☞ **Second Ward.**—At a meeting of the Electors of the Second Ward in favor of the Repeal of the School Law passed at the last Legislature, held at Jones's Second Ward Hotel, Monday evening, May 25, WM. Hagar, Esq. was called to the Chair, and HENRY HARRIS and CALVIN CASE were appointed Secretaries.

The following gentlemen were declared nominated as candidates to be supported at the ensuing Election:

For Commissioners.....HORACE HOLDEN, REVO C. HANCE.
" *Trustees*.....WM. HAGAR, BARSILLAC DEMING, HARLOW MILLS, ROBERT THOMPSON, Jr. HEMAN W. CHILD, SAMUEL GUILFORD, Jr. THOMAS McELRATH.
" *Inspectors*.....

The following Resolutions were unanimously adopted:

Resolved, That the Law passed at the last session of the Legislature, altering the Public School System of this city, meets with our unqualified disapprobation; and in the opinion of this meeting the public good requires its immediate *Repeal*.

Resolved, That the Electors of this Ward who entertain opinions in accordance with the above Resolution, be requested to come to the poll on the day of Election, (Monday, June 6,) and give to the ticket here nominated a united and energetic support. WM. HAGAR, Chairman.

HENRY HARRIS, CALVIN CASE, } Secretaries. my24 2t

☞ **Fourth Ward.**—A public meeting of the Whig Electors of the Fourth Ward was held at the Shakspeare Hotel on Monday evening, May 23d, 1842, to nominate School Commissioners, Inspectors and Trustees for the ensuing Election in June. Oliver T. Hewlett was appointed Chairman, Aldermen Ashfield and James Harper, Vice Chairmen, and Uriah F. Carpenter and G. P. Disoway, Secretaries for the evening.

A retiring Committee reported the following names as suitable candidates for the ticket, which were individually and unanimously accepted:

FOR COMMISSIONERS—Richard S. Williams, James Harper.

FOR INSPECTORS—Gabriel P. Disoway, Abijah F. Cummings.

FOR TRUSTEES—Oliver T. Hewlett, Jonathan Philo Doane, Archibald Hall, Jr., Uriah F. Carpenter.

On motion—

Resolved, That the retiring Committee have power to fill any vacancies that may occur in this ticket.

The following resolutions, introduced by Mr. Jirek Bull, were adopted:

Whereas one of the great blessings of a republican form of government is religious freedom, and aims at the entire separation of the interests of the Church from the State, and while we recognize the sacred right of every one to adopt his own religious creed with reference to the particular mode of worshipping his Maker, we also condemn a anti-republican any legislative act which gives to a sectarian party privileges or power for the promotion of certain religious creeds—especially if those creeds are of foreign origin, and opposed to the pure principles of true American Republicanism; and whereas there exists upon the statute-book of the State of New-York a law framed under the supervision of a prelate, with direct reference to and adopted expressly for the benefit of the Roman Catholics of this city, so repugnant in its formation and so glaring in its consummation that we cannot longer refrain from expressing our decided conviction that, unless our citizens arouse and come out out for the protection of American interests and American principles, those principles and those interests will soon be overthrown and destroyed by those whose great object is to amalgamate and concentrate both our civil and religious liberties under the power and control of Romanism—Therefore—

Resolved, That we express it as our deliberate opinion that had any other denomination other than Roman Catholics demanded a distribution of the Public School money, it not only would have been denied them, but they would have been most severely censured for making the attempt.

Resolved, That we feel a native pride in being called American Citizens, and that notwithstanding partizans have done for foreigners what they would not do for us, still we believe the day will come when the community will point to the odious Maclay School Bill only as a beacon to warn others to beware how they trifle with American rights.

Resolved, That Bishop Hughes, in his successful application to the Legislature for a portion of the School Fund, has shown a power which is most alarming, a power which, if not counteracted by the Protestant community, will most assuredly at some day overthrow and destroy this once happy Republic.

Resolved, That while we are in favor of an early repeal of this Roman Priestcraft law, we are bound, as good citizens, to protect as far and as long as possible our Public Schools, by electing persons to take part in their management, who, knowing the value of these long-tried and useful institutions, will watch with a jealous eye every sectarian movement, and promptly report the same to their constituents, the people.

Alderman Williams and Mr. Disosway presented their views to the meeting, on the paramount importance of our Common School System—its excellencies and utility, and the great necessity of continuing the system in a free country like ours, free from sectarian influence of every kind.

The proceedings were ordered to be published, properly signed, and the meeting adjourned.

OLIVER T. HEWLETT, Chairman.
ALFRED ASHFIELD, JAMES HARPER, } Vice do.
URIAH F. CARPENTER, G. P. DISOSWAY, } Secretaries.

☞ **Tenth Ward.**—At a meeting of the Democratic Whig and other Electors of the Tenth Ward, opposed to the present School Law, held at Columbian Hall, on Monday evening, the 23d inst., HARRIS SCOVILL, Esq. was called to the Chair; WILLIAM WHEATON, Esq. was appointed Assistant Chairman; and JAMES SWARTS and GEORGE N. FRANKLIN were appointed Secretaries.

A retiring Committee of five was appointed to select a Committee of fifteen to nominate suitable persons for School Commissioners, Trustees and Inspectors, who retired and afterwards reported the following named persons to constitute said Committee, viz:

J. H. H. Haws, John Fowler, Darius Ferry, Geo. G. Taylor, John T. Dodge, James Weir, Thomas Hyatt, R. U. Piggot, John Coger, Jr., B. W. Bradford, Schureman Halsted, Wm. Wheaton, and T. W. Pettiman, who were unanimously appointed by the meeting.

Mr. John T. Dodge offered the following Resolutions which were adopted unanimously:

Resolved, That while we deprecate the mingling of party politics with the organization and management of our Public Schools, and as individuals, deny the propriety of making them the subject of party strife, yet that since our political opponents in their crusade against our country's institutions, are marching with fearful strides to annihilate our Public Schools, it has become our duty to meet them here as we have met elsewhere, and on other questions, firmly and fearlessly.

Resolved, That we make no attack upon any Religious denomination; that we insist upon equal freedom and liberty of conscience for all men; that we recognize, in its fullest sense, the privilege of our Constitution that "no religious test shall ever be required as a qualification to any office or public trust under the United States," and we solemnly declare that we will never consent that any class of men, no matter what their belief, shall use the public treasure to propagate their favorite doctrines.

Mr. Haws offered the following Resolution, which was also adopted unanimously:

Resolved, That the Nominating Committee be instructed to place in nomination such persons only, who shall be known to be opposed to the present School Law, and who shall be deemed to be generally acceptable to the citizens of the Ward at large. HARRIS SCOVILL, Chairman.
WM. WHEATON, Asst. do.

JAMES SWARTS, G. N. FRANKLIN, } Secretaries. 1t

☞ **Fifteenth Ward.**—At a meeting of the Henry Clay Club of the Fifteenth Ward, held at Constitution Hall, Monday evening, May 23, 1842, ALBA KIMBALL, Esq. was called to the Chair, and WM. L. BOYD appointed Secretary.

The Committee appointed for that purpose then reported the names of the following gentlemen as officers for the Club until the 1st of May next, which nominations were unanimously adopted by the meeting.

For President.....THOMAS LAWRENCE.
" *Vice Presidents*...JOSIAH HOWE, ALBA KIMBALL.
" *Treasurer*.....HENRY B. STARR.
" *Secretaries*.....WM L. BOYD, HENRY SWORDS.

The meeting then proceeded to nominate Delegates to the Central Committee, and Messrs. Geo. Gibbs, Harvey A. Weed and Jeh L. Black were appointed.

It was then moved that the proceedings of this meeting be published.

On motion, the meeting then adjourned.
WM. L. BOYD, Sec'y. A. KIMBALL, Ch'n

☞ **Fifteenth Ward.**—At a meeting of the Democratic Whig Electors and others, opposed to the late School Law, held at Constitution Hall, on Monday evening, 23d instant, Mr. RICHARD RAY WARD was appointed Chairman, and WILLIAM P. MILLER Secretary, and the following Resolutions were adopted:

Whereas, by a law recently enacted by the Legislature of the State of New-York, the whole system of our Public Education has been altered, and the training of the Republic's children committed to other hands; and whereas we deeply deplore the passage of such a law; while yielding obedience to its requirements, as being sanctioned by the legal authorities, yet claiming the privilege of American Freemen frankly to give expression to our views; therefore—

Resolved, That in the estimation of this meeting the late School System of our city, under the care and direction of the Public School Society, has hitherto more than realized the expectations of the friends of Education. That in the wisdom of its management, in its government by men assuming the arduous duties of its supervision without pecuniary remuneration; in the wide spread and continued diffusion of elementary knowledge, and in the harmonious cooperation of its various branches, it had reached a perfection unattained by any other system either in our own or in other countries.

Resolved, That the statements and reports made to our Legislature, while the bill destroying this fair fabric was under consideration, were unjust and untrue, both as to the computations of those brought within and benefited by its influence, and as to the estimation in which that system was held by our citizens; and that while facts, not to be disputed, prove the error of the former, that the voice of our city will prove at the next election of State officers, to the discomfiture of the self-styled "Reformers," the error of their judgement in estimating the latter.

Resolved, That the principal features in our late system, and which peculiarly endeared it to every American heart, was its perfect freedom from party jealousy and sectarian bias, and that, not only as members of a party, but as men appreciating universal liberty, both of political and religious faith, we have (for the first time in our history since we became a nation) seen with feelings of deep indignation, and of heartfelt sorrow, the Legislative interference in matters of individual conscience, and the Legislative recognition of sectarian existence.

Resolved, That we utterly repudiate all attempts to unite the interests of the Church and of the State; and that while we would freely throw open to all, both citizens and foreigners, to the descendants of our Pilgrim Fathers and to the exile from European oppression, the doors of our Public Schools, and impart to each and all alike the rudiments of education; that while we would teach to all the common principles of morality, we deprecate as an evil of the most alarming magnitude, the introduction of any organization to perpetuate or carry out the peculiar sectarian views of either Episcopal, Presbyterian or Roman Catholic Churches.

Resolved, That under our former admirable system, which extended to the Roman Catholic the same privileges as to the Protestant; which officially recognized no difference in the faith of men—our country offered to the foreigner what she provides for her own sons, and that the men who would bow before the shrine of Foreign prejudice, to subserve political or personal ends, are unworthy of the confidence or the ordinary respect of their fellow-men.

Resolved, That we will use our individual and united efforts to repeal the odious law recently adopted by our Legislature; and that, viewing it as we do, both in the design of its origination and the tendency of its continuance, we will not and cannot weary in these efforts until that repeal is effected.

Resolved, That, though protesting against this law, yet, as citizens of the State, we owe and will yield to it our obedience during the brief period of its existence, and that, in pursuance of our duty, we will elect to the offices created by it men of tried integrity and of known honesty, who will discharge their duties faithfully, and who will not torture "their reasonable expenses allowed by law" into an onerous tax upon the city.

Resolved, That a Committee of five persons be appointed by the Chairman to nominate suitable persons as candidates for School Commissioners, Trustees and Inspectors, to be supported at the election in June next.

The following persons were appointed such Committee: Messrs. NATHANIEL WEED, CHARLES M. LEUPP, WM. P. MILLER, ALVA KIMBALL, Dr. DANIEL G. STEARNS.

On motion, the meeting adjourned.
R. R. WARD, Chairman.
WM. P. MILLER, Secretary. my24

☞ **The American Laborer** for the month of June is now ready for delivery at our counter. We surrender this number almost entirely to the conclusions of the REPORTS AND STATISTICS OF THE HOME INDUSTRY NATIONAL CONVENTION. So comprehensive and lucid an account of the condition and wants of all the great Producing Interests of the Country has never before been given in any publication as we have compressed into the May and June numbers of The Laborer, at the trifling cost to its readers of *eight to twelve cents each*. It could hardly have been procured hitherto for so many dollars. We hope it will be widely disseminated and read.

Commercial and Money Matters.

TUESDAY, P. M

With the exception of Harlem, of which there was sold at both boards nearly 4000 shares, there was very little done today at the Stock boards. Delaware & Hudson declined slightly: Farmers' Loan, ½; Mohawk improved 1½; Long Island, ½; Harlem commenced at 11½ and ran up to 12½, at which it closed, showing an improvement of ¼ per cent on yesterday's sales. There appears to be a combined effort to inspire confidence in this stock since the late election of the Board of Directors.

There was no material change in States Stocks and the sales limited. The rates were firm. Illinois and Kentucky improved slightly. For State Sixes 1860, 90 offered; Fives and a Half 1860, 83; Ohio Sixes, 74½; City Water Loan 1858, 80; State Seven Per Cent Loan was offered at 101. Buyers at par.

The Foreign Exchange market continues heavy. Sterling, 8 a 8½; Francs, 5 33⅞ a 5 32½.

The advices from New Orleans of the resolve of the banks to resume at once has caused a rather better feeling in N. O. bank notes, but there is not as yet much confidence in the resumption and the rates have not materially improved. Large Alabama bank notes are in demand at 22 a 23, which is an improvement. We quote—

Philadelphia	par a ¼	Mobile	22 a 23
Baltimore	par —	New-Orleans	4 a 5
Virginia	5 a 5½	Nashville	12 a 15
North Carolina	3½ a 5½	Louisville	3½ a 4½
Charleston	1½ a 1½	St. Louis	13 a 14
Savannah	1½ a —	Cincinnati	5 a 5½
Augusta	1½ a —	Montgomery	23 a 24
Columbus	— a —	Tuscaloosa	23 a 24

Treasury Notes are not plenty, and in good demand at ¼ discount.

The rate at which Messrs. J. Ward & Co. have taken a portion of the U. S. Loan is stated in the street to be 97½, but we doubt much if any one, but the parties interested, knows the precise rate and they will not make it known.

The amount of Tolls received on all the Canals of the State—

To the close of the second week in May	$253,734
To the same period in 1841	250,921
Increase in favor of 1842	$2,813

There is a falling off of about $30,000 during the second week in the month compared with the same period last year. The Tolls taken to Rochester to the 20th of May show a difference of $408 in favor of 1841.

Bicknell's Reporter says the money market of Philadelphia continues quiet; although during the later portion of last week, the rates were evidently higher. The usual outdoor rates may be stated at about 1 per cent. The difficulty may be attributed principally to the uncertainate condition of the relations that subsist between the country and the city banks. Thus our city banks are unable notwithstanding they have an immense amount of specie on hand, to obtain any thing like a large circulation. The moment their notes pass into the interior counties, they become of more value than the notes of the country banks, and hence are either hoarded, or are sent to Philadelphia as so much specie. The quantity of good paper in market, first rate business paper, is limited because of the limited transactions of the spring. Thus, then, the banks in the first place, unable to get their notes out to any considerable extent, and in the second, unable to discount with sufficient liberality to ease the market, much paper, not of the first rate character, is consigned to the hands of the outdoor negotiators, and these persons exact from 1 to 1½ per cent per month.

The stock market continues exceedingly dull without any prospect of revival. A rather better price was offered for State Loan—41 being bid.

The North American states, on good authority, that a proposal has been made to the Treasury Department by foreign capitalists for five millions of our government new loan, at par, bearing an interest of six per cent, and further that so large an offer has been declined, from the fact that Government had at present no use for so large a sum.

At Charleston, 21st inst. the banks were purchasing Sterling bills at 6¼ and 6½; out-door negotiations had been at 7½ and 8 per cent prem. Bills on Paris, bank rate at 5⅝ per dollar. Sight drafts on New-York, bank rate 1, out of doors ½ and ¾ per cent prem.; 60 day bills, interest off.

The Pittsburg Gazette of the 13th, says State Scrip now forms a large part of our current circulation. It will be perceived from our list that all the Scrip issued by the country banks, with the exception of Erie, Towanda and Berks, is quoted at 8 per cent, and readily passing as currency. Erie Scrip is improving, and we hope soon to quote it at the rate of the others.

The principal stockholders of the Hawkinsville Bank, Geo., have given notice to the public, that they have made arrangements whereby the entire circulation will be taken up, or made equal to Central Bank money during the ensuing summer or fall.

Books were opened, a few days ago, at Indianapolis, to receive subscriptions of stock for the Madison and Indianapolis road. The amount subscribed was limited. An offer, the Journal says, has been made by New-York capitalists to subscribe for the whole stock which may remain unsubscribed for by the citizens of Indiana.

The St. Louis Republican says, business continues depressed, and nearly all kinds of produce are declining in price. The rivers continue in good navigable order.

In money matters, we have no change to mention except that currency is daily growing scarcer and times more tight. All are disposed to hold on to what they have.

The paper of the Bank of Illinois is the standard in the paper circulation; and although it is now quite certain that the bank will resume on the 15th of June, yet there is no material alteration of the value of the paper compared with specie. There is very little specie circulating or to be purchased; within the week past it has been sold at from 12 to 13 per cent for the paper of the Illinois Bank. Exchange, on the East, notwithstanding the approach of the resumption, continues to go up. It may be quoted at from 14 to 15 per cent, in currency. There is comparatively none to be had.

☞ **Advice to the Young.**—"Search the Scriptures." It is surprising to see how The Bible is neglected by sinful men. The votaries of taste and fashion will spend their days and nights poring over the morbid pages of sensual and fictitious narrative; yet if they were asked if they had read the book which had been sent them from Heaven, where would they look? Make use of all the helps you can procure to understand its beauty and meaning. Go, gentle reader, at once, and examine Mr. SEARS' new and valuable work, entitled "Lives of Scripture Character." The examination will cost you nothing. Every lover of the Bible will possess it. 1*

☞ PARTICULAR NOTICE.—Those persons having furniture of any description to dispose of, or who are breaking up house-keeping, will find a ready sale for any portion or all of their goods, by sending their address, or calling upon the subscriber. Goods to any amount purchased.
