TUCKERTON, N. J. March 18, 1844.

Three years ago, in consequence of over-exertion, in assisting to launch a boat, I ruptured a blood-vessel in my lungs, which was followed by profuse Spitting of Blood, and consequent debility, so that I had to stop work. I procured the best medical treatment, but the bleeding recurred very often, accompanied with fever. In a short time a cough came on, with great oppression, hectic fever and night sweats. Thus I went on gradually growing worse, and I became completely discouraged, until about three months ago, I made trial of THOMPSON'S COMPOUND SYRUP OF TAR, which I used regularly for near three months, during which time I gradually improved, and I now bear my testimony to its value, as the *only medicine which benefitted me*, and has restored me to health. PHILIP BOLDEN.

Prepared by S. P. THOMPSON, Philadelphia. Sold, wholesale and retail, by A. B. SANDS & CO. Druggists, 273 Broadway, corner Chambers-street. Sold also at 79 Fulton-street, and 77 East Broadway. Price 50 cents, or $5 00 per dozen.

☞ RED OR GREY HAIR.—It is, perhaps, a commendable deception to give a beautiful color to the hair, if Nature has not done so—or hide premature grey curls and locks. Some prefer a jet black, others a glossy auburn. In either case the "Italian Hair Dye" will accomplish this without even soiling the skin. It is used by hundreds of our fashionables with approbation. Prepared and sold by A. B. SANDS & Co. Chemists, 273 Broadway, corner Chambers-street. Sold also at 79 Fulton street, and 77 East Broadway. Price 50 cents.

A NEW LUXURY.—Messrs. A. B. Sands & Co. New-York, have prepared an entirely new article for the use of gentlemen, who prefer to perform their own tonsorial operations. It is called Shaving Cream; a preparation which is highly extolled by all who have used it. The effect it has upon the face is in the highest degree pleasant, and its use may truly be denominated "shaving made easy." It softens the beard so as greatly to facilitate the operation of the razor in removing it, while at the same time it imparts a peculiar smoothness and softness to the skin. We would recommend every one to try it, assuring them that although it will enable them to *shave themselves* easily, yet they will not *get shaved* by purchasing the article. It is for sale in this city by Mr. S. W. Fowle, Washington street, opposite School street.

[Bost. Traveller, Oct. 4. 1844.

SANDS'S SARSAPARILLA.—It is astonishing how little was known of the true means of preserving health two centuries ago. A writer of that era tells us that the famous Countess of Desmond, who lived to the age of 140 years, owed her longevity to a habit of basting herself with old salt butter before a kink fire. In these days, however, we know that the state of the health is dependent upon the condition of the blood—a fact evidenced by a comparative analysis of the fluid in health and the various stages of disease. This master-key unlocks the mysteries of the physical system, and the next thing is to search the great storehouse of vegetable nature, where, under the guidance of experimental science, the remedial agents may be found. Such has been the course pursued by the inventors of SANDS'S SARSAPARILLA, who have out-vied the chemists in the last, as of their remedy one of the most potent purifiers of the blood, but have imparted to it in the process of preparation new properties, and concentrated the original ones. In Salt Rheum, Ringworm, Erysipelas, acute Rheumatism, and all ulcerous and eruptive affections, its operation is most salutary and effectual.

For further particulars, and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of the proprietors and their agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton street, New-York. Sold also at 273 Broadway, 77 East Broadway, and by Druggists generally throughout the United States.

Price $1 per bottle; six bottles for $5.

GLARING ABSURDITY AND IMPOSTURE!—Many years ago, Physicians refused to use Dover's Powder, because they did not know the component parts. Now, no Physician practices without them. So will it be with the Connel Pain Extractor from 21 Courtland-street, that cures all Burns, Old Sores, Erysipelas, Scalds, Bruises, Piles, either Blind Chilblains, Sore Eyes and Nipples, or Bleeding

So soon as the whole public understand the wonder-working effects of this Salve, as well as some do now, every Physician must use it, or an intelligent father will use him for his Family Physician. Some Doctors are now dead set against this wonder of the age, because it does what they never dreamed of doing, and what they never can do without it. Why, then, have they not sense enough to submit at once to its influences? We call on all men to employ no Doctor in any of the above cases who will be absurd enough to refuse it, or impostor enough to condemn it. The "I make a Salve as good," or, "I will use oil and lime-water," will no longer do. We are determined to become public benefactors on this subject, and make the world know and confess the truth about this only certain and rapid remedy. Call at Saunders', Sign of the Big Mortar, corner only in New-York. Also in Brooklyn, of Mrs. Hays, 139 Fulton-st.

RHEUMATISM AND GOUT.—The Nerve and Bone-Liniment and Indian Vegetable Elixir, for Rheumatism.—These two preparations have cured thousands of the very worst cases, in many cases, in which every thing else has been used and failed. The has performed an entire cure, so that the user has been restored to his family, business and friends, perfectly free from any thing like pain, sickness or debility; and we would refer the skeptical to the following gentlemen, who have been cured by their use:—Robert G. Nellis, 157 Broadway; A. B. Tyler 7 Reade-street; Mr. Ferrand, at Tammany Hall; Mr. Gideon Freeborn, 181 Front-street; also, Mr. Jennings, proprietor of the City Hotel, who witnessed the remarkable effects of this remedy upon Mr. H. H. Hubbard, of Sandusky City, Ohio, who, while doing business in this city, was taken suddenly with a most violent rheumatic attack, and was cured in a few hours by this Liniment and Elixir. It was the bad only at 21 Courtland-street, and is warranted to cure any case of Rheumatism, or the price returned. Sold also in Brooklyn, 139 Fulton-street.

DR. SPOHN'S REMEDY FOR SICK HEADACHE.—This article is sold at 21 Courtlandt street, and is a certain and permanent cure for nervous or bilious Sick Headache. We refer you to Rev. G. S. Brown, 2 Second st. who has been cured of the headache of many years standing by this article.

☞ EAST INDIA HAIR-DYE.—Coarse red hair made fine black and glossy.—This article is sure to have the effect desired by the user. It will color the hair and not injure the skin in the least. If it is used according to directions, it will make a beautiful head of black hair out of the coarsest red or grey. Sold at 21 Courtland-street.

ALSO—The *Analgue Shaving Cream*, the best article in this City for shaving. Price, 50 cents.

BALDNESS PREVENTED!—Persons using the genuine Balm of Columbia, cannot become bald. A few applications will at any time stop the hair from falling out, whether occasioned by sickness or otherwise. It also restores the hair on heads that have been bald for years. These are facts, and will be proved to the satisfaction of any one who will be persuaded to make use of it. Sold at 21 Courtland-street.

☞ **Notice to the Afflicted with Lameness.**—*WATERMAN SWEET, Natural Bone-Setter, of Florida*—Has intended to leave this City for Boston for some time past, but finding so much to do here for the lame in every part of this city on account of former practice, as I believe is consequence of a want of a knowledge of the Human Anatomy and improprietty of prudent means used in cases of lameness, such as I have described heretofore by my Cards and Advertisements, of burning in different ways and means, or eaten with worms, &c. intend of replacing their joints and modifying the parts affected; which it relives for one more than I can get done up ;—yet, from the Poor-House, Hospitals and Infirmaries, &c. and out-door practice, my School will be organized on the first day of January, 1845, at Amsterdam, Montgomery County, N. Y. for Pupils and Patients; and all names entered there on my book will be considered the first on the list of Instruction. I conceive that there is as much difference in Bone-Setting as there is as much difference in Anatomy or not perfectly right, whether any one understands Anatomy or not midnight dark, or not as the darkness of the eclipsed Moon, or midnight darkness, or the effulgency of the Sun at noon-day, seems evident to me in all places where I come.

WEDNESDAY, P. M.

Stocks were generally higher to-day than yesterday, but the tendency at the close was downward.

There is no change in Exchange. The supply is ample and the demand moderate. Saturday is packet day for the steamer. We quote Sterling 9¾ a 10; Francs 5 22½.

Freights have improved, and the vessels on the berth are filled up at 5-16d. for square and ¼d. for round Cotton.

We quote Specie as follows:

The sales of Real Estate made within a day or two show an improvement on prices obtained a week or two since. The property in Park Row, corner of Ann-st. for which $23,000 was bid some few months since, sold yesterday at $25,000. Some lots at 29th-street also brought good prices. Capitalists who will not now put their money into manufactories are looking to real estate for employment of their funds.

Among the subscriptions which have already been obtained to the New-York and Erie Railroad we notice the following; Messrs. Nevius, Townshend & Co. $30,000; Jacob Little, Esq. $30,000; Bucknor & Biddle $30,000; Geo. Griswold, Esq. $30,000; and Messrs. Higginbottom, Rome & Co. $70,000. Other subscriptions for smaller amounts have been made, making an aggregate of $400,000. These subscriptions, it must be understood, have been obtained with little or no exertion, and the friends of the road have not yet got fairly at work. The opening of the books is not of itself sufficient. Every one interested in the prosperity of the city must make exertions to obtain stock subscriptions, and we have no doubt that such will be the case. The price of the old stock declined today about 2 per cent, through some stock broking movement.

The following are the receipts of the Mohawk and Hudson Railroad for the week ending 21st November:

The Howard Insurance Co. 8 per cent, payable Dec. 2.

The Cincinnati Gazette, in remarking upon the operations in the Stocks of the State at the sea-board, says:

"No matter if other States repudiate and fail, Ohio will not. Our credit is part of the capital of our citizens; they are justly proud of it. In this pride all participate, without exception, and all unite in maintaining it inviolate."

The construction of the Saratoga and Washington Railroad is again agitated, with encouraging prospects. This road will run from Sandy Hill to Saratoga, where it will connect with the Saratoga and Schenectady and Saratoga and Troy Roads. The capital is $600,000 in $100 shares, on which 10 per cent. has been paid up. The road is graded throughout.

The Chesapeake Bank is receiving a share of the public moneys at Baltimore. The Bank of Baltimore has formerly had the whole. At the last report the deposits amounted to about $700,000.

The following are the rates levied under the new Belgian Tariff, on the principal articles of import. The duties are expressed in Sterling money, and the weights are British:

Export from the U. States since 1st Sept. last.....203,485
Same time last year.....89,425
Same time last year before.....158,869

FLOUR AND MEAL.—The navigation on the Canal is probably closed, catching about 50,000 bbls. of Flour *in transitu*. At least, it is the opinion of most of the dealers that the Canal is closed. Flour to-day was dull, nominally at $4 62½ for Genesee, but sales had been made at 4 62½ a 465. The demand is not large, and the sales moderate. Michigan and Ohio are $4 62½. A sale of 300 bbls. Troy was made at 4 62½, and 200 to 300 do. fancy Ohio at 5 12½. In Southern we hear of no transactions.

GRAIN.—There have been no transactions in Wheat that we hear of. Corn is more plenty, and the demand is not so large. Sales Yellow and Mixed at 58 a 59c, and White Southern at 60 cents, measure; 1,000 do. at 52c, weight, and 2,000 to 3,000 do. out of store at 51 a 52c. Rye is still declining. Sales some 6,000 bushels at 65c in the city and 67c delivered. Barley is almost unsaleable—56c is offered. Oats are steady at 36 a 37c; sales 2,500 bushels Southern at 31½c.

NAVAL STORES.—We have only to notice sales of 300 barrels Newbern Rosin at 60 cents, delivered; 120 casks Southern Spirits Turpentine, (on the wharf,) at 35 cents, 4 months; 420 do 35, cash, and 36½, 4 months; and 100 in small lots, at 36½ a 38 cents, 4 months. The late accounts from Liverpool are favorable for Turpentine, but the sales here continue very limited, in consequence of the small stock offering; arrivals, however, may be shortly expected, as we understand the rivers in North Carolina are again high enough to permit its being brought down.

SUGARS—The market continues very heavy, the trade buying sparingly, the active business season being now over; new crop New-Orleans arrives pretty freely, and prices tend downward. The sales include 126 hhds Cuba, and Porto Rico, for export, on private terms; 150 Cuba, in lots, 5¾ a 6⅛ cents; 180 New-Orleans, 5¾ a 6¼; 16 new crop do 6 5-16; 50 Porto Rico, 6¼ a 7¾; and 650 boxes Brown Havana, 6¼ a 7½, 4 mos. HIDES.—There have been sales of 3,000 St. Catherines, merchantable, 27 lb. at 11 cents, less 3½ per cent.; 3,800 Rio Grande, 19 lb. 12½, four per cent. off; 250 dry Southern, 9½, cash; 400 dry Maranaibo, 21 lb. supposal 10½; and 1,500 green salted Buenos Ayres, 36 lb. 6½, 6 mos.

The sales beside are 230 bags Laguayra at 7 a 7¼ cents; 150 Java, 9½; 250 Sumatra, 6½; and 100 Cuba, 6½, 4 and 6 mos.

MOLASSES—The market is dull—prices however are without change; 60 hhds Porto Rico sold at 26 cents, 4 mos; 160 bbls new crop New-Orleans, just received, were disposed of previously, as before reported, at 32 cents.

COPPER—New Sheathing is steady at 21½ cents, 8 months; 4000 lbs Oil brought 17, cash.

☞ **Dr. H. Kimball's Mineral Teeth.**—The celebrity which these Teeth have obtained, and the high value set upon them by those who have worn them, together with their known intrinsic superiority over the great mass of teeth that are made in this country, have induced Dr. Kimball to make such arrangements as will hereafter enable him to supply the increasing demand for them to any extent; he has been confirmed in this design by the uniform success which has attended his practice in this department of his profession, and by the high encomiums that have been passed upon these teeth by the first most distinguished citizens who are now wearing them, and by several of the most eminent Physicians and Dentists of this city, who have spontaneously offered the most ample testimonials to their excellence. These teeth are and will continue to be made by Dr. Kimball *exclusively for his own practice*; they are set in the most elegant manner, upon heavy gold plate, and supplied to the mouth in such a way as to combine the highest utility with the greatest possible comfort. They are warranted to be unsurpassed by any other teeth made in the United States, and are guaranteed in all cases to fit perfectly, and to answer all the purposes that artificial teeth can be made to answer. Dr. Kimball wishes it to be particularly noted that his arrangements are such as will enable him to offer these teeth, made in the style above mentioned, at *the same price that are charged for the most inferior kinds*. Specimens may be seen at his house, No. 522 Broadway, near Spring-street. o10 1mis*
