☞ **At a Meeting of the Citizens of the Fourteenth Ward,** without distinction of party, held at Dunn's Head Quarters, corner of Elizabeth and Grand streets, July 1st, 1845, to express their disapprobation of the unlawful and arbitrary proceedings of the majority of the Board of Education, in attempting to disqualify one of our Representatives in that body, and to support Mr. Engs, in his independent course in sustaining the law of the land, in opposition to sectarian bigotry, intolerance, and efforts of a faction, made desperate by recent defeat, to obtain power again through the misguided zeal of fanatics; Mr. JOHN COLVIN was called to the Chair, and H. W. McDONNELL and JAMES CALLAGHAN, were appointed Secretaries.

The Call of the Meeting was then read and approved. On motion of Mr. Langton a Committee of five were appointed to draft a Preamble and Resolutions. The following gentlemen were appointed said Committee: Cornelius Barcher, Timothy Daly, Dr. Stephen Hasbrouck, John Stewart and Lawrence Langton. During the absence of the Committee the Meeting was eloquently addressed by Jno. M. Bloodgood, Esq. Philip W. Engs, Esq. being called for at the earnest request of the meeting, gave a very satisfactory explanation of his position.

On motion of Mr. Bloodgood, the thanks of the meeting were returned to Mr. Engs for his explanation.

The Committee having returned, through their chairman, Dr. Archer, reported as follows:

Whereas, The Board of Education, on the 17th ultimo, by the combined votes of Whig and Native-American Members of that Board, for the purpose of ejecting a Native-American President, did pass a resolution declaring that Philip W. Engs, the Commissioner of this Ward, was not entitled to a seat in said Board, and did, in consequence, refuse and reject his vote, and did deny him the rights and privileges of a member to which he was justly and legally entitled, thereby securing a pretended majority for the Native-American candidate for President. Therefore,

Resolved, That we deem the aforesaid conduct of the Board of Education a flagrant and illegal exercise of power, a willful disregard of the rights of a fellow member, a perverse violation of their own duties, and a gross outrage on the rights and privileges of Mr. Engs's constituents, the electors of this ward.

Resolved, That this daring attempt of an expiring faction, who, by cunning, hypocrisy and canting fanaticism have artfully drawn into their vortex a few honest men that held the balance of power, should come a trumpet tongued to the people of this City as a small beginning of a second unholy alliance to get power and place if possible with grace, if not any ragged power and place.

Resolved, That we highly approve of the firm and dignified stand taken by our Commissioner P. W. Engs, in claiming his rights, and protesting against the illegal conduct of Whig and Native American Members of the Board of Education, and his firm avowal to appeal to the legal tribunals of the State to reinstate him in his rights.

Resolved, That we are perfectly satisfied with the conduct of P. W. Engs as a Commissioner of Common Schools for this Ward; he has shown himself for three years a liberal and enlightened friend of education, and a firm and unwavering supporter of the present excellent School Law. Although opposed in general and local politics to a large majority of the electors of this Ward, he has twice been elected by a triumphant majority of votes to the office now held, and he has nobly sustained the confidence reposed by them in him; and we pledge to him our cordial support in the effort to obtain by law a restoration of his privileges and our rights.

Resolved, That the thanks of this Meeting be tendered to Mr. Nicholl and his associates in the Board of Education for their manly stand in supporting Mr. Engs in claiming his seat and sustaining the rights of the citizens of the Fourteenth Ward.

Resolved, That as the constituents of P. W. Engs, Esq. one of the duly elected School Commissioners of this Ward, we hereby request him to attend all meetings of the Board of Education and claim his right to vote.

Resolved, That the fraternal embrace of Native American-ism by persons in the Board of Education claiming to be friends of the present School laws in their support of Mr. Johnson, a notorious and intolerant Native American for President of the Board of Education despite their previous declarations and assurances of their hatred of Native Americanism, meets the decided disapprobation of this meeting and is deserving the scorn and contempt of every friend of universal education and equal rights.

Resolved, That Mr. Thos. Dolan, Dr. Stephen Hasbrouck, Mr. John Stewart, Abraham B. Davis, and Mr. Andrew Swize be appointed a Committee, with power to prosecute the demands of this abused constituency to the utmost extent, and that they be authorized to raise among the electors of this city the necessary means to defray all expenses attending the same, and to call further meetings of the citizens whenever they may deem it necessary.

Resolved, That a copy of the preamble and resolutions be served on the Mayor, members of the Common Council, Supervisors and each member of the Board of Education.

Resolved, That the proceedings of this meeting be signed by the Chairman and Secretaries, and be published in the Daily Tribune and Morning News.

JOHN COLVIN, Chairman.

H. W. McDONNELL, } Secretaries.
JAMES CALLAGHAN, }
