COMMERCIAL AND MONEY MATTERS.

☞ *For sales of Stocks, &c. see fourth page.*

THURSDAY, P. M.

The Stock Market is in a firm state, with some disposition to buy and little or none to bear. At the Second Board prices were all better. The sales of Penn. 5s were large at the First Board, reaching $76 000.

Exchanges continue inactive at low rates, Sterling 8¼@8¾, Francs 5 35@5 32½.

In Specie there is no outward movement. Considerable amounts are coming in from the interior.

Freights are active for cotton, and 3s 6d are refused. Shipmasters demand 7 16d. Engagements of 3000 bbls Flour have been made at 2 10½d, which is a little lower.

The excitement in relation to banks has entirely subsided, and no suspicions are afloat in regard to any which are at present redeemed. The efforts of villains on Saturday last has entirely failed to shake the credit of the banks attacked.

The following Banks of Charleston continue to receive the notes of the country Banks of South Carolina, viz: the Planters' and Mechanics' Bank, the South Western Railroad Bank, State Bank, the Bank of South Carolina, the Union Bank, and the Bank of the State of South Carolina.

The value of imports into Cienfuegos for the year 1845, was $426 042; and the value of exports $712 577. The duties received into the Custom House amounted to $138 713. This town has since then increased considerably, both in population and commercial importance.

The following quotations are from Havana, 11th instant:

Freights—To the Baltic, or Cowes and a market in the Baltic, from £3 to £3 5s; Cowes and a market not in the Baltic, £2 12s 6d to £2 15s; Mediterranean £2 15s to £3; France, 70 to 80f; Hamburg, Bremen and Great Britain, £2 15s; United States—Sugar $1 50 to $1 62½ per box, Coffee 62½ cents per bag, Molasses $4 per hhd.

Exchange—On London 11½ to 12½ per cent. prem.; New-York and Boston ¼ per cent. dis. to ¼ per cent. prem; New-Orleans 2½ to 3 per cent. prem.

Markets....*Carefully reported for The Tribune.*

THURSDAY, May 28.

7 16d freight for square bales is now demanded for Liverpool.

FLOUR AND MEAL—There is no marked change and the demand is not active. The whole range of common grades Michigan and Genesee is $4 37½@4 56½, with the remark that the lowest limit is only for lots which have been refused on the docks. The sales for the East are some 3000 or 3500 bbls. For shipment the inquiry has in a measure ceased. The scarcity of Eastern vessels limits the amount of business doing. Engagements of freight for England were made to-day to the extent of 3000 bbls at 2s 10½ sterling. Sales 200 bbls Indiana were made at $4 25; and 200 bbls New-Orleans extra at $4 12½@4 25. Rye Flour is $3 with moderate sales. Corn Meal $3 25@$3 31¼, in fair demand and not plenty. Sales 200 bbls Brandywine at $3 50; and 50 bbls do at $16. Big Meal is $1 25@$1 37½.

GRAIN—The inquiry for Wheat is limited. A small sale has been made for shipment on private terms. Corn is steady with a wide range of prices. Sales 5000 or 6000 bush Southern Yellow at 62@62½, mess. For mixed Western 52@53 is the figure, while for White suitable for shipment, for 5000 bush on the spot 70 cents was bid. Rye is dull at 64@65 cts. Distillers bid only 61 cts. Sales 2500 bush Jersey Oats, part below 40 cts. Northern are 42@44 cts. Black Eyed Peas, in lots, at $1 62½ ℔ bag of two bushels.

WHISKEY—The market is still heavy, but with no further decline. Sales 300 or 400 bbls, part Prison, at 18½@19 cts. A few days since 275 bbls New-Orleans sold at 19 cts. At auction 500 bbls Rectified New-Orleans running from 10 to 19 ℔ cent below par, sold at 18@18½c.

HAY—Sales of 500 bales have been made for shipment at 70@75 cts, which is a little lower.

STAVES—The receipts are yet moderate, and consequently there is not much doing. Some small parcels have been taken at $30, $40 and $50 for white oak Bbls, Hhds and Pipes, and $24@$26 for red oak Hhds.

SALT—Some Turks Island afloat is held at 34 cts, which is an advance. Sales 1200 sacks "Ashton's" Liverpool Fine, on private terms.

LIME—Cargo sales of Eastern have been made at 70 cents, which is a decline.

BONE—Sales we have to note of 4000 ℔ South Sea at 37 cents; and 6000 do North-West at 35 cents, cash, for export.

OIL—We hear of nothing doing in Whale. Sales small parcel Country Linseed at 60 cts. cash.

PROVISIONS—The market for Pork continues dull, and with small sales prices tend downward. Mess and Prime are nominally $8 62½@$8 75 and $10 62½@$10 75 for Pennsylvania Still Hogs have been sold at 3¼@4 cts. We quote Prime Beef $5@$5 25 with small sales; Mess $6 75@$7 50. New-Bedford Oil Market....MAY 25.

The market the past week has been extremely dull for all descriptions, and no transactions worth reporting have come to our knowledge. There is no inquiry for Sperm Oil, and purchasers of Whale for export refuse to pay the prices demanded; holders of Whale generally are storing their oil.

Hats.

☞ **Genin's Gossamer Hats**, weighing from 2½ to 3½ ounces. Price only $3 50. It is about two years since the Gossamer Hat was first introduced by the subscriber to the notice of the New-York public, as the lightest, the most durable, and the most tasty article for Summer wear heretofore in use.

The astonishing success attending them, evinced by the extraordinary large amount of sales, and the popular approbation bestowed upon them by the many who have given them their patronage, have not been lost upon the subscriber, who, to show that he is ever anxious to excel in his art, now presents for public patronage the Gossamer Hat much lighter and more pleasant than any other ever before offered. They are not liable, like the Leghorn and Panama to lose either shape or color from exposure to the rain. They cannot be soiled by either perspiration or oil from the hair, so commonly the case with other Hats, for the much admired style of trimming, originating with the proprietor, effectually prevents all this. This is a decided advantage over all other Hats.

The public are invited to call and see this article at

LOOK AT THE PROOFS!

IT WOULD FILL MANY COLUMNS to publish only a portion of the certificates and testimonials which have been kindly and voluntarily given, by respectable persons who have experienced valuable benefit from the use of the genuine

GALVANIC RINGS AND MAGNETIC FLUID.

The cases which follow have lately occurred, and form a very small portion of those which have been received. It is confidently believed that the genuine articles have never failed to positively and permanently relieve every case of

RHEUMATISM AND NERVOUS COMPLAINT

☞ The following is from the Hon. W. A. THOMPSON, late member of Congress from the State of New-York, and present Judge of Sullivan county.

TO DR. CHRISTIE—*Dear Friend*—I am now 85 years of age, and I think that I was too old to be helped by medicine, but your Rings and Magnetic Fluid, sent me by my son-in-law, have been of great benefit to me. About six years since I received a severe fall from my horse, which injured my back and brought on pain and constant dizziness in the head. I was confined by the injury more than a year, I used the Fluid and Rings, and though I had little faith, I followed strictly the directions, and I now inform you that the dizziness has entirely gone, as has likewise all the spinal pain and weakness. Your Galvanic Strengthening Plaster is an invaluable preparation, and I am sure the best Plaster in the whole world for general feebleness and debility. In proof of the fact, that I speak from the heart of Providence and your remedies, he is now quite well, and I sincerely believe his cure will be permanent.

I am very respectfully yours,
GEORGE WHITE, 101 Charles-st.

New-York, Nov. 13, 1845.

SICK HEADACHE.

The following cure is from the lady of Capt. John F. Strain, one of the most respectable citizens of Albany, N. Y. Reference can be given to many others, mostly ladies, who seem peculiarly afflicted with this malady.

This is to certify that I have been afflicted for several years past with the Sick Headache, which distressing complaint has confined me to the bed from one to two days in that time. For some month past I have worn Dr. Christie's Galvanic Rings, and occasionally using the Magnetic Fluid. I am happy to say that I have not been troubled with the sick head-ache since. ANN F. STRAIN 67 Dewitt-st.

Albany, Dec. 2, 1845.

EPILEPSY AND PALPITATION OF THE HEART.

☞ The following cases relate to a clergyman, the son-in-law of Mr. John Jacob Astor, of New-York.

Rev. John Bristed, Minister of the Episcopal Church at Bristol, R. I. residing in Main-st. has long been subject to distressing attacks of Epilepsy, often falling down in the public street. The disease has been accompanied by a violent Palpitation of the Heart, and a rush of blood to the head. For three years he has been unable to preach, or attend his other duties. Mr. Bristed tried all the most valuable medicines from the Rings, Bands and Fluid; is better in every respect than he has been since his illness, and is now rapidly recovering his health. All symptoms of Epilepsy have left him.

RHEUMATIC GOUT.

To DR. CHRISTIE—Sir: After a fair trial of almost every thing which could give me relief, I think I must attribute a remarkable cure to the power of your Galvanic and Magnetic articles. If I am not mistaken in the cause, they have very seriously relieved me of Rheumatic Gout, of long standing, together with general decrepitude of the system.

MRS. MARY JACKSON, 109 Bank-st.

☞ Mrs. Jackson is a relative of Maj. M. M. Noah, who has kindly added the following:

DEAR DOCTOR—The above case is personally known to me, and is no less strange than true. It is a happy result, to which I bear witness with pleasure. I may state that some other cases have come to my notice, of a nature equally fortunate and successful. Very sincerely yours,

New-York, Oct. 30, 1845. M. M. NOAH.
