☞ Read the following, as it is important to all—Extract of a lecture delivered by Dr. Bennet before the medical students of the College of Lake Erie, touching the valuable properties of the Extract of TOMATOES. Dr. Bennet says it is one of the most powerful alteratives of the materia medica, and all affections of the liver and other organs where calomel is indicated. It is probably the best medicinal agent known by the medical profession.

When used in a concentrated state, it is a sovereign remedy for dyspepsia and indigestion.

He has successfully treated various diseases with it alone, and when persons are removing to the South or West, they should be sure to make use of it. There can be no doubt that, when used in connection with the Sarsaparilla, it is the best medicine that can be used in the spring or summer seasons.

As a universal remedy for dyspepsia and indigestion, loss of appetite, dizziness, headache, depression of spirits, costiveness, piles, weakness of the stomach and limbs, rheumatism, to purify the blood, curing bad humors, where all other medicines have failed. The Sarsaparilla and Tomato Bitters is mainly composed of the pure Extract of Sarsaparilla and Tomatoes, which make them a most valuable alterative to a weak and debilitated system, impurities of the blood, and an unhealthy state of the bowels.

☞ The following recommendation of a popular medicine, is published for the information of those whom it may interest. NEW-YORK, July 12, 1842.

Mr. Schenck—Sir—Upon the recommendation of my physician, I commenced, about three weeks since, to take your Restorative Cordial as a remedy for Dyspepsia, with which complaint I have been for some time affected—and I think it my duty to state that I have found it extremely beneficial in my particular case. Before the use of your medicine my digestive organs were often torpid and inactive; and this state of things occasioned a frequent suspension of the action of the heart, one of the most death-like feelings with which a mortal can be visited. Your Cordial seems to have been precisely the kind of stomachic that I required: it has warmed and excited those organs, and imparted to them a proper tone and vigor of action.—Previous to its use I could not eat many things which I now take with impunity. I especially mention raspberries and currants. I have not yet taken two bottles of it.

Your ob't serv't, JAS SMITH,
Counsellor at Law, No. 4 Wall-st.

☞ **The following from the Boston American Traveller,** is not one of the many advertisements prepared for a special paper, and afterwards inserted in others as editorial from said paper; but a *bona fide*, spontaneous tribute from the honest and talented editor of the extensively circulated Traveller, to the virtues and never failing efficacy of Dr. Gourand's Cosmetics. In proof, we refer to the Traveller of the 19th instant.

To the Ladies.—We suppose one actual result of what has been accomplished by a popular cosmetic, is worth a thousand promises of the vendor as to the wonders that may be wrought. We, therefore, proceed to state in the plainest manner possible, that a female who works in one of the mills at Lowell, was induced by the advertisement in the Traveller to send to A. S. Jordan, Milk-street, the only agent in Boston, for specimens of Dr. Gourand's preparations for the ladies. She was not the most effeminate creature in the world, her upper lip and chin being almost ripe for the professor of the tonsorial art, and her face was otherwise strongly marked by pimples, freckles, &c. Before she had used half a bottle of the "Poudres Subtiles," the superfluous hair was permanently eradicated, and in a single week's application of the "Water of Beauty" her skin became quite clear and free from blemishes; so that with a slight touch of the "Vegetable Rouge" on each cheek, and a new dress and bonnet, she was not recognized by her companions on her last return to Concord last week. She is so much delighted with the magical change in her complexion and features, that she has authorized her brother to furnish the substance of this statement for publication.

☞ **Facts are Stubborn Things,** and the most stubborn of all facts is, that one takes the lead and thousands follow. So it is with George Saunders' Metallic Tablet Strop, which is the original of the many spurious imitations called Metallic Tablets, now offered for sale to delude the public.

Certificates of the great use and value of the Tablet Strop may be seen at No. 163 Broadway, but that it may be more satisfactory to the public, I deem it right to insert the following from Dr. Griscom, Dr. Valentine Mott, and Gen. James Tallmadge.

The undersigned have for some time made daily use of George Saunders's Improved Strop, we can freely testify to its value. The side which he calls the Metallic Tablet is, as far as we know, a thing of his own introduction in this country. It appears to be an excellent, convenient substitute for a hone, and operate on the same principle as steel does upon a table knife, but with far greater smoothness and certainty. It saves the unpleasant necessity of oil and water to assist in whetting. The other three sides of the Strop are extremely well finished, flat, smooth, and almost elastic, preserving the razor from that roundness of edge which soon destroys its keenness. J. GRISCOM,
VALENTINE MOTT.

May 10, 1927.

Saunders's Razor Strop, with its four sides, combines admirably all the requisites so sharpen and set razors with a fine and smooth edge. It is a real comfort to possess it.

JAMES TALLMADGE.

Many imitations having the name of Saunders on their labels, with various initials, the public are cautioned when buying to see that the name G. SAUNDERS is on the label, the original inventor and manufacturer, 163 Broadway. 1t*

CITY INTELLIGENCE.

Tuesday, July 26.

Found to be Lunatic.—Mrs. Elizabeth Stratton, who some two or three weeks since, was lodged in the city prison on a charge of having destroyed her infant of three months old, by throwing it down the privy, having ever since her imprisonment here exhibited unequivocal evidence of insanity, was yesterday sent to the Lunatic Asylum on Blackwell's Island, to be treated for her mental malady.

Mitchell in the State Prison.—On Monday, A. M. C. Smith, Deputy Sheriff, conducted the ex-honorable Charles F. Mitchell from the city prison here, to the State Prison at Sing Sing, to commence his three years' term of imprisonment. His excellent mother accompanied her convicted son to the prison, and remained there with him until he was shut up in his cell. Had he taken that good mother's pious advice, he would never have been the inmate of a criminal prison.

Superior Court.—Before a full Bench.—Decisions—Joseph W. Corlies vs. W. C. H. Waddell—Two or three years ago, while Mr. Waddell was U. S. Marshal, a man named Bottomly, was arrested on charges of fraud and perjury at the Custom House. The plaintiff became his bail to the sum of $4000. Bottomley ran off, and Mr. Corlies paid the money. The bail had been taken by Mr. Rapelye, as U. S. Commissioner. It was subsequently ascertained that the Commissioners had no authority to take bail, although they have been empowered to do so since.—The Custom House sued Mr. Waddell for the $4000, but was defeated. Plaintiff afterwards sued Mr. Waddell (he having left the office) in the Superior Court, and recovered. Motion is now made to set the verdict aside. Motion for new trial allowed.

U. S. Circuit Court.—Before Judge Betts.—The following gentlemen answered to their names, and were empanelled as Grand Jurors:—Jona. Thompson, foreman; Albert A. Dibble, Thomas Cummings, Lewis Doty, Charles D. Field, Ernest Fink, John H. Finley, Thomas R Kellinger, David Sutton, Jacob M. Vreeland, William Wells, Nehemiah Waterbury, Robert Waterhouse, William W. Wetmore, Anthony J. Bleecker, Gouverneur S. Bibby, John Stilwell, Gideon Tucker, Robert C. Townsend, Seabury Brewster, Thomas McElrath.

After a short address from Judge Betts, in which the number of criminals, and the description of crime with which they are charged, was stated, the Grand Jury retired for deliberation.

Mr. Price made a motion that the trial of Suydam, charged with assaulting the young Argentine Secretary (Signor d'Alvar) should be put off for the term. The Court refused the request, and it was set down for Saturday next.

The Grand Jury, we understand, have found true bills against Demyer, the Green county Postmaster, for robbing a letter which has been put into his office, of $245.

Civil Courts.—The County Court met pursuant to notice. Present—The Mayor, the Recorder, the Judges of the Common Pleas, the associate Judges of the Sessions, and 17 Aldermen.

The clerk not having called Judges Lynch and Noah, in going over the roll, the Recorder moved that these gentlemen take their seats as members of this court. This was opposed by the Mayor, who was replied to by Judge Lynch. During the latter gentleman's remarks he showed conclusively from a decision of the Supreme Court (reported in 19th Wendell,) also from the act of 1840, that the Judges of the Court of Sessions formed a portion of the County Court. The Mayor answered at considerable length, in which he went pretty much over his old ground of opposition. Judge Lynch rejoined, and aptly alluded to the Mayor's extreme correctness in expounding law. Judge Inglis was desirous of looking further into the merits of the subject, and, at his request, after slight remarks from some of the members, the Court adjourned to Wednesday (this day) at 12 o'clock.

At the Circuit Court an action of replevin was brought by Myndert Van Schaick against John Q. Jones, to recover a valuable carriage which had been made by Mr. John Riker, Jr., for plaintiff, in payment for rent, but which Mr. Riker subsequently sold to defendant, to raise money with which to take up notes that had been endorsed by some of his friends and discounted at the Chemical Bank. The question was whether the delivery had been made to plaintiff or not. The jury could not agree, and the case was given to two of them, with another gentleman joined, as referees, and the others discharged.

Special Sessions.—Before Judge Noah and Aldermen Leonard and Crolius.

Robert Bamber was tried for assaulting his wife Mary and Thomas Jackson, found guilty, and sent to the Penitentiary for six months. Garrit Fitzsimmons found guilty of indecently exposing his person: Penitentiary two months.—Charles Johnson, Charles Thompson and John Fruse, assaulting Mr. Coffee and his wife, not guilty. Edward O'Conner, stealing from Timothy Wood a lock and chain, worth 75 cents: acquitted. Henry Winslow, assaulting his wife Alice: judgement suspended, and he discharged on his promise of future good behaviour. Peter McCauly, assault and battery upon John G. Murdock, city watchman, while in discharge of his duties, also assaulting Ellen Wallace: guilty; judgement suspended, and he discharged on condition of leaving the city. Joseph Riley, assaulting William Speight, a city watchman, while discharging his duties: guilty; Penitentiary one month. John Cunningham, stealing from Alexander M. Matthews $2 in bank bills: guilty; City Prison two months. James Thompson, colored, assaulting his wife Amelia: guilty; discharged at her request. Elizabeth Hope, stealing from Frederick Garvey a silver watch, worth $10: guilty; City Prison one month. Several persons charged with disorderly conduct, and assault and battery, were discharged for want of evidence.

Adjourned to Friday next 9 o'clock A. M.

Police Office.—New Counterfeit.—A citizen yesterday brought to the Police office a new $5 counterfeit bill he had received for goods, purporting to be on the Merchants Bank of Norwich, Connecticut, letter C, dated July 5, 1841, signed William Williams, President, and W. White, Cashier. The bill was well executed and difficult to be detected, and the public are cautioned to beware of such.

Robbery of a Money Drawer.—A boy named William Day, was arrested and committed for stealing $4 from the money drawer of E. Masterton, No. 26 Sullivan street, which was found on him.

Suspicion of Foul Play.—A man named James McMullen, late on Saturday night or very early on Sunday morning, saw another named Toole have a stranger down near the corner of Walnut and Madison streets, beating and kicking him most unmercifully, while the blood streamed from the other, who in vain begged for mercy. McMullen went up to interfere, but was driven off by the threat that if he did not leave without uttering a word, he would be served in the same manner. Others stood around encouraging Toole in his brutality. As the man has not since been seen, and it is feared he was murdered, Toole was arrested and imprisoned until the bloody mystery can be unraveled.

Coroner's Office.—Suicide by Drowning. The Coroner, this afternoon, held an inquest at the Alms House in the Park, on the body of Duncan A. Graham, born in this city, aged 28 years. Duncan was of rather intemperate habits, and had a wife and child residing in Orange county. Early this morning he obtained some money from his father, who lives at 136 Liberty street, for the purpose of visiting his family. About 8 or 9 o'clock he was seen at the foot of Amos street conducting himself rather strangely, and was heard by some one to say that in consequence of some domestic difficulties he had concluded to dispose of himself by jumping into the dock. No notice was taken of what he said, as no one supposed he was in earnest. Soon after, however, he was seen to go on board of a sloop lying at the wharf, and immediately plunge into the river. He rose to the surface once and swam a short distance, and then turned upon his back, opened his mouth and let the water run in until he strangled and sank. He was recovered in a very few minutes, and means used to restore him to life, but without effect. Verdict—Committed suicide by drowning himself at the foot of Amos street, North river.

We can learn nothing farther in relation to the defalcation noticed yesterday. If any has occurred it has been kept very secret.

Can it be true, as we are informed in the street, that the Receivers of three Insurance Companies now in liquidation have allowed the sum of *Twenty-Three Thousand Dollars* to the Secretaries of these offices for their services in winding up the affairs, at the same time that these Secretaries were receiving Twenty-Five Hundred Dollars salary per year from the same offices on renewed capitals, making the enormous sum of *Sixty-One Thousand Dollars* for five years' services of three Secretaries, being upward of $4000 per annum each? If this statement be correct, we think it is the duty of the stockholders or creditors of these Companies to take the matter up.

The difficulties between Messrs. Boorman, Johnston & Co. and Jacob Little & Co. still form the topic of conversation in the street. The whole matter has, we understand, been referred to three gentlemen for a decision.

The Comptroller has declared a dividend on the stock and real estate notes of the Bank of St. Lawrence of 50 cents to the dollar, payable on the 20th instant; also on New-York State Bank of Buffalo of 30 cents, payable same time.

The long pending case of the Phœnix Bank, being a motion by the Attorney General for a *quo warranto*, requiring the bank to show cause why its charter should not be annulled, came on this morning for argument before the Circuit Court for the First Circuit, Judge Kent presiding.

Bicknell's Reporter says that business is very dull in Philadelphia. No change in money or stocks. The banks are doing all the good short business paper offered. Out doors the rate is 7 to 9 per cent. The Mechanics' Bank continues specie payments, while the others are closed, with little prospect of reopening for some time. U. S. Bank notes 52½; Girard 42½; Pennsylvania 7 a 8; Relief 8 a 15; Penn Township 12½ a 15; Manufacturers and Mechanics' 15 a 17; Moyamensing 12.

Letters from Boston to-day say that there are reports in circulation prejudicial to the Bank of General Interest at Salem. It was still, however, redeemed in Boston. The Salem Advertiser says "The bank is in a bad fix. The nominal capital is $400,000, and common report says that three or four directors have liabilities to the amount of $200,000."

The Housatonic notes are now selling at 25 per cent. discount.

The public debt of Connecticut on the 1st of April last was less than $3600, while the permanent funds of the State, consisting of Bank stock, amounts to about $400,000.

The Bank of Penn Township has commenced receiving special deposits of specie.

The Richmond Enquirer says: "The case of Ruffin vs the Exchange Bank was decided Thursday against the plaintiff. The suit against the Farmers' Bank was to have been tried Friday. The cases were warrants upon notes of each of the banks, the notes having been presented and marked for non-payment, and Mr. Ruffin warranted for the specie."

At Augusta, Geo., sight checks were dull at 1 per cent. prem. Central money is more plenty, and sells at 22 per cent. Alabama notes 40 per cent. discount: State six per cent bonds 53; Hawkinsville Bank notes 35; Bank of Columbus 40; No sales of Western Bank, Rome, Merchants and Planters' Bank, Columbus, Darien, and Chattahoochee.

The Macon paper says the bills of the Hawkinsville Bank have materially improved in value. They are redeemed at the agency in Central Bank notes. The directors make arrangements to resume business in the fall on the same basis as the other banks.

The Huntsville Democrat says the sound branches of the State Bank are to resume, and argues that the Mobile branch will, as it ought, be put in liquidation. The proportion of the Mobile circulation to the other branches is as three and a half millions to two and a half millions.

Nothing is doing at St. Louis, and nothing can be done until a currency is obtained for the payment of debts. The Ghe Gas Light Company has suspended its works and thrown 200 men out of employment.

A currency consisting almost exclusively of silver is now established at New-Orleans. The notes of the suspended banks have undergone considerable decline, and still tend downward. Treasury Notes plenty at 2 a 3 per cent. disc, Exchange very dull at 4 a 6 discount for short sight on New York; Sterling 1 a 3 prem; France 5 40 a 5 60.

Markets.

ASHES—Pots are in fair inquiry at 5 12½. Pearls have improved 12½, but we hear of few sales. The supply in the market is small.

COTTON—Sales about 600 bales, at the decline noticed yesterday.

FLOUR—In the absence of supplies to any extent, and especially of low grades, even the moderate demand which exists has produced a slightly improved feeling in the market. Sales Genesee at 6 00 a 6 06¼; a parcel of 500 bbls round Ohio sold for shipment at 5 87½; 500 bbls Troy brought 6 00, part for shipment. We believe there is no Western in good order to be had less than 5 87½; flat Ohio and Michigan 5 87½ a 6 00. About 1000 bbls Georgetown sold for the West Indies at 6 00, and a small lot of 'Gallego' on private terms.

GRAIN—Sales 400 bushels Illinois Wheat at 1 27 cts. The market is now bare.
