☞ **Third Ward.**—REGULAR NOMINATION.—In pursuance of the call of the regularly appointed Nominating Committee, the Democratic Whigs of the Third Ward met at their head quarters on Wednesday evening, 6th inst. when on motion of William Stevens, Esq. Gen. JOHN LLOYD was called to the Chair, and WILLIAM B. MARSH appointed Secretary.

The call of the meeting having been read, Frederick Pentz, Esq. in behalf of the Nominating Committee, submitted the following ticket, which was on motion unanimously adopted:

For Alderman....JOHN A. UNDERWOOD.
Assistant....WILLIAM DODGE.
Assessors....ASA HALL.
THOMAS C. BARTINE.
Collector....PHILIP PEITCH.
Constables..JOHN S. JENKINS.
VARNUM S. MILLS.

The following resolutions were submitted and unanimously adopted:

Resolved, That this meeting cordially approve the nomination for Charter Officers presented to them by the Committee, and will do all in their power to secure their election.

Resolved, That we hail with joy and satisfaction the nomination of J. PHILLIPS PHOENIX as our candidate for Mayor—That we look upon him as one well qualified to fill that responsible station, and that we will cordially unite with our Democratic Whig friends in the other Wards to secure his triumphant election.

Resolved, That the Whigs of the Third Ward disapprove of the administration of the Acting President of the United States, John Tyler, and look to the expiration of the term for which he was elected, as the first and most important step toward the restoration of the Constitution, of the currency, of the prosperity of the country and the happiness of the people.

Resolved, That we approve of the course of Henry Clay at the Extra Session of Congress, as well as at the present Session; and regret that the state of his health should have compelled him to resign his seat in the Senate at a time when his services are so much required there. But knowing how important his high character, his great abilities, and his long experience are to the country, we feel it will not be long before he is called from his retirement to the councils of the Nation by the voice of the People, to fill the first station within their gift, for which he is so eminently qualified.

Resolved, That the proceedings of this meeting be signed by the officers and published.

On motion, the meeting adjourned, to meet on Tuesday morning next. JOHN LLOYD, Chairman.

WM. B. MARSH, Secretary. a7 5t

☞ **Fifth Ward.**—THE PUBLIC SCHOOLS—They must and shall be preserved!—At a large and enthusiastic meeting held at Marion House, to take into consideration the present alarming crisis brought upon us by a religious sect, for the purpose of breaking up our present admirable Public School System—a system that is the pride and boast of our citizens where fifty thousand children are annually taught.—On motion, Daniel Lord, Jr. was called to the Chair; F. A. Baker and C. J. Shepard were appointed Vice Chairmen; Wm. R. Onderdonk and Mark Fowler, Secretaries. The call of the meeting being stated Mr. Lord addressed the meeting on the subject for which it was convened.

On motion, Mr. Daniel Carpenter, Olcott Rhines and Charles J. Howell were appointed a Committee to draft resolutions to be submitted to this meeting. They having retired, General Chandler addressed the meeting. The Committee brought in the following resolutions, which were unanimously adopted:

Resolved, That we look with pride upon our Public Schools, in which many of us have been reared and had the light of education opened to our minds, to be one of the best regulated and liberal systems of imparting instruction to the rising generation of any throughout the country.

Resolved, That it was with feelings of deep concern and indignation that we received the news on Saturday evening last that our State Legislators, for mere party purposes, and to carry out their own sinister ends, passed a bill, the consequences of which eventually will be to make a base political engine of our now free and pure Public Schools.

Resolved, That those members of the State Legislature, who, this city who have broken their solemn Pledge, in thus voting for this School Bill brought forward by Mr. Maclay, do deserve, and will receive, the deep and lasting execrations of the citizens of New-York.

Resolved, That we tender to Messrs. Baldwin, Tucker and Jones, for their endeavors to prevent the passage of said Bill, our sincere and heartfelt thanks, pledging ourselves that, inasmuch as they have remained true to the people in the hour of peril, the People will not forget them.

Resolved, That to Isaac L. Varian, Morris Franklin and Gabriel Furman our thanks are no less due, although it was not in their power to stay the strong but baneful arm of party.

Resolved, That the conduct of J. B. Scott, who knew and often expressed the evils that would arise from any change in our public schools, but who failed in moral courage to remain in his seat in the Senate Chamber, where his duty to the best interests of his constituents called him, merits the just indignation of an injured constituency.

Mr. Warren Chapman offered the following Resolutions, which were unanimously adopted:

Resolved, That the spirit of the Laws, shows the spirit of a Nation, and testifies to its Liberty or Despotism; and the same is true of a party prevailing in a Republic.

Resolved, That Human *Municipal* Laws are generally the result of experience; and although circumstances cause some to rise in force and others to fall into disuse at different periods of time; yet there are certain fixed principles of law which are founded on unchangeable truth, are of perpetual force and of universal obligation, [illegible] foundations.

Resolved, That our Public Schools have been of immense good on these every State and Country.

Resolved, That the passage of the late Law with a view to overthrow these institutions in our land at the *suggestion* and by the *intrigues of Jesuitism* in conjunction with the Leaders of a Political party, has produced a crisis in the history of our State which should arouse every patriot and good citizen, since it displays a professed Free State crouching before the insolent minions of a *Foreign Power*, whose claims extend over Church and State *throughout the world*, whose greedy and covetous hand even in this free country would grasp its treasures and dominions to the ruin of every thing noble and patriotic—civil and moral, public and private.

On motion, the meeting adjourned to meet at the polls early to-morrow morning to deposit their ballots for those who are in favor of preserving the Public Schools as they are, FREE FOR ALL. DANL. LORD, Jr., Chairman.

F. A. BOKEE, C. J. SHEPARD, } Vice-Chairmen.

☞ **Eighth Ward.**—At a large and overwhelming meeting of the citizens of the Eighth Ward, assembled at the Tivoli Saloon (late Richmond Hill), last evening, for the purpose of expressing their disapprobation of the School Bill which passed the Legislature of this State on Friday last, Dr. WESTLEY W. WALLACE was called to the Chair, J. MUNN, T. O. BUCKMASTER, JACOB V. CARMER and H. P. LEAKE, Esqs., were chosen Vice-Presidents, and J. W. FARRAND R. P. BERRIEN, Jr., Secretaries.

The call of the Meeting was then read by one of the Secretaries, after which the Chairman addressed the meeting in an able and eloquent manner. N. B. Blunt, Esq., was then loudly called for, who appeared and addressed the audience amid thunders of applause. Rev. Dr. Thomas E. Bond was next introduced, who, bearing the frosts of seventy winters, or more, said he had not attended a political meeting for upwards of *thirty-five* years. He said he did not appear as a political speaker, but as a defender of our liberties from the grasp of sectarianism. He concluded by calling upon all who loved liberty and the right of conscience, to rally at the polls and vote for men pledged to sustain our invaluable Public Schools. Mr. Thayer then called upon every good citizen to guard matarnished our Common Schools from sectarianism and bigotry. Mr. Jas. T. M. Bleakley then came forward and offered the following resolutions, which were read amid deafening applause, and unanimously adopted:—

Resolved, That we are opposed to any alteration of the present admirable system of Public Schools; that we deem them far superior in their conduct and management to any other in the country, that we feel that for us and our families they have been all sufficient, and we wish no better system adopted for our children.

Resolved, That as Protestants holding different opinions with regard to our forms of church covenant, we have ever believed that there should never be a 'Union of Church and State.' We have ever felt satisfied with our institutions, as they were free from sectarian bias of any peculiar or particular religious sect.

Resolved, That we will now and ever oppose any attempt of the Roman Catholics or of any Bishop of a foreign Church owing allegiance to a temporal sovereign opposed to our free institutions to dictate to us either with regard to our system of education or our form of Government.

Resolved, That it is with feelings of humiliation we have heard of the bill passed at midnight in our State Legislature on last Friday Evening, altering a system endeared to us by all our early associations, and fully satisfactory to the great mass of Americans in our city, and subjecting the same to the control of political partizans.

Resolved, That the thanks of this meeting, and of all American citizens are due for the bold and noble stand made by them of the Senators from this district—Messrs. VARIAN, FURMAN and FRANKLIN—against any alteration of the present System. We glory in the fact that three out of four Senators from this district—men of both political parties—stood manfully by threats of partizans, and that one in particular—ISAAC L. VARIAN—although threatened with censure, with instructions to resign, and beset by hosts of office-holders, threatening him with the curses of his party if he dared to forget his party in his love of country and nobly stand forth in defence of the rights of American-born freemen.

Resolved, That from this night we will support no man or set of men who will not boldly avow their sentiments upon this important question—that holding our birth-right as Americans, dear to us, we will not sell it for a mess of pottage; and we warn the men who have agitated this question to let it drop—to press it no further, or the deep indignation of Americans may swell to overflowing.

Resolved, That in all our future political struggles there shall be with us but one rally in opposition—it shall be heard at our firesides; among our children; in our different places of meeting; along the highways—and at the polls the signal shall be "REPEAL!" "REPEAL!" and that we will never rest from our labors until the odious *midnight bill* of 1842 has been received by the storm of American indignation.

Resolved, That we have no faith in the pledges of the men sent from this city to Albany at the last election. They have violated their honor as Americans, and have basely submitted to be ruled by a miserable faction, who look upon political and religious power as the same—who would establish an Inquisition in this country to-morrow it they could—emissaries of foreign powers, seeking to overthrow our Republican Government, who look to their Priest as their ruler, and to far-off Italy for their God.

Resolved, That while we have ever extended to all that sought our shores the right hand of fellowship; while we have received them with open arms, and extended to them the protection of our free institutions; while we have altered the books in our Public Schools to suit their prejudices, and while the stars and stripes of the Republic is ever ready to be tarnished around them for protection in time of danger, that we look upon it as a parachial act of ingratitude for them to seize a moment of political distraction in parties to demand as a right that which should be conceded when the last drop of American blood has been shed in its defence.

Resolved, That hereafter we shall watch with jealous vigilance every attempt by those men to interfere with our institution: that bearing in mind the farewell of the Father of his Country, "Against the wiles of foreign influence, I conjure you to beware." We shall ever be on the alert to resist them in their mad attempts, and put down at all hazards every measure originated with them as a body.

Resolved, That the thanks of this meeting, and of all American citizens are due to the bold and noble stand made by them of the Senators from this district—Messrs. VARIAN, FURMAN and FRANKLIN—against any alteration of the present System. We glory in the fact that three out of four Senators from this district—men of both political parties—stood manfully by threats of partizans, and that one in particular—ISAAC L. VARIAN—although threatened with censure, with instructions to resign, and beset by hosts of office-holders, threatening him with the curses of his party if he dared to forget his party in his love of country and nobly stand forth in defence of the rights of American-born freemen.

"REPEAL!" and that we will never rest from our labors until the odious *midnight bill* of 1842 has been received by the storm of American indignation.

Resolved, That we have no faith in the pledges of the men sent from this city to Albany at the last election. They have violated their honor as Americans, and have basely submitted to be ruled by a miserable faction, who look upon political and religious power as the same—who would establish an Inquisition in this country to-morrow it they could—emissaries of foreign powers, seeking to overthrow our Republican Government, who look to their Priest as their ruler, and to far-off Italy for their God.

We shall ever be on the alert to resist them in their mad attempts, and put down at all hazards every measure originated with them as a body.

Resolved, That the thanks of this meeting convey to the Senators from this district and the members of the lower house who voted against the bill (the first entering wedge of Popery,) our views with regard to the noble stand thus made, and as *Americans*, holding our country dear to us, we sympathise with their defeat.

☞ **Tenth Ward.**—At a meeting of the citizens of the Tenth Ward, without distinction of party, at Fritz's Hotel, on Monday evening, April 11th, 1842, held pursuant to a call of the friends of the Public Schools, circulated and posted through the Ward, WM. S. CONNELLY, Esq., was chosen chairman and JOSEPH WEED, Secretary.

Col. W. W. TOMPKINS being called on, addressed the meeting on the subject for which the meeting was called.

On motion, the law recently passed by the Legislature respecting the Public Schools in this City, was read by Mr. White.

It having been moved and seconded that this meeting accept the law as passed by the Legislature, which motion was opposed in an address by Mr. D. P. Barnard who moved to substitute for the above motion the following resolutions which were unanimously adopted:

Resolved, That the Hon. ISAAC L. VARIAN by his recent noble stand in the Senate of this State in regard to the school question, merits and receives the sincere thanks of his constituents, and of every friend of our excellent institutions, and we hereby tender him our high approbation of the fearless course he has pursued.

Resolved, That our existing system of Public Schools is the best that can be devised, and that whoever seeks to change the same and introduce sectarian interests into their harmonious existence, deserves our distrust and should be met by a firm spirit of peaceful resistance.

Resolved, That it is the duty of all the free voters of this city friendly to a sound Common School Education, to use every legal effort which is left to them, to counteract the act which has just been passed to change the public school system, until another act shall be passed by the next Legislature, repealing the said act, or submitting its provisions to the approval or rejection of the People.

WM. S. CONNELLY, Chairman.
JOSEPH WEED, Secretary. a12

☞ **Sixteenth Ward.**—MASS MEETING.—At an overwhelming meeting of the Voters of the Sixteenth Ward to sustain the present School System and opposed to any effort to divert the Public School Moneys from their present channels, held at the Long Room, Eighth Avenue, on Monday evening, April 11, A. A. DENMAN, Esq., was appointed President, W. J. ROOME, ROBERT SMITH, LORENZO MOSEY and JOHN P. CANNING, Vice-Presidents, and G. W. ATWOOD and R. H. HAYDOCK, secretaries.

Mr. ASA SMITH was called upon to state to the meeting the manner in which the present Schools were conducted. He did so in a manner highly satisfactory to the meeting.

On motion, a Committee of five were appointed to return and report Resolutions expressive of the sense of the meeting, who reported the following:

Resolved, That we have heard with equal sorrow and indignation of the passage of the Law by the Legislature of this State, which has struck a wanton and violent blow at the peace and good order of society—the morals of the community—the safety and permanence of our civil and political institutions, by attacking the education of the People in the Primary Schools.

Resolved, That the system upon which the Public Schools of this city are based, meets with our highest approval, as calculated to spread and disseminate broadly, without being intermingled with pernicious influences, the blessings of sound and enlightened education.

Resolved, That as the guardians of the future destinies of our country we will rally around the Schools as containing the embryo of future communities, and the only true foundation upon which the permanent existence of a free people can be based.

Resolved, That we will henceforth exert our utmost energies to *Repeal this Law*, and as a first step deem it important that no man should be placed in the City Council who is not known to be in favor of the system upon which the Schools are now founded.

On motion of Jno. Newhouse, Esq. it was

Resolved, that the proceedings of this meeting be published.

☞ **Great Mass Meeting in the Park.**—At a meeting of citizens held in the Park, pursuant to notice, the following resolutions were read and unanimously approved of, viz:

Resolved, That this meeting have learned, with very deep regret, that 'Maclay's Bill' against our sacred 'Public Schools' has become a law. This meeting deplores such a law. We deprecate it, and denounce it as unjust and tyrannical.

Resolved, That the admirable 'Public School' system was originally proposed and successfully advocated by our venerable and patriotic friend, Erastus Root, and his American associates, in our Legislature thirty years ago, and by Americans has the same been fostered and promoted.

Resolved, That there was no good reason to fear that any American Legislature would dare to attack it to gratify the Pope, the Jesuits, or Canting Hypocrites of any nation—and no American could have anticipated that a system founded when this country was warring with Britain, would be allowed to be intruded upon, interfered with, or crushed by hollow Demagogues, or malicious, worthless and Vandal foreigners.

Resolved, That when we saw the Irish Catholics offer to our Senate the bribe of their support for R. H. Morris, "Paper Snatcher," for Mayor provided that Senate would pass the bill of abominations, we looked to see their insolence rebuked by the severity of Legislative indignation; but, behold, the bill is passed! The Irish Candidate and his confederates are to wine [illegible] to be broken up and our land soon placed at the mercy of Irish outlaws.

Resolved, That we will only support such men for office at our Charter Election, "to-morrow," as have given satisfactory Pledges as to their principles upon this all important School question.

Resolved, That J. PHILLIPS PHOENIX, in his letter today, has given to the Public full and ample assurances as to his opinions upon this question, and deserves our undivided support.

OFFICE 196 Bowery.—The celebrated VEGETABLE DINNER PILLS.—The original office of the celebrated Dinner Pill is removed from No. 236 to 196 Bowery. The merits of these mild and efficient correctives of the vitiated secretions have been acknowledged by the unanimous voice of the community. They are preeminently useful in promoting a healthy digestion, removing costiveness and correcting acidity. They cleanse and purify the system of all morbid matter, and give tone and strength to the digestive organs. For the convenience of the public the proprietor has made arrangements with the following individuals to sell the truly celebrated Dinner Pills: Mr. P. Dickie, 413 Broadway, cor. Leonard-st; Mr. N. W. Badeau, 260 Bowery. At these respectable and well known establishments the genuine Dinner Pills may hereafter be obtained, and at the principal office, 196 Bowery; also, of Mrs. Hays, 139 Fulton-st. Brooklyn, but at no other place in the United States.

Beware of Counterfeits! The labels on each box of the true and genuine Dinner Pills are printed on yellow paper and signed Holdredge, instead of Holbridge & Co. Remember that 413 Broadway and 260 Bowery, and at the principal office 196 Bowery, are the only places in this city where the true Dinner Pills are for sale. No person has a knowledge of the different kinds of vegetable materials of which they are composed but the original inventor. Price 25 cents per box. Copyright secured.

MR. DAVID LOLLIPOP, at the Lollipop Hall Press, having Felt very sore at J. Brooks's 'Yankee' Press, established at No. 57½ Bowery (opposite the Theatre), J. Brooks, out of compassion for poor David, as the dog-days are fast approaching, will leave him and his whirligig Lollipop Hall machine to do the best he can, but only advises the public not to be gulled by lying and nonsense. The 'Yankee' Press is a beautiful machine, and the best invented, although it does not pretend to outdistance steam power; nor does J. B., like him, treat Yankee ingenuity with contempt, but only advises them to call at 57½ Bowery, where they will "save their money," be honestly dealt with, and get good Cards, &c. of every tint and shade, equal to the best, and as cheap as they will pay for rubbish. a12 2tis*
