentation in order to make disposition of same. We hereby warn such unprincipled salesmen and would-be purchasers against buying said engines, and that we will fully protect the brands which are manufactured exclusively by Fairbanks, Morse & Co.
