THE TRIBUNE.

THE LAW OF INCEST.—A case of considerable interest and importance has just been decided by the Presbyterian General Assembly sitting at Philadelphia. The facts on which the decision is grounded are these. Archibald McQueen was pastor of the Lemon-Hill Church, attached to the Presbytery of Fayetteville, North Carolina, and on the 23d of October, 1840, he took as his wife, Mary M'Loud, *the sister of his deceased wife.*—The Presbytery of Fayetteville, conceiving this to be contrary to the law of God, cited Mr. McQueen before them, and after an argument, the facts being admitted, they decided that the *act was incest*, and proceeded to depose the accused from the Gospel ministry. From this judgement Mr. McQueen appealed to the General Assembly. The decision of the Presbytery was most ably and eloquently opposed before the General Assembly by Rev. Dr. Krebs, who strove to show that there was nothing whatever in the Bible to prohibit such a marriage, and that the clause in the Confession of Faith which says that "a man may not marry any of his wife's kindred nearer in blood than he may of his own; nor a woman of her husband's kindred nearer in blood than she may of her own," is too vague and indefinite to be a true guide in the decision of this question. His argument was replied to by Rev. Dr. McIver, and on Friday the Assembly confirmed the decision of the Presbytery deposing Mr. McQueen by a vote of 67 to 12—8 not voting. "Thus," says the Commercial Advertiser, "the question is settled by the Presbyterian Church—in a manner, however, unwarranted by the law of God, and in a manner that will not be acquiesced in by any man—Church member or not—who, in taking a second wife, prefers a sister of his first before any other woman."

☞ The corner-stone of a new German Catholic Church was laid in Pittsburg on the 26th. The Church is to be one hundred and fifty feet in length and seventy-one feet wide, with a steeple one hundred and seventy-four feet high. The sermon on the occasion was preached by the Rev. Mr. Alexander, of Baltimore.

For sale by [jel] SAXTON & MILES, 205 Broadway.

HAVING presented to the Public the claims of my first premium Colognes for so long, I now take the liberty of laying before them another article of equal worth, viz.: "The Virginia Shaving Cream." This vegetable composition I can safely say is unequaled by any now offered to the American public for the pleasure it affords in shaving. It is not only fragrant, producing a rich and lasting lather, but possesses qualities of so highly soothing and healing a nature, as to raise it far above any rivalrancie. As those who have tried my Cologne have found it to be all that I said, so they who use this Cream will acknowledge that the half of its virtues have not here been told.

A GAMBING STORY.—Here is one of the deepest and most ingenious schemes ever invented by the wit of a gambler. At Spa, a few years ago, a short, thin man, whom nobody knew but by sight, suddenly became a constant attendant at the gaming tables. This man, during a whole fortnight, continued, night after night, in a most extraordinary manner, to win enormous sums of the fare bankers, as well as the surrounding bettors. He wore spectacles, and appeared so short-sighted that he was always obliged to touch the counter with his nose before he could distinguish the card, such was his luck, however, that whatever card he pricked was sure to win. On the last night of his appearance at Spa, one of the gamesters—a young, half-intoxicated Irishman—had lost an unusually large sum. His temper was quite gone, and he imputed his lucky opponent in a style that might have edified the most absolute fishwoman in Billingsgate.

"D——n you, you old dog!" he cried, "and most particularly, d——n your spectacles! By the powers! see if I don't try my luck myself in your spectacles!" and snatching them from him, he put them on his own face. At first he could distinguish nothing, but on approaching the cards, within three inches of his nose, he discovered that the glasses were strong magnifiers. His suspicion and curiosity were immediately excited, and he turned to demand an explanation of the wonder, but he was gone. An examination then commenced, and the cause of this wonderful continuity of luck was speedily discovered. The cards in Spa are not bought of shopkeepers, as in England, but every autumn the proprietors of the gaming tables repair to the grand fair at Leipzig, and there purchase their stock for the year. Thither the spectacle man had also hied—not as a *buyer*, but a *seller* of cards, and at such reduced rates, and of such excellent quality, that all the purchasers resorted to him, and Spa and several other towns were literally stocked solely with his cards. At the back of each of these, concealed amongst the ornaments, and so small as to be imperceptible to the unassisted eye, was its number, with a particular variation to denote its suit. Then the rogue came to Spa in disguise, with blackened hair and spectacles, and there, as a *gentleman* gambler, could have broken all the banks in Spa, but for the fury of the enraged Irishman. As it was, however, he decamped with several thousand pounds.

DR. PHINNY'S FAMILY PILLS.—These Pills have justly acquired the highest reputation in curing Bilious and Dyspeptic complaints, as the following certificate, from one of the most respectable citizens of Albany, will show:

From Benjamin Knower, Esq.

Having suffered for some time with indigestion and flatulency, I was advised to try Dr. S. Phinney's Anti-Dyspeptic Bilious Pills, and after using them for some time, am prepared to say that they are the mildest and yet the most efficacious in their operation of any article of the kind I have ever used; and what I esteem of great importance, they occasion no sickness at the stomach, procuring full, free and satisfactory discharges, and leaving the bowels in a natural condition. And I the more cheerfully recommend their use to all whose of bilious habits, or need an excellent family medicine, in consideration of the high standing of the proprietor in the community as a medical man.

NOTICE to RUPTURED PERSONS.—Dr. A. G. HULL, No. 4 Vesey street, Astor House New York.—Persons afflicted with Ruptures may rely upon the best instrumental aid the world affords, on application at his office, 4 Vesey street, New York, or either of his numerous agents in the chief towns of the United States. Parents must be careful to examine the back part of Dr. Hull's Trusses, to see if they are endorsed by Dr. Hull in writing. None other are genuine or to be relied on as good. Dr. Hull guarantees cures to all otherwise healthy patients who call at his office for treatment. If the cure be not radical and permanent, so as to preclude the necessity of wearing any truss whatever, the money advanced is returned on the expiration of the term specified for the cure, whatever progress the rupture may have made toward eradication.

Children under twelve years universally cured without further expense than the cost of the Truss. The radical cure has been under progressive practical improvement for more than twenty years past, in Dr. Hull's Truss Office, and is now brought to a state of unrivaled perfection.

Many treacherous agents have undertaken to vend imitations of Dr. Hull's celebrated Hinge and Pivot Truss for the easy and safe retention of Ruptures. These imitations cannot be relied on—they are made by unskillful surgeons and mechanics, and are no better than the ordinary Trusses of the market. The genuine have my full name in writing. AMOS G. HULL & CO.

Dr. Hull has at the request of several respectable physicians, fitted up a room exclusively for Ladies, having separate entrance from the business department, wherein a lady is in constant attendance, to apply Trusses and Supporters to female patients.

THE TRUSSES AND SUPPORTERS of Dr. Hull's invention continue to receive my decided preference. For twenty years past I have employed the Trusses of Dr. Hull with success. The Supporter was invented in 1831 by the Dr., with my advice and approbation; and I am happy to say that it is extensively adopted in Europe as well as in this country.

DR. ALLEN'S BALSAM of Horehound, Liverwort and Pleurisy Root, has gained a reputation in the cure of Consumption and Liver complaint, never acquired by any other medicine. This medicine is not intended like the common humbugs of the day, to cure every disease, but is only for the cure of diseases of the lungs and liver, and for these complaints it has no equal on earth. Raising blood, a cough, and loss of strength are certain symptoms of consumption. Dr. R. D. Allen's Balsam of Horehound, Liverwort and Pleurisy Root, is a never failing remedy, and if the sick and distressed resort to it, they are certain of being restored to health. It contains no opium or deadly poison to lull and stupify the senses, but it removes the disease, heals the lungs, gives health and strength. Let the sick use it.

OPINION OF THE FACULTY—*Disease of the Lungs*—Dr. Allen—Dear sir: I have prescribed your *Balsam of Horehound, Liverwort, and Pleurisy Root*, in severe coughs and consumption, and it has proved effectual after other remedies had failed. I am glad to find so valuable a medicine without any deleterious or narcotic ingredients. I entertain a high opinion of your Balsam, and shall continue to recommend it to my patients. Yours, &c. C. Pumps! Pumps! Pumps!

H. WARREN, Manufacturer of Miner's Patent Pumps for Wells and Cisterns.

The advantages peculiar to these Pumps are Cheapness, Durability, Ease of Operation and Security against Frost. They are also light and portable, and easily set up or removed.

The immense number of them in use, and the universal celebrity which they have obtained where they are best known, are now deemed sufficient reference.

☞ As a caution in regard to similar kinds of Pumps in circulation which have not my label upon them, the pipe and wooden parts of which being made of white-wood and all the wooden pipe of my manufacture is selected from the best of white pine *heart stuff, free from sap*, and being boiled and well saturated in a resinous composition, is warranted in every respect a superior article.

Merchants and others in New-York are Messrs. OSBORN & LITTLE, Hardware Dealers, No. 35 Fulton-street, opposite United States Hotel (formerly Holt's), who have constantly on hand a full supply. je6,1m

THE Self-Instructor and Journal of the Universal Lyceum, by Josiah Holbrook, is published monthly at the Exchange Lyceum, 349 Broadway, at 50 cents a year, paid in advance. A liberal discount will be made to agents who buy by the quantity. Agents of penny papers will find it a profitable work. For sale at Axford's news room, 162 Bowery. je1 tf

WONDERFUL CURE of the PILES.—We invite the attention of the public to Doct. E. Humphreys' Vegetable Pile Ointment, one of the most certain remedies for Piles, Fissures, Wounds, Chilblains, &c. now before the public. From J. N. Starin, Cashier of the Cayuga County Bank. Dr. E. Humphreys—Sir—I commenced the use of your ointment for the Piles a few weeks ago, and have used it occasionally ever since, although under circumstances so unfavorable that I did not expect much benefit. On the first application I felt immediate relief from the soreness that usually attends the disease, and I think I am almost if not altogether well, and do most cheerfully recommend it to all similarly afflicted. Auburn, March 21, 1841. J. N. STARIN. For sale at 135 Nassau-st, sole agency for New-York city, and at the principal Drug Stores in the city. je4 1m
