Commercial and Money Matters.

MONDAY, P. M.

The business of the Brokers' board was not very heavy today, but there was rather a better feeling prevailing. Mohawk improved ½; New Jersey, 1; Paterson, ½; Utica & Schen. 1; Harlem, ½. The better feeling in Harlem is supposed to be the effect of the new arrangement of the Direction.

The sales of States Stocks were quite limited but at firm rates. State Sixes improved ¼ per cent. For Sixes 1860, 99 was offered; Fives and a half 1859, 89; Five 1858, 82½; Ohio Sixes 74 a 75; Kentucky, 76.

The market for Foreign Exchanges is still very inactive. Sterling 8 a 7½. France 5 .62½.

In Inland bills there is not much variation and the business has been light today. Mobile improved slightly. New Orleans good banks we quote 6 a 6½. We quote—

Treasury Notes are dull at ¼ a ½ discount.

Mr. Secretary Forward did not go to Boston, as we were informed, but has returned to Washington. He has made an arrangement on satisfactory terms with Messrs. John Ward & Co. for themselves and others, for a large portion of the $5,500,000 offered which will be all he needs until about the first of July. The amount is supposed to be about $2,000,000. The rate has not been made public but is presumed to be a shade less than par. Although the many rumors in relation to this loan have proved groundless, the above may be relied upon as true.

The Mutual Insurance Co. has declared a dividend of seven per cent. The spread of the mutual principle in insurance has been most rapid in this city. It was introduced, or first successfully carried out by Zebedee Cook, Esq. of Boston, but a short time since, and now all the Marine Companies save one and one Fire Company have already or are about to adopt the mutual plan. Even the Atlantic Office, the stock of which has been held at 175 a 180, and which has averaged over 25 per cent dividend per annum for the last ten years, has made arrangements to become a mutual office.

American Stocks in London remain in the same neglected state as for some time past. The last price for Pennsylvania five per cent was 47½, and at that rate there are sellers. Ohio offered at 60 per cent. Some little inquiry for New-York Fives at 72 per cent. In answer to the question—what rate could a U. S. Six Per Cent Loan be sold in Europe, the answers are discouraging and 90 is the highest rate spoken of as probable to be obtained.

In consequence of the refusal of several of the New Orleans banks to settle their balances in specie and the hopeless labor of reconciling conflicting opinions as to the proper course to adopt, it was resolved at a meeting of Bank Presidents to resume specie payments at once and to refuse the notes of such banks as would not concur into the measure. The following banks unanimously resolved to resume specie payments on Monday, May 16th.

Bank of Louisiana,	City Bank,
Union Bank,	Louisiana State Bank,
Canal Bank,	Consolidated Bank,
Mechanics' & Traders' Bank,	Commercial Bank,
Carrollton Bank.	

The Citizens Bank was not represented. The progress of honesty among banks is really cheering.

The week closed at Philadelphia very heavily and with a downward tendency in almost every kind of stock. Pennsylvania Fives, which sold as high as 45 early in the week, fell to 41, at which price they left off, with more sellers at the same price and no buyers. Money continues at from 10 to 12 per cent for the best business paper, which is scarce.

The Morris Canal, under its new lessees, refuses to receive the Post Notes of the Company for toll. The Morris Jersey men complains in behalf of those who took these notes, and says that rather than be swindled out of their hard-earned but now worthless money, an attempt will be made to compel its redemption as promised.

The Miner's Journal says, the circulation of the Miner's Bank is now about $160,000. Its liabilities have been curtailed upwards of $200,000 since the 1st of January.

Markets.

ASHES—About 600 bbls Pots sold to-day at $5 25, and 30 do Pearls at $2 37½

COTTON—The effect of the foreign advices has been to make the market more dull and the tendency of prices is downward.

FLOUR.—There is a good demand and nearly all the receipts have been taken—some 6000 bbls of all kinds. Genesee was swept at $6 31½. Sales 1500 bbls Michigan at $6 18½ a $6 25; 1000 do Ohio Canal, $6 26. A small lot "Welmas" at $6 37½, and about 1200 bbls New Orleans at private terms, but an advance on $6. Georgetown is held at $6 37½, without important sales.

GRAIN.—The Corn market is most abundantly supplied and prices are drooping. Sales 1000 bushels Indiana 56 cts. weight; 4000 do Ohio via Canal, on private terms. As a remarkable instance of mercantile shrewdness we will mention that a countryman appeared in the market and offered 50,000 bushels Corn for sale at once, instead of feeding the market gradually. The consequence was that the market took a panic and dealers were very shy in making offers. Rye is held at 65 cents. Sales 5000 bushels Northern Oats at 43 cents.

Cattle Market—MAY 23, 1842.
Reported for The Tribune.

BEEF—50 head were left over from last week, and 900 received since. Of the fresh 900 were from the South, mostly Ohio and Kentucky via Pennsylvania; and the balance from this State. The market was not so well attended to-day as common—but prices advanced. $7 50 per 100 lbs. was the top of the market, and the general range $6 50 a $7. Inferior ranged downward to $5 50.

MILCH COWS—There were in market 60 Cows and Calves, including 10 left over last week. 40 were sold at $25 a $35.

SHEEP—There were 500 Sheep and Lambs in market. It was a full supply, and though all were sold, prices were not well maintained. Sheep brought $5 a $6, and Lambs $1 50 a $3 50. The Sheep are now brought mostly from New Jersey, and some from Connecticut.

PORK—The general price is 3¼ cents per lb, live weight, for Western fat Hogs; a lot was purchased at 3½; 224 were brought in to the Bull's Head and all sold.

HAY—The supply, though not large, was more than sufficient for the demand, and sales were made with some difficulty at 75 a 81 cents per 100 lbs.

Passengers Arrived.

In the packet ship Oneida, from Havre—Mrs Anthony Constant, Master Wm Constant, Miss Sarah Johnson, Mr T A Morris, Miss E Morris, Miss E Ashly, Mrs M Tone, Mr J Magnin, all of N Y; Mrs C Nesser, Mr A Cotten an and lady, of France; J A Marklot of Iowa; G H Piathe of Prussia; F G Muller of Batavia; and 278 in the steerage.

SHARON SPRINGS.—The Pavilion.—This new and commodious Hotel will be open for the reception of visiters on and after the first of June next, a the village of Sharon Springs, Schoharie Co., New-York.

The clear, pure water of these Springs, greatly resembling those of the White Sulpher Springs of Virginia, have been proved to be highly efficacious in Rheumatic, Cutaneous, Bilious and Dyspeptic complaints; and in the cure of Erysipelas, Salt Rheum, Scrofula, Liver Complaint and General Debility, and in many other respects, possess (as certified by some of the most eminent Medical Professors in the United States) medicinal and healing properties unsurpassed and believed to be unequaled by any in this country.

Added to these, the rides in the vicinity, numerous villages, extensive views, neighboring caves and romantic scenery, are among the many attractions offered to those seeking, in the heat of summer, either health or pleasure.

These Springs are but a few hours' ride from Saratoga, Troy, Albany, &c., and are accessible from Canajoharie on the Albany and Utica Railroad, where carriages daily await the arrivals of the morning cars from Schenectady and Utica to convey visiters to the Springs, a distance of about eight miles, arriving in time for dinner; also by the Albany and Cherry Valley Turnpike by daily stages, being about 45 miles west of the city of Albany.

Warm, Cold and Shower Baths furnished at all times, either of the mineral or fresh water, and every attention given to render the stay of visiters agreeable.

An abundance of the purest Mountain Spring Ice is stored for the season. ISAAC G. WILLIAMS.

THE SPRINGS HOTEL.—This Hotel will be opened at the above village of Sharon Springs for the reception of visiters on and after the 16th of May, and combining all the advantages of this delightful summer residence.

A gentleman from Windsor, (Province of New Brunswick) was passing through here on his way to Boston, to get cured of Bronchitis, when I recommended to him your Expectorant. It did the needful for him, and he returned home perfectly cured. JOHN BECKFORD.
