AN INTELLIGENT FARMER.—Last week, a gentleman of Lebanon visiting his corn-field, saw on the stalks something that he conceived to be what the farmers called suckers, and stripped them from about an acre of his corn. Meeting some person about this time, he commenced complaining of the number of suckers on his corn, there being, as he said, two on every stalk. The person to whom he spoke, being possessed of more knowledge of the science of farming, examined the field, when he discovered that the gentleman had been stripping his corn of the young ears. INVENTOR OF THE CHEROKEE ALPHABET.—The Cherokee Advocate contains a notice of the wanderings and last days of Sequoyah, or George Guess, the inventor of the Cherokee Alphabet. Some time in the year 1842, accompanied by a few other Indians, he made a roving excursion into the Mexican territory, during which time he suffered much by sickness, which finally overpowered his constitution; and he died in the town of San Fernando, Aug. 1843.

SANDS'S SARSAPARILLA.—'The character of a true philosopher,' says an eminent writer, 'is to hope all things not impossible and to believe all things not unreasonable.' How many men, having dug up a root as unpromising in its appearance as Sarsaparilla, would have thrown it away as worthless. But it fell under the eye of a philosopher; it was applied to the cure of disease, and at length its properties have been developed in their utmost strength and efficacy in the form of Sands's Sarsaparilla, a preparation acknowledged to be the greatest specific known for the cure of Scrofula, King's Evil, and all ulcerous and eruptive diseases.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton-street, New-York. Sold also at 273 Broadway, 77 East Broadway, and by Druggists generally throughout the United States. Price $1 per bottle. Six bottles for $5.

FEMALE BEAUTY—The Hair.—How frequently do the ravages of disease lay waste the delicate form of the fair and beautiful; and though restored again to health, yet those flowing locks which once adorned their head, fall off and never again return to their original beauty. It is inconceivable how any person, more especially a lady, can manifest so much neglect on this point, when a never-failing remedy can be obtained in the genuine Oldridge's Balm of Columbia, from 2 Courtland-street, which will perfectly restore this only neglected part of female ornament. What is a dollar to complete the crowning point of female beauty?

EAST INDIA HAIR DYE.—This is, beyond a doubt, one of the most remarkable chemical discoveries of modern times. It colors the hair, and yet the skin is perfectly safe from its influence. Red or grey hair will become dark-brown or jet-black, after one application. Moreover a great advantage possessed by the East India Hair Dye is this—it may be applied over night, while the head rests on the pillow of repose. This Dye is prepared by Dr. Comstock himself, the celebrated chemist, whose text book is used in the best Colleges and Academies throughout Great Britain and America. Sold by COMSTOCK & CO. 21 Courtland-st.

TAKE NOTICE—A Cure for the Piles.—The worst attacks of this complaint may be immediately relieved and permanently cured by the use of Hay's Liniment and Dr. Lit's Celestial Balm of China. These articles have now been in use for 15 years, and their certainty in curing the worst cases is now well established. Sold at 21 Courtland-st; and in case a cure is not effected, the price will be refunded.

☞ COMSTOCK'S EXTRACT OF SARSAPARILLA, from 21 Courtland-st., for the cure of scrofula, tetter, chronic rheumatism, swelling of the bones, erup ions of the skin, cutaneous diseases, pimples or pustules, ulcers, liver affections, and all diseases arising from an impure state of the blood. Also chronic constitutional disorders will be removed by the remedy. Dose, only $1 per bottle for Sarsaparilla, when Comstock's can be had at 75 cents per bottle, or six bottles for $2, same size as others charge $6 for—a saving of $4.

☞ HAY'S LINIMENT—warranted to cure any case of Piles. Dr. Spinn's Sick Headache Remedy—a certain cure in all cases. Also, Comins' Magical Pain Extractor—for burns, corns, rheumatism, tooth-ache, sore eyes, erysipelas, chilblains, &c. Caution—buy only at 21 Courtland-st., N. Y.

EAST INDIA HAIR DYE!—This chemical preparation will color the Hair any shade, from a light brown to a jet black, and not injure the Hair or stain the skin. Sold at 21 Courtland-st.

SONGS FOR THE PEOPLE—No. IX.

AIR—"We met"

We met, 'twas in a crowd, and I fear'd he would shun me;
He came, I could not breathe, for his gaze was upon me;
He spoke, his words were cold, for my face was now altered;
I knew he saw my pimples, for his deep-toned voice faltered.

And once again we met, and a fair girl was with him—
She smiled, and saw my freckles; 'twas through these I had lost him.
He breathed to me a thing that would my pimples soon blister,
And quickly make me fit for—the bride of another.

I wore a bridal robe; my neck rival'd its whiteness—
My face was clear and spotless; my looks filled with brightness,
For I have washed with Jones's Soap, and as all can discover
I am free from all eruptions—I am the bride of another.

☞ Reader, honestly and sincerely, though we thus puff and poetise Jones's Chemical Soap, and Jones's Hair Restorative, we can conscientiously assure you (as can hundreds who have used them) that for the purpose required they are the most excellent, useful and beautiful things ever made. The Soap will cure pimples, freckles, salt rheum, scurvy, or any eruption or disfigurement; it will make dark sunburnt skin, in a short time, clear, white, fair, beautiful, and free from spot or blemish. The Jones's Hair Restorative is known to be the best thing ever made, for though it makes hair, however harsh or dry it may be, clean, soft and silky; it forces hair to grow, stops it falling off, cures the scurf or dandruff, and keeps it in order thrice as long as any other article. Both are sold only at the sign of the American Eagle 82 Chatham-st. and 524 Broadway, N. Y.; 137 Fulton-st. Brooklyn; 8 State-st. Boston; 3 Ledger Buildings, Philadelphia, and 57 State-st. Albany. jy28 eodtf

The Detroit Daily Advertiser states in relation to the Farmers' & Mechanics' Bank that Mr. Seymour will not probably remain permanently in the office of President, and that Mr. Wells is anxious to leave the Cashiership.

The Montpelier Watchman states that the stock of the Central Railroad has been taken, and that "no human power can prevent the construction of the Road from Cheshire Bridge to Lake Champlain."

The Loan of the City of Buffalo for the purpose of taking up the floating orders has been taken by R. H. The Lancaster Union says all doubts of the erection of a Cotton Factory in that place are now removed. Over $100,000 have already been subscribed, leaving but a mere trifle yet to be raised. Eligible lots have been secured, the brick and other materials contracted for, and a Committee have visited New England with a view of making arrangements for all the necessary machinery, &c. The building is to be 200 feet in length by 50 feet in breadth, and of sufficient capacity for 6000 spindles and 200 looms, and will require about 300 operatives, and manufacture 2,500,000 yards of Cotton Cloth per annum. The machinery is to be driven by a steam engine of 200 horse power, of the most approved construction. The building, &c. of itself will cost above $25,000, and the engine and machinery about 64,000.

The Ohio Board of Public Works, at its late session, made several very important changes in the rates of toll on the improvements of that State. Among the most important are the following, which take effect from the 1st day of August:

From River to Lake, Coffee, Crockery in Crates, Glass and Glassware, Molasses, Sugar, Manufactured Tobacco, White Lead and West India Fruits will pay $1 25 on each 1000 pounds. The intermediate distances are reduced considerably, in no instance to pay over $2 per 1000 lbs.... Linseed and Corn Oil, $1 50 both ways. Ohio Lard Oil, $1 25 do, with a reduction on intermediate distances. This reduction is carried to a variety of articles not enumerated above.

Markets.—*Carefully Reported for The Tribune.*

SATURDAY, July 26.

There continues to be a fair demand for Pots at 3 8⅛. Pearls are quiet at 4 06½. Sales all good bills Pots offering at that rate.

COTTON.—The transactions to-day, as far as reported, are very light, but the market is as buoyant as has been before noticed. Sales are som 300 bales, and of the week about 7000 bales. There is considerable difference of opinion as the amount of stock here, the estimates ranging from 20,000 to 30,000 bales. There are nominally on the market some 10,000 bales, but a large portion of it is held a shade higher than current rates.

QUOTATIONS.	*Upland & Florida.*	*Mobile & N. Orls*
Inferior	none.	none.
Ord to good ord	6½@6¾ cents.	6½@7 cents.
Mid to good mid	7 @7½ "	7½@7¾ "
Mid fair to fair	7½@8¼ "	8 @8¼ "
Fully fair to good fair	8½@9 "	9 @9½ "
Fine	nominal.	nominal.

FLOUR AND MEAL.—The demand continues moderate, although better during the last few days than for the week previous. The receipts are to considerable extent. The market is heavy, but with no market. Genesee, according to freshness and order, ranges from 4 12½ to 4 37½. A good brand of pure Genesee, in good order, cannot probably be found below 4 31¼. A parcel out of store, 500 barrels, sold at 4 25, while a lot afloat, inspected at Troy, we believe, was forced off at 4 18¾. Ohio and Michigan range from 4 00 to 4 25, according to condition. In Southern there is more activity, and during the week some 1500 barrels Georgetown have been taken for shipment at 4 75.

GRAIN.—The supplies of Wheat are considerable, but we hear of no sales, holders asking more than buyers can give. Corn is not very plenty, but the demand is limited. We notice a sale of 700 bushels Rye, in the ship, at 66 cents. Oats are 43 cents for Northern.

WHISKY.—The market is firm, and bbls. are wanted. We note sales 200 Western and Prison at 21½@22 cents. Drudge has improved, and considerable sales have been made at 21 cents.

SEEDS.—We notice a sale of 150 barrels Ohio Clover at 6¼ cents. The demand is fair.

PLASTER.—A cargo of Eastern, delivered up the River, sold at 2 94, cash.

PROVISIONS.—There is no particular change, but Pork is rather heavy. Sales of 600 or 700 barrels old Prime were made at 9 75, and more offered at that rate. In other descriptions we heard of no operations. Sales 150 barrels Mess Beef at 9 37½. Lard is in good inquiry and firm. Sales 500 barrels, part not very good, at 7½@8 cents.

GROCERIES—*For Three Days.*—There has been an increased demand for Sugars, and although the market is firm, holders have met buyers pretty freely, and prices are now the same as before the recent loss by fire was sustained. The sales are 200 hhds. New-Orleans and New-Iberia, at 6@7¼ cents; 550 Porto Rico, 7@7¼; and 200 St. Croix, 7¼@8, 4 mos. The stock of all descriptions of Coffee is light, and of St. Domingo there is now little or none of first hands—the market is very firm, and holders generally require advanced rates. The sales are 1000 bags Brazil at 6¼@7¼ cents; 200 Maracaibo, 6¼@7¼; 130 Java, 8¼@9; 150 Green do 8; 100 Sumatra, 6¼, usual time; and 500 St. Domingo, for export, 5¼ cents, cash.

NAVAL STORES.—We notice sales of 2500 barrels Rosin at 68@70 cents, delivered, for Wilmington, and 55@56, for Washington and Newbern; 100 casks Spirits Turpentine, 30 cents, cash, and 40, 4 months, and we understand some in small lots, at higher rates.

OILS.—We know of no sales of Whale. There has been more demand for Linseed, and some 10,000 gallons best American have changed hands at 66 cents; and 500 do English, 75, cash, which, for the latter, is an advance; 100 baskets Marseilles Olive sold at $3, 4 months; some in casks, 92, 6 months; 32 pipes on private terms. The large sale Lard Oil reported yesterday, was for export, at 65@67 cents.

DYEWOODS.—The markets remain steady at our quotations, which we do not materially vary from last week. Owing to the interruption of business, caused by the recent fire, the transactions have been moderate, embracing but about 80 tons prime St. Domingo Logwood at $10; 11 tons superior cleaned Hache Wood, $50; 16 tons Maracaibo Fustic, $14; 12 tons prime Cuba, $30; a few tons bright Campeache Logwood, $27, all cash; and a small cargo Tobasco Logwood, on terms not transpired.

FISH.—The market generally is without animation, and we have heard of no sales since our last worth reporting.

FRUIT.—There has been an improved demand for Raisins, and we notice sales of 600 boxes good Bunch at $2 52@$2 37½; 1200 do inferior, $2 20; 400 half boxes $1 12½@$1 15; 500 qr. do 55 cents; 1650 boxes layers, $2 50; 400 bf. do $1 25; 200 boxes Cluster, $1 25—all of which are now held higher.

METALS.—Some 200 tons Gartsherrie Pig Iron have been sold at $32 50, 6 months; and 100 tons Swedes, $80, on time. In English Bar there is nothing doing—$70 is demanded. New Sheathing Copper is steady at 22½ cents, 6 months—4000 ℔ Old, sold at 17½ cents.

TEAS.—The market for Green continues firm, holders evincing an indisposition to realize, except at an improvement of 3@5 cents ℔ ℔ on previous rates; 500 half chests Country Young Hyson sold at 36@40 cents, 6 mos.

RICE.—For prime parcels and those free from weevil, holders are firm, and we have no variation to make as regards prices. The sales have been principally in small parcels, amounting to 300 tierces and 40 barrels, from $3 31½ to $4, cash.

SALT.—There have been sales of 6300 bushels Turks Island and 324 barrels Curacao at 24 cents; and 8271 bushels Turks Island, on terms not transpired. There have been no arrivals of Liverpool recently. By auction, 3678 bags Syracuse Fine sold at 13 cents, cash.
