The Negotiation.—It is understood that the Secretary of State, on behalf of the United States, the Commissioners of Massachusetts, and the Special Minister of Great Britain, have agreed on the basis of a Convention for the settlement of the Northeastern Boundary Question. What the terms of this agreement are is of course unknown to us. The Commissioners of Maine had not decided yesterday whether they would agree or disagree to them: but, as it is not to be supposed that the distinguished citizens representing the United States and the State of Massachusetts would accede to any terms which Maine ought to decline, we are bound to believe that the Commissioners of that State will not withhold their assent to the arrangement agreed on by their coadjutors in the negotiation. We feel ourselves authorized, therefore, to congratulate our readers and the whole country on the near prospect of an amicable adjustment, at last, of this long-standing and disquieting difficulty. The thanks of both countries will be due, and will be freely paid, to the able and patriotic men who will have brought it to a peaceful and happy issue. [Nat. Int.

Louisiana Election.—The New-Orleans Bee of the 14th instant says, that the parish of St. Landry, which gave Mouton 33 majority, has elected four Whig Representatives. If so, the Whigs will have 33 of the 60 members of which the House consists.

☞ It has always been contended that pleasure and utility were very rarely united; but this has certainly been done by Dr. Peters in his celebrated Lozenge preparations; for they are very agreeable to the taste and are still, beyond all question, among the most serviceable medicines that have ever been taken into the system. His Cough Lozenges cure all Coughs, Colds, and incipient Consumptions; his Cordial Lozenges relieve one from all the debilitating effects of the oppressing warm weather, and his Worm Lozenges, for the cure of headache, feverishness convulsions, and all the symptoms of Worms in children or grown persons, are unrivaled.—The principal offices are at 459 Broadway and 125 Fulton street.

Sands's Sarsaparilla.—It is now universally acknowledged, by all those who have had an opportunity of judging of its merits, that this preparation of Sarsaparilla is the most efficient medicine for restoring persons suffering from a debilitated system, or diseases arising from an impure state of the blood, ever offered to the afflicted. The patient, therefore, who uses this preparation has all combined that can be useful for the removal of his complaint. All those who require it are invited to try it at once and appropriate to themselves the benefits which this invaluable medicine can alone bestow. Prepared and sold by A. B. Sands & Co. 273 Broadway, corner of Chambers-street, (Granite Buildings.) Sold also by A. B. & D. Sands, No. 79 Fulton-street, corner of Gold, and by D. Sands & Co. 77 East Broadway, corner of Market-st. Price $1.

☞ The Sarsaparilla and Tomato Bitters are the greatest discovery ever made for a spring and summer medicine. There is nothing that equals them. They will cure the dyspepsia, jaundice, costiveness, debility, humors and all impurities of the blood, or irregularities of the bowels, after all other medicines have failed.

Read what they have done—

I have used the Sarsaparilla and Tomato Bitters for the dyspepsia, and have been cured by only using three bottles, after all other medicines have failed.

H. E. ROGERS, West Cambridge.

I have been cured of a dreadful humor by using the Sarsaparilla and Tomato Bitters.

J. L. WILLIAMS, Lowell.

Dr. H. B. Smith says he has used the Sarsaparilla and Tomato Bitters, with the happiest effects in cases of debility, weakness, &c. and he should recommend it to all for a spring medicine, as he considers it a most valuable alterative to the system. Sold wholesale and retail by FRED BROWN, 63 Washington-street, to whom all orders can be addressed.

Sold by the agents, A. B. & D. Sands, Druggists, 79 Fulton, corner Gold st. and 100 Fulton st., 273 Broadway, 77 East Broadway, N. Y.

☞ Professor Buchholtz's Compound Syrup of Capilaria, the best known remedy for Consumption in its early stages, and all diseases of the lungs and Liver, is prepared by R. E. Dibble, and for sale at 367 Greenwich street and at 344 Grand street.—This celebrated medicine was invented by a Professor of Medicine and Chemistry in the University of Erfurth, Prussia, who received a reward of one thousand pounds from the King of Prussia as an expression of his confidence in its merits. It has been fully tested in this country, and has given satisfaction in almost every case. The proprietor obtained the receipt from a nephew of the inventor, who has given his affidavit to its being genuine. The medicine is purely vegetable, and entirely free from morphine or opium, which forms the basis of nearly all the cough remedies now in use. It operates directly upon the lungs and liver, and gradually removes the disease from the system. We do not pretend that it will cure confirmed consumption, but for the disease in its early stages, coughs, colds, and liver complaint, it stands unrivaled.

☞ The following recommendation of a popular medicine, is published for the information of those whom it may interest. New-York, July 12, 1842.

Mr. Schering—Sir—Upon the recommendation of my physician, I commenced, about three weeks since, to take your Restorative Cordial as a remedy for Dyspepsia, with which complaint I have been for some time affected—and I think it my duty to state that I have found it extremely beneficial in my particular case. Before the use of your medicine my digestive organs were often torpid and inactive; and this state of things occasioned a frequent suspension of the action of the heart, one of the most deathlike feelings with which a mortal can be visited. Your Cordial seems to have been precisely the kind of stomachic that I required: it has warmed and excited those organs, and imparted to them a proper tone and vigor of action.—Previous to its use I could not eat many things which I now take with impunity. I especially mention raspberries and currants. I have not yet taken two bottles of it.

Counsellor at Law, No. 4 Wall-st.

☞ **Third Ward Meeting.**—At a large and overwhelming meeting of the citizens of the Third Ward, manufacturers and Dealers in Dry Goods, Crockery and Glass, Groceries, Hardware and Tinware, Stationers, Clothiers, Confectioners, Woodenware, Watch-makers, Cabinet-makers, and Chair-makers, held at No. 215 Greenwich-st, on Thursday Evening, July 21st, 1842, JOSEPH BATTIN was called to the Chair, Samuel Whitney, William Gardiner, J. A. Fowler, and Wm. Jamison, were elected Vice Presidents, Abraham J. Post, and Jas. Rochford, Secretaries, for the purpose of taking into consideration the grievances under which the call of the meeting set forth, respectfully, decidedly and unanimously passed the following resolutions:

Resolved, That inasmuch as the public authorities exercise no jurisdiction over the interest, welfare and happiness of every good and upright citizen, so far as protecting them in their lawful calling, but are willing to submit to insult and party influence, in protecting the invaders of our just rights, allowing them to set all law at defiance, by blocking up our sidewalks with impunity and allowing them to order for sale and trade in every article that we deal in, to the detriment and loss of ourselves and families whom we are bound to protect and for whom we pay rents and taxes.

Resolved, Therefore, That we have met together as one body, united in sentiments and feeling, determined to protect those rights and to exercise the privilege of protesting against every innovation of unlawful trade that tends to the manifest injury of our neighbors as well as ourselves.

Resolved, That the pernicious system of Peddling, as it now exists, is contrary to the State as well as City laws, and except a license, which none of them have is annually obtained and paid, it is only granted to citizens of the United States.

Resolved, That we regret to see the unnaturalized foreigners assuming the same privileges as naturalized and native born, and do solemnly protest against the encroachment which both have assumed, contrary to the privileges of equal rights and equal laws.

Resolved, That while we extend to every Ward the right hand of fellowship, knowing that their rights are our rights, we cordially and respectfully ask their aid in carrying out the great work of reform. United we stand, divided we fall.

Resolved, That we respectfully call on the Hon. Robert H. Morris, as Mayor of the city, to see that the laws are put in force to break up the pernicious evil of peddling all articles of Merchandize (that we severally deal in,) as now carried on in carts, wagons, baskets, &c. through the streets, on our side-walks, and by every other method that can be devised to the serious injury of every upright business dealer.

Resolved, That the evils arising from the manner in which goods, &c. are now sold around the markets and on the side walks in the Third Ward, are much greater than the Public are fully aware of—opening a school for vice and crime in ingratiating boys in the habit of theft and larceny by purchasing stolen goods, then demoralizing the habits of the young, so valuable to the rising generation.

Resolved, That a copy of these resolutions, signed by the Chairman and Secretary, be sent to his Honor the Mayor, and the Honorable Corporation of our City, soliciting their aid in the premises, and that the same be published in the Sun, Courier & Enquirer, Tribune, &c.

JOSEPH BATTEN, President.

NEW AMERICAN NOVEL.

ABEL PARSONS, or THE BROTHER'S REVENGE; A Tale of the Present Times. Such is the title of an original novel which will be published at the office of the New World, No. 30 ANN St. New-York, on MONDAY, the 25th instant. We can confidently assure the public, that it is one of the most deeply interesting and beautifully written stories we have read for many years. It is the production of an accomplished writer, and a man of distinguished abilities. The scenes are laid in the city of New-York, and the characters drawn from real life; and they cannot fail to elicit much excitement and attention. The time of the narrative is in the autumn and winter of the year 1835, when the Great Fire took place, by which a large portion of the business part of the city was reduced to ashes. We are acquainted with nothing in the works of modern novelists more vivid or more impressive than the description of this Splendid Conflagration, in the concluding chapters of "Abel Parsons."

Terms.—The work will be issued in a Double Number of the New World, handsomely printed on fine paper, at 12½ cents for a single copy; eight copies for $1—seventeen copies for $2, and one hundred copies for $8 2

Commercial and Money Matters.

FRIDAY P. M.

Stocks were very dull to-day, the sales being smaller than for some time past. Mohawk declined 1 per cent; Harlem gradually declined to 15½, a fall of 2 per cent; Auburn and Rochester improved ½ per cent.

The market for State Stocks was firm, but the sales were not extensive. Kentucky Sixes advanced 1 per cent; Ohio ½ per cent. For the new City Loan 1852, 100½ was offered, 102½ asked; old City Sevens, 101 offered, 105½ asked; Government Loan 1841, 97 offered, 100 asked; State Sevens, 101 offered, 101½ asked; Sixes 1845, 92 offered; Five and a Halfs 1861, 82½ offered, 83 asked; Fives 1858, 80 offered, 82½ asked; 1860, 80 asked; Ohio Sixes 1856, 75½ offered, 75 asked; 1860, 74 offered, 75 asked; 1860, 74 offered, 73 asked; Kentucky Sixes, 75 offered, 77 asked; Fives, 55 offered, 65 asked; Alabama, 50 offered; Water Loan 1870, 79 offered, 83 asked.

Foreign Exchange transactions are still limited. Something has been done by some of the Banks in Francs at 5 45, the proceeds of which will be imported in specie, as at present rate it will pay a profit. A considerable drain of coin is anticipated by some, next fall, to pay for the Southern crop, which will probably be sold on a specie basis.

No change in Inland bills, and very little doing. We quote—

The Greenwich Insurance Company have declared a dividend of 10 per cent for the last six months. The North-Western Insurance Company of Oswego, 4 per cent, payable at the Mechanics' Bank 1st August.

The stockholders of the Gas Bank of New-Orleans, at a meeting, approved of the arrangement made with Mr. Jaudon, agent of Morrisons, for the settlement of the debt due by the Bank.

Mr. Henry K. Averill has been appointed Receiver of the Clinton County Bank.

Counterfeit 5s on the Tolland Bank of Connecticut are very abundant; look out for them.

The quotations for American Stocks in London received by the Acadia are merely nominal. There is no demand for these securities. Alabama Sterling Bonds, 5 per cent, 1859, 50—sellers; Illinois 6s 1870, and do Dollar 6s 1860, 19—sellers; Indiana 5s 1865, and do Dollar, 21—sellers; Louisiana 5s, 63—sellers; Maryland 5s, 40 to 50; New-York State 5s, 1845 to 1860, 74 to 76; Ohio 6s, 1850 to 1860, 75; Pennsylvania 5s, 1854 to 1865, 45; Canada, 90; South Carolina Sterling, Palmer's 5 per cent, 75.

Chandler Starr, Esq., a Bank Commissioner, has made a statement in relation to the frauds of the Commercial Bank of Buffalo. From his statement it appears to be his opinion that in 1838 or 1839, Mr. Pratt, who was then President, used $75,000 of the issues of the Bank for his own purposes, without carrying them through the books, intending, when he recovered from his embarrassments, to protect the Bank from his own means. He died in 1840, greatly insolvent.

The sales at the Philadelphia board continue very light. 50 shares U. S. Bank at 3; 1020 State 5s, 1856, 93½.

The Harrisburg Keystone states that the notes of the Wyoming Bank are received in the Treasury for dues of the Commonwealth.

At Cincinnati Exchange is at 4 per cent premium on the East, being a slight decline.

At Louisville the rate of Exchange is still 1 per cent. It is less plenty, and not to be had freely at this rate. Kentucky 30 year bonds, 90; Kentucky $5 scrip, 75. Tennessee paper is not taken freely, as doubts is still felt in regard to resumption.

New-Orleans dates to the 11th present no change for the better in money matters. Union Bank notes were down to 20 per cent discount; Consolidated, 33 per cent; Citizens', 20; Canal and Commercial, 20 a 30; City, 19 a 20; Mechanics & Farmers', 12; Louisiana State, 18.

At the recent Bank Convention in Virginia, at which it was resolved to resume specie payments on the 15th September next, Dr. Brockenbrough, a good Loco-Foco, said—"I am aware that strong prejudices have been excited against the Banks and their managers. To them all the sufferings of the country have been attributed in a summary way by superficial observers. They may take their just share of this charge, and still leave much blame to others. They are not to be constituted guardians of the people or of legislative bodies; on the contrary, they are the mere creatures of both. They did not authorize the establishment of nine hundred Banks in the United States; they did not create State debts to upwards of two hundreds of millions of dollars; they did not originate the numberless speculations into which men thought proper to engage. They have been swept along with the public current, and were not the source of it. To change the figure, they have been intoxicated by the spirit of the times. Temperance is now the order of the day, and they must take care not to furnish the means of excess to others."

The circulation of the Bank of Missouri and branches on the 20th June was $217,736; due Banks, $13,745; Deposites, $472,209; Specie, $122,336; Bank notes, $132,754; due from Banks, $76,851. The suspended debt is $147,400.

The Buffalo Commercial states that the Oakland County Bank at Pontiac, Michigan, is about to be resuscitated. E. C. Thurston, from the East, is to be Cashier. The circulation is said to be small, and to command the coin upon presentation.

COTTON—The foreign advices have not yet had any effect, but will probably depress the market. Very little doing to-day.

FLOUR—No change from yesterday. Receipts exceedingly light, especially of Genesee, and demand equally so. Lots, however, are going out of store daily. Troy 6 00, nominal; Ohio and Michigan flat, 5 87½; round, 5 75 a 5 81. A parcel of 340 bbls New-Orleans sold at 6 12½ for superfine. Georgetown and Brandywine 6 00; Howard-street 6 12½; all nominal.

No other place of resort in the vicinity of the city can be visited with such facility or offers so many inducements with less expense.
