CITY INTELLIGENCE.

WEDNESDAY, July 27.

COUNTY COURT.—This Court met pursuant to adjournment, all the members being present—Judge Ulshoeffer in the Chair.

Opinions were delivered by Ald. Davies, the Mayor, the three Judges of the Common Pleas, and the Recorder. Ald. D. showed the history of the New York Courts, from the period of the Dutch giving possession of the colony to the British, in 1664, to the present day. He contended that the Associate Justices of the Sessions were entitled to seats in this Court. They were appointed, as the Judges of the Common Pleas are, for five years. The District Attorney is appointed for three years, unless sooner removed by the Court that appointed him. The Mayor considered the Court of Common Pleas (which consists of the Mayor, the Recorder, the 17 Aldermen, and 3 Judges,) as forming the County Court, and that the Associate Judges of the Sessions had no right to a seat in it. Judges Ingraham and Inglis thought, in the appointment of District Attorney, the two Courts should act separately, and that the Associate Judges of the Sessions are not members of this Court. Judge Ulshoeffer considered the powers of the Associate Judges of the Sessions limited under the law that appointed them, but that they were entitled to sit as members of this Court when the appointment of District Attorney was agitated. Beyond that he did not think them members. The Recorder said he had not intended to speak upon the subject, but he could not subscribe to the doctrine that the Associate Judges were not members of this Court or that there were two County Courts. If the former idea was admitted, five gentlemen would belong to both Courts, a state of things he could not suppose to be contemplated by the framers of the law.

The ayes and noys were called on the motion that the Associate Judges take their seats, and resulted in a tie of 11 to 11, the Recorder voting with the 10 Whig members and the Judges of the Common Pleas going with the Mayor and the 7 Loco-foco Aldermen. The motion was declared to be lost. Judge Lynch wished to enter his name in the affirmative, but the Mayor objected. A protest was then offered as to the vote, and permitted to be entered upon the minutes. Ald. Davis wished the decision to be entered upon the minutes that the Associate Judges were entitled to sit as members of this Court when the appointment of District Attorney was agitated, but the motion was opposed, and the Court adjourned.

U. S. CIRCUIT COURT.—Before Judge Betts.—The Grand Jury found the following Bills:

Against Mark W. Powell, for stealing a watch on board the brig Wetumpka, at sea.

Against Silas Loud and Erbu Loud, 1st and 2d mates of the bark Caspian, for an assault with a dangerous weapon on the person of Jacob S. Mayo.

Against Jacob S. Mayo, Augustus Goodridge, and Henry Freeden, for endeavoring to commit a revolt on board the Caspian.

The Bills against Henry Graves, H. M'Kinney, and nine seamen of the ship Hudson, were thrown out.

POLICE OFFICE.—STEALING A WATCH.—A colored woman named Amelia Thompson was to-day arrested and committed for stealing a silver watch, worth $10, from Jacob Abrechi, of No. 21 Mott street, on the evening of the 26th inst.

STEALING BREAST PIN.—A girl who gave the name of Maria Reynolds, was arrested by officer Folker for stealing a gold breast pin, worth $3, from Louis Fisher, of the corner of Bayard and Mott streets, on the 23d instant.

STEALING CASE.—A female, named Jane Cheesebro, was arrested and committed for having on Tuesday night dangerously stabbed, with a knife, a woman named Elizabeth Lewis, of 65 Orange street.

THEFTS.—Nancy McKenna was arrested and committed for stealing a frock and pair of silk hose, worth $3 50, from John Moylon, of 356 Madison street.

CORONER'S OFFICE.—DEATH FROM LAUDANUM.—The Coroner on Tuesday evening held an inquest at the house of Francis Hervene, a colored man, No. 174 Barrow street, on the body of a male infant of Sarah Williams, one week old, also colored. The mother of the child on Monday at ten o'clock gave it a drop of laudanum to make it sleep while she worked, and in a few hours it was attacked with convulsions and died early on Tuesday morning. Verdict—Came to his death by the accidental administration of an over dose of laudanum by the mother, she being ignorant of its effects.

DISEASES OF THE HEART.—The Coroner held an inquest at the house of Robert King, No. 125 Grand street, on the body of his wife Catharine, aged 29, a native of Pennsylvania. The deceased had been subject to fits of palpitation of the heart, and being seized with one this morning, at seven o'clock, expired two hours afterwards. Verdict—Died of disease of the heart.

APOPLEXY.—Also, at the Bellevue Hospital, on the body of an unknown man, aged about 40, who was sent by Justice Palmer, on Tuesday morning, to the Hospital as a sick stranger, and died soon after reaching there. Verdict—Died of Apoplexy.

SANDS'S SARSAPARILLA.—The numerous objections to different forms in which Sarsaparilla has been heretofore prescribed are well founded. The quantity of sugar contained in the syrup will in most instances nauseate and surfeit the stomach, if a sufficient dose be taken to be of any benefit. The decoction and infusion being so liable to spoil, combined with the difficulty of preparation, render them both comparatively useless and inert. Hence the superior value and efficacy of the article now under consideration, which contains the essential principle on which the restorative virtues of the Sarsaparilla depend, extracted by an entirely new, ingenious and costly apparatus. The Sarsaparilla is then combined with other powerful purifiers of the blood, selected wholly from the vegetable kingdom, and these are concentrated into a fluid extract of great power. Therefore persons suffering from a debilitated system, or diseases of a chronic or acute nature, also cutaneous eruptions, will find in this preparation all combined that can be useful for the removal of their complaints. For further particulars see advertisement. Prepared and sold, wholesale, retail, and for exportation, by A. B. Sands & Co., Granite Buildings, 273 Broadway, corner Chambers st. Sold also by A. B. & D. Sands, 79 Fulton and 77 East Broadway. Price $1

☞ ONE THOUSAND DOLLARS—An Advertisement headed "An Extraordinary Case," (which statement can be seen at the store of Mr. Burger, 50 Cortlandt-street,) having been inserted in several of the city papers, and as I understand the truth of the matter has been questioned, therefore I offer to bear any gentleman's expenses to this city, convey him to the residence of the person, pay him two dollars per day for his time, and give him one thousand dollars, if he will prove any material part of the statement to be untrue. Any person desirous of testing this matter can, by calling on Mr. Burger, receive satisfactory evidence that the money will be ready. I would here take occasion to state, that the truth of the statements of cures performed by Brigsol's Sarsaparilla can be substantiated in every instance. The public will not confound this article with the many articles of Sarsaparilla advertised. C. C. BRISTOL,

☞ Read the following, as it is important to all.—Extract of a lecture delivered by Dr. Bennet before the medical students of the College of Lake Erie, touching the valuable properties of the Extract of TOMATOES. Dr. Bennet says it is one of the most powerful alteratives of the materia medica, and all affections of the liver and other organs, where calomel is indicated. It is probably the best medicinal agent known by the medical profession.

When used in a concentrated state, it is a sovereign remedy for dyspepsia and indigestion.

He has successfully treated various diseases with it alone, and when persons are removing to the South or West, they should be sure to make use of it. There can be no doubt that, when used in connection with the Sarsaparilla, it is the best medicine that can be used in the spring or summer seasons.

As a universal remedy for dyspepsia and indigestion, loss of appetite, dizziness, headache, depression of spirits, costiveness, piles, weakness of the stomach and limbs, rheumatism, to purify the blood, curing bad humors, where all other medicines have failed. The Sarsaparilla and Tomato Bitters is mainly composed of the pure Extract of Sarsaparilla and Tomatoes, which make them a most valuable alterative to a weak and debilitated system, impurities of the blood, and an unhealthy state of the bowels.

☞ The following recommendations of a popular medicine, is published for the information of those whom it may interest.

NEW-YORK, July 12, 1842.

Mr. Schring—Sir—Upon the recommendation of my physician, I commenced, about three weeks since, to take your Restorative Cordial as a remedy for Dyspepsia, with which complaint I have been for some time affected—and I think it my duty to state that I have found it extremely beneficial in my particular case. Before the use of your medicine my digestive organs were often torpid and inactive; and it is a state of things occasioned a frequent suspension of the action of the heart, one of the most death-like feelings with which a mortal can be visited. Your Cordial seems to have been precisely the kind of stimulant that I required—it has warmed and excited those organs, and imparted to them a proper tone and vigor of action.—Previous to its use I could not eat many things which I now take with impunity. I especially mention raspberries and currants. I have not yet taken two bottles of it.

Commercial and Money Matters.

WEDNESDAY P. M.

Stocks were exceedingly neglected to-day, there appearing to be no disposition to buy excepting Harlem, of which about 300 shares were sold, closing heavily at 15¾, a decline of ½ per cent. In other stocks the sales were too limited to make a quotation. For Delaware and Hudson 35 was offered, 37 asked. This stock has an upward tendency. The stock market generally has seldom been so dull as at the present time. The pigeons have apparently all been plucked, and the brokers find it hard work to make a living out of each other.

State stocks continue firm, although the transactions are not heavy. New-York Sixes, 1852, sold at 91, a considerable advance on the last sale. Ohio Sixes improved ¼ per cent; Illinois bonds ¼; 6000 City Sevens, 1852, 106¼, b 3 ds.

The transactions in Foreign Exchange have been more extensive to-day than for some time. The sales for transmission by the steamer of the 1st were at 6 a 6¼ for Sterling and 5 45 for France. The latter are now held at 5 42½.

Alabama funds have taken another considerable decline, and are heavy to-day at 45 discount. Decatur, which branch is paying one third specie and two-thirds Mobile money, sells at 33 discount. Hustsville is rather better than other Mobile, but there is very little of it. On other points there is little or no change, and business remains very dull.

Treasury notes are plenty and in light demand at par and ¼ discount.

The supposed defalcation we alluded to on Monday was in the Atlantic Insurance Co. Mr. Pentz, the Secretary, resigned his situation on Friday last, in consequence of the cash of the Company being discovered as short, which deficiency has been accruing for a length of time. The amount is between five and six thousand dollars. Mr. Pentz declares his inability to account for this deficiency, but asserts his entire innocence of any attempt to defraud the Company, and also that not a dollar of the money sticks to his hands. We give this statement as we receive it, and those who know Mr. Pentz will of course be better able to judge of its correctness than ourselves. Mr. P. informs us that a portion of the deficit has already been secured to the Company, and the balance will be soon paid.

The arguments in the matter of the Phenix Bank will be heard on the fourth Monday in September, to which date the Circuit Court has been postponed.

We hear a rumor in the street of another defalcation having been detected.

We mentioned some days since that the low rate of French exchange had brought the banks into the market as purchasers for the purpose of importing specie. We understand that the Bank of Commerce has invested One Hundred Thousand Dollars for this purpose.

The City Comptroller has given notice that the temporary Water Loan, due on the 1st of August, will be paid at his office on that day.

The St. Lawrence Stock notes are not declared upon, owing to a part of the Arkansas State stocks remaining unsold. It will be, however, about 30 cents per dollar.

A new counterfeit was detected to-day, being a 5 on the Seventh Ward Bank, made payable to Hy. Clay, letter A, No. 35011, signed D. Lawrence, Pres't, and H. Hanson, Cashier. It is extremely well executed, and very difficult to detect from the genuine notes of that bank. Look out for more of them.

Counterfeit ten cent pieces are very plenty in Cincinnati. They are made of copper, and require the closest inspection to detect them.

Counterfeit 5s on the Merchants' Bank of Norwich, Ct., are in circulation—letter C, July 5, 1841—well executed and difficult to detect.

Altered notes of the Northern Bank of Kentucky are afloat—tens altered from ones. They are full half an inch longer than the genuine notes.

The large sale of the bonds of the Haxleton Coal and Farmers' Loan and Trust Co. took place at Philadelphia as advertised. They were bought in for the Morrisons, the former at 50 and the latter at 40 per cent.

The Receivers of the Nahant Bank will pay a dividend to the creditors on the 1st of August.

The tolls on the canal at Buffalo, from the 15th to the 23d, inclusive, were $11,172 73.

The arrivals on the lake from the 19th to the 23d, inclusive, were 16 steamboats, 2 brigs and 20 schooners.

Amount of property cleared at Rochester for the week ending July 23:

Flour (bbls)	5,440	Shorts (bush)	3,040
Wheat (bush)	2,000	Wool (lbs)	20,302
Oats	90		5,927

Amount of tolls received same time $2,620 11.

Markets.

ASHES.—There is a continued demand for Pots at $5 12½, which takes the few offering, about 125 bbls. Pearls are steady at $5 62½, but we hear of none in market to-day.

COTTON.—The sales are about 500 bales, without further change in rates.

FLOUR.—We have no change to notice. The receipts to-day are, as for some time past, quite limited, which has kept the market firm, although the demand is also small. Sales, including 2d received to-day, Genesee $6, with an occasional parcel at $6 06½; Ohio and Michigan $5 37½ a $6, round $5 37½. There is rather more inquiry for Southern, with further sales of 500 bbls Georgetown at $6 12½, time and interest. Sales 100 bbls Brandywine Corn Meal at $14 25, time. Small sales Jersey Corn Meal at $2 37½, and Rye Flour, which is again rather scarce, at $4 75.

GRAIN.—The market is nearly bare of almost every description, and very heavy. Sales 400 bushels Michigan Wheat at 147c. Only a few parcels Corn offering, and no buyers at previous rates. No Rye in market. Oats are still heavier, and we hear of sales of River as low as 25 a 26c; Canal 31 a 33c.
