Securities and Money

Stocks Decline Further in Dull Market Session

Stock prices displayed increasing irregularity yesterday in the dullest trading session the exchange has seen in months. The majority of industrial issues closed lower and losses in some instances exceeded 5 points. As has been the case during recently preceding days, the pressure to sell was not heavy, the market rather giving away because of an absence of supporting buying orders. There was, of course, the usual evening up operations in anticipation of to-day's holiday on the exchange and the bulk of the transactions was of professional origin. Dealings approximated 700,000 shares and the trading list comprised 255 different stocks compared with 261 the day before. When the market was at the peak of the recent rise there were many days on which the trading list ran over the 300 mark.

Prospects of a strike on the Interborough Rapid Transit lines, the employes of which are demanding an increase of 50 per cent in wages, unsettled the traction issues and Interborough Consolidated preferred lost 3½ points net. In the industrial department the mining issues were offered down. Steel common moved against the general market current advancing 1 point to 102¾ after getting down to 101⅝. Buying of Steel represented mainly the covering of short lines in anticipation of the holiday. Railway issues, which were neglected so far as speculative activity went, moved sluggishly and within narrow limits.

Stock exchange borrowers found an ample supply of funds offered by the banks and rates declined to 3½ and 4 per cent in the afternoon after the greater part of the day's needs had been met.

Investment houses reported an extremely quiet market for investment bonds. The different Liberty Loan and Victory note issues were active on the exchange, but price changes were small and the tone was generally steady.

Lack of activity still characterized the bond market, but dealers are careful to explain that this is an inactive but not a declining market. Ordinarily, they argue, the lull and break in the stock market would react to the favor of the bond market, but according to one investment banker, the public has not yet awakened to the attractions of entering the bond market.

The view is widely expressed in investment houses that the bond market is having the worst of its troubles now, and the prediction is freely made that conditions will be better a month hence.

Meantime, new financing is indefinitely postponed until the market reveals more spontaneous absorptive power.

The opinion is held, however, that foreign financing will probably take precedence over railroad financing. Besides South American countries, many of the European nations are still negotiating for funds and new loans to Norway, Denmark and Belgium are under serious consideration.

Money and Credit

The demand for call money was the lightest in weeks yesterday and rates eased off further. Opening and renewal rates were 5 and 5½ per cent. In the afternoon there was a further decline to 3½ and 4 per cent.

The ruling rates for money yesterday, compared with a year ago, were as follows:

	Yesterday.	Year ago. Per cent.
Call money:		
On mixed collateral	5	6
On indus. collateral	5½	6½
Time money (mixed collateral):		
Sixty days	6	6
Ninety days	6	6
Four months	6	6
Five to six months	6	6

Bank Clearings.—Bank clearings yesterday were:

	Exchanges.	Balances.
New York	$746,646,483	$57,126,526
Baltimore	15,823,621	6,027,043
Boston	55,856,495	16,544,487
Chicago	106,770,217	8,925,870
Philadelphia	77,707,611	16,569,344
St. Louis	25,242,652	8,259,419

Sub-Treasury. — The Sub-Treasury lost $382,000 to the banks on Thursday.

Silver.—London, 59d; New York, $1.12⅝; Mexican dollars, 86⅞@90⅞c.

London Money Market.—LONDON, Aug. 15.—Closing—Money, 3⅛ per cent. Discount rates: Short bills, 8 7-16@3½ per cent; three months' bills, 3 9-16@3⅝ per cent. Gold premium at Lisbon, 120.00.

The Dollar in Foreign Exchange

Sterling exchange, lacking support, declined yesterday to $4.28¼ for cables, compared with $4.31¼ Thursday. Rates on Paris were also weak, and Belgian francs, already extremely depreciated, went still lower, because of a failure to find buyers.

Yesterday's rates and those of a week ago compare as follows:

(Quoted dollars to the pound.)

	Yesterday.	Week ago.
Sterling, demand	$4.37¾	$4.31¾
Sterling, cables	4.28¼	4.32½
Sterling, sixty days	4.24¾	4.28¾
Sterling, ninety days	4.23½	4.27½

(Quoted units to the dollar.)

	Yesterday.	Week ago.

Brazil, Rio, cables	27.75	27.75

Slump in German Exchange

BERNE, Aug. 15.—German exchange fell to-day below 30 francs a 100 marks for the first time in its history. The decrease is due, according to German newspapers, to heavy exports of German values to Switzerland, it being added that such transactions are being carried out through occupied territories. It is said that from 60,000,000 to 70,000,000 marks are reaching Switzerland daily.

Authorizes Renewal of Interborough Con. Note

Judge Julius H. Mayer in the Federal court yesterday issued an order authorizing James R. Sheffield, trustee in bankruptcy for the Interborough Consolidated Corporation, to renew a note for $580,000 held by the National Bank of Commerce and to take it up on November 10 with funds in his possession when the note is paid. Converted second Liberty Loan bonds to the amount of $600,000 put up as security will be surrendered by the bank to Receiver Sheffield.

Land Leasing Bill Reported

WASHINGTON, Aug. 15.—The land leasing bill designed to promote the production of coal, oil, gas and phosphates on government owned land was reported to the Senate to-day by the Public Lands Committee, and it was sent to the calendar. Chairman Smoot announced that at the first opportunity he would call it up for consideration.

At Senator Smoot's request the oil leasing bill later was made the unfinished business in the Senate, and its consideration will be begun when the Senate reconvenes next Monday.

Stutz Motor Earned $8.72 a Share on Stock in Half Year

As a result of operations in the first six months of 1919 the Stutz Motor Company returned net profits of $653,742, equivalent to $8.72 a share earned on 75,000 shares of outstanding stock, compared with $5.13 a share in the corresponding period of 1918.

Net sales for the half year were $3,674,848 or $1,738,891 larger than those of the first six months of last year. Cost of sales aggregated $2,970,122, leaving gross profits of $730,926, an increase of $279,673.

South America Seeks Credit

Despite the rejection this week by Chile of American banking terms for a $15,000,000 loan, other leading South American nations are still conducting negotiations in this market. A meeting of New York bankers interested in the bids for funds from America's southern neighbors will be held early next week.

Dividends

Extras

Standard Oil of Ohio—An extra dividend of $1 per share has been declared in addition to the regular quarterly dividend of $3 a share, both payable October 1 to stockholders of record August 29.
