THE TRIBUNE.

THE ANTI RENT PRISONERS.—The following is an extract from a letter written by Daniel W. Squires, one of the Anti-Rent convicts, while on his way to Clinton State Prison. We find it in the Delaware Express:

WHITE HALL, October 17, 1845.

Dear and affectionate Friends:

* * * I have not much to say about the country, but I have something to say to the Anti-Rent people of Delaware and adjoining counties. To you that have feelings for your friends in prison, I would say.—I think the better way will be to hold meetings and disband all your associations and come out publicly and pledge yourselves to keep the laws, and preserve order; for we have had a good opportunity to find out the opinion of people, having had a great many to see us; and they generally think that if that should take place there would be something done for us; otherwise we must expect to stay our time out, in a lonesome prison, far from our friends and country, and many of you will be in the same situation, and that soon. I now tell you that our freedom depends upon you that are at home, for if peace is restored and the laws kept by the Anti-Renters, I have no doubt but that the officers at Delhi will assist in getting us out. So I earnestly entreat you, as feeling men and friends to us, that you will do all that lays in your power (and it all lays in your power) to restore peace; and as I have learnt on the road that the Committees in some other Counties have come to a settlement, and in Troy the Anti-Renters turned out and helped take some that were dressed in disguise, so I think if you felt the heavy weight of punishment, as we do, that many of you must begin to have a slight taste of punishment; but when you come to have the Irons put on, and go from your friends and families, 300 miles in a wilderness to work for Uncle Sam where you do not get any thing but your living and your families needing your help, I think it calls loud for you to restore that peace that is broken in a once peaceable County. By so doing it will be better for you that have your freedom and much better for those that are confined; and you will do yourselves an honor and do us a great good. I shall close without saying any thing more on the subject.—Only I wish that you would have this communication read throughout and let the people know our feelings on this subject in full.

We have had a good company with us. There were sixty odd troops; and they used us well; and the Sheriff and the other men that were with him used us first rate. There were seven went all the way, viz: C. B. Sheldon, J. H. Gould, P. Van Hoezen, C. Wright, J. Herring, J. N. Rowland, and Sheriff More. DANIEL W. SQUIRES.

DISASTROUS FRESHET IN ATHOL.—On Thursday of last week, extensive damage was done in the town of Athol by the breaking away of a dam, which let the water from a large pond in upon the village. A three-story building, occupied by Hapgood & Farr as a match factory, was entirely demolished. The water passed through the tan yard of L. Morse, tearing up the vats, and injuring the building to a considerable extent. It is estimated that $1,000 worth of leather or hides was lost. Several dwelling houses were flooded, and much damage done to their contents. Six different dams upon the stream were carried away, and another considerably injured. The entire damage is estimated at about $15,000. [Barre Gazette.

☞ The machinery of the first cotton factory ever attempted in Florida, arrived here a few days ago, and is now landing near Arcadia, twenty miles North of this place. From the enterprise already displayed in this matter, it is evident that in the course of a month or two, the factory will be in full operation, the factory buildings being now in complete order. [Pensacola Gazette.

☞ A young man found a pocket-book in one of the streets of Pittsburgh a day or two since, and learning the owner's name, discovered to his whereabouts and restored the property. The contents amounted to upwards of $3000. The next day he received a note in reply containing $50 and an assurance from the writer that his honesty had saved an honest family from starvation.

☞ Mr. John J. Kenney, of Weston, Missouri, was robbed on the 12th inst. in the day time, at or near Lilan, Osage county, Missouri, while on his way from Weston to St. Louis, of $17,500 in bank notes. His saddle-bags, in an open buggy, were cut and the money abstracted from them.

☞ A Portuguese named Joachine Antonio was arrested near Pointe à Hache, La. on the 12th inst. for the murder of a Mr. Antoine Paul, whom he had stabbed with a knife and killed the day before. He also murdered a man near Lafayette about a year ago.

☞ Lieut. Rankin, who was injured severely in Savannah on the 17th inst. by a fall from a horse, has since died of his wounds. He had been married only a year, and was distinguished for his services in the Florida campaign.

☞ On the 13th ult., as the Galena, Ill. stage was crossing the river at Hunepin, on the ice, it broke through, and sank in 20 feet of water. The passengers and driver escaped with a ducking.

☞ At Pittsburgh on the 22d, there was only three feet of water in the channel, and that falling slowly. The rivers in that vicinity were still obstructed by ice, but all things indicated a general thaw.

☞ The watermen of Allegheny City, Pa. have made a strike for advance of pay, which has resulted successfully.
