MEDICINES.

A SIGNIFICANT FACT — A DISTINguished statesman, on being asked what are the principal productions of New England, replied, New England raises men.

The force of his reply consisted in the fact that New Englanders have a world-wide reputation as a race of hardy, athletic men and women—strong and vigorous in body and mind. What the man shall be mainly depends on the care and treatment of the child. Nearly every New England mother provides

MRS. WINSLOW'S SOOTHING SYRUP

for her babe; there is no section of country in earth where it has been so long and so universally used.

THE QUESTION ANSWERED

As the question is frequently asked, who is MRS. WINSLOW? we will simply say that she is a lady who, for upwards of 30 years, has untiringly devoted her time and talents as a female physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, so generally overlooked or carelessly treated by the family in too many instances; and, as a result of this effort, and practical knowledge obtained in a life time spent as nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article, Mrs. Winslow is becoming world renowned as a benefactor of her race, children do certainly rise up and bless her, especially in this one city. Yet great fears of the Soothing Syrup are daily said and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of MRS. WINSLOW'S SOOTHING SYRUP. Try it, mothers—TRY IT NOW.—*Ladies' Visitor, New York City.*

A DOWN TOWN MERCHANT,

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. WINSLOW'S SOOTHING SYRUP was just the article needed, procured a supply for the child. On reaching home, and acquainting his wife with what he had done, she refused to have it administered to the child, as she was strongly in favor of Homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still worse, and, while complaining another sleepless night, the mother stepped from the room to attend to some domestic duties, and in it the father gave to the child. During her absence he administered a portion of the SOOTHING SYRUP to the baby, and said nothing. That night all hands slept well, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless nights have disappeared. A single trial of the Syrup never yet failed to relieve the baby, and overcome the prejudices of the mother.
