MARRIED:

On the 14th, by Rev. Mr. Clelland, Peter L. Bonesteel to Mary Ann Duncan.

On the 15th, by Rev. Mr. Bissel, Rev. A. T. Twing, of Lansingburgh, to Amelia E. Barber.

At Hudson, 5th, Alonzo Owens to Lorilla Brusil, of Mass.; 9th, Samuel Mather to Margaret Draper.

At Albany, 8th, Dennis Cushing, of Chicago, to Charlotte I. Loomis; 9th, John G. McA. Armitage to Rose A. Fitzpatrick; 13th, James Evans to Eliza Downs.

At Canandaigua, 9th, Theodore Pomeroy to Sarah S. Royce; 4th, Robt. M. McKane to Deborah Ann McKane; 5th, Fisher W. Griswold to Jane Stiles; 7th, Lucius Bremonding to Hannah Mead.

At Saratoga Springs, Joseph H. Toone, of New-York, to Clara C. Coleman.

At Manhasset, L. I. 8th, James M. Moore, of Mobile, Ala. to Cornelia P. Onderdonk.

At Schaghticoke, 25th ult. Daniel Lighthall to Jane M. Groesbeck.

DIED:

On Sunday, 19th inst. Mrs. HANNAH GOUGH, wife of the late Joseph Gough, aged 109 years, 11 months and 3 days.

The friends of the family, and of her grandson, Edward M. Hoffmire, are respectfully requested to attend the funeral on Tuesday afternoon, 21st inst. at 4 o'clock, from her late residence, No. 135 Reade st.

On Sunday night, 19th inst. Mrs. FRANCES CHANDLER, in the 86th year of her age.

The relatives and friends of the family, and those of her son-in-law, Lawrence Ackerman, and daughter, Mrs. Mary Bloodgood, are respectfully invited to attend the funeral on Tuesday afternoon, 21st inst. at half past 3 o'clock, from the residence of her son-in-law, No. 133 Franklin-st, without further invitation.

On the 19th inst. ELIZABETH MASTEN, infant daughter of Louis and Elethea Blanchet, aged 15 days.

At Clinton, Oct. 15th, in the 23d year of his age, ALMIRON S. VAN ANTWERP, a member of the Sophomore Class in Hamilton College.

At Bordentown, N. J. 20th ult. Major WILLIAM TODD, a soldier of the Revolution, aged 92.

At Milton, Del. 1st. Hon. Samuel Paynter, Ex-Governor of Delaware.

THE COTTON CROP.—From the information we can gather from different sections of this county, we think the Cotton crop will be nearly as large as last year. The fine weather has opened nearly every ball, which is something unusual, and has enabled the planters to pick their cotton without much inconvenience. [Murfreesboro' (Tenn.) Journal.

INFAMOUS.—Two bodies were found in a warehouse at Ashtabula, Ohio, a few days since. They were recognised as those of a Mrs. Preston, and a child of S. M. Austin, of Austinburgh, and had been taken from their graves by a Dr. Silby, of that place. The Dr. fled, and was hotly pursued at Cleveland.

☞ There are many visitors in this city, who are waiting the results of the bids that have been put in for the Navy yard at Memphis. We understand that there are nearly one hundred offers for the contract. The subject is still under consideration—no decision having yet been made upon the matter. [Wash. Union.

☞ THE LAWS OF VITALITY, which in the earlier ages were wholly misunderstood, are now no longer a mystery. Investigation and experiment have demonstrated that upon the condition of the blood depends the health of the body. The seat of disease being ascertained the next object is to select the preparation best adapted to counteract the noxious effects of the virus by which it is gendered. To that species of morbific matter which developes itself in diseases of the glands, the flesh, the muscles, and the skin, Sandy's Sarsaparilla is acknowledged to be a valuable and, if administered in time and accompanied by common precaution, an unfailing antidote.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton-st. New-York.—Sold also at 273 Broadway, 77 East Broadway, and by Druggists generally throughout the United States. Price $1 per bottle. Six bottles for $5.

☞ At this season of the year nothing is more common than colds and coughs, affecting the respiratory organs, and if neglected the terminus is consumption, the vessels freely discharge, and remove all danger. It can be had at 21 Cortlandt-st. o21 2teod

☞ Quite an improvement in curing Piles has been effected of late, at 21 Cortland-st. by combining Hayes' Liniment with the Balm of China. This will cure the worst case. o21 2teod

☞ Save your money, by purchasing Sarsaparilla at 21 Cortland-st. for 50 cents per bottle; and Wistar's Balsam of Wild Cherry for consumption, is sold at the same place. o21

☞ How absurd, to continue to suffer with Rheumatism! Why the Indian Vegetable Elixir and Liniment is a sure, infallible cure for the disease. It is found at 21 Cortland-st. o21

☞ Japan Varnish for stoves and grates at 21 Cortland-st giving a splendid polish unaffected by heat or wet, and will last a year, preventing rust. o21 2teod

☞ Gourand's Italian Medicated is the most extraordinary discovery ever made for the cure of pimples, blotches, tan, sallowness, and all skin injuries, ever invented. Found only at the Original Depot 67 Walker-st. 1st store from Broadway. 50 cents a cake. o21 2t

JONES'S ORIGINAL POEMS. NO. 6.

And so another link of life is broken,
Another tie that made life's life more bright,
And love, affection, friendship, all was spoken,
But to make future days as dark as night.

Am I could not my sincerity—my heart's best feeling
Soften that good, yet selfish heart of mine,
Or are these blotches on my face revealing,
That you would have my neck and face more fine.

O speak but one kind word, and I will hope,
I know that every freckle, blotch and pimple
Will vanish at the touch of Jones's Soap, [dimple.
And leave my skin clear and smooth with smile and

And though my hair is grey and rough and wiry,
Filled with scurf and falling, I've but to give
A little tax will make it dark (not fiery,)
The Jones's famous Hair Restorative.

The effect is sublime and glorious, the soap on the face, and the other on the hair. Jones's Soap (as all know who have tried it) will cure any disease of the skin, and make it clear, healthy, lovely and beautiful, removing sunburn, tan, &c. Jones's Coral Hair Restorative, (only 3 shillings for a big bottle) will voice the hair to grow, stop it falling off, cure scurf or dandruf, and make light, red or grey hair, grow dark and fine. It is the cheapest and best article ever made for the toilet and for dressing the hair. Mind, ask for Jones's article, and take no other. Sold only in New-York at the sign of the American Eagle, 82 Chatham-st, and 821 Broadway, and 139 Fulton-st. Brooklyn. o18 2teod

NEWBURGH, Sept. 21, 1845.

Mr. EDWARD PHALON, No. 214 Broadway:

Dear Sir:—My eldest daughter has made use of the three bottles of Balsam or Hair Invigorator I got of you with complete satisfaction, and feel confident that nothing else would have restored her hair, for she had previously used many things for that purpose without avail. I shall call and see you when I come to New-York in a few days.

I remain truly, WILLIAM F. VAN DYKE.

For Agents, see advertisements.

COMMERCIAL AND MONEY MATTERS.

☞ *For Sales of Stocks, see Last Page.*

MONDAY, P. M.

The tendency at the Board is still downward, and the "fancies" are ¼ to ½ per cent lower than on Saturday. At the Second Board more firmness was evinced, and an improvement took place in some of the "footballs."

In Exchanges there is little or nothing doing. Sterling is 9¼@9½, Francs 5 25@5 23¾.

The Erie Railroad Co. have collected upwards of $160,000 of the first instalment, being 5 per cent on $3,200,000.

A Convention of the claimants for spoliations by France, prior to 1800, is called to be held in this city on the 20th inst. The Committee consists of George Griswold, Joseph Delafield, Bache McEvers, James B. Murray, G. G. Van Wagenen, Theodore Sedgwick, Walter R. Jones, Frederick De Peyster, Henry E. Pierrpont.

The decline in Morris Canal stock which has recently taken place, carrying it 3 per cent below the amount of the instalment paid up last Summer, induced us to apply for information as to the business and prospects of the Company at head-quarters, that we might give the true state of the case to our readers, and, if the Wall st. rumors were false, perhaps prevent some stockholder from sacrificing his stock at a heavy loss. We learnt that the Canal is now in excellent order, with plenty of water since the rains of a few weeks since. In the dryest time, when the Pennsylvania Canals had no water, the Morris passed boats with a few hours detention only. The last month was almost beyond precedent dry. The company are engaged in enlarging their reservoirs, so that in future there can be no deficiency in water. All the boats on the Canal are fully employed in the way business, and more are wanted for the supply of coal to the numerous manufacturing establishments on the line of the Canal. One iron concern alone at Stanhope uses 7,000 tons of coal per annum. This work was in operation late in July, during which month but little was done. In August the tolls were but $2,215—a break in the Canal having caused a loss of 11 days. In September the receipts of the Company were quite $10,000, and in the present month they will not vary much from this amount. The Company would have made early in the season large contracts for the freightage of coal, if those who wished to contract could have been assured that the Canal enlargement would be completed in time to pass the coal before the close of navigation. For another season these contracts can be made. In 1838 the Canal income was $106,000. The Canal has now, with no further improvement, the capacity to earn $150,000 to $175,000 with the same facility as $106,000 in 1838. The annual expenses of the of the work are about $40,000. A receipt of $150,000 would leave $100,000 profit, equal to 11 per cent on the capital. The business of coal avenues appears only to be limited by their capacity, and the business of another season on the Morris may put another face on the value of the stock. About $250,000 have been expended in the improvement of the Canal by the associates, and it is expected that about $200,000 more will be required to carry out to completion the plans of the Directors. This money is furnished as fast as needed, by those interested. The Directors are Messrs. J. J. Coddington, John C. Green, Geo. Griswold, John A. Wilink Z. C. Cook, jr. J. W. Alsop, J. R. Varnum, Jacob Le Roy, Chester Clark, Sam'l R. Brooks, E. R. Biddle, Thos. Tileston, John Rankin, B. Williamson, Essex; —— Scofield, Morris; R. McFarland, Dover; F. T. Frelinghuysen, Newark, and Messrs. Southmayd, McMorton, of Jersey City; D. Taylor, President, and J. J. Bryant, Cashier. The high respectability of the Directors is a guarantee that the affairs of the Company are faithfully administered. We have given above such information as we possess in relation to this Company; those interested must give as much weight to it as they see fit. We have reason to believe that some of the largest stockholders are now, and have been for some time past, buyers of the stock and are perfectly willing it should sink to 20 or 15, that they may buy the cheaper.

The Hampshire Manufacturers' Bank, at Ware, has declared a semi annual dividend of three per cent.

Thompson's Bank Note Reporter Extra gives an account of a new and dangerous Counterfeit, 50's on the Phenix Bank of this city, admirably well executed and calculated to pass through the hands of good judges. They are not, however, imitations of the genuine 50's of this Bank, and may easily be detected by observing that the counterfeit has the "*Phœnix*" (spread eagle) near the centre of the note, over "Phenix Bank," and the genuine has it near the left end. These notes have been put in circulation at the West and in Canada.

The Union Bank has declared a semi-annual dividend of *four* per cent. payable on the 1st of November.

The State Treasurer of Pennsylvania has canceled and delivered to the Auditor-General for destruction $95,000 in notes issued under the act of 4th May, 1841. The whole amount of those notes now remaining in circulation but little exceeds $1,200,000.

Henry Ravenel, Esq. has been elected President of the Union Bank, Charleston, S. C. to supply the vacancy occasioned by the death of Rene Godard, Esq.

A private letter from Liverpool, dated October 3, says:—"The discount market in London is higher, say 3 per cent. for short paper, and for long brokers' paper even 4 per cent. is freely paid, but this arises from the enormous demand for money to make up the hundreds of railway schemes now projecting and to be presented to the next Parliament for bills. It is estimated that the deposites with the Accountant-General, for the numerous bills now in preparation, will lock up for the time some ten or fifteen millions sterling. This enormous absorption of capital will keep money dear, that is to say, not less than 4 per cent. for commercial purposes, for a long while to come, and will prevent capitalists from being obliged to look to foreign securities for safe employment for the daily increasing surplus capital of the kingdom.

I would therefore say, do not look to this side for an early market for your State stocks at any price; if John Bull can get 4, and in some cases 5 per cent. on railroad shares, he will not look at American stocks."

Sales stocks, which had receded about ¼ cent, recovered yesterday their former prices, and Consols closed at 90¾ for money and 90¾ for account. Exchequer bills stand at 45 to 47s prem.

As the settlement in the share market has passed over tolerably well, speculation has taken a new bound and the new announcements are grasped at with amazing avidity. There has been little doing in the Colonial lines, the rage being confined to the new projects in the British Islands.

Markets....*Carefully Reported for The Tribune.*

MONDAY, October 21.

ASHES.—The market is quiet to-day, but firm. A few bills of Pots sold at $3 87½@3 94, and Pearls at $4 12½@$4 15.

COTTON.—The market is at a stand under the foreign news, and we hear of no sales worthy of report. The feeling is of course downward, and a farther decline must be submitted to by holders before transactions to any extent can be made.

FLOUR AND MEAL.—A *quasi* panic seized some of the speculators this morning after the foreign news had been digested, and the market, opening at 5 81@5 75, fell rapidly to $5 62½@5 50 under the sales of those who had bought last week on speculation. Indeed nearly all the large transactions since the market was at $5 25 have been speculative, and the rise has been produced by these operations. At $5 50 a shipper came in to-day and took 5,000 bbls Genesee for Liverpool. Sales of 2,000 bbls were also made, on long seller's option, at a still lower price. The market, we judge, closes with more firmness at $5 50@5 62½, holders asking the higher rate. The market for other descriptions is unsettled, and we give no quotations. On Saturday afternoon a sale of 1,000 bbls Genesee was made at $5 87½, and some parcels of City Mills at $6. To-day, City Mills, "Powell," "Frost," "Cummings," "Hacker," &c, are selling at $5 75@5 87½. Corn Meal $2 75@2 87½ for Jersey, and wanted; Brandywine, $3 12½ bbls, hhds $14, nominal. Rye Flour $3 50, and scarce. Western Ship Stuffs, in bulk, 11@12c. A sale of 50 tons thin Oil Cake, prime, was made, for shipment, at $30 ⅌ ton.... At Albany, the market was, on Saturday, $5 50@5 56½ for good Genesee and Western brands.... At Buffalo, the market was very much unsettled. The top price was $4 50 for good Western brands, but holders were unwilling sellers. Sales 1,500 bbls Michigan at $4 37½@$4 50, and 200 do round Ohio at $4 25..... At Baltimore, Howard st was unsettled; holders firm at $5. Sales City Mills at $5 25. ..... At Philadelphia, market firm, with large sales at $5 12½@5 25. Rye Flour scarce at $3 50. Corn Meal $2 62½@2 75.... At Boston, sales Genesee at $5 75@5 81; Georgetown, old, $5 50.

GRAIN.—On Saturday, a sale of 2,000 bushels of Wheat, a prime sample, was made at 120c. To day, we have heard of nothing done, but the market has declined commensurately with the price of Flour. Corn is scarce and much wanted, and the price has gone still higher. Sales 3,000 bushels Northern at 64@66c; 8,000 to 10,000 do Southern White and Yellow at 6⅛ measure, and some prime Yellow even considerably higher. Sales 1,500 bushels Rye at 75c, delivered. Barley is without marked change; sales 3,000 bushels at 58@59c. Oats are rather better; we quote 41@42c.... At Albany, sales Ohio Wheat at 112½c. Considerable sales of Barley at 55@57 for two-rowed and 60@62½ for four-rowed. Rye 70 cts. Oats 40c. Corn 66c, meas.... At Buffalo, sales 10,000 bushels Chicago and Southport Wheat at 90@91c..... At Baltimore, all kinds of Grain rather scarce, and prices have an upward tendency. White Wheat 110@115c; Maryland Red 105@110 for good to prime. Old White Corn 60c, Yellow 63c; new 53@55c.... At Lockport, Wheat went up to 91c.... At Philadelphia, Wheat brisk. Sales good to prime Red at 105@108c; Southern 100@105 Pennsylvania White 108@110. Rye 68@70 for Pennsylvania, 64@65 for Southern. Corn scarce and higher; Pennsylvania round Yellow 58@60, flat 56@58; Southern Yellow 56@58. White 53@54. Oats 35@36.... At Boston, sales Yellow flat Corn at 70@71, White 68. Oats 43 cents.

WHISKY.—Good bbls continue to be held at 27c, with sales. One parcel of 100 bbls was taken at 26½c. Drudge is steady at 26c.... At Baltimore, free sales at 27c in bbls and 26c in hhds.... At Philadelphia, sales 24½@25c in bbls

HAY.—There is a good inquiry, and 1,000 bales have been sold at 70@75c, part for shipment.

RICE.—The foreign news has checked operations, and some holders are offering at a small decline on previous rates.

FRUIT.—Raisins of the cargo of the Douglas, which was bought previous to arrival, have been selling to-day at $2 60 for wholes and $1 35@$1 50 for halves. At auction Grapes were stopped at $2 55. The advices from Malaga are that the storm would delay considerably the picking and curing, but that the damage has not been so large as was anticipated

SEEDS.—Sales 50 tierces Pennsylvania Clover for shipment at 9¾ cents, which is an improvement. In Flax Seed there is no change, but the enquiry is better.... At Boston sales 1300 bags Sicily Linseed at $1 42½ ⅌ bush. 6 mos. and 1400 do on private terms.... At Philadelphia Clover is in request at $5@$5 50; Timothy $2 75; Flaxseed $1 20.

TALLOW.—Sales of a parcel of Country Rendered at 7¾ cents, cash.

HEMP.—The market for American is dull. The range is $85 and $95 for dew-rotted, with small sales; hackled $120@$140; water-rotted $140@$180. Foreign is quiet. Manila sold at $142 50, 4 mos.... At Baltimore small sales dew-rotted American at 4@4½ cents; water-rotted 6@7 cents.... At Boston sales small lot Russian clean at $185; 1000 bales Manilla at 6¾ cents, 6 mos. American quiet and steady.... At Philadelphia sales 90 tons clean Russian at $190, and 100 bales dew-rotted American at $80@$82, firm.

PROVISIONS.—New Mess Pork is rather more firm to-day and 700 bbls sold at $13 75. New Prime sold, 700 bbls, at $10 37½, and none offered at that price. Old is worth about $10 00½. Beef is dull. New is nominally $4 50 and $7 50. Lard is steady, with sales 100 bbls at 8¼ per c. Butter, for good qualities, is in request at 16 a 18 c. for Western Dairy. Store packed 14 a 15; Ohio, 11 a 12½. Cheese is rather stiffer, and all received is freely taken at 7 a 8 cts for shipment.... At Baltimore there is rather more inquiry for Pork and the demand for Beef also improved. Prices of Pork however are lower, rather more doing in Bacon. Mess Pork $13.50 a $13.75; Prime $11.50 a $11.75; Mess Beef $10a$10.50; No. 1 $8 50a$9; and Prime nominally at $7a7 25. The following are the rates for Western, viz: Shoulders 7¼@7½c; Sides 7½@7¾c; assorted sc, and Hams ranging from 8½ to 10c, according to size and quality. Demand for Lard fair, at 8½@8¾c in kegs, and 7¾@8¼c in bbls for No. 1 Western.... At Chicago Beef packers have commenced operations at the different slaughtering establishments in and about the city. Large quantities of cattle are being pastured in the vicinity, their owners waiting for cooler weather before killing. Beef, on foot, as a general average for good quality heavy, commands $2.50 per hundred. It is estimated that in the vicinity of 10,000 bbls of Beef will be put up and shipped before the close of navigation.... At Boston the market for Pork is a trifle lower, with sales to a fair extent, and the stock light. Lard has rather improved and the sales are large, embracing 5000 @6000 kegs, 8¼c cash, and 8½c credit.— Several parcels in bbls have sold at similar prices. Small sales of new Beef at $10.... At Philadelphia Pork is moderate request—prices more firm. Bacon continues steady. Lard more firm—sales 1000 kegs Western at 8½ @8¾c. Butter is in some request at 10@11c. Cheese is in demand at 7½@8c.

New-York Cattle Market—Oct 21.

Reported for The Tribune.

At market, 1,900 Beef Cattle, 350 from the South; 50 Cows and Calves, and 5,000 Sheep and Lambs.

PRICES.—*Beef Cattle*, in consequence of the large offering, are very dull of sale, and good retailing cattle cannot be placed over $5 75 to $3 75 for ordinary—a few choice $6.

Cows and Calves—All sold at $17@30.

Sheep and Lambs are also very dull. We quote the former $1@$3 and the latter 75 cents @ $2 25. Left over 800.

Hay is brisk at 90@100 cents the cwt, chiefly the latter rate.

Liverpool Markets.

LIVERPOOL, Oct. 3.—In consequence of the more favorable report of the Cotton crop, received from the United States by the last steamer, the market since the departure of the Great Britain 27th ult. has been extremely flat, and prices of all descriptions of American are ¼d per lb. lower. The sales for the week ending this evening only reach 23,930 bales, of which 1,500 are on speculation.

The American descriptions consist of 4,700 Uplands 3¼ a 4¼; fair 4½; 10,200 Orleans at 3½ a 6, fair 5; 4,500 Alabama and Mobile at 3½ a 5, fair 4½; and 260 Sea Islands at 11 a 20d. per lb. The total stock of Cotton in this port is 94,700 bales, against 901,000 last year. The stock of American is 726,000 bales, or 62,000 more than at the same period last season.

Since our circular of the 27th ultimo the Corn markets have been less excited but on the whole the advanced prices are well sustained. The duty on wheat is advanced to 16s per quarter and on Flour to 10s 10d per bbl, and though there is no indication at present of a lower duty American Flour in bond is still worth 27s per bbl, at which about 3000 bbls fresh Western Canal have sold the last few days.

Flour may be quoted at 22s 6d a 23 per bbl. American Wheat in bond 6s. 9 7s per 70 lbs. Canada free Flour 24s a 25s. per bbl. The accounts from different parts of the country as to the result of the crop of Wheat and the state of the potato crop are various and conflicting. Indian Corn in bond 27s. 5 per quarter of 480 lbs and the duty on it 8s. per quarter.

Turpentine 6s. 9d. for good quality up to 7s. per cwt. for very prime. BROWN, SHIPLEY & Co.

Liverpool Provision Market.

From the Circular of Messrs. J. & C. Kirkpatrick, Oct. 3.

In American Produce the want of stock of most articles continues to limit business. Beef has a free sale, and with a limited import the stock will soon be brought to a narrow compass. All held here is likely to pass into consumption during the present month, so that the first arrivals of the new cure will come on a bare market, and meet with a ready sale. We quote an advance of 2s on the previous advices, and present rates, at least, will be maintained until the end of our season.

Pork is now more inquired for, and with the present rates and prospects of the Irish markets, must soon come into larger consumption. The sales of the past month have been more extensive than in any previous one of the present year, and we have now the hope of clearing off all stock before any large arrivals of the new can take place. The prospects both for Beef and Pork are good, and a higher range of prices is likely to be maintained for American in the coming season, as Ireland will not compete for the supply of our markets with other article to any extent—the enlarged home consumption being quite adequate to keep prices at such a level there as will exclude her from competition in the supply of salted provisions. This is evidenced by the rates at which the navy contract has just been concluded—the average price for 8,000 tierces being £6 8s. and for 14,000 tierces Pork, £6 13s.—the tierce in both cases being 336 lbs.—while these rates, though higher than last year's prices by 23s. on Beef and 19s. on Pork, are considered too low to be remunerative to the contractors.

CHEESE is still in limited supply, and our market is kept quite bare of any stock. The only import of consequence during the month was a parcel of 1500 boxes per Great Britain, which being of very prime quality and in fine condition, were sold by auction, on landing, at from 50s. to 60s. a few dairies reaching 63s. We raise our quotations accordingly 5s to 6s, but would caution shippers from entering on any extended operations in Cheese under the prospect of realizing equal rates for future shipments, the circumstances which led to the great advance at the last sale being the high prices which Cheese had brought at some of the English fairs, in consequence of the quantity brought out having been unusually small, owing to the farmers being engaged with their harvest; and the presence of a large number of buyers, all anxious to secure some portion of the first arrival of prime new Cheese. The prospects have, however, considerably improved, and higher rates are now warranted than would have been considered sale two months since.

In LARD there have been few transactions, from want of stock—any parcels that arrived commanded the full quotations. TALLOW was 6d higher in the course of the month, but declined again, and now rates at the currency of our last circular, 42s being obtainable for the best parcels of North American. GREASE BUTTER has had a free sale up to this time, but the demand is now quite over for this season. The market for HIDES has been unsettled in consequence of the state of affairs at Buenos Ayres, and holders have generally been asking higher rates, which have been partially obtained. The transactions embrace sales of New-Orleans heavy salted at 2¾d to 2¾d—New-York salted at 3d—Philadelphia 3¼d. The whole stock of North America is 1100. In HEMP, the demand has been principally on account of Italy, which has had an improved sale, while the inferior qualities on the market (including American) have not been saleable, except at lower rates. Several parcels from New-Orleans have been sold at £15 to £17.

ASHES have met with a brisker demand, and a large quantity of Pot has changed hands at 23s to 23s 6d, the latter being the highest price yet made. There are now no sellers under 24s. In pearls there has been very little done, the price being stationary at 24s to 24s 6d. For Clover Seed there continues to be a good inquiry, and sales to a large extent could be made at our quotations. The last sales of Lead were made at £17 2s 6d from the quay, but there are now no sellers under £18, which price could be obtained for quantity. There is no American on the market. Beeswax is dull of sale at £7 10s to £7 12s 6d. For Oils the market is without change—the last sales of Sperm were £83, and of Southern at £31, the latter being very saleable.

Imports of North American Produce, from 1st to 30th Sept. 1845, inclusive. From United States—Beef, 1010 tcs; Tallow, 301 mds, 531 brls; Lard, 193 brls, 674 kegs; Butter, 401 cks; Cheese, 1913 bxs; Ashes, 100 pot, 51 pearl; Hides, 2955; Flour, 27,608 brls. From Canada—Beef, 25 tcs, 145 brls; Pork, 5 brls; Butter, 692 cks; Ashes, 3121 pot, 1328 pearl; Flour, 58,014 brls.

Havre Markets.

HAVRE, Sept. 30.—*Cotton.*—Our market remains in about the same state of inactivity, as noticed at the date of our preceding report. Since the commencement of this weeks, the sales have been moderate at previous rates; but there appears to be a little more disposition on the part of dealers to purchase for the manufacturing districts.

The sales from the 23d to the 30th of September were 2332 bales, including 959 New-Orleans at 53 @ 85; 816 Mobile, 62 @ 74, and 741 Upland at 59 @ 71f. The arrivals during the same period were 5283 bales.

Stock, September 30.	1845.	1844.	1845.
American	97,000	81,000	63,700
Other kinds	8,000	6,000	1,800
Total	105,000	87,000	65,500

Ashes—The continued dullness in the transactions, coupled with the large stock on hand, has given a downward tendency to prices, which have experienced a decline. The sales consist of 143 bbls American Potash, 1st brands at 35f; 33 bbls Pearlash, 1st brands, at 37f 35@38, and 15 bbls 2d sort, at 35f 25 per 50 kil, duty (6f 25) paid. Stock, 3200 bbls Pots; 300 Pearls.

Rice—Our stock being nearly exhausted, the operations have been on a very restricted scale, only 54 tierces Carolina Rice having been run off, at 41f. per 50 kil, duty (1f 37½) paid. Stock 300 tcs.

Whalebone—This article continues in moderate request, and Southern fishery being still scarce, a small lot fetched 29.95, and about 5 tons north-western found buyers at 2f 43@2f 45 per ½ kil, duty paid. Stock on hand 75 tons, against 2 tons last year.

TALLOW—During the early part of last week our market was devoid of animation, but since Wednesday the demand has revived, and prices of Russia yellow have advanced 50c a 75, on previous quotations, 575 casks new having found buyers at 75f 75 a 60, and 50 casks old, at 58 25 a 58 37½ per 50 kil, duty paid. We have also to record sales of 120 casks New-York, partly to arrive, at 58 25 a 58 50 per 50 kil, for consumption.

WHEAT—The state of the weather having been rather unfavorable, prices of home growth have advanced 1f, the average at the last Montivilliers market being 156 per sack of 200 kil. At the corresponding period last year it was quoted at 143.

In other articles, we have received from the United States 761 casks Tobacco, 100 bbls. Iron Ore, 50 barrels Rosin, 12 casks Jeweller's filing, 2 casks Musk Rat Skins, 5 casks Peppermint Oil, 18 barrels Flour, 205 boxes Tea, and 12 bales Wool.

HAVRE, 1st Oct.—evening.—Yesterday, after the close of the preceding circular, we received New-York dates to 15th ult. by the "Caledonia" steamer, via England, the contents of which caused a stand in our Cotton market. Within these two days the sales in U. S. descriptions amount only to 1000 bales, at drooping prices, importers and speculators being inclined to supply the market, as the intelligence from Liverpool up to 30th ult. is also of a dull character.

In other American articles we have to report the following sales: 300 barrels Flour, to arrive by the next packet, at 32f. in bond; 25 bbls Pots at 35@25; 25 bbls Pearls at 37f.75 per 50 kilo; 600 bbls Rosin at 12f a 12f 50 per 100 kilograms; and 10 tons Whalebone, North Western, at 2f 45 a 2f 50; and North Western and Southern, mixed, at 2f 35 a 2f 42½ per ½ kil. for home account. Cotton, Sugar and Indigo remain in good request.

☞ **Great Fair at Niblo's Garden.**—Our citizens should avail themselves of the opportunity of visiting this grand display.

To-day the Faculty and Students of Columbia College will visit the Fair by invitation.

At 4 o'clock P. M. an address will be delivered in the Saloon by Rufus Dawes, Esq. on Inventions.

In the evening a grand display of Fire Works will be given by Mr. Edge. 1t

☞ **Pearl Hose Co. No. 28** would respectfully return their sincere thanks to Messrs. Thompson & Co. for the liberal supply of refreshments furnished them at the fire last evening in Spruce-st. By order of the Foreman.

Oct. 20th, 1845. JAS. W. FOSHAY, Secretary. 1t*

☞ **Notice.**—The corner stone of the M. E. Church in Jane-st. between Eighth-avenue and Greenwich-lane, is expected to be laid on Wednesday, Oct. 22, at 3 o'clock P. M. Rev. Bishop Janes, Rev. P. P. Sandford, P. Elder of the New York District, and Rev. Doctor Bangs are expected to be present and conduct the exercises on the occasion. The preachers and friends in general are respectfully invited to attend.

N. B. A collection will be taken up to assist in the erection of the building. If the weather be stormy the exercises may be expected to take place the first fair day, at the same hour. o21 2t*s JAMES KERNEY, Sec'y.

A. DODWORTH'S DANCING SCHOOL.

☞ **Allen Dodworth** would beg leave to inform his friends that it is his intention to commence a Private Dancing School at his new rooms, No. 448 Broome-st. on Monday afternoon, Oct. 20th. From his long connection with the Dancing world, and having availed himself of instructions from the best masters that have visited this country, such as Paul Taglioni and others of like celebrity, he feels that he is as well qualified to teach as any in the city, and his Musical education will certainly give him a great advantage over many at present in the profession; he that as it may, those who favor him with their patronage can rely upon acquiring a correct and fashionable style of Dancing.

TERMS—A quarter of 24 lessons including, the Quadrille, Waltz, Gallope and Polka..... $10 00
10 Lessons in the Waltz or Polka..... 5 00

DAYS AND HOURS OF TUITION—On Monday and Thursday at 3 o'clock for Ladies and Misses over 12 years of age. On Wednesday and Saturday at 3 o'clock for Misses, and Boys under 12 years of age; and on Monday, Wednesday, Thursday and Saturday for Gentlemen at 7 o'clock, P. M.

A 2d Evening Class will be formed, for those who cannot attend earlier, from 9 to 10.

Private Lessons given at all hours, either at the residence of the pupil, or at the school. o21 1medis

☞ **Wyatt & Ketcham,** No. 121 Fulton-st, are performing astonishing cures of Dyspepsia, Liver Complaint, Headache, Costiveness, Piles, &c. by Dr. Wood's Sarsaparilla and Wild Cherry Bitters, a skillfully prepared and delightful Tonic and Aperient, and singularly well fitted to derangements and diseases of the digestive organs. A reference to the pamphlet accompanying each bottle, and which may be had at their store, will exhibit testimony in favor of the above preparation as to satisfy the most credulous. o21 6t*s
