Wise and Stanly—Confirmations.

Correspondence of the Tribune.

WASHINGTON, May 15, 1842.

The Court has bound Mr. WISE over to keep the peace toward Mr. STANLY for a year. The bond recites the words of the statute with regard to intention, and restrains him from leaving the District of Columbia with an intent to fight a duel with Edward Stanly. So it would seem that 'the meeting' must be deferred until Congress shall adjourn and the parties have returned to their homes. It would be a most happy circumstance if, in the mean time, the matter should be honorably arranged; yet I have doubts whether the *code of honor*, as it is called, will admit of a pacific adjustment.

The Senate confirmed the appointment of

ABNER S. HEADDEN, Receiver, L. O. at Springfield, Ill.
ALEX. W. JONES, Register at Edwardsville, Ill.
AUGUSTUS W. WALKER, Collector at St. Augustine, Fla.
JOHN WILKINSON, Consul at Turk's Island.
F. L. CLEVELAND, Consul at Lima, Peru.

And received yesterday several nominations of Consuls and officers of the Revenue.

Yours, &c. CURTIUS.

STRANGE OCCURRENCE.—Some weeks since an old gig was sent to Mr. Samuel H. Cover, auctioneer, to be sold. On Wednesday last it was knocked off to an individual for the small sum of $2 50. Subsequently the purchaser disposed of the gig to Mr. Moody. On removing the lining on Friday, Mr. M. discovered a pocket-book, which on being opened, was found to contain a number of current Bank Notes, amounting in all to the sum of $750. As far as the former owners of the gig have been traced, no one seems to have any knowledge of the existence of the money in its hiding place. [Baltimore Amer. Monday.

MELANCHOLY ACCIDENT.—Whilst several workmen were engaged on Saturday afternoon in removing the walls of the building which stood at the head of the rope-walk destroyed by fire on Friday evening last, a large body of bricks became detached and fell inside, burying beneath four children and a man. Three of the children were instantly killed. Their names are Richard White, 12 years of age, son of Mr. Richard White, Thames street; Mary Ann Edwards, aged 13, daughter of Mr. Edward Edwards, Gough street; James Dunnis, aged 12, son of Mr. James Dunnis, Gough street. A German, whose name we did not learn, had his leg broken, and a lad named Walton was seriously injured in the head.

CANAL TOLLS.—The tolls on all the State Canals up to the 7th of May inclusive, for four preceding years:

		April.	1st week in May.	Total to 7th May.
1839 (ceased 26th April)		$167,567	$75,642	$182,000
1840	28th "	68,904	70,201	157,135

1842	26th "	121,117	69,655	190,772

More than the amount collected this year to the 7th May, is pledged to the Banks for moneys advanced by them and already paid to contractors and superintendents of repairs, to get the canals in a navigable condition. The residue of the tolls for May, which will not be available to the Commissioners of the Canal Fund until the first of July, will be required on that day to pay the interest on the canal debt. Sabbath Annoyances.

To the Editor of The Tribune:

Will you please to inform several of your subscribers if there is now, in the absence of a *City Government*, any Sunday Officers on duty in the Sixteenth Ward, and if it is not the duty of the Sunday Officers to prohibit Ball Playing, Quarreling, Fighting, &c. If so, I wish though the medium of your paper to inform the Sunday Officers (if we have any) that on the last two Sabbaths there have congregated some forty to fifty persons of all ages to witness the sport of Ball Playing, and to display the neighbors as much as possible, by swearing, quarreling and fighting, and an indecent exposure of their persons by stripping to the buff. As Dear Burke would say on going into the Ring—Sunday week some men stripped in this way to fight several times, when the wives of the parties made their appearance, and put a stop to the further proceedings of the belligerents for the time. Yesterday they again commenced their amusement by sunrise and continued until dark. More than ten, during the day more than fifty persons were on the ground, old and young, ragged and well dressed, many not sober. The place I refer to is in 17th street, between 2d and 3d avenues, where I would advise the Sunday Officers to show themselves. By giving this a notice in your valuable paper you will oblige many of your subscribers and friends to good order on the Sabbath in the neighborhood of the nuisance. Yours, truly, A SUBSCRIBER.

CITY INTELLIGENCE.

MONDAY, May 16.

LAWYER'S DIARY FOR TUESDAY, MAY 17.—CIRCUIT COURT.—40, 33, 4, 53, 39, 6, 19, 63, 64, 42, 32, 7, 31, 97, 61, 41, 51, 74, 75, 108.

COMMON PLEAS.—Part First—1, 107, 127, 23, 29, 33, 35, 25, 37, 39, 41, 43, 45, 47.

Part Second—22, 26, 28, 30, 32, 34, 36, 40, 42, 44, 46, 48, 52, 54.

SUPERIOR COURT.—Argument Calendar to be taken up.

COURT OF OYER AND TERMINER.—CASE OF COL. STONE.—Judge Kent delivered his charge to the Jury, in which he reviewed the evidence and the argument which had been presented. He stated that the Constitution as framed in 1822, had taken the decision of law as related to cases of libel from the Courts, and made the Jurors judges of both the law and the facts—still he thought it the duty of the presiding Judge to present his views on the subject. Judge K. then alluded to various precedents, and exhibited decisions governing such cases on the part of several distinguished jurists. If the jury considered the matter libelous, they must then look, on the other hand, into the motive and see if there was probable malice, or if sufficient ground existed to warrant, in their opinion, the absence of such. The jury retired about half past 12 o'clock.

After the jury had retired, the District Attorney stated that he was ready to proceed with the other trials for libel and called on that of Col. King, of the American. One of the counsel in the case being compelled to leave the city, a motion was made to postpone the trial to next week. The counsel for Messrs. Townsend & Brooks stated that they were ready to proceed, but Mr. Whiting answered that the cause of Col. King was the first in order. The Court observed that it was desirous of getting through some of the civil business on the calendar—the present jury must be discharged after this week, and he proposed that if a postponement take place it be to the week after next. This was agreed to, and the cases of Col. King, Townsend & Brooks, James Gordon Bennett, and also that of the celebrated Mr. Edwards, were set down for Monday, the 30th inst. The trial of Topping, for murder, has been set down for Wednesday next.

COURT OF SESSIONS.—Before Judges LYNCH at Noon, and Aldermen MARTIN and JONES.—TREAT FOR ASSAULT AND BATTERY.—JOHN GOLDEN was put upon his trial for an assault and battery on his wife, Ann Kane, on his premises, on the 11th April last, beating and kicking and threatening to throw her out of the window. The jury found him guilty, and he was sentenced to the Penitentiary for 60 days.

TRIAL FOR GRAND LARCENY.—Thomas Painter and Samuel Elwell were tried for grand larceny, stealing a watch worth $14 and a pocket-book containing $40 from William Woodcock, of No. 131 Wilson-street, on the 12th April last. It appeared that the prisoner met Woodcock in the street when he was intoxicated, followed him home and into his room, where, soon, at recess, Woodcock charged Painter with stealing his pocket-book and money. They went, however, unheard to escape, but afterwards arrested. In their examinations each confessed having received part of the booty from the other, and each accused the other of taking it. No proof of their stealing the watch was adduced. The jury found the prisoner guilty of petit larceny only and the Court endorsed them each to the Penitentiary for 6 months.

FORFEITED RECOGNIZANCES.—Florence Mahoney, John C. Rankin, William C. Ewart, Charles R. Day, George Martin and Thomas Matthews, indicted for assault and battery, and Peter F. Sherwood and George Brooks for petit larceny, and Phillip Elsenader for keeping a disorderly house, severally failing to appear and answer, their recognizances were forfeited.

The Grand Jury came into Court with a number of bills and retired to resume their business.

The Court adjourned to Tuesday, 11 o'clock.

POLICE OFFICE.—STEALING A WATCH.—A man named William H. Peterson was arrested and committed for stealing a watch worth $2 50 from Henry Hamilton, in the corner of Eldridge and Hester-streets.

STEALING A HORSE.—A man named James White was arrested to-day for stealing a horse worth $50 from the stable in Robb's Alley, property of Mr. John Matthews, No. 81 Fulton-street. It was found in his possession when he was arrested and he was committed to answer.

STEALING CROCKERY.—Kiers Haight was arrested and committed for stealing three shillings worth of dishes from Henry Coyle, No. 189 Division-street.

CORONER'S OFFICE.—The Coroner held an inquest at the house of Ann Gowdey, in 17th street, near 7th Avenue, on the body of Philo Hotchkiss, aged 32, a native of Delaware county. The deceased was intemperate, had separated from his wife, and occasionally lodged at the above place. On Sunday afternoon, 3 o'clock, he came to the above place very much bruised, saying he had been so beaten and bruised by his wife, her mother and a man who resided with them. He retired to bed, and sent a shilling for 3d worth of laudanum, as he said to bathe his bruises, but which he afterwards confessed he had swallowed. Dr. Walls was sent for, but despite his efforts, the man died. Verdict, that he died of Apoplexy produced by administering to himself a quantity of laudanum.

Commercial and Money Matters.

MONDAY, P. M.

The business of the Board to-day was light, and without material change in prices. The market was rather firmer.

The sales of State Stocks were also limited, but rates were firm. State Stock sold at 90, Ohio 7¼, for State 5's; 86 to 81½ offered; Fives, 1855, 89; 1856, 81; Alabama, 50; Pennsylvania 40; Kentucky 77½; Arkansas 50.

SECOND BOARD.

$2000 Indiana Bonds 10¼

Nothing doing in Foreign Exchange. We quote sterling 9½@9¾; France 5 32½ to 5 30.

There has not been a very active business in Inland Bills to-day, but the tendency is to improve. We quote Philadelphia par at ¼; Balt par; Virginia ¾ to ¾; Mobile 15¼ to 15½; N. Carolina ¾ to ¾.

The demand for Treasury Notes has been large to-day, with a sufficient supply. They are selling at ¼ to ½ discount.

Three dollar notes of the Chautauque co. Bank altered to $30's, are in circulation at Albany. They may be detected by observing that the vignette on the altered notes represents a group of cattle, while the genuine $30's have a horse in distinct relief in a recumbent position, on the field, and the figure of a horse on the left of the bills.

The State of Alabama, it is stated, has already provided funds and placed them in New York to meet the July interest on her bonds.

An earnest of resumption by the Bank of Illinois at Shawneetown has made a call of 15 per cent, payable every sixty days from first May next, no such private stockholders as have obtained loans on hypothecation of their stock, and in default suits will be instituted.

The money market at Baltimore is without change. The street rate is ½ to 2 per cent on the best securities. There is some activity in the Stock Market. City Sixes sold at 70, Rail Road Orders 65 cents on the dollar. An improvement has taken place in Virginia money. The discount on all (excepting Wheeling) was ¼ per cent; Treasury Notes ½ to 1 per cent. The resumption throughout the State has been attended with very little call for specie.

The Philadelphia North American says—We find the following statement of the New Orleans Banks in the papers of that city:

Movement.	26th March, 1842.	26th April, 1842.
Liabilities.		
Circulation	$3,327,410 50	$3,307,319 50
Deposites	4,819,791 48	1,337,153 15
Other Liabilities	1,521,469 87	1,932,266 47
Total	$9,668,731 85	$10,336,266 47
Assets.		
Specie	$2,296,231 55	$2,267,930 74
Short Paper	1,195,1[illegible] 49	2,115,407 26
Other Cash Assets	1,920,434 36	2,931,733 68
Total	$5,411,820 39	$7,311,092 68

It will be seen that their liabilities have increased during the winter almost a million and a half of dollars, and their assets $1,899,600. The excess of liabilities over assets being three millions, and of immediate cash liabilities over specie three and a quarter millions. If the two items of assets, "short paper" and "other cash assets" were rendered intelligible, we might be better able to get at a more exact knowledge of their situation, but being a part of that Bank jargon which has for some years been used to mystify, we look only at that we can comprehend; immediate liabilities and specie, and say it is a bad exposure.

Markets.

ASHES.—Buyers of Pots are unwilling to pay $5 50, and some lots have been sold lower. A sale of 200 bbls is reported at $5 25. Pearls, 50 bbls at $5 25.

COTTON.—Sales to-day about 300 bales, without any change in rates.

FLOUR.—The receipts are not large. The demand is rather light, but nearly all the arrivals have sold at $4 12½, with some good brands at $4 25. The proportion of Genesee arriving is not large. Sales 300 bbls Ohio Canal, Wednesday at 4 12½ and 500, mostly flat hoop, at $4 06½. Sales to-to 500 bbls Michigan at $4 a $4 06½. 500 bbls Troy, about at $4 12½. Southern, excepting Georgetown, continues scarce. Georgetown is held at $6 37½, with limited sales.

GRAIN.—About 1000 bushels Illinois Wheat sold for the British Provinces at $1 27, and 1600 bushels prime for milling at $1 28. Corn continues rather heavy. Sales about 5,500 bushels New-Orleans at 57 a 58c, weight. 1,300 Southern at 60c, measure; 1000 North River at 65c, measure, 65c in bulk. Holders demand 55 a 60c. Oats are in fair demand. Sales 3 to 4000 bushels Northern at 43 a 44½c.

New-York Cattle Market.

MONDAY, May 16, 1842.

[Reported for The Tribune.]

BEEF.—The supply was more limited, and the market more animated than has been the case for several weeks—Prices advanced. Fair to good cattle brought $6 to $7 per 100lbs, and a few of the best $7 50. There were none however, in market that ranked very high. 400 head were left over from last week, and 700 received since. Of the fresh 600 came from the South, mostly Ohio and Kentucky, 100 Pennsylvania, and the balance from this State. A small lot of the heaviest cattle in market were sent to Providence, and 50 left are unsold.

MILCH COWS.—There were 85 cows and calves in market, including 10 left over last week. All but 10 were sold at $20 to $35 per head.

SHEEP.—There were 250 sheep and lambs in market, all of which were sold. Lambs at $2 to $4 each, and sheep $3 to $6, and a few extra good at $7 50.

PORK.—The butchers are well supplied, and prices are not firm. 5¾ cents per lb. live weight is given for Western fat hogs. A lot of heavy, stall fed, were sold at 5 cents.

HAY.—The supply was large, and it was dull of sale at 75 to 87½ cents per 100lbs, loose, by the load.

S. JONES'S New Invented Coronation Sealing Wax.—In introducing a very superior quality of Sealing Wax into the United States, the manufacturer has adopted the present novel shape, to prevent imposition, which is different from any form yet made, and will be found much more convenient for use, being adapted for the smallest as well as the largest seals; it is entirely free from defects in workmanship, and will be found to possess very requisite property, viz. inflammability, adhesiveness, and brilliancy of color in a superior degree. One stick will make thirty impressions from a seal of moderate size without once dropping improperly. The box contains twenty sticks, which will seal 500 or 600 letters. The importance which ought to be attached to the quality of Sealing Wax is often overlooked in the purchase, while the correspondence of Government, Merchants, Bankers, &c. often of the utmost consequence, is entrusted to the safety of a Wax impression, without considering that bad Sealing Wax is no security. It is necessary to state that no inferior quality will be made in the same shape as the Coronation Wax—Sold at Stationers' Hall, 345 Pearl and 54 Wall-street, by

MILLINERY GOODS.—STEVENS & GRUMAN, 85 Bowery-street, two doors from Pearl street, New-York, would respectfully invite merchants and milliners visiting the city, to call and examine their stock of Millinery and Silk Goods. Their stock is entirely NEW, and has been selected with the utmost care. Having entered the market early, they have had the benefit of FIRST SELECTIONS from the importers and auctions, and having brought their goods for cash, they believe they can offer, not only the cheapest, but the best selected assortment of goods in their line to be found in the city. It is their intention to keep constantly on hand goods of the most fashionable kinds, and to do business on the CASH SYSTEM, believing that this mode is an object to those wanting goods in their line, to patronize them instead of the credit houses. They rely entirely on the cheapness of their goods for patronage. They attend the auction sales regularly, and do not miss great bargains which they will sell at a trifling advance from cost. Call and see. STEVENS & GRUMAN.

POUDRETTE for sale at 118 Nassau-street, prepared by the New York Poudrette Company, from the contents of sinks, and not from a "regular kind of poudrette" found on the Jersey meadows—I do not say that "Lodi" Manufacturing Company claim, in their advertisement, to make Poudrette "more than twice per cent better than any like article manufactured here." It is, it arises probably from their having "a peculiar sort of peat" in great abundance on their own premises, and because they have to purchase the contents of sinks, at the "right price," and transport it 10 or 12 miles to their works—while this Company is paid for removing the contents of sinks, and has a great supply free of cost; but is so unfortunate as not to have a large farm covered with peat and "composted." Let those who desire a good article call at 118 Nassau-street; but if they desire a poor sample of Poudrette they may call elsewhere. m16 3t*

REFRIGERATORS.—Reed & Smith, the inventors, patentees and manufacturers of the famed Ventilated Refrigerators have, after years of experience and innumerable trials, perfected an article which they confidently believe will give entire satisfaction to those who purchase. They are constructed on the most philosophical and scientific principles, and are so arranged that every article can be kept in an apartment by itself, so that it is impossible for one thing to taste of another which may be in the same Refrigerator, without its ow
