Commercial and Money Matters.

WEDNESDAY, P. M.

The sales at the Stock Board to-day were rather limited, and prices had a downward tendency. This heaviness in the market is attributed by many to the disturbed state of affairs in Rhode Island. Delaware and Hudson declined ¼ per cent; Mohawk ½, Harlem ¼.

The sales of State Stocks were principally of Ohio 6's, which fell off 1½ per cent. They revived slightly, and closed at 74 bid. N.Y. Sixes improved slightly.

Foreign Exchanges continue very flat, with every symptom of a considerable decline. We quote sterling 8 to 8½; Francs 5 32½ to 5 30.

Inland Exchanges are also very dull to-day, as well as Treasury Notes, which continue at ¼ to ⅜ discount. We quote

Boston	¼ a ⅜	Mobile	16 a 16½
Philadelphia	par	¼	Montgomery	16¼ a 17
Baltimore	par	¼	Tuscaloosa	—
Virginia	6 a 6	New-Orleans	5⅞ a 6½

There are so many reports in relation to the Federal Loan that it is scarcely worth while to allude to them. The Courier this morning states that only $150,000 has been bid for, and confirms our statement, made some time since, that Mr. Marks, the son of Mr. Secretary Forward, will probably be sent to Europe to make an effort to negotiate this loan. The American of this Evening however states that Mr. Marks is not going, but that if any one goes it will be Franklin Heven, Esq. President of the Merchants Bank, Boston, to whom the appointment has been tendered. The American states this "on authority."

We have now positive assurance from Boston that $400,000 has been subscribed for on eastern account. Mr. Secretary Forward is now in this city on business connected with the loan, and it is supposed will extend his visit to Boston.

The Howard Insurance Co. has declared a dividend of Sixes per cent. for the last six months.

The Corporation Bonds due on the 1st June will be duly paid by the Comptroller.

The Banks of Upper Canada have made arrangements for the redemption of their notes. New York 2½ per cent. discount.

The Evening Journal of Philadelphia contains a letter from Leslie Combs, general agent, stating that Hosea J Lewis is about to return to Philadelphia under a stipulation of personal immunity for the purpose of giving his testimony in the great Schuylkill Bank Frauds, and fixing the responsibility in the right quarter. He is now at Louisville, Ky.

The Philadelphia North American states that comparatively few of the country Banks have resumed specie payments and that it is not to be hoped that many more can do so until the next wheat crop has gone to market. It states that there is a great remissness on the part of the debtors of the interior Banks.

The Stock Market in Philadelphia continues in a dull and depressed state. The sales are so small as scarcely to fix prices. Exchange on New York par ¼ prem. Treasury Notes ½ discount. Money without change. Very little first rate paper for sale in the street, and not much money to buy even that.

At Buffalo City Sixes are offered at 68½ to 69. There is little activity in the market. The Brokers are buying Rail Road Orders at from 65 to 67 cents on the dollar.

The discount on Virginia paper is 6¼, and it is in demand. Wheeling notes sell at 14 to 15 per cent. disc.

The following new counterfeits have appeared:

Commercial Bank of Philadelphia, 100's, letter A, pay bearer, variously dated, and signed Benj. P. Smith, Cash., J. Dundas, President. The name of the Cashier lithographed, and tolerably well imitated. That of the President not so well done.

A committee of the Directors of the Real Estate Bank of Arkansas, to whom was referred the subject of the assignment recently made by the Central Board have reported that for some fifteen good and sufficient reasons, the assignment is void and illegal, and that they protest against it going into effect. They resolved that the Cashier be directed to hold all the effects of the Bank and to allow the Trustees no access to the Banks. They also resolved that they had no objection to putting the Bank into liquidation if it could be legally done, and to the benefit of the stockholders. The Board of Directors unanimously adopted these resolutions.

The notes of the State Bank of Illinois were selling in St. Louis at the last dates at 45 per cent. One of the courts of Illinois has decided that this paper is receivable in payment of dues to the State; this may probably advance it somewhat.

According to a statement of the situation of the Bank of St. Mary's, Fa.: the circulation is $100,000, deposits $21,231, due banks and agents $4,362, specie $41,296 bank notes $8,592. Due from banks and agents $4,865, New York Exchange $95,407, Charleston Exchange $7,754, Savannah $1,819 The bills receivable stand good $69,407, doubtful $13,336, bad $7,204.

MILLINERY GOODS.—STEVENS & GRUMAN 95 Beaver street, two doors from Pearl street, New-York, would respectfully invite merchants and milliners visiting the city, to call and examine their stock of Millinery and Silk Goods. Their stock is entirely NEW, and has been selected with the utmost care. Having entered the market early, they have had the benefit of FIRST SELECTIONS from the importers and auctions, and having bought their goods for cash, they believe they can offer, not only the cheapest but the best selected assortment of goods in their line to be found in the city. It is their intention to keep constantly on hand goods of the most fashionable kinds, and to do business on the CASH SYSTEM, believing they can make it an object to those wanting goods in their line, to patronize them instead of the credit houses. They rely entirely on the cheapness of their goods for patronage. They attend the auction sales regularly and do get some great bargains which they will sell at a trifling advance from cost. Call and see.

POUDRETTE FOR SALE at 118 Nassau street, prepared by the NEW-YORK POUDRETTE COMPANY, warranted not to be made from a peculiar kind of peat, found on the Jersey meadows, but made from the contents of sinks.

Those persons engaged in the New-York Poudrette Company were the first to undertake the preparation of Poudrette in this country; and they have had more experience than any other engaged in the manufacture here, and they profess to be as honest as their competitors, who boast that they make Poudrette "more than fifty per cent. better than any like article manufactured here." It is true that their competitors enjoy the advantage of possessing an abundant supply, as they say, of "a peculiar kind of peat, of the very best quality, for the purposes of the Company," while the New-York Poudrette Company have to purchase and haul several miles what they require of this "valuable" article; possibly, however, the advantage of having an abundant supply of the contents of sinks, and of being paid for taking it, will enable them to make as good an article as their competitors who pay for the principal material—the contents of sinks—and then transport it 8 or 10 miles to their works. "The proof of the pudding is the eating." So with Poudrette—the only way to know its value is to use it; try it on Corn, Potatoes, or any other crop, and you will hear from it again.

Those who could not obtain it for planting will do well to apply it on Corn at the first hoeing. It may be had immediately on application at the office, or by mail, to

REFRIGERATORS—Reed & Smith, the inventors, patentees and manufacturers of the far-famed Ventilated Refrigerators have, after years of experience and innumerable trials, perfected an article which they confidently believe will give entire satisfaction to those who purchase. They are constructed on the most philosophical and scientific principles, and are so arranged that every article can be kept in an apartment by itself, so that it is impossible for one thing to taste of another which may be in the same Refrigerator, without its cooling properties being impaired.
