☞ The REPUBLIC is the name of a new tri-weekly paper to be published in Washington, of Whig politics.

☞ We will not urge people, but only set before them the plain, unvarnished facts which can be fully sustained, that by application at 21 Cortland-st. families are supplied with medicines much safer, cheaper, and more certain to accomplish cures than is ever obtained in any other way. There is no one medicine to cure all and every kind of complaint, but separate and different articles for different disorders, and the necessary medical advice always given with pleasure. As in cases of burns and scalds it has always been held that *bad scars* must follow; but experience has fully proved that *Connell's Magical Pain Extractor* heals all sores and burns without leaving *any scar*, and at less than one-eighth the cost that it can be done by anything else, relieving all the smarting pain in fifteen minutes. Again, people use other remedies for months, and then find their rheumatism is little or no better, when the *Indian Vegetable Elixir* at 21 Cortland-st. never fails, and the *Indian Liniment* arrests and effectually cures rheumatism in one week. These are not vain puffs. Experience has proved them incontrovertible and indeniable facts, and those who profit by them will not be deceived or feel that they have not had more than the full equivalent for their money.

☞ How many ineffectual efforts are made to cure Rheumatism, from an ignorance of the true science by which this formidable disease is eradicated. There is but one method, and all we adopt is different one, must fail. The true and only cure is the Indian Vegetable Elixir to the internal nervous expansions, and the Nerve and Bone Liniment to the external part affected. This cannot fail, as the nervous field causing the violent rheumatic pains cannot escape the action of this antidote. At 21 Cortland-st. the only true and genuine article is kept for sale.

☞ A beautiful Coach Varnish for Stoves and Pipes, an article by heat less than red hot, easily applied and lasting in effects, has been shown us at 21 Cortland-st. which surpasses any thing before known for such purposes. No house-keeper would do without it after seeing its utility.

SAVE YOUR LEATHER.—The Oil of Tanin prevents cracks and keeps out the water, and at the same time increases the durability one-half. 21 Cortland-st. is the only place to find it.

IMPROVED READINGS OF THE POETS.

KENALY.

There is a beauteous, little dame,
Take care! take care!
She has heard of GOURAUD'S name,
Ah! sir, beware!
She has tripped to Walker-st.
On her silver-shining feet,
And the use of Gouraud's Soap
Giveth now her charms full scope;
Ah! take care!

She has little snowy hands,
Take care! take care!
Like white lilies twined in bands,
Ah! sir, beware!
Her lips like parted cherries are;
Her cheeks than roses rudder far,
Touch them, too, like roses soft—
Kiss them (if she'll let you) oft;
Ah! take care!

The success of Gouraud's Italian Medicated Soap in the removal of Erysipelas, Scrofula, Ringworm, Pustules, Blotches, Spots, Tan, Freckles, Sallowness, Sunburn, or any other like cutaneous disfigurements, is unparalleled in the history of Chemistry. In addition to its great usefulness as a clarifier and whitener of the skin, it is the most delicious Shaving Compound known—and can be used with either hard or salt water. Gouraud's Poudres Subtiles will positively extirpate every vestige of superfluous human hair; and that, too, without injuring the most delicate skin. Gouraud's Oreelan Hair Dye is the only reliable article for coloring red, light, or grey hair a rich brown or black.

The world renowned Toilet Preparations of Dr. Felix Gouraud, can only be obtained genuine at his well known depot, 67 Walker-st. first store from Broadway.

JONES'S ORIGINAL POEMS—No. 6.

And so another link of life is broken,
Another tie that made life's life more bright,
And love, affection, friendship, all was spoken,
But to make future days as dark as night.

And could not my sincerity—my heart's best feeling
Soften that good, yet selfish heart of thine
Or are these blotches on my face revealing,
That you would have my face and neck more fine.

O speak but one kind word, and I will hope,
I know that every freckle, blotch and pimple
Will vanish at the touch of Jones's Soap, [dimple.
And leave my skin clear and smooth with smile and

And tho' my hair is grey and rough and wiry,
Filled with scurf and falling, I've but to give
A tribe that will make it dark (not fiery,)
The Jones's famous Hair Restorative.

☞ The effects sublime and glorious, the soap on the face and the other on the hair. Jones's Soap (as all know who have tried it) will cure any disease of the skin, and make it clear, healthy, lovely and beautiful, removing sunburn, tan, &c. Jones's Coral Hair Restorative (only 3 shillings for a trial bottle,) will force the hair to grow, stop it falling off, cure scurf or dandruff, and make light, red or grey hair grow dark and fine. It is the cheapest and best article ever made for the toilet and for dressing the hair. Depots, 5 Astor-h. for Jones's articles, will take place of other. Sold only in New-York, at the sign of the American Eagle, 82 Chatham-st. and 321 Broadway, and 139 Fulton-st. Brooklyn. s19 2teod

☞ **Steam Boat Notice.**—The Boats of the Express line now start at six o'clock instead of seven from the foot of Robinson-st. s22

☞ **Grand Rally at Brooklyn.**—The fourth rally of the Temperance Legions, under the direction of the General Temperance Council, will take place in Brooklyn, at the City Hall Square, junction of Fulton and Clinton sts. this (Monday) evening. Addresses will be delivered by Ex-Mayor Harper, Hon. Morris Franklin, Dr. D. M. Reese and Wm. E. Dodge. Singing by Messrs. Walden, Powers and others. George Hall, Esq. will preside.

The teetotalers of the "Rejected City" will meet at National Hall, Canal-st. at 7 o'clock precisely, and march in procession to the meeting, attended by the whole of Dingle's celebrated Washington Brass Band and appropriate banners.

J. W. OLIVER, D. McLEOD,
D. CADY, JOHN MARTIN,
J. P. BRINKERHOOF, Committee of arrangements.

☞ **N. Y. Scientific Association.**—A regular meeting of the above will be held at their usual place of meeting, No. 86 Warren-st. this (Monday) evening, the 22d inst. at 7½ o'clock. Punctual attendance is earnestly solicited.—By order of the Association.

CHAS. F. HARRIS, Secretary.

☞ **Erie Railroad.**—The Mechanic's of the city of New-York, and all who are desirous to promote the success of this great work, so important to all the interests of the city, are requested to attend a meeting to be held at the Institution of the GENERAL SOCIETY OF MECHANICS AND TRADESMEN, Nos. 32 and 34 Crosby-st. on Wednesday evening, the 24th inst. at 7½ o'clock.

COMMERCIAL AND MONEY MATTERS.

☞ *For Sales of Stocks, see Last Page.*

SATURDAY, P. M.

The Stock market to-day was very buoyant and Norwich and Worcester and Long Island went up about 2 per cent. The "fancies" generally felt the upward impetus of the market and the good dividend paying stocks were firm. The transactions were large. The news by the steamer is favorable excepting for Flour, and the fear of a short Harvest having subsided there is no reason to anticipate an unfavorable change in the English money market. For many of our staples, including Cotton, the advices are decidedly good and must have more or less favorable influence on our money and stock market.

The apprehension of a collision between this country and Mexico had tended to depress the market for American securities in London, and Pennsylvania 5s were quoted at 67½ @ 69, which is 1 to 2 per cent lower. Holders, however, were not pressing sales and later advices would doubtless replace our stocks in their old position. There was very little, even in British stocks, the attention of capitalists being taken up with the Railroad enterprises. The following are the quotations:

Ala. 5s $	63 @ 66	Md 6s $, 5s stg	60 @ 65
Ala. stg	70 @ 74	Mass. 6s '52, 5s stg	20 @ 25
Illinois 6s	33 @ 36	N. York 5s	88 @ 91
Indiana 5s $ stg	31 @ 33	Ohio 6s	86 @ 88
Kentucky 6s	89 @ 91	Penn. 5s	67½ @ 69
La. 5s 1857	80 buyers	Tennessee 6s	88 @ 90
La. 1848	68 @ 70	N. Y. City 5s	86 @ 88
Mass. 4s stg	101 @ 103	U. S. Bk shs	22 @ —

The arrivals at this port during the week ending 18th were 29, of which 22 were American. The clearances were 34, of which 15 were American. No passengers arrived 936. The exports were $569,603. Exports of Specie $107,600.

Something over $200,000 of the Stoc of the Syracuse and Oswego Railroad has been taken at Syracuse, Oswego and at other towns along and near the route. In about a week the subscription books will be opened in the City of New-York to secure the balance, $150,000, required. So favorable is the route, that it is considered certain that the whole whole line (36 miles) can be put in operation with a heavy rail for the capital stock, $350,000. If so, this will be the cheapest Railroad in this country.

At Baltimore the money market is in a favorable condition and the Banks are loanig with freedom. The inquiry is the usual one of the season. The street negotiator has little to do. No transactions under 6 per cent. Bills on Eastern cities are abundant at par @ ¼ prem. Coupons are in moderate demand at 79 @ 80. Bills on England have not been in much request the past week at 9¼ @ 10¼ per cent prem. Maryland six per cents 80 @ 79¾; sterling 5s, 69.

Markets....*Carefully Reported for the Tribune.*

SATURDAY, September 20.

ASHES.—The market is quiet but steady, at 3 87½ @ 3 94 for Pots, and 4 25 for Pearls.

COTTON.—We have given, in another column, the operation of the Liverpool Cotton market, up to the week ending 29th Aug. On the 30th the sales were 8,000 bales—7,000 American, of which 3,000 were on speculation—the market closing firmly at the extreme price of the previous day. On the 1st Sept. the sales amounted to 12,000 bales, 11,000 American, of which 4,000 were to speculators—the market closing firmly, with a trifling advance on the common and middling qualities of American. On the 2d Sept. the sales were estimated at 8,000 bales, 5,000 American—3,000 to speculators, of which 1,700 bales were American—the market very firm at the extreme prices of yesterday. On the 3d, the sales reported were 12,000 bales, 10,400 American, of which 3,000 were taken by speculators—the market closing very firmly. The accounts brought by the Britannia are looked upon as the most important in relation to Cotton that have been received for some months. The question of the English harvest is settled, and if not quite as favorably so as might have been expected two months ago, certainly much more so than could have been hoped for on the receipt of the Great Western accounts. An average crop will be secured, and the great question of cheap food being settled, the consumption of Cotton will continue unchecked, and no decline in the price in Liverpool need now be apprehended for some time. The Cotton market in this City for the last two weeks, under the apprehension of a partial failure of the crops in England, has been very quiet, and sales have been quite moderate. Buyers and sellers being indifferent about operating, to effect sales some concession has been made particularly during this week, though the quotations have by no means been as low generally as has been given. On receipt of the news this morning an active demand set in, which has resulted in sales during the day of about 4,000 bales at somewhat irregular prices. The sales have been principally for shipment, though speculators have been purchasing in expectation of an advance. We annex quotations, and remark, that though these figures are about ¼ c. over what could have been obtained for any considerable lot yesterday, they are not much, if any, above what a large quantity could have been purchased at, the majority of holders preferred waiting this steamer's accounts before selling any large parcels.

FLOUR AND MEAL—The advices by the Steamer being to the effect that the English harvest would be nearly an average one, the Flour Market to-day was unsettled and there was but a moderate business done by the regular trade. Several of the parcels which were bought in anticipation of the English advices justifying shipments have been thrown on the market and could have been bought at 4 @. The current rate at which receivers held was 4 75 @ 4 81½. We notice a sale of 2000 bbls. Michigan at 4 50, deliverable, sellers option 60 days. Sales 400 bbls. round hoop Ohio scratched at 4 37½. In Southern there is nothing doing.

METALS.—Holders of Pig Iron generally ask $35, since the steamer's advices were received and some have withdrawn their lots from market. We note a sale of 200 tons at $33, which shows an advance on the last sales. There have been sales of 50 tons Plate Spelter at 5¼ cents, 6 mos; and 25 do 5¼, cash—the stock is now reduced, and holders are firm. New Sheating Copper is in good demand, and sells quickly at 23 cents, 6 months. 4000 ℔ old Copper and Composition sold at 17½ cents, cash, for the former, and one-third less for the latter.

GRAIN.—In Wheat, with a fair supply, there is not much doing. A parcel of Genesee, 1,000 bushels, sold at $1 03½, and 1,500 do were sold on terms not made public. Sales 800 bushels good Barley at 67 cts, and 1,000 do Rye, at 68 cts. delivered. Corn is rather dull. Sales 1,600 bushels Southern Corn at 53 c, delivered. Oats are 41 @ 42. Sales 1,800 bushels Southern, a day or two since, at 33½ cts.

BEESWAX.—We notice sales of 4,000 ℔ prime Western and Southern Yellow at 29½ cts, cash.

BRICKS.—North River Hard remain steady at 3 25 @ 3 50 ⅌ M.

COFFEE.—There is a good demand for Brazil and St. Domingo, the stocks of which are light, and for the former prices are ¼ of a cent ⅌ ℔ higher; other descriptions are in very limited request. The sales include 5,000 bags Brazil, part new crop, at 6¼ @ 8¼ c; 1000 Java, 10; 250 Laguayra, 8, 4 months; and 750 St. Domingo, for export, 6¼, cash.

COAL.—There has been sales of 350 tons Fine Newcastle at 6 50; 100 do Pemberton, 7, cash; and 180 do Coarse Newcastle, on terms we did not learn.

DYEWOODS. The demand for every description has been very limited during the week, and with the exception of about 45 tons Savanilla Fustic at $17 @ $18, cash, we have not a sale to report. The stock of Logwood of all kinds is ample; with Fustic and Nicaragua the market is but poorly supplied.

FISH.—There is less activity in the market, and prices of Mackerel are quite unsettled. Dry Cod are held at $2 62½; 500 bbls. North No. 2 Mackerel sold at 6 25 @ 6 50—some inferior, $6. No. 1 in lots, $13 @ $13 25; and 1000 boxes Scaled Herring, which are plenty and dull, 50 cents. Pickled Salmon in bbls. are offered at $15.

FRUIT—The sales include 500 bxs Bunch Raisins at $2 30, cash, and $2 35, 4 mo.

FEATHERS.—We have to notice a sale of of 1400 ℔ inferior Western at 25 cents, cash, and 5000 do prime at 33 cents, cash.

HEMP.—We notice sales of 150 bales Dew-rotted American at $90; 35 do Sisal, $130, 6 months; and 3,200 do Manilla, to arrive, on terms not transpired.

HIDES.—We have no sale to report, except 800 Laguayra, on private terms.

HOPS.—About 50 bales Eastern have been inspected and sold for export, on private terms; and 20 do uninspected, by retail, at 13 @ 15 cts. cash. There have been as yet no new Western received.

LIME—There have been some further arrivals of Thomaston, and a few cargoes sold at 98 @ 100c, at which the market is steady, and the demand good.

LATHS—Eastern continue extremely scarce, and the stock in dealers' hands is well nigh exhausted; we quote $1 43½, cash, and $1 50, on time.

MOLASSES—Remains as last noticed, with further sales of 600 hhds Porto Rico at 27 @ 29c, the latter price for prime; 100 Neuvitas, 31; 65 Cuba 25, 4 mos.; and 200 sour do for distilling on terms not made public.

NAVAL STORES—Turpentine has continued firm.—Rosin and Tar dull; the latter, which has become quite plenty, may be quoted 2 @ 2 25 for common and selected, without sales. Spirits Turpentine is without material change—sales in lots being made at 40 @ 41c, cash, and 42 @ 43, 4 mos.

OILS—In Whale there has been nothing done—the last sale was at 34c. Linseed is without change. The sales of Manufactured Sperm are to a fair extent. Lard Oil is in good demand at 65c for Summer, and 70, 4 mos. for Spring. A small lot Marseilles Olive in baskets sold at $3, 4 mos; and 80 bbls Bank and Shore, from the vessel, $13 @ $13 25, cash.

SUGARS—There is no new feature in the market for Muscovado, which remains rather heavy, there being an indisposition on the part of buyers to operate to any extent, except at a reduction in prices. The sales include 200 hhds. Porto Rico, for export, at 4½ @ 5 cents, cash, short price; 200 do. in lots, 7½ @ 7¾; 250 St. Croix, 7½ @ 8; 300 New Orleans, 6½ @ 7¼; 350 boxes Brown Havana, 8½ @ 9¼; and 60 White do, 10½, 4 mos.

SALT.—We notice sales of 500 sacks Liverpool Ground at $1 05.

SEEDS.—A parcel of 100 tcs Pa. Clover sold at 9 cts, cash.

SKINS.—Sales have been made of 3000 Curacao Goat at 48 cents, 6 mos. By auction 1 bale Nutria sold at 16¼ cents, 4 mos.

SOAP—We notice sales of 2 @ 300 boxes Red-mottled Castile at 8 cents, cash.

PROVISIONS.—The market for Pork is dull and the demand limited. Further sales 300 bbls. Mess were made at 14 25, but it could afterwards have been bought at 14 18¾. Lard is firm under the foreign advices and 1200 kegs sold at ⅝ @ ¾ c usual rate.
