REMOVAL

THE PUBLIC is notified that the Office for the sale of SCHENCK'S PULMONIC SYRUP, has been removed from No. 49½ to No. 4 Courtland-street, north side, a few doors below Broadway, opposite National Hotel. We caution the public to bear in mind that P. S. Brennan, of 4½ Courtland-street, is NO LONGER AN AGENT for the sale of the Genuine SCHENCK'S PULMONIC SYRUP.

Beware of Counterfeits!—beware of Spurious Imitations! To obtain the pure, genuine, unadulterated Schenck's Pulmonic Syrup, go directly to the Proprietor's Office, No. 4 Courtland-street.

This Medicine is the only one ever discovered, that can be relied upon with safety for the cure of Pulmonary Consumption. It has cured hundreds when every thing else has failed. The author affirms this without the fear of contradiction, and does it upon the clearest convictions of truth. If taken, and used according to directions, it seldom fails of effecting a perfect cure.

Its principle of operation is easily explained. It soothes and calms the troublesome cough, ripens the abscess, facilitates expectoration, and soon frees the lungs of the matter which collects in the air-tubes. It regulates the bowels without the use of other medicine, strengthens the system, and purifies the blood. It contains no mercury, opium, or other poisonous ingredients, but is made exclusively of roots and herbs. In Schenck's Treatise, to be had (gratis) at his office, 4 Courtland-street, the early history of this Syrup may be seen. It originated from its curing the Author when in the lowest stage of Pulmonary Consumption.

This medicine, as a cure for Pulmonary Consumption, has now become permanently established with the public. The number of cures of Pulmonary Consumption made in this City, which are before the public, are sufficient to prove that the Syrup will cure Consumption, and is the only medicine that can be relied upon with safety in that frightful disease.

To the Consumptive, nothing can be of more interest than the case of Mrs. Tucker, No. 83 Varick-street. Her lungs were so far reduced in Consumption as to be unable to leave her bed. She took Schenck's Pulmonic; the disease then began to ripen, the abscess came to a head, and she discharged nearly a quart of yellow matter; her lungs healed, her flesh returned, and she is now in the enjoyment of good health.

M. Lusk, Pastor of the R. D. Church, Jersey City, states that he is acquainted with Mrs. Tucker, and believes her statement as given in Schenck's Treatise of Consumption to be true.

We have only space to mention the names of Mr. C. Van Nest, New-Brunswick, late Merchant of New-York, No. 13 William-street, who was restored to health by the use of this Syrup. Also, Mary E. Van Buren, No. 18 Christopher-street, New-York; Charlotte Evans, 84 Montgomery-street, Jersey City, daughter of Mr. Peter Delancey, No. 25 Market-street, Newark, N. J., who were all victims to Consumption, and cured by the use of Syrup alone.

We just add, in conclusion, that if any person wishes further satisfaction than is furnished in Schenck's Treatise, by calling at the Proprietor's Office, they will be furnished with reference to persons of the highest standing, who have been cured by Schenck's Pulmonic Syrup. m24 1mood*
