and that we say to England, Peace! peace! Amen! (Applause.) Tell them that the only warfare we want with them is a joint warfare with sin!—(Applause)—that the only rivalry we will have is as to whether the mother or daughter shall carry the cross of Christ farther into the land of darkness and the Valley of the Shadow of Death!—(applause)—and that the only weapons we will use are two, and they are Truth and Love.

Dr. BEECHER then made a few impressive remarks on the superior importance of Foreign Missions over all other religious movements. It is the last and brightest dispensation of God; and from it have sprung all the other societies that revolve round it as satellites.

Mr. Spalding said that Christ's command was imperative to "go and teach all nations." There were 130,000,000 of souls in India as dear to God as the people of the United States and seven times the number. Mothers must put their sons and daughters into the missionary box as well as money. The Bible, Home and Foreign Missionary Societies form a triad that will overthrow Vishnu and all his cohorts.

Rev. Mr. Thompson then stated that he owed his conversion to the preaching of a Foreign Missionary Sermon by Dr. Beecher in Philadelphia, 10 years ago. He alluded also beautifully to the death of Dr. Grant and the massacre of the Nestorians

Rev. Mr. Wilkes said that the works of Mr. Todd, and Dr. Beecher had done much good in Great Britain and Canada. There could not be war between the United States and Great Britain, bound up as they were in the holy bond of Christianity. England and America must look to it that they fulfil God's command to them to baptize the whole world with purity and holiness, and not with war and bloodshed, (Great applause.)—The mother of Lyman, the missionary that was eaten by cannibals (with Williams) sat under his ministry, and she never regretted that she gave her son to God's cause. He dwelt with great force on the immense importance of Foreign Missions.

Dr. Beecher, in conclusion, said that he felt crushed under the weight of his own unworthiness; and if he could take a 10 years' furlough of life from God, satisfied as he otherwise was that he should kneel at the feet of Jesus in Heaven, and cast his crown at the feet of Christ, he would gladly labor on in this earth. He thought he should never attend another meeting in this place and in parting he would leave these words to burn in the hearts of all:"—Take care of Foreign Missions and God will take care of Home Missions! Take care of Foreign Missions and God will cause the river of life to flow through the earth till nations shall be born in a day!"—(Much applause.)

The parting hymn was then sung: "From all that dwell below the skies." The benediction closed the proceedings.

It was decidedly the most interesting and impressive meeting that has ever occurred in this city.

County Court.

Judge ULSHOEFFER in the Chair.

This Court met last evening to decide upon the charges preferred against Justice Dricker. The Court remained about two hours in secret debate, when the doors were thrown open and the presiding Judge announced the decision which had been passed, declaring that the charges had not been proved.

The resolutions are as follows:

Whereas, notice of the charges in this case, and a copy thereof, have been given to the said William Walsh Drinker, and he has had an opportunity of being heard in his defence.

Resolved, That although this Court disapproves the conduct of Mr. Drinker in the respect stated in the charges against him, they do not think that he should be dismissed from his office, or has been proved to be guilty of corrupt or malicious proceedings in his official duties, although meriting the strongest censure of this Court.

Resolved, therefore, That the charges against Justice Drinker be and they are hereby, dismissed.

We understand that on the meeting of the Court a resolution was offered by Ald. Scheffelin to remove him, which was lost, 8 to 6.

Another resolution was offered by Judge Ulshoeffer, which was not considered strong enough, and rejected, 10 to 4.

The resolution which was finally adopted was then put, and passed by the following vote:

AYES—Judges Ulshoeffer and Daly, the Mayor, the Recorder, and Ald. Miller, Tucker, Hasbrouck, Schieffelin and Devoe.

NAYS—Ald Cozzins, Drake, Mott, Dickinson and Winship

SUNK.—The steamer Bob Letcher was sunk on the 1st inst. about fifteen miles above Louisville. Boat and cargo a total loss.

EARLY WHEAT.—Our friend Mr. Henry Lavman left at our office on the 30th of April a bunch of Wheat stalks in head. Beat this who can!

[Examiner, Frederick, Md.

☞ The Savannah papers complain of drought in that vicinity.

A SUPPOSITION.—Suppose a man standing in an apothecary shop, tasting, one after the other, all the nauseous drugs and mixtures there, and reflecting on the diseases that led to their use;—suppose he should be told that a very large proportion of these diseases sprung from causes operating on the skin, the surface of the body, and resulting in pulmonary and other affections;—suppose he should then be told that the sound tone of the skin, its capacity to bid defiance to changes of temperature and to merely all other dangers, would be effected by judicious and regular *bathing*;—What would such a man be apt to say! Would he not ask immediately for tickets to Rabineau's Astor House Baths, entrance in Vesey street!

☞ THE FAT BOY attracted universal attention at the Museum yesterday; and to-day, being the usual family holiday, with splendid performances in the afternoon and evening, in addition to him, there can but be a general turn out of young and juvenile &c to enjoy the sights and novelties; especially as it is the last day of Mr. Wyman, the Ventriloquist and Magician, and also of those inimitable dancing figures. With these attractions how can people stay home.

☞ The time is near at hand to look after a cool, refreshing street, and without wandering far from the City we are happy to know that we can enjoy it at Hoboken. It looks like a beautiful maiden just stepping out of her bandbox in rich and costly apparel. Those who admire and study the beautiful transitions of nature will be delighted to visit it now. It

SANDS'S SARSAPARILLA.—Not long ago a stone weighing nearly four pounds floated across the Frith of Forth. A sea weed had grown upon it and the air bladders of the plant sustained the stone on the surface. It is thought by many and perhaps with some reason, that a multitude of so called panaceas which would sink like a stone if left to their own merits are kept afloat by something quite as windy as the aforesaid air bladders. Be that as it may, SANDS'S SARSAPARILLA is not of this class. The proprietors do not put it forth as a specific for all mortal ailments; but in those of an erpitive nature, in scrofula, diseases affecting the glands, and the various maladies known as cutaneous or skin diseases, they believe that in almost all cases it proves entirely successful.—The unanimity of opinion among those who have used the preparation, bears them out in this conviction.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of the proprietors and their agents gratis.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Druggists, 100 Fulton street, New-York. Sold also at 273 Broadway, 77 East Broadway, and by Druggists generally throughout the United States. Price $1 per bottle. Six bottles for $5.

☞ PIMPLES AND SORES UPON THE FACE, Salt Rheum, Cutaneous Affections, &c.—There are probable thousands in this City who would not hesitate to pay any price, no matter how exorbitant, if they could find an article that would remove bad breakings out on the face, which are so injurious to the good looks of any one. This medicine can be had at 21 Courtlandt-street, and it is COMSTOCK'S SARSAPARILLA that will certainly do it, as nothing can purify the blood so well or with so little trouble as this article. It does not nauseate nor purge, yet keeps the bowels open and regular. Price 50 cents per bottle, or $4 per dozen.

☞ NEW DISCOVERY—By which all stove pipes or grates may be kept a jet black, with as beautiful a polish as a coach body by one application a week. It keeps stoves and pipes from rusting. Sold only at 21 Courtland street.

EAST INDIA HAIR DYE.—This chemical preparation will color the hair any shade, from a light brown to a jet black, and not injure the hair or stain the skin. Sold at 21 Courtland-st.

☞ LONGLEY'S WESTERN INDIAN PANACEA is warranted to cure any case of asthma, dyspepsia, indigestion or costiveness, &c. Sold at 21 Courtlandt street.

☞ HAVE YOU ROACHES OR BED BUGS in your house? A sure exterminator for these vermin may be had at 21 Courtland street. Price 25 and 50 cents.

☞ THE INDIAN VEGETABLE ELIXIR AND LINIMENT, from 21 Courtlandt-street, is warranted to cure any case of Rheumatism or Gout.

☞ DALLEY'S PAIN EXTRACTOR, sold at 21 Courtland st. at HALF PRICE, and WARRANTED GENUINE.

☞ *Gouraud's Medicated Soap*, sold at 21 Courtland-st. at HALF PRICE, VIZ. 25 cents, and WARRANTED GENUINE.

A SONG. Air—She wore a wreath of roses.

She wore a face of pimples
The might that first we met;
And though her chin was finely dimpled,
And her hair as black as jet,
Yet her complexion wanted clearness,
And her eye that ray of hope
That all can have who use a cake
Of Jones's Chemical Soap.

And once again I met her—
No pimples now were there;
But her face was clear and beautiful,
And her neck was white and fair;
And standing by her side was one
She sought, and not in vain,
To use a cake of Jones's Soap
And ease her mind from pain.

She used it; and her skin is now
As white as driven snow—
Her hands, her arms, her cheeks, her neck,
Are free from blemish now.
I saw her glorious beautiful—
With such beauty not to cope,
But there was one who use a cake of Jones's
Famous Chemical Soap.

Reader, try Jone's Soap once. You will not be dissatisfied—its effects are really singularly mollifying on the skin—to see how it clears, a fresn and beautifies it, curing all eruptions and disfigurements, such as pimples, freckles, salt rheum, tan, sunburn, morphew, &c. The genuine is sold no where in the city but at the sign of the American Eagle, 82 Chatham st or 323 Broadway, New York; 8 State-st Boston; 3 Ledger Buildings, Philadelphia; 57 State-st Albany. m10 2teod

COMMERCIAL AND MONEY MATTERS.

For Commercial and Money Matters, see Last Page.

FRIDAY, P. M.

There was rather more doing to-day at the Stock Board, and some descriptions improved. Morris Canal went up 1 per cent.

In Exchange there is no change Sterling is 9 1-4 a 9½; Francs 5 26¼ a 5 25. The demand is limited but prices are steady.

The rate of money is again lower to-day, and some parcels were in the street for employment at 5½ per cent, and we are told that some loans were made on U. S. Stocks and A No. 1 paper at 5 per cent.

The earnings of the Reading Road for April, 1845, show an increase of $25,591 on last April, equal to 60 per cent. increase. The increased tonnage is still larger, being equal to 70 per cent. The tonnage of the road now exceeds by 4,500 the ratio of the estimate for the year, viz: 800,000 tons.

Comparative Statement of the Business on the Philadelphia and Reading Railroad, during April 1843, 1844 and 1845:

	1843.	1844.	1845.
Business	$32,623	$42,585	$68,176
Coal transported, tons.	16,300	30,099	52,735

For the first week of May the receipts have been as follows:—

Comparative Statement of the Business on the Philadelphia and Reading Railroad during one week in 1843, '44 and '45:

	1843.	1844.	1845.
	Week ending May 6.	*End. May 4.*	*End. May 3.*
Business	$7,166	$10,020	$15,145
Coal tonnage, tons	3,117	5,309	11,513

The amount of tolls received on the Columbia Railroad in April were $29,784 63
Previously 61,506 05

Total this season $91,260 68

At a recent meeting of the Stockholders of the Ca lisle Bank, a vote was taken, when it was decided, by 585 to 3, not to accept the new charter, with the individual liability feature, as recently enacted by the Legislature of that State.

The explosion of the Smiths and the Bank of St Clair has created quite an excitement in the West. The liability of the Smiths and the Bank is scattered all over Ohio and Michigan, and if not paid, a heavy loss will be suffered by the citizens of those States. The circulation of the Bank is variously estimated at $300,000 to $1,500,000. The notes were difficult of sale at 50 per cent, and the Plain Dealer says that they are considered to be nearly worthless. The Detroit Daily Advertiser says:

The Assignees of the Bank are Judge E. S. Lee, Col. Ebenezer Anderson and Mr. Turnbull, Esq. The gentlemen are known to us, first, as the deservedly popular, secondly, the respected payer, if any; thirdly, confidential correspondents and bill holders. The $ 5 of the Bank are to be taken in payment of all its debts. The principal circulation is in Ohio and tendered by Messrs. Smiths. The senior partner of this firm, Mr. Jesse Smith, has been in a very extensive business in Western New York and in Ohio for some thirty years, without suspension or protest through the severest commercial times. What has occasioned this disastrous suspension in times comparatively prosperous we are at a loss to imagine.

The monthly report of the New-Orleans Banks for April shows the following items:

Circulation	$3,254,637	Loans and dis. $11,861,977
Deposites	6,675 327	Specie 7,435,548

This shows a very strong position of affairs.

The Weschester County Bank of Peekskill has declared a dividend of 3½ per cent.

The Cleveland Herald says that Mr. George P. Pomeroy of that place drew a draft of $5,000 upon a firm in New-York, and forged the acceptance thereof—offered it for discount, and obtained about $3000 upon it—and that this transaction, and other facts brought to light, prove that Pomeroy, and he alone, is guilty of the fraud upon the Phoenix Bank of Hartford, in relation to the loan of $12,000 upon the pledge of a package of bills of the Commercial Bank of Buffalo, and which, on being opened, contained nothing but blank paper. No imputation directly or indirectly, rests upon the fair fame of his partner, C. J. Woolsen, Esq. touching his connection with said package or bills, as a member of the firm of Woolsen & Pomeroy. Mr. Pomeroy left Cleveland some ten days since for this city, as he said, and has not since been heard from; and it is since his departure that the astounding developments have been made.

Markets.... *Carefully reported for The Tribune.*

FRIDAY, May 9.

ASHES—There is a fair inquiry for Pots for shipment, and the sales are some 200 to 300 bbls at $3 8½, at which the market is very firm. It was reported that at the close some buyer was offering $4 87½ for good tares. Of Pearls about 100 bbls sold at 4 25. For the three days past the sales have been 800 to 1000 bbls Pots, and 400 to 500 bbls Pearls. Receipts since the opening of navigation are about 15,000 bbls.

COTTON—The sales to-day add up about 1500 bales, including one line of 725 bales Texas. The sales were nearly all for Liverpool. The market since the steamer has been in favor of the buyer and may be quoted about ⅛c lower than before she arrived. The supply of Cotton on the market is ample. We quote fair Uplands 6¼, fair New-Orleans 7 a 7½. The demand for spinning is very small. Freights are a farthing, and not active.

FLOUR AND MEAL—The demand to-day is scarcely so good as it has been during the week, but there is no change to note in prices. There is still, however, a fair enquiry for the East and the home trade. Holders are firm at 4 81½ for good brands Genesee, and some are asking $4 87½. The supplies continues moderate. Some sales Michigan have been made at $4 75, but the better brands Michigan and Ohio are held at $4 81½, and 500 bbls sold at that rate. We note sales 1600 bbls fancy Ohio at $5 25 a 5 37½. In New-Orleans there has been more movement, and the sales are 500 bbls fair brands at 4 62½; some lots fancy at $4 75 a 4 87½; 1050 do, damaged and uninspected, at about $4 a 4 25. The market for Southern descriptions is very firm and tends upward. The stock is light, not exceeding 20,000 bbls of all descriptions, and consists mainly of Georgetown, with a moderate quantity of Brandywine, Richmond Country, and a little Alexandria. The common grades are held at 4 87½. We note sales 400 bbls Brandywine at that rate and 400 bbls Richmond Country at 5 25. In consequence of the absence of supplies of Richmond City, the Country Flour has improved more in proportion than other descriptions Southern. Jersey Meal is $2 37½ a 2 44, with moderate demand. Brandywine $2 56½ and $11 50 in hbds, without sales of importance. The authorities on Rye Flour differ so widely in their quotations that we cannot to day get at the exact value. The quotations range from $2 75 to 3 50. Some inventive genius is said to have increased his supply of Rye Flour and decreased his stock of Buckwheat by mixing them, and selling all as Rye Flour. Bag Meal is 94 a 100, with fair sales. Oat Meal 85 a 90c, and in good enquiry.

GRAIN—We hear of nothing done in Wheat. Last sales 108. The last via New-Orleans has gone into store. Rye is in some demand, and 3000 bushels have sold at 64½a65c, delivered. Barley is entirely nominal at 56a58 cts. Northern Oats are rather better, and are quoted at 31a32 cents; Southern nominally 29a30. The supply of Corn is a little larger and better prices are obtained. We note sales 5000 bushels Northern at 46a47 cts, wt, 2000 do Jersey at about 46 cts, and 3500 do North Carolina at 45½ cts, weight, delivered.

HAY—The supplies are moderate and prices without change. Sales about 1000 bales, part for shipment, at 40a42 cents.

WHISKY—The sales have been small, some 50 bbls Prison at 23 cts. A parcel of low proof Drudge, in bbls, sold at 25 cts, no charge for bbls. Drudge is 23 cts, and in steady demand.

BONE—Sales of about 60,000 lbs North-West have been made at 35 cts cash, for export.

OIL—A sale of Crude Whale, refuse, (the amount we did not learn,) was made at 32½ cts. For export, Whale is held at 33 cts.

TALLOW—We notice sales 10,000 lbs prime at 7½ cts, and 30,000 lbs fair at 7, cash.

SALERATUS—There is a moderate demand at 4 cts, from the trade.

LEAD—Sales 500 pigs Missouri at 3.37½, cash.

SPIRITS—American Gin, Brandy, &c. are in moderate inquiry at 31 a 32 cts, cash and time. New Rum, in consequence of the decline in Molasses, is lower, and selling at 29 a 31 cts in hhds. Alcohol 48 a 50 cts.

SEEDS—We notice a sale of 50 tcs Ohio Clover at 6¼ cts, cash.

HEMP—A fair lot of American dew-rotted, 280 bales, changed hands at $90 per ton.

PROVISIONS—There has been a revival of speculative action in Pork, and the market for old is much firmer. The sales are 35 to 3800 bbls old Prime and Mess, at 9 56½ and 12 62½, at which the market closes firmly. There was also a sale of 75 bbls old state Prime at 9 56½. New Pork is dull, and cannot be quoted over 10 37½ and 13 37½. The stock of new is believed not to exceed 18,000, and of old about 10,000 bbls. The sales of Beef are very small, and prices heavy. The quotations are 5 00 a 5 50 for Prime, and 8 00 a 9 00 for Mess including Country and City. Sales 50 tcs Prime Beef on terms we did not learn. Lard is about ½c below the highest point. Sales 150 bbls fair at 7½ a 7¾, and 50 do Stearine Lard at 7. We note a sale of 46 hhds Shoulders and Hams at 5 and 7 cts, and 70 hhds 'hog round' at 6 cts. No movement in Cheese or Butter.

Philadelphia Cattle Market.... May 8.

Union Drove Yard Hotel.

At market, 1000 head of Beef Cattle, 500 taken to New-York; 200 Cows and Calves; 450 Swine, and 1200 Sheep.

Beef—Prices in the trade range at $5 a $6 3 4 for ordinary to prime the 100 lbs—about 50 head left unsold.

Cows and Calves were sold at $12 a $25.

Swine—Sales at $5 a $5½ the 100 lbs.

Sheep—Prices range from $1 3-4 a 4 each, as in quality.

Hay—The demand has fallen off; sales on Timothy at 60 a 70, and a few loads at 75c, the cart—for shipping it brings $9 a $11 the ton. Straw is worth $8 a $7 the 100 bundles.

Office of the Commercial Advertiser, }
BUFFALO, May 7, 1845. }

We have no sales of Wheat to note, there being no first quality on the market, and holders asking more for Chicago than the market will warrant. The Cargo of the Ashland, 5,325 bushels, remains unsold. Previous to the arrival of the Eastern Mail, 150 bbls. Flour, one straight brand, sold at $4—100 Wea Mills, and about 150 bbls. mixed Ohio, subject to Buffalo inspection, also brought the same quotation. The movement in the New-York Market of a sixpence on Western brands, has run the price up here about eighteen pence above what it was held at yesterday; and consequently buyers are unable to meet the views of holders.

The demand for Corn continues fair, and we notice the sale of 1,000 bushels at 37½ cents. In Pork there are steady sales at $12 for inspected No. 1 mess, and $11 for inspected No. 2, mess. No demand for prime. Shoulders are offered at 5 cents, and sides at 5½, with very little demand, except for the Canadian Market. A sale of 7,000 lbs Hamburgh Cheese was made at 7½ cents—200 bushels Dried Apples brought 87½—130 undrummed Hides sold at 8 cents, and 10,000 lbs. Bar Lead were taken at 4½.

☞ **Discussion**—Between the Reputed Orthodox and the Universalists commences to-morrow afternoon at 3 P. M. and 7½ in the evening in the Hall next to the Broadway House, corner of Grand-st. QUESTION—Has a law ever been given to man by his Creator, the penalty of which is endless misery.

In the morning at 10½ the Rev. B. B. Bullock will preach the funeral sermon of our late Brother, Charles McNally. The Member of Ark Lodge I. O. of O. F. in particular, and the Members of the Order in general, together with the Sons of Temperance and the public are invited to attend. Seats free.

☞ **Prospectus Daily Saratoga Whig.**—The publication of the DAILY SARATOGA WHIG will be resumed on Monday, the ninth day of June next, as a morning paper, and continued until the first day of September next. Its size will be as heretofore, one half the size of the WEEKLY SARATOGA WHIG. It will contain condensations of news by the mails up to the evening of the day previous to publication and the names of those who arrive at Saratoga on that day—poetical and prose contributions to literature—items of local news and political intelligence.

In the publication of the Daily Saratoga Whig, we make no treacherous promises of milk and water neutrality to receive contributions opposed, neither shall we offer for the patronage and appetite of depraved and filthy minds "bits of scandal, with which this fashionable watering place is infested." "Reason the slave, but shall never that unpardonable fault of the committees of sinks and privies," male and female, who have paunches for such garbage; our object being to avoid such corrupt matter as will render ourselves, and our sheet useless, uninteresting, disgusting, and unacceptable to all classes. We shall have a corps of Reporters daily visiting places of public resort, but shall only chronicle such facts as will subserve public interest and amusement without forcing a blush to the cheek of modesty.

The extensive circulation of the Daily Saratoga Whig ensures to advertisers all parts of the United States and at hotels in various sections of the Union, renders it a peculiarly desirable medium of advertising for Merchants, Hotel keepers and Proprietors of Public Conveyances, and the exceedingly low rates of this paper it is hoped will induce a more general patronage from those who desire a public esteem.

Terms of the Daily Saratoga Whig $1 50; Business Advertisements $2 50; Directory Notices not exceeding five lines $1 50; Advertisements in Daily and Weekly $5—the season payable in advance.

Orders with money left with E. H. Spooner's office Brooklyn Evening Star; H. P. Spooner, City Book Bindery & Tuttle, No. 38 William street; V. B. Palmer, No. 30 Ann st. New-York City, or forwarded to the subscriber, office Saratoga Whig, Saratoga Springs, will be promptly and cheerfully attended to.
