COURT CALENDAR THIS DAY.
COMMON PLEAS—Nos. 1 to 13.
SUPERIOR COURT—Arguments will be heard.

CITY INTELLIGENCE.

SATURDAY.

U. S. COMMISSIONER'S OFFICE....Before Commissioner MORTON.

CHARGE OF CRUEL PUNISHMENT, &c.—Capt. Joseph Casey, of the schr. George Pollock, was examined on a charge of cruel and unusual punishment to Henry Chrystie, a seaman on board the late voyage from Newbern to this port. The schooner, it appears, lay at anchor one day about a mile and a half from the land, and the captain with two men went ashore in the boat. On his reaching his vessel again, he was told that Chrystie had got into a shore boat that lay alongside of the vessel's boat, then went after him. They reached Chrystie about ¾ of a mile from the schooner, paddling towards her. The captain drew alongside of the boat in which Chrystie was, dragged him into his boat and slapped him. He then got up the hatchet of the boat which was made of hard wood, and about two feet and a half in length, and beat him with it over the head and shoulders, and so gave him a severe blow over the wrist, which still shows marks of the wound. He lay by the day afterwards, and then returned to his duty as cook, proper allowances having been made to his bruises. For this assault, as beating, the present complaint is entered. The defence was that Chrystie should have asked the mate for permission to take the boat before he did so, and also that Chrystie, after the captain had hauled him on board his own boat, had been impertinent, and endeavored to collar the captain, which was the cause of the latter catching up the tiller and beating him till he let go.—The captain is a strong built man, but much less so than Chrystie, who is a powerfully formed, but quiet looking black man. The Commissioner dismissed the complaint, but ordered the captain to be discharged. Mr. Barrett appeared on behalf of the U. S., Mr. Noble for Chrystie, and Mr. Burr for the accused.

COURT OF SESSIONS....Before the RECORDER and Aldermen MOTT and DICKINSON.
M. C. PATTERSON, Esq. District Attorney.

TRIAL OF MARGARET DAWSON, ALIAS BIRD, INDICATED WITH HER SON, FRANCIS KOWING, IN AN INDICTMENT FOR MISDEMEANOR, IN PROMOTING AN ABORTION ON THE PERSON OF ANN ELIZA MUNSON.—We resumed on the part of the prosecution, Mr. Graham, of counsel for defence, made an application to the Court for the use of all the evidence taken in the case before the Coroner's Jury, and in the hands of the District Attorney. The District Attorney added to the Court on this subject rather objectionably, as we thought—less humane than the majority of the Court, including the Recorder, ruled that it was important to the defence to be put in possession of the evidence, thus in the hands of the prosecuting Attorney, as the defendant party might in the way be able to detect the contradictions or discrepancies of the witnesses in the several examinations, and thus become possessed of the means of their own acquittal.
Adjourned to Monday at 11 o'clock, A. M.

COURT OF COMMON PLEAS...Before Judges ULSHOEFFER, INGRAHAM and DALY.

DECISIONS.

FARMERS' BANK OF CANTON vs. HENRY ELY.—Verdict affirmed, provided plaintiff remits $40 79.
GEORGE MCCARTNEY vs. E. STRATTON.—Report sent back to referees, with direction to report the data on which they have arrived at the result reported by them.

ARREST UNDER THE STILWELL ACT.—A warrant was issued against James Connell, one of the contractors on the Sixth Avenue Railroad, on the complaint of a citizen of Church erecting up town for Dr. Potts, charging him with defrauding about 50 or 60 stone masons employed by him on those buildings, out of upwards of two weeks' pay, amounting to about $200. On Tuesday last it was discovered that Connell had drawn the money on the Corporation's order of the same, and had absconded with it. After enquiry it was ascertained from a citizen that he had gone on board the Silas H. Whitney, which vessel had started for Liverpool, but lay wind bound at Quarantine. Application was made to the captain, but he knew of no such man. Suspicion existed that he had been concealed on board by some of the hands, which after search proved to be the case, and he was discovered stowed away between two bales of cotton. About $2000 in gold and a draft, &c. were found in his trunk. He was arrested and brought to the city. Connell has been here about 3 or 4 years, and has a family in Scotland.

POLICE OFFICE.

ARREST OF A BURGLAR.—Frederick Erdmann, a German, was arrested, charged with having, on the night of the 12th inst. burglariously entered through the door by forcing it, the cabinet maker's shop of Henry Gourdier, No. 47 Mulberry street, and stealing sundry tools, a portion of which was found under prisoner's bed. He was committed to answer.

CHARGED WITH FORGERY.—Joseph Eldridge was arrested by officer Lowe and committed for defrauding Bradley & Hibbard of $24, by fraudulently selling him a brass watch, which he represented to be gold.

THEFTS.—John Drew was arrested and committed for stealing money from Mrs. Ann Potter.

John Smith, colored man, was arrested and committed for stealing a hat worth $4 from John Scamelzel, No. 95 Hudson street.

CORONER'S OFFICE.

DIED SUDDENLY.—The Coroner was called to hold an inquest at No. 66 Lewis street, on the body of a female named Utter, of very intemperate habits, who died suddenly about 12 o'clock last night, as supposed of apoplexy.

A DESPATCH FROM THE GOVERNMENT OF TEXAS.—The Alexandria (Red River) Republican of the 31st ult. says: "We understand that a courier extraordinary arrived at Fort Jesup on Wednesday with a communication from President Houston to the Commander of that post. It was deemed of sufficient importance to be forwarded to Washington by express. The nature of the communication we did not learn." This despatch in all probability relates to the threatened Mexican invasion of the territory of Texas. [N. O. Bulletin.

MR. VAN ZANDT'S RETIREMENT.—Mr. Van Zandt, the Texan Minister to the United States, has taken leave of the Executive of our Government. The audience was had on Wednesday. [Madisonian.

SANDS'S SARSAPARILLA.—The ancients believed that animal life resided in the blood. It is now beyond a doubt certain that upon the purity of that fluid, health depends. If the skin and hands are in an unnatural state, as in Scrofula, Leprosy, Scurvy, Swellings, and all ulcerous diseases, it is evident that the vessels which ramify over the surface of the body must be charged with diseased blood, and if so, the whole volume of blood, coursing and arterial, must be impure. Before a cure can be effected there must be a purification of the vital stream. This assay: Sands's Sarsaparilla acts directly on the blood in the very process of its formation, and will cause the circulation to a healthy state by eradicating the elements of disease at the fountain head. Such is the "modus operandi" of this preparation, and experience by the mouths of thousands of witnesses, adds a guarantee to the theoretical conclusions of reason and common sense.
For further particulars, and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.
Prepared and sold, wholesale and retail, by A. B. & D. SANDS, wholesale Druggists, 79 Fulton street, New York. Sold also at 273 Broadway, 77 East Broadway, and by druggists generally throughout the United States.

SARATOGA SPRING WATER—A fresh supply just received at 8 Courtlandt st. for sale low.

THE PILES.—How many suffer from this complaint, and are been subject to its attacks for years, thereby causing delay from business, and sometimes even a complete prostration. Such attacks might be forever prevented, and the complaint entirely cured, by the use of Hay's Liniment. Numbers in this city have used this remedy and experienced immediate relief, and are now well. It is not a new medicine but one that has been in use for the last fifteen years, and its certainty in curing the piles is now established. Sold by Comstock & Co. No. 21 Courtland-street.

BAILEY'S MAGICAL PAIN EXTRACTOR SALVE for instantaneously curing burns, scalds, piles, and all inflammatory complaints. 67 Walker street, first store FROM Broadway. If it fail it be not written with a pen on the cover of every boy avoid imposition.
CAUTION.—The public are requested to beware of a certain Jew Rocher at 21 Courtland-st., whose name is Comstock, who under the false name of "Dr. Connell" is trying to induce the people to believe that he sells the true Pain Extractor, and not put any confidence in the false statements of his alias to be related with his worthless counterfeit of Dalley's Magical Pain Extractor Salve, which is to be obtained genuine only as above. See the Chancellor's order.
BAILEY'S MAGICAL PAIN EXTRACTOR.
Copy of the Chancellor's Decree, dated 8th Dec. 1843. Present Reuben H. Walworth, Chancellor. Lucius S. Comstock and Jos. Moore vs. Henry Dalley. On reading and filing affidavits and notice of motion to dissolve the injunction in this cause, and Mr. Kernan having been heard in support of said motion, and Mr. Rhoades in opposition thereto, and the Chancellor having duly considered the same, it is ordered that the said injunction is dissolved, with costs to abide the event of the suit: with liberty to the complainants to apply to renew the same at the hearing, if it shall appear by the evidence in the cause that the allegations in the bill as to the making of the contract are true, and that the answer of the defendant denying the allegation, is false. JOHN M. DAVISON, Register.
Also, the pretended contract between Comstock & Co. and myself has been declared void by the Chancellor, and his injunction dissolved. I am now ready to supply the whole country with my wonder-working Magical Pain Extractor. Comstock and Co. are the only persons who can make it, and also from whom I received the recipe—I will give them $5000 if they know either. The truth is, I am the only being on earth who never made, or can make, one grain of it. None of it has been furnished to Comstock & Co. since Feb. 1843 none ever will be again. Wherever Comstock & Co. have sold it, it is an every lie. Alone is base, useless and dangerous. Those who wish to sell this wonder and blessing of the age, must apply post paid to
HENRY DALLEY, 41 Eagle st., Albany,
Inventor, Proprietor and only Manufacturer.
☞ The original article, direct from the inventor, can be had in 67 City of New York, at Dalley's Agency 67 Walker st. Store FROM Broadway, where certificate of cures can be seen.

When Venus, the clear-skinned, made earth her abode,
To give beauty its fullness and scope,
She must sure have given to Dr. Gourand
The secret of making her soap.
☞ The Italian Medicated Soap, manufactured by Dr F. Jas Gourand, is certainly the very best article for beautifying the females, and rejuvenating the old ones, that the world ever saw. It positively eradicates tan, pimples, freckles, morphew, scurvy, roughness, blotz, spots or sunburns, and gives to the fairest skin a smoothness and brilliancy rivaling the purest marble from the quarries of Paros. Sold genuine only at 67 Walker st. 1st store FROM Broadway. At 2 Milk st. Boston; 2 Chestnut st. Philadelphia; Pentres, 4 Stanwix Hall, Albany; Dyotts & Bull, 224 Fulton st. Troy; Stores, Hudson; Gray, Poughkeepsie; Myers, New-Haven; Greene, Worcester; Dyer, Providence; and from Maine to Florida.

DR. F. FELIX GOURAND'S POUDRES SUBTILES for Eradicating Human Superfluous Hair.—The above chemical preparation has received the stamp of public approbation for some years past, as the most safe, speedy and effectual remedy ever discovered for the complete eradication of human hair. It is certainly an inestimable article for the toilet, and has entirely banished those depilatories, uncertain, and dangerous compositions which have been too frequently employed. No lovely or beautiful woman, who has the unsightly appendage of a mustachio or a beard on her upper lip, hairy side of the arm, or a mass of hair covering a broad and elevated forehead, would delay a moment in procuring a bottle of this invaluable preparation. When applied cold, this preparation is used in lieu of a razor for removing the beard, which it does with more ease, with as much rapidity, in a more satisfactory manner, and at less expense, while at the same time it leaves the skin soft and delicate to the touch. To uncover the head it is applied warm, according to directions, (French and English accompanying each bottle.) Price $1.
To be had only at 67 Walker st. 1st Store FROM Broadway. Beware of counterfeits. s16 2eod

BAILEY'S SARSAPARILLA.—This old established preparation of sarsaparilla has long and so favorably known in the treatment of all diseases arising from an impure state of the blood, and so long and so extensively used in the United States Navy, and by the medical faculty throughout the width and breadth of the Union, and in most parts of the world—needs no expensive advertising certificates, though any quantity of certificates can be produced certifying to the great efficacy of this medicine. They can be seen by calling on any wholesale druggist in New-York city, or the Proprietor in Brooklyn. For sale at wholesale prices by nearly all the wholesale druggists in New-York and throughout the United States.
s6 ad6t&WH

BAILEY'S MILITARY SHAVING CREAM.—This article has stood the test of trial for six years past; from first selling 1000 pots a year the sales have increased to 30,000 pots a year, and this without advertising; but on its true merits alone it has stood the test of time. Is any thing more required to satisfy a candid public of the true merit and extraordinary good quality of this cream? If so, call on all the wholesale druggists and fancy dealers in New York city, where it is for sale, and examine the certificates. s16 2aw D&Wtf

☞ DOCTOR BRANDRETH'S ADDRESS TO THE PUBLIC.—There are in the world medicines adapted for the cure of diseases of every form and every symptom. And when men follow the instincts of their natures they use BRANDRETH'S PILLS for the cure of their maladies. And those who have done so, have not had cause for repentance with reference thereto. These Pills are indeed quietly becoming the reliable medicine of mankind; for all who use them in accordance with the printed directions, find so much benefit individually, that they recommend them to all such of their friends as may not at the time be enjoying good health. These universally celebrated Pills are adapted to all diseases of the body, arising out of unhealthy particles; they eradicate everything from the human body contrary to its healthy condition. No matter of how long duration the complaint may have been there is every chance of recovery when the Pills are commenced with, and it is utterly impossible for them to injure; nearly a century's use has proved them innocent as bread, yet all powerful for the removal of disease, whether chronic or recent, infectious or otherwise. We have an account to settle with ourselves as regards the pleasures and pains of this life. It is soon stated. Suppose you are highly favored by nature, having a sound mind in a sound body, the lot of but few. You can not but be cheerful and happy, unless you suffer from bodily infirmity around you; which neither riches nor the palliative prescriptions of physicians are able to obviate. Even the best health is insecure, unless a certain remedy can be used when the first advances of sickness come on. It then you would avoid the sickness that from day to day threatens to overthrow your health, your judgment and long vigorous old age, take Brandreth's Pills; with them you can never err; and you will avoid all the miseries of an infirm ailing existence.—Let every one whose health is not perfect take them daily for one month; instead of weakening you, you will find all your faculties of mind and body improved; all kinds of food will give you pleasure, and those whatever will disagree with you. Your digestion will proceed smoothly and pleasantly; your stomach will not require the assistance of wine bitters or drams, in fact you will soon learn these things are injurious. The reason it is easy to explain. Digestion is effected solely by the solvent powers of the gastric juice. This juice is made by and is secreted from the blood. It is produced by the same operation from the blood as is the growth of the body, or any part thereof, as the bones, the hair, the eye, or the nails. By the use of Brandreth's Pills you expel out of the body those corrupt humors which impede digestion, and cramp nature in all her operations. By the use of these invaluable Pills, Cancer, Rheumatism, Consumption, Fever and Ague, Piles, and, in fact, all the long catalogue of diseases to which humanity is subject, but which are reducible to one, IMPURITY OF BLOOD, Custom has designated the name of the disease, by the place upon which the impurity of the blood settles or deposites itself; thus upon the lungs, Consumption, upon the muscles, Rheumatism; if upon the skin Erysipelas and Leprosy; upon the knee, a white swelling; and wherever pain is felt, or any feeling in any part of the body contrary to health, there the impurity of the blood is endeavoring to establish its evil influence. So in Costiveness it is occasioned by the impurities of the blood which has become settled upon the muscles of the bowels and which prevents the proper action of the bile to produce the daily evacuation of morbid deposites. But all these effects of impure blood are cured or prevented by the use of BRANDRETH'S PILLS. In a word, they will give the power and vigor to the human constitution it was intended to have by Divine Goodness, and which it possessed before the absurd notions of the great advantages of the Tonic or bracing and mineral medicines were acted upon. Instead of forcing your digestive powers and strength diminish, as you will be told by doctors and other interested persons, you will find your strength and digestion daily improve, and all kinds of energies of your mind and body more lively and vigorous.—You will soon perceive that you are every day adding to your well being, by the simple operation of evacuating from your body the noxious humors of the blood, the source of all the pain and misery experienced in the human body. Such is the benign operation of Brandreth's Pills that they only take out of the body what is hurtful to it, thus producing its purification and its perfect health.
The Brandreth Pills are the best medicine for families and schools. No medicine is so well adapted for the occasional sickness of children, by having them in the house, and giving them when the first symptoms show themselves, the sickness will be the affair of only a few hours; and in scarlet fever, measles and worms, there is no medicine so safe and so sure to cure. It is all that should be used or that ought to be used. I speak as to fact, and from experience.
Ladies should use Brandreth's Pills frequently. They will ensure them from severe sickness of the stomach, and, generally speaking, entirely prevent it. The Brandreth Pills are harmless. They increase the powers of life, they do not depress them. Females will find them to secure that state of health which every mother wishes to enjoy. In costiveness, so often prevalent at an interesting period, the Brandreth Pills are a safe and effectual remedy.
There is no medicine so safe as this; it is more easy than castor oil, and is now generally used by numerous ladies during their confinement, to the exclusion of all other purgative medicines and the Pills, being composed entirely of herbs or vegetable matter, purify the blood and carry off the corrupt humors of the body, in a manner so simple as to give every day ease and pleasure.
Man will be born to days of bliss compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities, and suffering, which no earthly power knew how to alleviate until this discovery was presented to the world.—The weak the feeble, the infirm, the nervous, the delicate, are in a few days strengthened by their operation, and the worst complaints are removed by perseverance without the expense of a physician. Adapted to all circumstances and situations they are the best medicines ever invented for families, or to take to sea, preventing scurvy and costiveness, requiring no change of diet, particular regimen, or care against taking cold.
THE BRANDRETH PILLS are sold at 25 cents per box, with full directions, at one store in every town in the United States. Let all who purchase inquire for the certificate, on which are the signatures of the labels on the box, if like the Pills, they are genuine—if not, not. There has yet been, I believe, no counterfeit of the new labels, and it is to be hoped there will not, for it is impossible to imagine a greater crime than that of making money by the miseries of mankind.
The public's servant,
B. BRANDRETH, M. D.
Principal Brandrethian Office, 241 Broadway, New-York—the retail offices are 241 Hudson street, and 274 Bowery. Mrs. Rue is the agent in Brooklyn, No. 5 Market-street, and J. Wilson, Main street, Jersey City. Parker, Broad street, Newark. Price 25c. with full directions in English, French, Spanish, Portuguese and German. tf

Sweet girl, with the rosy cheek and coal black hair,
With the neck so white and arms so fair,
Why suffer your forehead so freckled and pimpled,
With your coral lips and your chin so sweetly dimpled?
☞ LADY OR MAN—your skin, thus defaced with any eruption, can be made clear, white, fair and beautiful, by using one cake of Jones' Italian Chemical Soap, for fifty cents. One cake will astonish you—its effects are most wonderful. And if you would like to have a silky, jetty, clean head of hair, just buy a three shilling bottle of Jones' Coral Hair Restorative; it will force the hair to grow, stop its falling off, clear scurf or dandruff, &c. You fine New York gentlemen, whose aristocratic and gentlemanly bodies, and fine manly limbs, are disgraced by your blotched faces, try a cake of this. Remember that although puffed, this is a most miraculous chemical invention—that is, if you get the genuine Jones' Chemical Soap—mind, if you don't get it at 82 Chatham street, or 323 Broadway, you get a swindling, dishonest counterfeit, quite useless. Mind, every cake has T. Jones signed on the label. s14 2eod

☞ BEWARE OF PREPARED CHALK, it makes the skin yellow and coarse. Use the Spanish Lily White, it gives your skin a snowy white pure an natural appearance. Get it at 82 Chatham street, or 323 Broadway. Price 25 cents. s13 2eod

A DELICIOUS HEAD OF HAIR FOR THREE SHILLINGS only, Jones's Coral Hair Restorative—for beautifying, causing growth, and rendering the hair beautiful, dark, soft, silky, natural, and keeping it so a long time—is sold now at three shillings a bottle, at the sign of the American Eagle, 82 Chatham street, or 323 Broadway, 139 Fulton-st. Brooklyn. s13 2eod

HA! HA! HA! HA! HA!—An old man's advice to his economical friend. Hear him: Sir, I'm disgusted with you and your family. You are rich; your children amiable; but look at their faces covered with eruptions, and their fine shaped necks 'yellow as a guinea,' and you have the folly to tell me that your hands are chapped. Why, zounds! one single cake of the wonderful Jones' Italian Chemical Soap would rid you of all your complaints, make your children's necks as smooth and as white as alabaster, cure all their pimples, blotches, salt rheum, erysipelas, sun burn, tan, morphew, and almost make your old frizzle face young again. Hold! hold! Where shall I get it? Why, at the sign of the American Eagle, 82 Chatham street, or 323 Broadway, New-York, or 139 Fulton-street, Brooklyn.

Commercial and Money Matters.

☞ *For Commercial and Money Matters, see Last Page.*

SATURDAY P. M.

At the First Board to-day Stocks were heavy, but at the Second Board there was a much better feeling, and prices improved.

The market for Exchanges for the Steamer closed flat with a good supply of bills. The rates for leading Sterling kept up to 9¾ a 10 with a few sales only, at the higher rate. France were $5.22½; Amsterdam 40½ a 40¾c.; Bremen 79 a 79½c.; Hamburg 35½ a 35¾c. The demand for the Great Western has not been very large. Some remittances have been postponed until the supply of bills from the coming Cotton crop shall reduce the rates. Another cause of the moderate demand is, that in consequence of the system of cash duties many of the importers have not the means to make remittances; the difficulty of making sales just now of imported goods without loss, operating to keep the goods in the warehouses, and lock up a large amount of means advanced as duties.

The Great Western did not take out a dollar of Specie, and for the next Havre packet only $40,000 in silver are engaged. The fact that the Steamer took no Specie, and that Exchanges were flat at the close, had quite an effect in improving matters at the Second Board.

The following are the earnings of the SYRACUSE and UTICA RAILROAD for August, 1843 and 1844:

Receipts, August, 1843	$20,491 97
" " 1844	25,087 19
Excess in 1844	$4,595 22
For 8 mos. from 1st March to 1st Sept. 1844	$108,608 23
" " " " 1843	82,533 07
Excess in 1844	$26,075 23
Equal to 32 per cent.	

This is a very large gain for a road which was before doing well.

Receipts over the Buffalo and Niagara Falls Railroad, for August, 1843 $2,221 08
" " 1844 2,488 33
Excess in 1844 $267 15
The receipts first 8 months in 1844, are $15,550 13
" " 1843 10,813 26
Excess in 1844 $4,735 87
or 45 per cent.

A dividend of twenty per cent. upon all claims against the Commercial Bank of Buffalo, which have been presented to and allowed by the Receiver, has been declared, payable on the first day of October next, at the office of the Receiver in Buffalo.

The Boston Post in some remarks a few days since, said that the Greenbush Road would "save people the inconvenience of passing the Hudson on the ice, or in a ferry boat, forced through drift ice." One of the Albany paper ridicules this idea. It is well known that the only direct road to the west by the way of Albany, and that Troy is nearly thirty miles out of the way. In fact, when passengers over the Western Road have gone up to Troy on their way West, it is just as near for them to come back to Albany as to go West over the Troy and Schenectady Road. To cross the river at Troy, you have to pass over an old rickety bridge that is extremely dangerous, and has for years been considered unsafe. The crossing at Albany is safe all the winter round; passengers are conveyed from East Albany in carriages or sleighs, over a temporary bridge constructed with boats on the ice and rendered safe and secure from all danger. It is pretty well established that one of the buttments of the bridge over which passengers have to cross at Troy was partly carried away by the ice last spring, and it stands propped up like an old man toddling into the grave.

A Committee appointed to cause the route for the Providence and Worcester Railroad to be surveyed, have made a report. According to their estimate, the cost by one route, being directly through to Worcester, will be $1,000,000, including motive power and cars; by the other, to the Boston and Worcester Road at Grafton, $900,000, and they are considered favorable. The estimates of the business of the road are larger than was anticipated. The matter was referred to a Committee, with power to open subscription books and collect information.

All the interest due on the Alabama State Bonds for the current year has been provided for, and the short Bonds which fell due in 1844 have been extended.

Counterfeit Ten Dollar Bills of the Bank of the State of South Carolina are in circulation, the figure 1 at the head of the bill, being extracted by some chemical process and that of 10 substituted. The counterfeit can easily be detected by a close inspection of the word *Dollars* in the body of the bill, the letter *s*, which is added, being rather clumsily executed with the pen.

Markets—*Carefully reported for The Tribune.*
SATURDAY, Sept. 14.

ASHES.—There is no change in Ashes and the sales are about 175 bbls at $ 3 18¾ for Pots, and $4 25¾ for Pearls.

Stock on hand September 12th, 1844.

First sort Pots	bbls 9,812	First sort Pearls	bbls 7,290
Second do do	" 1,960	Second do do	" 361
Third do do	" 413	Third do do	" 263
Condemned do	" 113	Condemned do	" 24
Total	11,998	Total	8,208
Receipts to 12th inst.	22,201	Total for 1841	22,339
Total for 1843, (about)	34,000	" 1840	28,236
" 1842	32,414		

COTTON—This being packet day there has not been much activity in Cotton. The sales reach about 1500 bales at firm rates. The sales of the week reach 12,200 bales, for Upland and Florida at $5 a 5¾ cents for ordinary to middling; 6¼ a 6⅞ for middling fair to fair, and 7¼ a 7½ for good fair to fine, and Mobile and New-Orleans 6¾ a 7 cents for ordinary to middling, 6¾ a 7½ for middling fair to fair; in qualities beyond, but little done. The arrivals during the same period were 1731 bales.

FLOUR AND MEAL.—The market is a little firmer to-day, and there is a fair demand. The receipts are not large, and some holders are asking $4 31¼ for fresh Genesee. We hear of no sales above $4 25. At this rate it is taken by speculators for storing. We notice sales 500 bbls. Ivey Ohio at $4 18¾; 94 Ohio, $4 12½. Prev. to 4 25. In Southern we note sales 400 half bbls. at 4 75, 1 00 do. Brandywine at $ 50, and 400 do. New-Orleans sour at 3 25. Sales 150 bbls. Jersey Meal at 2 43¾.

GRAIN.—A further sale of new North Carolina Wheat, 900 bushels was made for milling supposed at 83 cents. We believe there is no new wheat in market. Corn is not plenty.—Sales 1500 bushels Southern white at 47c. weight delivered.—Rye sold 1240 bush. at 68c. delivered. Oats are 30 a 32c. in fair demand.

WHISKEY.—A small sale of Prison bbls. was made at 25c.

PLASTER.—A cargo of Eastern was sold, delivered up the River, at 2.75c. cash.

PROVISIONS.—Pork remains without change and without activity. We quote nominally 7.50½ a 7.62½, and 9.25 a 9.37½. A sale of 500 bbls. prime, just received, was made on private terms. We hear of nothing doing in Beef. Sales 200 barrels packed Hams at 4c. Butter is in fair enquiry, and about 200 packages sold at 8½ a 8½c.

GROCERIES.—The recent activity in Brazil Coffee has been succeeded by dullness; but the improvement on the low grades lately established, is sustained, and for the article generally there is a pretty fair demand. We notice sales of 1,000 logo Brazil, at 6½ a 7¼ cents; 1,700 Santiago, 6¾; 500 Laguayra, 7½ a 7¾; 200 Java, 9½ a 10¼; 130 Cuba, 6¾, 4 and 6 mos.; and 250 St. Domingo, 5¾ cts. cash. Muscovado Sugars continue in good demand, but there is the same disposition on the part of the holders to realize, as before noticed. The sales are 600 hhds. Porto Rico, at 6¼ a 7½ cents; 300 Cuba, 6¼ a 6¾; 67 St. Croix, 7½ a 8; 75 New Orleans, 6¾; 600 boxes Brown Havana, at 6¼, 6¾ and 7½. 1500 bbls. export, 6¼ a 6¾, long price; and 75 White do. 10, 4 mos. There is no new feature in the market for Molasses, which remains inactive, purchases being only made to supply immediate wants. A cargo of 327 hhds. and 40 tcs. tart Trinidad Cuba, in store, sold for refining, on terms we did not learn.

METALS.—There is an increased demand for Scotch and American Pig Iron, and we notice further sales of No. 1 Scotch at $35, 6 mos. from vessels. Sales of English merchant Bars have been made this week at $56, 6 mos. from ship, though holders generally ask $57.50:—the report of sales of this description, at $57.50 a 58, was erroneous. Two cargoes of Swedes have been received, which have been mostly sold previously, at prices of 60 tons, well assorted, sold yesterday at $74 and some Russia Old Sable, $92.50, 6 and 8 mos. Lead—The last sale at Missouri was at about $3.50 cash; the market is again bare. Copper—New Sheathing is very firm at 21 cents, and the market has an upward tendency. Last sale Peruvian Bar, 17, 6 mos. 1500 lbs. Old Sheathing brought 16½ a 16¾c. cash.

BEESWAX.—Sales have been made of 1,400 lb. prime Southern Yellow, at 30 cents, cash.

WOOL.—The market is very dull, and there are no sales to report this week, there being no disposition on the part of buyers to increase their stocks.

HEMP.—American is dull, the demand being confined to the supply of immediate wants. Sales have been made of 100 bales Manilla, to arrive, via Boston, at $135, 8 mos.; 314 do. Sisal, chiefly, if not all at $122 50; and 100 do. Manilla, $137 50, 6 mos.

HOPS.—We notice further small sales of new, at 11 a 12½ cents, cash. The crop is estimated at 8,600 bales, 6,000 of which, it is said, will be wanted for home use, the consumption in this country having rapidly increased of late years. The stock of old is light.

Baltimore Cattle Market....SEPT. 13.

Supplies of Beef Cattle continue to come in freely, and prices are without material change. On Monday the offerings at the Scales comprised 240 head, of which 650 were sold to the city butchers, and 200 driven off to market. We quote the extreme of prices paid at $ 62½ a $2 25 per 100 lbs. on the hoof as in quality, which is equal to $3 25 a $4 25 net. Yesterday those left over from Monday were sold at the same rates, and 50 head of fresh cattle which came in were driven off, leaving the market clear at this time.

Hogs—Live Hogs continue to arrive pretty freely, and sales are making at prices ranging from $4 to $4 25 per 100 lbs.

Disasters, &c.

Capt Mason, of the ship Jefferson, reports that on the 14th inst. at 9 o'clock, P M, he ship was run into by the schr Marion, of Provincetown, R I, Capt Alden Nye, bound from New York to Georgetown, and stove in the larboard bow of the ship and did other damage. Capt M hove to immediately to ascertain what condition the schooner was in. Capt Nye requested Capt M to send a boat to his assistance, which was done immediately; and after lying by for some hours, Capt N, with his crew of five in all, and what few things they could get, came on board the Jefferson, and stated that the schooner was in a sinking condition, being cut down to the water's edge.
