☞ **Ninth Ward.**—At a large and enthusiastic meeting of the Democratic Whigs and others of the Ninth Ward, held on Monday evening the 29th April, inst. at the Northern Exchange, ZADOCK LEWIS, Esq. was called to the Chair, and Messrs. R. REED and F. BOURNE appointed Secretaries.

The call of the meeting having been read, an motion of Mr. H. St. John, a committee of five were appointed, consisting of Messrs. R. Peterson, C. R. Southerland, J. H. Stewart, Dr. K. N. Gunn and J. Bower to retire and report the names of thirteen persons to constitute a nominating committee for the selection of two Commissioners, two Inspectors and five Trustees of Public Schools for the suffrages of the voters of this Ward in June next.

On motion of Mr. W. Oland Bourne, a committee of five were appointed, consisting of W. O. Bourne, H. St. John, A. Van Norden Jr., Abner Cook, Jr. and H. Shirrel, to draft resolutions expressive of the sense of this meeting.

During the absence of the Committees, the meeting was ably addressed by Messrs. Drinker, Oakley and others in relation to our Public Schools, and the startling fact of a sectarian influence having found its way into our legislative halls, strongly urging upon every American citizen to crush the infipient effort to obtain a religious sway in our political affairs.

The committee to draft resolutions expressive of the sense of the meeting, then submitted the following which were carried unanimously:

Resolved, That the late law in relation to Common Schools in the City of New York is opposed, both in its spirit and its prospective operations, to the interests of the cause of education in this city and ought to be repealed.

Resolved, That the history of the District System as exhibiting its adaptation to Cities and Towns proves it to be disqualified for the purposes of education in those cities and towns, and therefore any law introducing it into the City of New-York, is impolitic and unjust, and ought to be repealed.

Resolved, That the new law by the creation of a large number of new offices, and requiring that their expenses and salaries shall be defrayed by the people, while the same duties are now performed by intelligent and competent public servants who receive no compensation, is opposed to those principles of economy which should characterize every measure of public policy.

Resolved, That the efficiency and faithfulness of the Trustees of the Public School Society finds no parallel in the history of the District System in the State of New-York, and that they commend themselves to the confidence of their fellow-citizens.

Resolved, That we are determined to sustain and defend the Public School Society in the sphere in which it is designed to labor, and that we hereby tender to the Trustees of that Institution our warmest acknowledgments for the manner in which they have discharged their benevolent, patriotic and self-denying duties.

Resolved, That the democratic and equal operation of the Public School Society, which confers upon all the children of this City who choose to avail themselves of its advantages the means of education without sectarian or party bigotry, should receive the approbation and support of the People of New-York.

Resolved, That the noble stand taken by our Senators, Messrs. Franklin and Furman, and by our three Representatives, Jones, Tucker and Baldwin, in opposition to the passage of the Catholic School Bill, merits our entire approbation, and they are entitled to our individual support; and that Mr. Varian, in voting against the bill, exemplified a rare instance of consistency not generally found in the party to which he professes to belong, and in that respect we tender him our grateful acknowledgments.

Resolved, That the conduct of Wm. B. Maclay and his political colleagues, merits the condemnation of their fellow citizens, and that their unworthy and anti-Democratic course receives our deepest reprehension.

Resolved, That Wm. B. Maclay and his political colleagues are entitled to the thanks of the people of this city for having thus seasonably exposed their faithlessness, before a high trust had been committed to their charge, to be sacrificed at their hands.

Resolved, That the education of youth ought to form the principal object of the Legislator's attention, since education first moulds and afterwards sustains a Democratic form of government. The better and more perfect the system of education, the better and more perfect is the plan of government which it is calculated to introduce and uphold. In this important object fellow-citizens are all equally and deeply concerned; and as they are all united in *one common work for our common purpose*, THEIR EDUCATION, *ought to be regulated by one common* CONSENT, *and not abandoned to the blind decision of chance or to idle caprice.*

Resolved, That any system of education which exists in large and thickly settled towns and cities, and which permits and contemplates the association of distinct classes of people, whether of native or of foreign birth, whether distinguished by the English or other languages is opposed to that fundamental principle of public happiness which seeks in the harmony, union, association and sympathetic action of the whole population, those sources of prosperity and peace which are necessary to a free community.

Resolved, That any law which opens the institutions of public education to the interference of party or sectarian influences is opposed to the peace and harmony of society by embittering the fountains of knowledge, and ought to be repealed, and we hereby pledge ourselves to use our influence to procure its repeal at the proper time for such action.

Resolved, That we recommend to our fellow-citizens to take immediate action upon the School Question, and to cooperate with us in procuring the *repeal* of the Catholic School Law.

Resolved, That at the approaching election for School Officers in June next we will give our support to no one who will not sustain the cause of education under the auspices of the Public School Society.

The Committee appointed to select a Nominating Committee then reported the names of the following gentlemen to constitute said Committee (with power to fill any vacancies which might occur) to a minute candidates for the respective offices under the new school law, viz:

Dist. 1—GEORGE F. BARNARD, Dist. 4—ISRAEL BOWER, CHAS. S. OAKLEY, ROBERT MILLIGAN.

Dist. 3—C. R. SOUTHERLAND, Dist. 6—ZADOCK LEWIS, CHARLES SUTTON, J. H. STEWART, FRANCIS BOURNE.

On motion of Charles Oakley, Esq. it was

Resolved, That the Nominating Committee be instructed to meet and organize on Wednesday evening, May 4th, at half past 7 o'clock, at the Northern Exchange.

On motion of Anson P. Beebee, Esq., the proceedings of this meeting were ordered to be published.

On motion, the meeting adjourned.

MILLINERY GOODS.—STEVENS & GRUMAN, 95 Bowery street, two doors from Pearl street, New-York, would respectfully invite merchants and milliners visiting the city, to call and examine their stock of Millinery and Silk Goods. Their stock is entirely NEW, and has been selected with the utmost care. Having entered the market early, they have had the benefit of FIRST SELECTIONS from the importers and auctions, and having bought their goods for cash, they believe they can offer, not only the cheapest but the best selected assortment of goods in their line to be found in the city. It is their intention to keep constantly on hand goods of the most fashionable kinds, and to do business on the CASH SYSTEM, believing they can make it an object to those wanting goods in their line to patronize them instead of the credit houses. They rely entirely on the cheapness of their goods for patronage. They attend the auction sales regularly and do get some great bargains which they will sell at a trifling advance from cost. Call and see. STEVENS & GRUMAN.
