CITY INTELLIGENCE.

SATURDAY, May 7.

COURT OF COMMON PLEAS.—DECISIONS.—John L. Spinola vs. George Mile—Relative to stores furnished the defendant Henry Kneeland. Verdict for plaintiff confirmed, with costs.

Mordecai M. Noah vs. Edward H. Ludlow—On an action for advertising in the New-York Star, the bill amounting to $50. Verdict for plaintiff confirmed, with costs.

BOARD OF SUPERVISORS.—Several bills were presented and referred—others ordered to be paid. Fitz Green Halleck was appointed Deputy Superintendent of Common Schools. Mr. Wm. L. Stone had also been placed in nomination. The vote stood 6 to 4.

RECEIVER OF STOLEN GOODS ARRESTED.—A tailor of No. 82 Chapel-street, named William Leigh, was arrested on Saturday by officers Stephens and McGrath on two several charges of receiving stolen goods, knowing them to be stolen. In the one case a pocket book worth $8, stolen on the 1st inst. from Isaac A. Bennett, No. 220 Spring-street, and a buckskin shirt worth $7, stolen on the 4th inst. by a colored man named Henry Desatt, from Mrs. Sarah Yeo, No. 210 Pearl-street. He was committed for examination on both charges.

THEFTS—A man named John Cowan was arrested on Saturday and committed for stealing a velvet cap and articles from Robert Ballard, No. 422 Pearl-street.

Margaret Lawrence, colored girl, was arrested on Saturday by officer Baker of the Fifth Ward and committed to prison for stealing a purse containing $4 55 in money from Emma Bates, No. 10 Thomas-street.

POLICE OFFICE.—ATTEMPT TO PASS AN ALTERED BILL.—A man named William H. Niles went on Friday night into the store of George W. Muir, No. 345 Broadway, and attempted to pass to the clerk, George Brown, a bill purporting to be a $50 bill of the Bank of Lyons, altered from one of the same Bank of a lower denomination. When it did not the bill was altered, he snatched it from Brown's hand and went out. He was however followed by the latter, arrested with the bill in his possession, lodged in the watch house, and on Saturday lodged in prison.

CORONER'S OFFICE.—DISTRESSING ACCIDENT.—The Coroner held an inquest at the house of Mr. Henry Atkinson, No. 18 Fulton-street, on the body of his son John A., a very interesting lad, about five years and a half old, who was killed by being run over by an omnibus in Broadway while he was attempting to pass from the east to the west side of the street, about 8 o'clock, P. M., having been in company with an elder brother to a hair-dresser's. It appeared from the evidence that the omnibus was proceeding at a very moderate pace and the accident was occasioned by the lad running a rod when the omnibus struck him and then ran wheel passed over his body. He was taken into Dr. Chilcott's, directly opposite to where the accident happened and died in half an hour afterwards. Verdict, accidentally death by being run over, &c.

DEATHS FROM INTEMPERANCE.—Also at the Coroner's office to the Halls of Justice, on the bodies of two colored women, the one named Sarah Johnson, lying dead at No. 2 Cedar-street, and the other named Catherine Bailey, lying at No. 65 Anthony-street. They were both very intemperate women and were taken sick a few days since, but had no medical advice. The woman Johnson died about 6 o'clock A. M., and in her case the verdict of the jury was death from intemperance; and Catherine Bailey died about noon—verdict, death from disease of the lungs, &c.

MORE DEATHS BY EXCESS.—Also, at the Third District Watch-house, on the body of Patrick Hendricy, who was removed there from the street by the Street Inspector of the 19th Ward. At the time of his being incarcerated he was most disgustingly inebriated, raved incessantly, and on opening his cell this morning he was discovered a corpse; he was put in the watch-house about 8 o'clock, on Saturday evening. Verdict, died of delirium tremens.

Also at the Ninth District Watch-House in Houston-street on the body of John Windsor, aged 37 years, born in the city, who, from excessive hard drinking, was seized on Saturday night with a fit of delirium tremens, and was, by request of his wife, taken to the Watch-House, where he died during the night. Verdict—Died of apoplexy produced by intemperance.

☞ **The Picture.**—The writer does not much care about his picture, nor would he make a spectacle of himself by a public exhibition. In partners, commission merchants and auctioneers, he has been supposed. When asked all auctioneers, he has been supposed. When asked at a last resource to act as Auction Tomer, one of the firm as a last resource to act as Auction Tomer, one of the firm, wishing to coach his feelings at his losses and bankruptcies, applied this conditions: "I thought the goods we were selling, were on Friends account." Nearly all the goods selling, were on Friends account." Nearly all the goods are imported at auction on foreign account. The sources of the supply are abroad. The manufactures furnish the supply and obtaining advances the goods are necessarily sold and obtaining advances the goods are necessarily sold to meet advances, and the faster the goods press forward to meet advances, and the faster the goods press forward through the hoppers of the mills of destruction, the more commissions are made by these men of prey. If commission merchants had combined on a system of destructive sales, the effectiveness would not have been greater. With them the business is who can pay the most State duties, with commission agents who can make the most commissions.

The writer has only wished to make a profitable business on a large commission. This desire he relinquishes for the present as impossible. If merchants, manufacturers, and others will confer on the subject here, the writer is a host in himself at Manchester. There, in three months, he has secured his engagements, through sub-agents and friends to the amount of One Million and three fourths of a Million, and consignments all fulfilled, but one to pay a second-rate New-York cotton bill on which he was not responsible, but which was charged to his account. He will be glad to consult with the merchants, and to see others if they please cooperate. For himself he would never again join any man in this country for any purpose of commission for goods sold.

E. W. JOHNSON.

☞ **Resignation of President Duer.**—At a meeting of the Faculty of Columbia College, held at the President's House on Saturday, 7th May, 1842—

The resignation of Hon. William A. Duer, President of the College, having been officially communicated to the Board by the presiding officer, the same is unanimously

Resolved, That the members of this Board do deeply sympathize in the painful necessity that constrained ill health has imposed upon their friend and official head; that of retiring from the station he has so long and honorably filled, and that they do fully appreciate the high sense of duty that has led him to this act of self-sacrifice.

Resolved, That, as individuals, they cannot but look with deep feeling upon an event which has thus terminated a connection of near thirteen years continuance, hitherto unbroken by any painful dispensation of Providence, and marked throughout by an intercourse, both personal and official, of no ordinary respect and kindness.

Resolved, That, under the influence of these feelings, they would herewith express to their late President, both as individuals and as officers of this institution, on his retirement from the duties of his arduous office, the high sense they entertain of the fidelity with which he has discharged its duties, the ability with which its government has been conducted, and the uniform courtesy and kindness that has ever marked his intercourse with them, and that he carries with them into his retirement their warmest wishes and sincerest prayers for his future health and happiness.

Resolved, That the senior Professor of the Board be a Committee to communicate a copy of the above resolutions to their late President.

The Rev. JOHN MCVICKAR, D. D., Professor of Intellectual and Moral Philosophy, Political Economy, and of Rhetoric, and the Belles Lettres.

Commercial and Money Matters.

SUNDAY, P. M.

There was a moderate amount of business at the Brokers' board yesterday, and there was generally a good feeling prevailing. The variations were not material.

State stocks appear to be gradually recovering from the reaction. States Stocks sold at 90, an improvement of 2½ per cent on the last sale. For 5's 1861, 83 off'd; 5's 18-5, 88 off'd; 5's '68, 80 off'd; Ohio Sites, 59, 70½; 1860, 69½; 6's 1850, 57; Penn. 49½

SECOND BOARD.

There is quite a changed feeling in relation to Sterling Exchanges, and the market is nearly clear of prime bills. Sales at 8 a 8½: France 5 32½ a 5 30.

A good demand continues for Inland Bills. The market was nearly sweptof Virginia yesterday. We quote—

Philadelphia	par a ¼	Montgomery	1⅝ a 1¾
Baltimore	¼ a	Tuscaloosa	— a —
Virginia	⅞ a 8½	New-Orleans	6½ a 6¾
North Carolina	4 a 4½	Nashville	17 a 18
Charleston	1½ a 1¾	Louisville	¼ a ¾
Savannah	2 a 2½	St. Louis	14 a 15
Augusta	2 a 2½	Cincinnati	⅝ a ¾
Mobile	15 a 15½		

The State seven per cent. Loan is gradually filling up by subscriptions from all parts of the State. Some proposals have been received from Boston.

The Lewis County Bank has been enjoined by the Bank Commissioners. The Evening Journal says its embarrassment was occasioned by an unavailable but not bad debt. The amount of circulation is under $10,000. The Journal says there will be no loss to any body.

Business at New Orleans is very dull. The rates for money is very high and banks are discounting very sparingly. The best business paper cannot be done but at a heavy sacrifice.

Markets.

ASHES—About 500 bbls. Pots sold for the North of Europe and France at $5 50; and 40 do Pearls at $6 25.

COTTON.—The market has not been materially affected by the foreign news. The sales of yesterday were moderate.

FLOUR.—In consequence of the light receipts by the Canal, holders of Genesee have advanced the rate and all received yesterday sold at $6 25. There is a good demand. Southern Flour continues very scarce.

GRAIN.—A large parcel of Illinois Wheat, received yesterday from New Orleans, about 9000 bushels sold for milling at 126 cents, which must be considered rather an advance on previous sales. Sales 2000 bushels Ohio Corn at 58 cents; 1000 do North River offered. 2000 bushels Rye at 66 a 65 cents. Oats continue very plenty. Jersey yellow Corn is scarce and in demand at 65 cents.

The American Laborer.

PROSPECTUS.

Under the above title the subscribers will publish on the 1st of April, 1842, and on the 1st of each succeeding month a Magazine of Facts, Arguments, Statistics, Speeches, Reports, &c. &c., devoted exclusively to the advocacy and defence of the policy of PROTECTION TO AMERICAN LABOR against the selfish and grasping policy of Foreign Nations, especially of those with which we chiefly trade, which shut out of their ports the great bulk of our Products, and especially those of our Free Labor, while they glut our markets, bankrupt our Merchants, depreciate our currency and lavish our Laborers and Artisans by pouring in upon us the products of their skill and industry, on the easy terms proffered them by our low and non-Protective Duties. This Magazine will indefinitely and ardently advocate the true American Policy of COUNTERVAILING these gross exactions of Great Britain and other Nations by a system of direct, avowed PROTECTION TO OUR HOME INDUSTRY which shall be thorough and efficient.

THE AMERICAN LABORER will affirm and maintain the policy of encouraging and fostering by wise legislation the establishment and growth in our country of new or yet feeble branches of Industry, such as the Culture of Silk, the Manufacture of whatever fabrics of Wool, Cotton, Iron, &c., may be necessary for the supply of our own wants and to secure and perfect our Independence. It will demonstrate that the true and permanent interests of all, but especially of the Agricultural and Working Classes universally, will be infallibly and signally promoted by adopting and carrying out the Protective Policy, and that the Wages of Labor, the average price of its Produce, and the aggregate Product of the National Industry, will be surely and largely enhanced thereby. In short, this work is intended to form a complete text-book for the friends of Protection, and a thorough refutation at every point, of the pernicious fallacies put forth by the foreign and misguided American apologists for the policy of one-sided Free Trade.

THE AMERICAN LABORER will be published monthly in a large octavo form, each number containing 32 large double-column pages of closely printed matter. Each number will contain one great Speech, Report, or other convincing document, and a variety of shorter articles. The work will form one complete and comprehensive volume of 384 large and fair pages, and will be afforded to single subscribers for *seventy five* cents each, three copies for Two Dollars, five copies for Three Dollars, nine copies for Five Dollars, or twenty copies for Ten Dollars. Payment is required in advance, in all cases. The lowest possible price has been fixed in order that its circulation may be rendered universal, should the work receive the approbation of the public.

The several Home Leagues, Agricultural Societies, Mechanics' Associations and individual friends of Protection throughout the Country are earnestly solicited to aid us in extending the circulation of The Laborer.

And some great lies were never penn'd
Ev'n *ministers* they have been kenn'd
In holy rapture,
A rousing whid, at times, to vend,
And nail't wi' Scripture."—[Burns.
