CITY INTELLIGENCE.

WEDNESDAY, May 10.

U. S. CIRCUIT COURT.—Before Judge Thompson.—*Thos. Ewbank vs. Charles Hillsburgh*.—Mr. Ewbank obtained a patent for a mode of tinning leaden water pipe, and brings action against defendant for violation of his patent. It is contended that the modes are different, one being drawn after the pipe is manufactured, through a quantity of melted tin, while the other is manufactured and tinned at the same time. The case is still on.

GENERAL SESSIONS.—Before the Recorder, Aldermen Purdy and Hatfield.

GRAND LARCENY.—Catharine Ward was tried for stealing from $160 to $160 in bank bills from the desk of Mr. James Cass, 227 Division-street, in whose employ she was as a servant, having been engaged about 3 days previously. She was afterward found at a house in Orange-street, with a portion of the money in her possession. She was found guilty, and sentenced to the State Prison for 2 years.

TRIAL FOR PERJURY.—Robert Scott was tried on a charge of perjury, and acquitted.

The Court adjourned till Thursday morning.

POLICE OFFICE.—ASSAULT WITH FIST AND KNIFE.—A man named Joseph Shotwell was arrested and committed to prison for assaulting and beating, at the corner of Walker and Mott streets, Mr. John Closta of Westchester County, and cutting him severely in the hand with a knife.

OUTRAGE ON A YOUNG FEMALE.—William Margeson was arrested by officer McKibbon, charged with having forcibly violated the person of a young girl of 14 or 15 years of age, named Mary Matilda Knight, in the house where she lived at the corner of Division and Rutgers streets. He was committed for examination.

STEALING CLOTHING.—Frederick Myer was arrested and committed for stealing two coats, a vest and two pairs of pantaloons, worth $22, from Charles R. Fredericks, No. 137 Washington-st. He confessed the theft, and told where he had sold the property.

CHARGE OF PERJURY.—A man named John Reiter was arrested and taken to the Upper Police Office, charged with having sworn falsely before Justice Newhouse that Theobald Hepp owed him $4 for rent, thereby obtaining a landlord's warrant against him; whereas it was proved by two witnesses that Hepp had paid $3 50 of the above rent. The accused was held to bail to answer.

DAMAGING TREES.—Two colored men named William Everson and John Shorthand were arrested on the 3d Avenue, charged with having stripped two ornamental or shade birch trees of their bark, in the sanctuary of Peter Schermerhorn and John Jones, on the bank of the East River, between 68th and 69th streets, thereby destroying said trees. They were committed to answer.

☞ "Knowledge is wealth—is power; it is the key that unlocks the storehouses of creation and unfolds to us the treasures of the universe. No species of knowledge is more important than that which teaches man to know himself, and the best means of securing his own happiness. What signifies wealth without health, the most precious earthly boon? That which furnishes the means of marching off and repelling disease is of more value than rubies, and more precious than fine gold. How much anguish, pain and suffering might be saved by knowing what to do!

COMMUNICATION.—*Laughable, but no Joke.*—A lady sent to 71 Maiden Lane for a bottle of the celebrated Nerve and Bone Liniment, to apply to an uncle that was hurt and badly inflamed. By some stupidity the servant procured Dalley's Pain Extractor, which the lady used rather than to send it back, without knowing that it was intended for such cases.

The lady called there this day, June 29, saying that the Salve of Dalley had cured her entirely, and she purchased more, to have always on hand in case of any accident.

It will take our all burn without pain, and merciful men should keep it by them, and save the torments of their families. The unfeeling are not expected to do it. [Express.

HYDROPHOBIA.—When we reflect that all are not alike seized with Hydrophobia who are bitten by a mad dog—that with some the disease has appeared in a few days after receiving the wound, with others from one to twelve months have elapsed, while some have wholly escaped, although bitten by the same animal, and at the same time with those who died of Hydrophobia—it will be manifest, therefore, that the development of the disease, or whether it shall appear at all, depends not so much on the rabid animal, as on the state of the fluids of those that are bitten. If the blood is corrupt, unless speedy purification be resorted to, Hydrophobia will be suddenly developed and fatal in its results. On the other hand, if the stream of life is pure, its energy will be sufficient to throw off the poison as fast as it is received.

The question naturally arises, what medicine is the best for carrying out this grand purifying principle? Same points to Wright's Indian Vegetable Pills as the most effectual purifier in the world! They expel all poisonous humor in an easy and natural manner, and while they every day give ease and pleasure, disease of every name is rapidly driven from the body.

Beware of Counterfeits.—The public are cautioned against the many spurious medicines, which, in order to deceive, are made in outward appearance closely to resemble the above wonderful pills. It should be remembered, *all genuine medicine has Wright's Indian Vegetable Pills* neatly printed on the sides of the boxes, and that *if the word Wright's cannot be found*, all is positively wrong.

The Commissioner of Wrecks at Bakersville, N. Jersey, writes that on the 4th inst. the brig Lancet, from Charleston, with cotton and rice to P. Harmony & Co., went ashore on the south bar of Absecum Inlet. She soon bilged, and it is probable that the vessel and nearly all the cargo will be lost.

The Br bark Commerce, at Boston from Glasgow, sailed Sept. 12, 1842; put back on the 19th and sailed again Oct. 28; put into Cork, Dec. 21, in distress, and sailed again Feb 23, 1843. March 30, blowing a heavy gale, and the bark leaking 13 inches per hour, threw overboard a quantity of pig iron and bricks. She has experienced very severe weather, lost fore topsail and topmast, split sails, &c., and is now leaking 8 inches per hour.
