Commercial and Money Matters.

Saturday, P. M

The sales at the Brokers' Board were very extensive to-day, especially in State Securities, and the downward feeling which has prevailed for some time past continued. Even the dividend paying Bank stocks, which have hitherto been firm, begin to feel the depression which has come upon the 'fancies.' Both Bank and State stocks appear to be losing credit as avenues of investment, and to be given up to the tender mercies of the bulls and bears of the Brokers' Board. 225 shares of U. S. Bank sold at 3½; Phenix Bank declined 2 per cent; Mechanics' Banking Association 5. This decline may be ascribed to the continued depreciation of State stocks, of which a considerable portion of its assets consist. Paterson fell off ½, Stonington ¼, Mohawk ¼. Delaware & Hudson improved ¼. Of Harlem some 1700 shares were sold, closing at 17¼, an improvement of 2½ per cent.

The transactions in State Securities reached about $70,000, of which nearly $50,000 were Indiana Bonds. Illinois Sixes fell off 1½ per cent, selling as low as 34½. Indiana Bonds ¼. The sales were:

At the board, $8,500 on Philadelphia sold at 95¼ a 95½; $7,500 on Baltimore at 95½. On other points the rates are:

Treasury Notes are selling at ¼ to ½ per cent discount.

The packet ship North America, for Liverpool, takes $50,000 in specie, understood to be in gold. The Catharine, from Charleston, brings $6,000 or $70,000, of which $50,000 are Spanish dollars which have been in one of the Charleston Banks since 1816. American Halves were offered at the board at ¼ prem.; only ½ was offered. Mexican Dollars are 1½ a 1¾. Five Franc 94½ a 95 cts. Spanish Dollars are in some demand for India.

The Greenfield Democrat says that the Amherst Bank is about winding up its affairs as fast as possible. A meeting of stockholders was held, and a deficiency of $50,000 discovered. So says report. The stockholders will sustain a heavy loss.

A bill has passed the Senate of Georgia to remove the Georgia Railroad and Banking Company's principal office from Athens to Augusta.

Ones of the Globe Bank of Providence, altered to fives, are in circulation at Boston.

The Buffalo Commercial of the 17th says that the Commercial Bank of that city, by determination of its Board of Directors, suspended specie payments on the 16th inst. The result is understood to have been produced by recent instructions from the Comptroller, directing its bills to be refused in payment of tolls, and that the Collectors at Buffalo and Black Rock should no longer deposite with the Bank. As soon as the fact became public, the depositors became alarmed, and a rush ensued which soon compelled the Bank to avail itself of the ten days' suspension allowed by law. Its officers are unacquainted with the reasons which induced the Comptroller to discredit the institution, and declare the ability of the Bank to go on within the ten days. That period will of course determine the character of the stoppage.
