Circuit Court.

The father, mother, sister, brother and niece of prisoner, and two or three other persons were examined for defence. The trial will probably occupy the Court till Wednesday or Thursday of next week.

Before Judge INGRAHAM.

William Knight vs. *Elias Hatfield*—Slander—The plaintiff accused defendant of having stolen some small shears, or nippers, and action is brought to recover damages. Verdict for plaintiff, $66.

New-York Legislature.

WEDNESDAY, April 2, 1845.

In the SENATE Mr. Folsom presented the remonstrance of a meeting at Croton Hall, New-York, against excluding that city from the full and equal operation of the Excise Law. Mr. Corning presented a petition from Schoharie Co. for the passage of the law. Mr. Sherman reported against printing the memorial of Margaret Ogden relative to the treatment of her daughter by the Shakers, and the report was agreed to. Mr. Hard, from the select Committee, to whom was referred the bill in relation to distress for rent, reported the same complete, and it was ordered to a third reading. A motion to lay the order of the day on the table to consider a resolution making the Excise bill the special order for Wednesday afternoon was lost. By unanimous consent the bill relative to the Receiver of Farmers' Bank of Orleans, was then read a third time and passed. The Committee of the Whole then proceeded to consider the bill *authorising the construction of a Railroad from Albany to New-York*, which had been set down as the special order for to-day. The bill was debated by Messrs. Lester, Clark, Sherman, Lott, and other Senators, until the hour of adjournment. An amendment fixing the amount of the capital stock of the company at five millions of dollars instead of three millions, was adopted. Other amendments were offered, but without taking question the Committee rose and reported progress. In the ASSEMBLY, Mr. Comstock presented a report of a proposed amendment to the Constitution, requiring only the consent of a *majority*, instead of two-thirds, of the second Legislature, to the adoption of any proposed amendment. Referred to Committee of the Whole. The same Committee reported a resolution fixing Wednesday next as the day when the final vote upon the Constitutional amendments now pending shall be taken. On this there was a sharp debate which lasted till the hour of recess.

Appointments by the Governor,

By and with the advice and consent of the Senate.

MARCH 26.

Moses Randolph, Inspector of Sole Leather, vice Bernard Schoeffel, term expires 10th April.

RATHER ODD.—The Pottsville (Pa.) Tariffite of the 2d inst. says: A suspicious looking fellow was watched a few nights since near Churchtown, Lancaster county, and upon being interrogated as to where he intended lodging, said he knew not where, but was anxious to get in somewhere, as he had a short time previous *cut his throat*—He was immediately taken into the house by his interrogator and upon examination his throat was found horribly lacerated, having *five gashes cut in it*. He had nothing in his possession but two rusty nails with which, it is supposed, he committed the deed.

DISTRESSING ACCIDENT.—Charles Lattig, of this place, aged about 18 years, was shockingly injured on Sunday last, by falling from a swing. Whilst swinging, his foot slipped, and he was precipitated with great violence to the distance of many feet, among rocks and trees—breaking both his arms and his nose, dislocating one of his wrists, and otherwise severely bruising and injuring himself. [Easton (Pa.) Whig.

FIRE AND DEATH.—On Wednesday night of last week, the Tavern and Grocery Stand, on the towing path of the canal, in Geddes, owned and occupied by Mr. Billiot, a Frenchman, was destroyed by fire, together with nearly all his furniture and a portion of a small lot of groceries; and, what is more deplorable, Mr. Billiot was so much burnt and injured in attempting to save his property that he died on Saturday night. Mr. B. has left a wife and a large family in destitute circumstances. The premises, no doubt, were set on fire by some person, but no one can conjecture by whom. [Syracuse Journal.

FIRE IN EAST HAMBURGH.—The tavern of Mr. Nathaniel Swift, about nine miles from this city, was consumed by fire yesterday. Every thing in the house was burnt up, except two feather beds, and a small quantity of clothing. Mr. Swift was very much injured by falling off a shed. His loss is estimated at $3,000, with no insurance, the policy having expired some months ago. [Buffalo Commercial, April 1.

HENRY'S CHINESE SHAVING CREAM.

Charles Lamb was of opinion that if "facts are stubborn things," a stiff beard is certainly the most stubborn of all facts,

"Hideous, horrible, and hairy."

No one who can speak from experience, will gainsay this proposition. And yet how illogical men will sometimes be in their practice, however correct their theories may be! There are still a few so inconsistent as to shave with *Soap*, although they must be aware of the existence of that inimitable preparation—HENRY'S CHINESE SHAVING CREAM. This is truly a paradox. If you know how to appreciate a luxurious have, why not use the means? Does economy prevent you? If so, the notion is "like the baseless fabric of a vision," as Shakspeare says. The *Shaving Cream* is by far more economical "in the long run."

Prepared and sold by A. B. SANDS & CO. Chemists and Druggists, 273 Broadway, cor. Chambers-st. Sold also at 79 Fulton-st. and 77 East Broadway. Price 50 cents.

SANDS'S SARSAPARILLA.—Some over-imaginative authors view at the militarian tendency of the age; but in our opinion the object of the philanthropist should be to turn every discovery in art and science to a practical use, and that discovery should be prosecuted with a view to this end. Could all the poetry that ever was written, give the writer as much self satisfaction or confer upon the public as much benefit, as have been derived from the discovery and distribution of Sands's Sarsaparilla, by the Messrs. Sands? The gratitude of thousands who have been cured of Scrofula and other ulcerous diseases, by its agency is worth all the plaudits that criticism ever bestowed on the efforts of the muse.

For farther particulars, and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of the proprietors and their agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton street, New-York. Sold also at 273 Broadway, 77 East Broadway, and by Druggists generally throughout the United States.

HOW ARE THE MIGHTY FALLEN.—*Mr. Ansel Frost.*—Who can tell how much Ansel Frost gets for playing second fiddle to such a man as Henry Dalley? Who, forsooth, would want by the generosity of Comstock & Co. to betray their confidence and seek to injure them. Remember the true FAIN EXTRACTOR is sold ONLY at HALF PRICE at 21 Courtland street. *Warranted* the true under forfeiture of $100.

☞ SEE COMSTOCK & CO.'s advertisement on the outside of this PAPER.

☞ COMSTOCK & CO.'S SARSAPARILLA is as pure and strong extract from this celebrated Root as can possibly be made. The price is so reasonable that the poor can afford to use it, being but 50 cents per bottle, or $4 per dozen. It is the only article that will effectually purify the blood from all impurities. Those who have been imprudent in the use of calomel will find sure relief from it. Sold only at 21 Courtland st.

☞ THE IMPUDENCE OF CHARLATANS, ANNOYING AS IT IS to the *really* scientific chemist, affords occasionally much amusement. The last rich thing is the announcement by one of the pretenders, that he has an *ointment*, which is *believed* to be the only article that has been found to remove *pimples, tan, freckles*, &c.; and, furthermore, that the cause of these disfigurements *lies in the blood!* Think of that, reader! an *ointment* to remove *tan, freckles*, &c.—is it not mirth-moving? We have heard of an ointment so strong that it was used for drawing nails out of a two-inch plank; but this wonderful ointment caps the climax of all ointments invented since the deluge!

Seriously, dear reader, be not imposed upon! Rely upon Dr. F. FELIX GOURAUD'S *Italian Medicated Soap* alone, for the complete removal of all disfigurements of the skin. By the use of this exquisite Soap, every vestige of Tan, Pimple, Freckle, Sunburn or Redness will vanish, even as mists are exhaled by the morning sun!

GOURAUD'S *Poudres Subtiles*, for uprooting the Hair; *Liquid Vegetable Rouge*, for tinting the cheeks with a lovely rose-color; *Grecian Hair Dye*, for changing Red or Gray Hair to a Brown or Black; *Lait Virginal*, or *Lily White*, for adding to the skin an alabaster brilliance, beautiful to behold: these, and a large quantity of other valuable cosmetics and choice perfumery, can only be had *genuine* at Dr. F. F. GOURAUD'S depot, 67 Walker-st. first store from Broadway.

☞ Remember—67 *Walker-st.* Ladies will please call and receive a copy of "Gouraud's Book of Beauty" *gratis.*—Agents—Jordan, 2 Milk-st. Boston; Carleton, Lowell; 76 Chesnut-st. Philadelphia, &c.

PIMPLES ON THE FACE, TAN, FRECKLES, GROSS SURFACE, MASCULINE SKIN.—The general cause of eruptions and other disfigurements of the skin lies in the blood, as it strives to determine its impurities to the surface, where they form scabs, pimples and other spots.

It is the obstruction of the *Insensible Perspiration*, which, being lodged in the cuticle, can only be removed by opening the pores, when all these eruptions and impurities will escape.

It is believed that *McAlister's All-Healing Oint* is the only article that has *power* to restore the *skin* to healthy action.

To render the face *smooth, transparent* and *fresh*, the Insensible Perspiration must be unchecked and free. No Soaps or compounds can effect this, unless they possess a *solvent* power—they injure more than benefit.

The All-Healing Oint is put up expressly for this purpose, and highly perfumed.

Sold at the Grand Depot, 160 South street, and by the chief Druggists of the City. a3 3t

ROMAN EYE BALSAM.

☞ "THE LIGHT OF THE BODY IS THE EYE."—What a calamity must it be for those who have weak eyes to live in a perpetual twilight! They cannot read pleasant books, or write pleasant letters to their friends, or enjoy the pleasant sunshine of a bright day. Nature may be ever so joyful in her "holiday attire" *they* are condemned to constant gloom. Not *necessarily*, however. Science has produced many wonders, and among others the *Roman Eye Balsam*. A catalogue of the patients who have been cured by its application, could not be read at one sitting. If the eyelids are inflamed, or the eyeballs bloodshot, no matter what the cause may have been—just call at the store of Messrs. Sands & Co. in Broadway, and they will furnish you with a jar of the Balsam for 25 cents, with printed directions for use. Persevere in the application for a short time. *You will succeed.*

GENUINE BEAR'S OIL.

☞ Pliny, the celebrated naturalist, speaking of bears, informs us that their oil was used by Cleopatra as the most nutritive substance which could be applied to her magnificent hair. Science has given the modern no compound for this purpose equal to the provisions afforded by Nature in the grease of the bear. Its effects, especially in the form of Oil, are truly wonderful. The capillary roots are strengthened; the bulbs are nourished; and the young hair increases in quantity. Even bald spots become fertile under its influence, if the roots have not been totally annihilated; and this is rarely the case, except at an advanced age. In fact, the *Genuine Bear's Oil* is unquestionably the best preparation for the Hair that the world has yet seen.

The genuine Oil, highly perfumed and purified for the purpose of the toilet, by A. B. SANDS & CO. Chemists and Druggists, 273 Broadway, cor. Chambers st. Sold also at 79 Fulton st. and 77 East Broadway. Price, 50 cents large bottles, 25 cents small. m15 1mis

COMMERCIAL AND MONEY MATTERS.

(For Commercial and Money Matters, see Last Page.)

THURSDAY, P. M.

The Stock market was heavy to-day generally, but there was a speculative advance of 2½ per cent. in Vicksburg. Pennsylvania 5s fell off. The decline to-day is said to be the result of the re-appearance of the leading bear, in the street.

In Exchanges there is but little doing. In rates there is no change. Sterling 9¼ a 9½; Francs 5 25 a 5 23¾.

There is no change in the Money market. The Banks are doing all the good paper offered at 6 per cent. In the street loans and paper of the first class are 5½ a 6 per cent. mostly at the higher figure.

The Eagle Insurance Co. have declared a dividend of 4 per cent. for the last six months, payable on the 9th instant.

The State Bank of Newark has declared a dividend of 3 per cent. payable on demand.

The receipts of the Norwich and Worcester Rrd in March were about $1100 more than in March of last year. For January and February they were about the same as last year.

A 20 dollar note purporting to be on the Farmers and Mechanics' Bank, Rahway, N. J. but altered from a post-note of the Tenth Ward Bank of this City, has been detected. Every few weeks there is an alteration of this bank issued by some swindler, and the public should take the matter in hand. The notes above alluded to are dated 31st July, 1844. Vignette, a blacksmith at his forge, left end a railroad, right and a man with cattle.

The weekly receipts of the Western Railroad present the most encouraging appearance to the stockholders. The excess of business in 1845 over 1844 bids fair to be nearly as great as was that of 1844 over 1843. Unless there should be a great depression of the business of the country, or the Albany and New-York Road should draw off a considerable portion of the freighting business, it would seem to be certain that the success of the Western is fully established, and that the stockholders, some of whom have been waiting many years, will at last receive fair dividends on their investments. The receipts for the week ending March 29 were.

A comparison of its DISTINCTIVELY PECULIAR features with those of some of the other announcements of THE FASHION, will at once satisfy the public as to the originality of the design, and that all attempts at imitation are but sorry efforts to deceive them, and to appropriate that to which we have an exclusive claim. m29 2wis

☞ THE INVISIBLE WIG.—So closely resembles the real head of hair that skeptics and connoisseurs have pronounced it the most perfect and extraordinary invention of the day. The great advantage of this novel and unique wig is its being made without sewing or weaving, which causes its appearances so closely to resemble the natural hair, both in lightness and natural appearance, as to defy detection, its texture being so beautiful, so porous and so free, that in all cases of perspiration evaporation is unimpeded, and the great evils of other wigs entirely avoided. The skeptic and connoisseur are alike invited to inspect this novel and beautiful Wig, and the peculiar method of fitting the head, at the manufacturer's, A. C. Barry, 146 Broadway, corner of Liberty-street, up stairs. m1 1t
