The Delaware and Hudson Canal Company have declared a dividend of four per cent. payable on the 12th inst.

The coupons of the city of Louisville, due last Monday, will be paid on presentation at the Manhattan Bank, with interest up to June 1.

The Illinois bonds have given, says the American, because speculators were disposed to realize, and besides this, other liabilities than 'Bonds' of Illinois, which are of equal claim upon the State, were offering at much less price, viz: Internal Improvement Scrip, and Illinois and Michigan Canal Scrip. This species of indebtedness bears interest at the the same rate as the bonds, and has the advantage of being payable on demand. The Canal Scrip, with accumulated interest from March 1, 1840, is selling at 30 cents on the dollar, the purchaser having the benefit of the back interest. The Internal Improvement Scrip is offering in large sums at 25 cents on the dollar, with about three years accumulated interest. The Canal Scrip was issued to contractors for labor, &c. on account of the Michigan and Illinois Canal, and has been nearly all withdrawn, from the fact of the State receiving it in payment of lands contiguous to the canal; of great fertility and prospective value. The Internal Improvement Scrip was issued to contractors on the railroads and other public works of the State. A portion of this species of liability has been returned and destroyed by the State, it having been received in payment for indebtedness from individuals and Banks, who have discharged in full or in part their debts to the State.

THE NEW ILLINOIS AND MICHIGAN CANAL LOAN.—The following liabilities of Illinois are receivable by subscription to the loan now offering on behalf of this State: Illinois and Michigan Canal Bonds of 1860; Illinois and Michigan Canal Bonds of 1870, (of this class there are but few in issue); and Illinois Canal Scrip, issued in 1840, payable at State Bank of Illinois. The other bonds in issue by the State are as follows: Public Building Bonds of 1861, issued in payment of the building occupied by the State legislature; Internal Improvement Bonds of 1865, issued to raise money to pay the State interest and a loan obtained on them from Messrs Maclaister & Stebbins; but few of the bonds are in circulation, the State having partially or entirely effected a settlement with the parties from whom the loan was obtained. Internal Improvement Bonds of 1870. This latter class constitutes the bulk of the liabilities of this State; for many of them the State has received little or nothing, but nevertheless now acknowledges all of them. The 'Delafield Bonds,' as they are commonly designated, consist in part of the issue of 1860 Canal Bonds, and 1870 Internal Improvement Bonds; but the State, having wisely determined to recognise its broad seal without reference to whom her liabilities were issued, has obviated the necessity of any discrimination—consequently all her liabilities of equal amount are of like value.

A suit is to come on before the Supreme Court of Connecticut, at Danbury, on the 27th, to test the constitutionality of the legislative act authorising the city of Bridgeport to loan its credit to the Housatonic Railroad Company. The amount claimed by the holders of the bonds, principal and interest, amounts to $190,000—more than three times the amount of the 'grand list' of the city! to meet which, she has no property but her fire engines. A large portion of the citizens have steadily denied the constitutionality of the loan; and a majority of them have finally come to the same conclusion, and have determined to test the validity of the same before the highest State tribunal.

A $10 counterfeit on the Bank of Syracuse, dated August 18, 1837, No. 5028, on a coarse plate, was offered in Philadelphia on Saturday.

The Bank of Baltimore has declared a dividend of 3 per cent out of the profits of the last 6 month's business.

The value of the real and personal property in the City of St. Louis, as reported by the late assessment, is $11,721,425 91. The reports from the Treasury Department say it will be necessary to levy a tax of one per cent. on the assessment to meet the demands of the current year.

Markets—*Carefully Reported for The Tribune.*
MONDAY, June 5.

ASHES—The market is firm, and both descriptions of good tares are taken rather freely. Of Pearls about 400 bbls have sold at $4 62½, with a few poor tares at $4 56½; and of Pearls 50 bbls at $5 62½. The receipts are fair, and the bills out about 500 bbls.

COTTON—The market is very quiet to-day, and the sales, as far as we can learn, do not exceed 300 bales. The operations have been too limited to show the market. We give no quotations.

FLOUR AND MEAL—There was about 6000 bbls Western afloat this morning, the larger portion of which has been sold. We notice sales some 3000 bbls Genesee at $5 31½, with occasional lots not in very good order at $5 25. A lot of 600 bbls Ohio, afloat, sold at $5 25, and some inferior order at $5 18¾. Sales of Michigan at $5 12½ a 5 18¾. The market cannot be called very active or very firm. In New-Orleans we only hear of one lot of 500 bbls at $5. We understand that the Flour now arriving is nearly if not quite all *badged* by the inspectors. Southern continues firm with but limited sales. Georgetown is held at $5 25 a 5 37½, according to brands, with sales 300 to 400 bbls. Brandywine limited at $5 50. Alexandria we quote at $5 12½, with very little here. Rye Flour is held at $3 12½ a 3 25, with retail sales. Corn Meal, $2 87½ a 3 00 for Jersey; $3 12½ a 3 25 for Brandywine; fair demand for Jersey—taking about all arriving. At Philadelphia the Flour market advanced. Sales for export on Saturday at $5, for common brands. Week's sales for shipments about 2500 bbls. Rye Flour advanced; free sales at $3. Corn Meal advanced: sales at $2 60 a 2 62½, for Pennsylvania. At Baltimore, Howard-street Flour advanced: sales at $5, but holders were asking higher. Sales of City Mills at $5 12½ a 5 18¾; Susquehannah $5 25. Rye Flour $3 25. At Alexandria on 2d inst, Flour from wagons at $4 62½. Small sale from stores at $4 87½. The principal dealers ask $5.

GRAIN—The holders of the Wheat recently arrived via New-Orleans are asking to-day $1 15, but we hear of no offers near that rate. A considerable quantity afloat was sold previously to arrival, and reported. We hear of no sales to-day. Corn has come in in considerable quantities, and the market is rather easier, but still the demand takes it freely.—Sales 4800 bushels New-Orleans at 67c, weight, and 3000 do Delaware at 57½, measure. Northern and Jersey is scarce, and we hear of no sales: We quote 88c. Considerable New-Orleans, and we believe one or two parcels Southern, remain unsold. Rye is scarce, and it is expected will continue so for some time. We notice sales 2000 bushels at 68c, delivered. Oats are rather heavy with fair supply. We quote 28 a 30c, the latter at retail for prime Canal.

WHISKY—About 300 bbls have been received to-day.—The sales are not very large. We notice 120 bbls State Prison at 24c, and 270 do Western on terms not transpired.—Small sales of Drudge have been made at 23 cents.

HAY—The supply is considerable, and we notice sales of about 500 bales at 40 a 42 cents. Some holders are endeavoring to obtain higher rates, but the shipping demand is not very large.

SEEDS—There is very little doing, but we understand at 6c for prime fine Clover, and $10 for Timothy, there is a speculative demand. We quote Clover 5¾ a 6¼; Timothy at 11 a 12c, with small sales at 12. Rough Flax is quiet, and wanted.

BARK—We notice a sale of 52 hhds No 1, New-York Inspection Quercitron at $22 50, from the wharf.

WHALEBONE—A Sale of 2000 lbs South Sea, for home use, was made at 30c, cash.

TALLOW—We notice sales of 13,000 lbs Western Tallow on terms not ascertained. Prime is wanted at 7 a 7¼. We notice sales of White Stearine to a considerable extent at 6½ cts.

SALT—We notice sales of 4500 bushels Turks Island on terms not transpired, and 500 bushels Salina at $1 per bbl of 5 bushels of 56 lbs.

PROVISIONS—There is less activity to-day, but the market is still pretty firm. Ohio Mess Pork is quoted at $10 50, with sales 300 to 400 bbls Prime at $8 75, with sales 200 to 300 bbls. A sale of 200 bbls State Mess was made at $11 and 100 bbls Ohio Mess at $11, buyer 60 days. About 400 bbls Old Prime sold at $8. Old Mess is very scarce, and we have no quotations. Beef is quite unsettled, and we hear of sales of about 1200 bbls at $6 for Prime, and $7 94 for Country Mess up to $8 12½ a $ 50 for City Mess. The sales were nearly all of Mess. Lard in bbls is moving to some extent, and we notice sales 100 bbls good at 5½; 100 do common 4¾; and 118 do mixed at 4¾ cents. Prime, in kegs, is worth 6c. Butter, excepting the lowest quality, is dull. Sales, including nearly all offering of Grease, at 6 cents. For family use, Dairy is worth 10 a 16 cents. Cheese 4 a 6½, and very quiet. We notice a sale of 40 tierces Pickled Hams and Shoulders at 4¾ and 3 cents.

NEW YORK CATTLE MARKET—June 5.
At market, 1000 Beef Cattle, (750 from the South) 100 Cows and Calves, and 600 Sheep.
PRICES—Beef Cattle went off slowly, and last week's prices were obtained with difficulty; we give as the range of retailing qualities, $5 to 6 50, to 6 75, with a few choice lots at $7, (350 unsold.)
COWS AND CALVES—All but 30 taken at $14 to 20 a 27; which is a decline.
SHEEP—Sales of 550, at $1 50 to 2 75 to $1 a 1 50 for a few extra wethers.

ST. LOUIS, May 27.—Flour and Grain.—3,000 bbls Flour have been received here during the past week; $3 60 has been offered for good brands, and refused. 15,000 bushels of Wheat have left here for the Eastern market within the past seven days. In first hands the quantity is now very small. We learn of a sale this morning at 64 cts. We observe that a new article of export left this market the early part of last week—ex Champlain, for New Orleans—barrels, branded thus: "Illinois *kiln dried* Corn Meal, Yellow—196 lbs nett." The barrels were of excellent workmanship, clean and bright; and this Meal will doubtless command a good price below, for the West India Market.

Hemp.—Holders have been enabled to obtain, for several small lots, $3; the demand continues good, with an upward tendency.

Lead is steadily advancing; we notice sales yesterday to the amount of 4000 pigs, at $2 65 a 2 70; a lot of 1000 pigs was sold this morning at $2 70, and holders are careless of operating even at our highest figures. The receipts of the week amount to 24,452 pigs, which has mostly gone forward, and the stock in market is somewhat light.

CINCINNATI, June 1.—Provisions.—Market firm, with a gradual advance. Sale of 500 bbls. Mess Pork, all of one brand, and in fine order, at $8 00. Of Clear and Prime Pork the market is nearly bare. Clear Pork is hardly called for, except for the Boston market, and the principal part of that packed, has gone forward some months since.

Flour.—The receipts, this week, have been say 4000 bbls. The price has advanced steadily from $3 33 to 3 62, the highest point it has reached for nearly a year past.

Wheat.—Large supplies are daily received from St. Louis; but our City Millers continue to pay 65 cents for all that is brought in from the country.

Cheese.—The stock of Western Reserve is now small, and in fair demand in casks at 5 a 6½ cents, in boxes 5½ a 7 cents. Some new Country Cheese has already appeared in market.

SAND'S CELEBRATED SARSAPARILLA.—This excellent compound, which is creating such a universal interest throughout the country, has at length made its way successfully into the favor of our citizens and the people around us. We have read again and again of the great efficacy of this invaluable medicine—if we can call a very pleasant beverage medicine—but not until recently have we had any positive proof which could induce us to speak fairly of it. But from facts in our possession, we are now well convinced that, without any exception, it is the SAFEST, PLEASANTEST, and best compound ever offered to the public, for the cure of chronic diseases, rheumatism, scrofula, and all impurities of the blood; together with many other complaints.
It has so long been remarked that the age is one of 'nostrums and nostrum-venders,' that we hardly dare recommend a valuable discovery in the medical science, lest we jeopardize our reputation for incredulity and consistency; but in this instance we hesitate not to hazard the remark which we have made above. [Hartford Review.
For particulars see advertisements in this and other city papers.
Prepared and sold, wholesale and retail, and for exportation by A. B. SANDS & Co., Druggists, (Granite Buildings,) 273 Broadway, corner of Chambers-street, New-York. Sold also by A. B. & D. Sands, 79 Fulton-st. and 77 East Broadway, corner of Market-street. Price $1 per bottle—six bottles for $5 Original documents may be seen at our store.

CHILLS AND FEVERS.—This vexatious complaint, like all others, is caused by the impurity of the blood. Wright's Indian Vegetable Pills are a certain cure for Fever and Ague; because they purge from the body those bilious humors which are the cause not only of all kinds of fevers, but of every malady incident to man. From four to six of said Indian Vegetable Pills, taken six hours preceding every chill, will, in a short time, subdue the most obstinate attack of chills and fever; at the same time the digestive organs will be restored to a healthy tone, and the body so completely invigorated that fever and ague, or indeed any other malady, will be in a manner impossible.
☞ *Beware of Counterfeits.*—The public are cautioned against the many spurious medicines, which, in order to deceive, are made in outward appearance closely to resemble the above wonderful Pills.
It should be remembered, *all genuine medicine has Wright's Indian Vegetable Pills* neatly printed on the sides of the boxes, and that, *if the word Wright's* cannot be found, all is positively wrong.
Offices devoted exclusively to the sale of the medicine, wholesale and retail, No. 258 Greenwich street, New York; No. 198 Tremont street, Boston; and No. 165 Race street, Philadelphia.

WHO WANTS A BEAUTIFUL HEAD OF HAIR?—For the small sum of three shillings, the hair is cleaned, made dark, soft and silky, by the use of a three shilling bottle of Jones's Coral Hair Restorative. This keeps the hair in order ten times as long as any other preparation; besides, it really possesses these qualities to force the hair to grow, stop its falling, &c. It is sold at the sign of the American Eagle, 52 Chatham-street, N. Y.; or 139 Fulton-street, Brooklyn; in Philadelphia, by Leiber, 3 Ledger Buildings; in Boston, at 5 State-st. Price 3s. or 8 shillings per bottle.

DO YOU WANT A CLEAR COMPLEXION?—Have you any eruptions or disfurnement of the face, body or skin?—If so, use one cake of the truly wonderful Italian Chemical Soap. It cures eruptions, and changes the color of dark or yellow skin to a fine healthy clearness. Thousands have been cured all over the States by this of pimples, freckles, blotches, salt rheum, scurvy, morphew, &c. It makes the skin smooth, soft and white. Sold for 50 cents a cake by T. Jones, sign of the American Eagle, 52 Chatham-street, N. Y., or 139 Fulton-st., Brooklyn; in Philadelphia, by Leiber, 3 Ledger Buildings; in Boston, at 5 State-street.

☞ DR. OSGOOD'S INDIAN CHOLAGOGUE, which has gained such notoriety in the cure of Fever and Ague, and other bilious affections, may be found at 13 John street, where a small Treatise on the above disease may be had gratis.

☞ **Importation of European Books.**—D. APPLETON & CO. respectfully inform the literary public that the branch of their house in London, No. 16 Little Britain, has recently been placed under the management of a person of literary attainments, and they invite the attention of the friends of literature to the important advantages the establishment affords for the importation of Books specially ordered. Among the great variety of publications abroad, comparatively few are for sale in this country. A great inconvenience is therefore obviated by this arrangement, as any person may leave his order for any particular work, and, by the rapid communication of steamers, the book is at hand in a few weeks.
Professors and Students of Theology, Law, and Medicine—Architects, Mechanics, and all who are unable to procure foreign books in our own country, may, for the small commission of ten per cent. on the cost, procure any work published in any part of Europe.
Books for incorporated institutions will be imported free of duty.
D. A. & CO. have, in addition to their branch in London, an agent in Leipsic for the supply of all orders for Books published throughout Germany; also in Brussels, Paris, Florence, and Madrid; so that they are prepared to execute, with great fidelity and promptness, all orders intrusted to their care from any portion of the Continental Book Market.
The necessity of such facilities for a speedy supply of Books from the great Book Marts of Europe has long been felt. The advantages which they offer to Literary Institutions, Professional Gentlemen, and the Literary Public at large, all will acknowledge.
D. A. & CO. are constantly receiving Old Books in every department of Literature, Science and Arts.
