TO THE PUBLIC.

The "Opposition" Directory for 1845 and '46.

☞ In consideration of certain facts which have come to the knowledge of the undersigned, he deems it to be his duty to notify the subscribers to the New-York City Directory for 1845-'46, that a new "Opposition Directory," will probably soon make its appearance—printed in a style resembling that work and inside, without an examination of the *title page*, to be purchased for it.

The undersigned is fully prepared to prove the correctness of the assertion that on one page which he can name—and "opposite" the same page, there are no less than FORTY ERRORS EXIST. The errors alluded to are,

1st. Names of persons inserted, as in the Directory of 1844, who cannot now be found at the places then occupied by them.

2d. Names inserted with the *wrong business attached* and thus re-printing some of the errors in the Directory of last year (1844.)

3d. Names inserted *mis-spelt* and in this respect also, reprinting errors in last year's Directory.

4th. The names and addresses of persons inserted ☞ who are well known to have been *absent for months*;—locating them as in the Directory of last year (1844.)

If any one interested in this matter questions the correctness of the above, the undersigned, on being questioned, will proceed to establish the facts with particulars in full.—Who will make such a request?

☞ **Dr. Taylor's Balsam of Liverwort.**—The numerous testimonials in favor of this wonderful medicine, from a great number of persons who have used it and been cured of the most dangerous disease of the Lungs and the Liver where all other medicines have failed, places it beyond the reach of cavil in the highest rank of popular medicines, and it is hailed as one of the most useful discoveries of modern times to relieve the sufferings of the human family. No person subject to weakness of the lungs or liver, teased with a hacking cough or pain in the side, should be without it. It is your only place of safety to flee to from the fell destroyer Consumption. No other medicine can save you.—Multitudes of counterfeits are offered you to cheat you of your health and your money. Buy only at the old stand 375 Bowery, or J. G. Leeds 177 Water-street, and see that the steel plate wrapper has Dr. J. G. Leeds' signature to it, none other is genuine. je7 1tr

☞ **The Human Hair—Barry's Celebrated Tricopherous.**—A. C. BARRY would again urge those who wish to preserve their Hair in its pristine beauty and vigor, especially during the Summer heat, which all are aware has a very bad tendency, prostrating the nervous blood vessels connected with the pores, which must inevitably end in destroying the pulp, and consequently bring on premature decay—so lose no time in procuring his valuable Medicated Compound, assuring them that it will prevent their hair from falling off, restore it where it has become bald, and will assuredly stop it from becoming gray. The Tricopherous is an article that A. C. Barry has no hesitation in saying, will effect all that is above stated. Why then delay a single moment in procuring this remarkable compound that has wrought such astonishing cures? When two such celebrated men as Doctors Hamilton, Phyfe, Liston and Kelly, of Edinburgh, recommend it, little else need be said in its favor. Indeed, the second named gentleman spent years of study and research to discover it; and to him is A. C. Barry in a measure indebted for the enviable celebrity his Tricopherous has obtained; and as it is almost within the reach of every one, being only 50 cents per bottle, he hopes all will avail themselves of it at once. A. C. Barry is the sole proprietor of the greatest discovery of modern times, and wishes it universally known and disseminated, he hereby tenders it to the poor gratis, who can receive it by calling at his establishment, 146 Broadway.

To be had of the following accredited agents:—A. B. Sands & Co, 273 Broadway, corner Chambers-street, and 59 Fulton-street; Jobe Meakim, 501 Broadway, between Broome and Spring; S. ☞ **What every says must be true.**—It is universally acknowledged that LONGLEY'S GREAT WESTERN INDIAN PANACEA is truly the most certain cure for all the ordinary Summer Complaints that suffering humanity is heir to, but it is also a positive preventive if taken two or three times a week, in small doses, at night on retiring to bed, as it keeps the bowels and digestive organs in a healthy condition, and at the same time it purifies the blood and eradicates all scrofula diseases from the surface of the skin, and leaves the face perfectly clear from all pimples, eruptions, and blotches, and presents a beautiful, clear, healthy appearance, proving to a demonstration the prominent benefits this Panacea is sure to effect. Where will the afflicted hesitate? Does not common sense and experience teach all that external applications alone never produces a radical cure for any disease of the blood and system. While many hold that all disease proceeds from the impurity of the blood, and at the next breath recommend external remedies, such as balsams, salves, and last but not least of humbugs, the All-Healing Ointment. This treatment drives back disease, clogs the pores and exhausts, thereby in many cases greatly endangering life, and is sure to end in the worse pains the sooner the disease is more eradicated by internal remedies.—For sale by C & Co. 21 Courtlandt-street.

A cause of Consolation to those afflicted with Salt Rheum and Eczema.—Longley's Panacea is warranted to cure; and will immediately produce great relief. Should the Panacea fail to give perfect satisfaction in any case for the above diseases, it will be the first in the sale and use of 2,500 bottles within the last two years. For sale at 21 Courtlandt-st. Also, Wash Balls for the Toilet, and Corn Cement's Pain Extractor, which should be used in conjunction with the Panacea. je7

MAY 4, 1845.

Mr. Editor—Dear Sir; Will you permit me, through your journal, to expose to the public an outrageous imposition, to which I came nigh being a victim.

I went to 498 Courtlandt-street and inquired for Schenck's Pulmonic Syrup; another article, made very much to resemble Schenck's, was placed upon the counter, which I refused to take until I had Beekman's assurance that it was the same as the genuine Schenck's Pulmonic Syrup. Since last time I have been assured by Mr. Scheck and a number of highly respectable gentlemen, whose word none will doubt, that the man who attempts to impose a fictitious, spurious Syrup upon the afflicted as Schenck's Pulmonic, is an impostor; and I say, and am willing to be quainted, that the man who formerly acted as Agent in New-York City, did attempt to impose a Syrup on me as the original Schenck's Pulmonic Syrup. Mr. Scheck has already advertised and cautioned the public to bear in mind that P. S. Beekman is no longer an Agent for the sale of Schenck's Pulmonic Syrup. I do not love to deal in harsh epithets, but when an individual so far forgets the dictates of humanity as to keep from the unfortunate consumptive the only known remedy for his disease, Schenck's Pulmonic Syrup, I feel it my duty to make an exposition of this kind, to place others on their guard. je6 1tr] M——

☞ **The unrivaled Double Extract of Sarsaparilla Candy and Pills** will effectually eradicate and make permanent cures of diseases arising from Impurity of the Blood, as Pimples on the face, Blotches upon the skin, Erysipelas, Salt Rheum, Scurvy, Scrofula, *Rheumatism, Dyspepsia*, Diseases arising from the use of Mercury, &c. &c. The great advantage which this Double Extract possesses over every other preparation from the root are these:—The peculiar properties of the Sarsaparilla are more powerfully concentrated than is possible in the liquid compounds. They undergo no change in the process of expressing the juices of the root; there is no mineral substance combined with the vegetable ingredient, and last, though not least, it is much *cheaper* than any other preparation of Sarsaparilla ever offered to the public. Price of the Candy 25 cents per package, or 5 for 1 dollar; Pills 50 cents per vial containing 60 Pills each. Sold wholesale and retail by

☞ **Great Sale of Short-Horned Cattle.**—The subscriber will sell, by Public Auction, at his place near Albany, on Wednesday, the 25th day of June, at 10 o'clock A. M. his entire herd of purebred and imported SHORT-HORNED DURHAM CATTLE, consisting of about fifty animals: Bulls, Cows and Heifers. Catalogues and more full notice may be seen in the May No. of the Albany Cultivator, and New-York American Agriculturist.

The sale will be positive and without reservation, except in relation to three or four individuals, on which the subscriber will claim the privilege of bidding, openly and with others, not on account of any peculiar merit, but that he may not necessarily get out of the nucleus of a stock which, in kind, he thinks more highly of than any other, and which in quality he feels confident in saying cannot be surpassed, and that too for prices a little more than nominal, (as the case may be,) compared with the cost of these, or prospectively with others, even if others so much to his satisfaction could be had.—Mount Hope, near Albany, May 24th, 1845.

☞ **Dr. Banning's Patent Lace or Body Brace.** This instrument is designed to relieve dyspepsia, weakness and pain in sides, sense of "*gaseous*" in the stomach, constipation and piles, weak lungs, cough and spitting of blood palpitation of the heart, weak backs and hips are the troubles; drooping of the body, with curvature of the spine and enlargement of one shoulder, particularly in children and young ladies; also female debility and weakness of voice. Seamstresses, Clerks, Students and others who keep the bent attitude, find much immediate comfort from its use. It operates by elevating the whole pile of organs, (which have descended from muscular weakness) and maintaining them thus by its lifting flexibility. Dr. B. can be consulted at 447 Broadway, over the store of Mr. Wise's optician office, daily from 9 A. M. to 12 M. and 3 to 6 P. M. for a few weeks. A female is in attendance on Ladies. City and Country Physicians and Druggists are invited to call, and may be supplied by applying at the above address. "Common Sense," on Chronic Disease, for sale.—An arrangement, no relief, no pay can be made. my15 6mesdis

☞ **To the Public.**—At the late Fair of the American Institute, the subscriber received a silver medal for a specimen of his TIN PLATED LEAD PIPE, which he offers to the public at the same price at which the common Lead Pipe is sold. Scientific men have universally agreed that Lead Pipes, used for domestic purposes, are not only prejudicial, but highly dangerous; plating with Tin renders them safe, sweet, and free from all objections. Aside from the plating, the undersigned surpasses his Pipes equal to any manufactured in the world. A discerning public will not fail to discriminate between Pipes manufactured by me, and other manufacturers of common Lead Pipe.
