Legislature of New-York—The Inalienable Homestead.

Very Interesting—An Exemption Law—Libraries for Convicts—Banking on Mexican War Loans—The Word Twice—American Tract Society—Seamen's Savings Bank—Incorporation Acts, &c.

Correspondence of The Tribune.

ALBANY, Wednesday, March 10.

Did you ever hear of a dough face bringing in a bill to limit the process of the law, so that, when a man of family got behind in the world, by reason of the failure of his debtors, or any one of a thousand other causes, some one creditor, more unfeeling than the rest, might not be able to turn his wife and children out of doors in the midst of Winter? Did Hard, Butler, Hoffman, Young, Walworth, Hoyt or Addington ever hint at such a thing?

Mr. Haw, in the Convention last year, pressed a proposition of this kind to a vote; and Mr. BASCOM, to-day, introduced a bill, which—

[1.] Exempts the Homestead of a family of two or or more persons from sale for any debt or obligation contracted after the passage of this act.

[2.] Provides that it shall not be encumbered by mortgage or otherwise, except upon the joint application of husband and wife, when such relation exists, to the officer of the county discharging the duties of Surrogate, and his approval, such officer to direct the disposition of the proceeds of such mortgage.

[3.] Provides for the appointment of Commissioners, upon the application of a judgment creditor, to make appraisal where the value of a Homestead exceeds $1,000, so that only the amount of property shall be exempt.

[4.] Provides for cases where the value may exceed $1,000, and the premises are not divisable. In such case a part may be leased to pay the judgment, or the whole sold and $1,000 applied to the purchase of a new Homestead, and the residue go to creditors.

[5.] Secures the wife of a deceased husband the same interest in the Homestead that the husband now has in the lands of the deceased wife.

The bill of 1839 or '40, to prevent the Landlord from seizing the Household Furniture of a Poor Family for Rent, was introduced by a Whig from Ontario—the Senate bill, this session, to protect the Homestead of a humble citizen from the grasp of the unfeeling, was introduced by a Whig (Mr. Ruggles)—and now we have the beautiful spectacle of a Committee of Whigs, "Democrats," Anti-Renters and National Reformers selected by the Speaker, and, after the fullest and most careful enquiry, uniting, *as one man*, in reporting such a bill as the above, by *way of* answer in part to the petitions referred to them. The Committee are Messrs. Alling, Bascom, Develin, Watson and Allaben.

The bill, if it were a law to-morrow, would protect no man's homestead against debts already contracted; because it is just that if one man trusts another, the law should not step in to take away any legal security he may have relied upon; but the homestead bill, while it shows the rich man's property to be sold for his debts, if he refuse to pay, leaves him his homestead, if not worth over $1000, so that his wife and children may not become homeless wanderers. Yet it hinders no honest man and his wife from giving up their homestead, if they can see a way of living without it—and to single men or childless widowers, its provisions do not at all apply.—Time was when a man's body could be sold for debt—and, when he could be kept 20 years in jail for it—and he could be imprisoned if found out of his own State—at length leave was allowed him to toil, and to keep certain articles of furniture, however broken down—and now, the inalienable homestead is proposed. So far I desire to go—but not to abolish the laws for the collection of debts, within these limits.

I do not think much is gained to society by wresting from poverty and misfortune their last shilling—and would *greatly rejoice* to see a 2,500 volume library of *choice books sent* to each of our State Prisons to-morrow, *to soften* the hearts of the inmates. What said Christ to the penitent thief on the cross? "To-day shalt thou be with me in Paradise." I have more faith in libraries than in the whip in prison.

The SENATE of '32, with its majority of 21 law-practitioners, talked to-day about Law Reform, and did nothing. They would rather employ a bigoted drone like LOOMIS than a thorough reformer like FIELDS. The people will see in their power next November and sweep away the chaff of the Senate. Beware lest some enemy to reform from that chamber slip into the new Supreme Court as a judge, through Loco legerdemain!

United States Stocks to help Polk and Turyism.

The Banking Committee go heartily for the Senate bill to issue bank notes for circulation through the State based on U. S. Stocks, thus to depress our own stocks, add value to those of Messrs. Polk, Cass and Ritchie, aid the Federal Administration, and said notes to be refused in payment of postages, lands, and customs duties.

Mr. Balcom brought in a County Court Bill.

After a long debate and several divisions, certain petitions in which the Anti-Renters are described as a Faction, were, for that reason, laid on the table and not referred, 51 to 21—a sort of test vote, I suppose.

Some little progress was made—and that not much—in the Judicial Officers' bill—and several private bills were reported or considered.

I enclose *Mr. Gould's* bill "To Abolish Capital Punishment," and Cashier Woodruff's account of the Dansville Bank.

The American Tract Society.

The Assembly, last month, required this Society to give an account of their affairs, on oath. By the enclosed copy of their reply, you will see that they have published of books, tracts, &c. 1236, of all sizes, and in 'ne languages, "including 175 volumes—for religious and moral purposes; and that the Board of Directors consist of members of 13 denominations. Their income is very large, being for 1845, $82,784 for publications sold, and $1,139 out of donations—in all $153,916. Their expenditures are, for 175 Colporteurs and other Agents, employed in selling and circulating their publications, $16,03, including $4,500, the salaries of three Corresponding Secretaries—$15,000 for [what is that?] "foreign distribution," to other Agents in certain States $5,'76—to an Assistant Corresponding Secretary, an Assistant Secretary, and an Assistant Treasurer $1,575; to an Agent for the American Messenger $700; to the Depository and his Assistant $1,600; to six Clerks and other Assistants $1,460—the Depositary expenses are $3,675.—There are, seemingly, $50,000 to $60,000, paid out for Agents of one kind or another, while the other $90,604 are paid for paper, binding and printing. They have an average income in rents, of nearly $4,000 a year, and an immense amount of patronage. Messrs. William A. Hallock and Russell S. Cook are two of the three Corresponding Secretaries, at $1,500 a year, each. They swear, of their own knowledge, to the truth of the Report—The President, Hon. Theodore Frelinghuysen, gets no pecuniary recompense. The Society owe $41,000—employ ninety binders—and their object is "diffuse knowledge of our Lord Jesus Christ, as the Redeemer of sinners."

Seamen's Bank for Savings, N. Y.

Benjamin Strong, President, and W. Nelson, Secretary, of the above Bank, report that on the 31st Dec. last, it owed $1,334,250 to depositors, and had $597,696 lent on mortgage on property in New-York and Brooklyn—$275,34 in N. Y. City and State stocks—$148,364 lent to United States—cash in Leather Manufacturer's Bank and vault $81,774—lent to Ohio, $20,000, &c.

General Incorporation Bills.

It seems to me that we have them in scores here, and for almost every conceivable purpose; but why so many? An incorporation is a company for a specific purpose, armed or clothed with specific powers differing in their nature, from the powers and responsibilities allowed in the common and statute law, as applicable to ordinary partnerships. To-day, we have, from the Senate, a copy of Mr. Burnham's Turnpike Road Incorporation Bill.

Would not the true way be, to place in one general act those provisions which, for the public welfare, ought to apply to all such corporations and they are many? We see a great sameness in many of the clauses of these private bills—with some very absurd variations, dictated by the proposer being alike. The additional clauses or bills, that would be required thereafter were then adopted, for banks, turnpikes, manufactures, insurance, plank-roads, &c. would be comparatively few—but the clearer the system the less trade there would be for dealers in disputation. K.

Venezuela—New Grenada, &c.

To the Editor of The Tribune:

In your morning paper of to-day you have published a communication from "*Barranquilla*," over the signature of "H." which you have inadvertently headed "*Affairs of Venezuela.*" The communication is from the Republic of *New Grenada* and not from *Venezuela*.

The expedition of Gen. Flores, spoken of by your correspondent, it is well known, was never intended for Venezuela, but for Eucador and New Grenada. Spain has within the last two years recognized the independence of Venezuela, and made a treaty of amity and commerce with that Republic, and of course she would not tolerate, much less encourage, such an expedition being fitted out within her dominions or conducted by her citizens. With New Grenada and with Eucador she has made no treaty, nor in any way recognized the independence of either. These facts are notorious to the world, as is also the other fact herein before mentioned, that the expedition of Flores (now abandoned) was only intended for Eucador and New Grenada. The remarks of your correspondent "H." touching the hope of a new trial being made by Mr. Bidlack, and speaking of the commerce of that country with the United States, relate, of course, to New Grenada, to which Republic Mr. B. is accredited as United States Chargé de Affaires. Our trade with Venezuela is far more important than that with New Grenada. The products of Venezuela are valuable, and she exports annually an immense amount of Coffee, Cocoa, Indigo, Hides, &c. as well to Europe as to the United States, and these products are annually increasing. The resources of Venezuela are in the progress of development—her Government is an enlightened one—and a few years will vastly increase her commercial importance.

I should not trouble you with this communication, were it not that the inadvertent error in the heading of the article referred to, does injustice to the Republic of Venezuela. V. E.

New-York, March 11.

Employment for Immigrants.

To the Editor of The Tribune:

An article in your paper of the 8th inst. reminds me that I was shown a letter by a friend the other day from his father, in the State of Delaware, requesting him to send him two or three Irish or Dutch immigrants as helps in his family; and stating that some gentlemen in the village had it in contemplation to form a Society for the purpose of encouraging immigrants to come. That their plan was to hire a house for such as came to board in free of charge, until they obtained situations; and also, I believe, to pay their passages down. They would only require that those availing themselves of this should engage to remain a year at the regular rate of wages agreed upon with whoever might employ them. Wages for men on farms is, I think, $6 per month and board. The plan struck me as so admirable that I communicate it in hopes that it may induce persons in other parts of the country to adopt it. They will of course require proper agents here to send them the right kind of laborers. Yours, J. F.

COMMERCIAL AND MONEY MATTERS.

For sales of Stocks, &c. see Fourth Page.

THURSDAY, P. M.

The fancy Stock Market opened at an advance to-day, but afterward fell off, and closed at about yesterday's rates. Morris, however, continues to advance, and went to 15½ in the street. At the Second Board it fell off to 15. There is an impression that a "corner" has been made in this stock, but the bulls assert that it is rising on its merits.

In Bills there is a moderate business doing at 4 @4¼ for Sterling and 5.45 for France, which is lower for the latter.

The Freight market has still a downward tendency, and lower rates have been accepted. There is not much activity, shippers still holding back. Engagements for Liverpool were made at 7s. and less than 24d. for Flour and Grain. Heavy freight 75s. To Ireland 24 @25d. are about the current rates. Two vessels were taken to go South to load at 26d. To Havre the rates are $1 75 for Flour and 1¼ cts. for Cotton. Cotton to Liverpool is ⅝d.

The following extracts of letters received by a capitalist of this City will throw some light upon the mysterious delay in the issue of stock for Treasury Notes at Washington. It also gives the modus operandi of the process of transmuting Treasury Notes into Funded Stock: WASHINGTON, 8th March.

Our Mr. —— is now at the Treasury Department pushing forward the redemption of your Treasury Notes, but it will be impossible to get them through to-day. They have to pass through ten offices, and require the constant attendance of one of us to get them through in two days. We had to make out a long account specifying each note, &c. which we made very early in the morning in hopes of getting it through to-day. The funding of the instalments on Mexican scrip did not require one-half the time that funding Treasury Notes does. Without personal application it requires three days to a week to get stock. WASHINGTON, March 9.

One of us was all day yesterday pushing your notes through, and only succeeded in getting them to the Loan Office, where we were informed that in consequence of an order from the Secretary, $1000 certificates could not be issued because $200 of the notes bore a different date from the rest, and the smaller notes could not be issued because the blanks had not been furnished by the engraver. There has been only $7,500 of the new loan issued and there are many notes waiting to be funded which have been lying in the Loan Office since 20th Feb. and are no farther advanced than yours. The Register, who has received many complaints of delay, is now engaged in drawing up a new form of funding which he will urge upon the Secretary. Yours truly.

The business of the Custom House from the 1st to the 9th of March, inclusive, presents the following results, as compared with the same period last year:

	1846.	1847.	Increase.
Free	181,452	528,218	346,766
Specie	39,866	114,861	74,995
Dutiable	1,722,804	3,493,373	1,770,569
Cash received	509,614	904,089	394,475
Total imports	2,453,736	5,040,541	2,586,805

We understand from Washington that a bid on foreign account has been made for the whole 12 million loan at ½ per cent. premium, and that Mr. Walker declined giving an answer until the bids were opened in April. Our readers may attach what credence they please to the report.

The Prince Albert, near at hand, has a large amount of specie on board.

At Buffalo the Money Market is somewhat tighter, consequent upon the state of monetary affairs at the East and the proximity of the business season. The amount of paper offering, however, is not augmented to any great extent, and there is a sufficiency of capital to meet the demand.

A meeting was held in Syracuse on Tuesday evening last, the 2d inst. for the purpose of establishing a Steam Woolen Factory at that place, with a capital of $100,000. Strong hopes are expressed that the enterprise will be realized. Mr. Townsend, of Albany, who is largely interested in property in Syracuse, subscribed $10,000, and it was believed that the representatives of the James property would subscribe as much more. A factory with $100,000 capital is soon to commence operations in Auburn. Utica is moving also in the same way.

The Resumption bill of Maryland has become a law. The Baltimore American says:

The bill provides for funding the arrears of interest in a six per cent. stock, and for resuming payments on the principal of the debt on the 1st of January, 1848. A distinction is made in favor of the principal debt so far as to provide for payments of the accruing interest on that debt first; the interest on the funded arrears comes next in order. If there shall not be money enough in the Treasury on the regular days of payment to discharge the demands of both debts, the deficiency in respect to the latter is to be met by certificates of acknowledgment to be paid out of the first disposable means.

We do not apprehend that the distinction here made will be any other than nominal. The resources of the State, as exhibited by the receipts of the last two years, indicate an ability adequate to all the obligations of the Treasury.

About $50,000 of Treasury drafts, recently remitted to the United States Paymaster at St. Louis, have been purchased by the Bank of Missouri at par. The Bank will use them as Eastern exchange.

A Toronto paper says that there were at least a thousand wagons a day, for two successive days, laden with Corn (Wheat) seeking a market in that city on the 23d and 24th Feb. The best samples brought 4s. 10d. equal to 96@97 cts.

The water was let into the Delaware Division of the Pennsylvania Canal to-day, being a gain of six weeks on last year. The Delaware Division last year, notwithstanding the obstructions by damage, yielded a revenue nearly equal to the interest upon two millions of dollars, after paying all current repairs and other expenses rendered necessary by the accidents sustained.

SALES OF REAL ESTATE.

By A. J. Bleecker—Two lots on south side Twenty-sixth st. near Fourth-avenue, each 20x98.9, $1,700 each—$3,400; two adjoining lots, same size, $1,675 each—$3,350; one lot 50 feet from last, 26x98.9, $1,725; five lots on north side Twenty-sixth st. each 20x98.9, $1,450 each—$7,250; one lot corner of Twenty-seventh st. and Fourth-avenue, 28.8x100 feet, $2,500; two adjoining lots on Fourth-avenue, same size, $2,000 each—$4,000; three lots on Twenty-seventh st. near Lexington-avenue, each 25x98.9, $1,200 each—$3,600; two lots on Twenty-eighth st. near Lexington-avenue, each 25x98.9, $1,150 each—$2,300; one lot adjoining, same size, $1,175; one lot on Fourth avenue, near Twenty-third st. 24.8x100, $2,675; one lot adjoining, same size, $2,700; two lots on Fourth-avenue, opposite the last, each 24.4x75, $2,425 each—$4,850; one lot on corner Twenty-third st. and Fourth-avenue, 25x75, $3,250; one lot adjoining, same size, $2,600; one lot corner Twenty-eighth st. and Madison-avenue, 24.9x95, $2,000; gore of land corner Madison-avenue and Twenty-seventh st. $4,900; lot on N. E. corner Madison-avenue and Twenty-seventh st. 24.9x100, $2,100; two lots on Twenty-third st. near Third-avenue, each 25x87.6, $1,750 each—$3,500; three lots on Twenty-second st. near Third-avenue, each 20x98.9, $1,500 each—$4,500.

By G. B. Rollins—House and lot 18 Laight st. $8,550.

Markets.....*Carefully reported for The Tribune.*

THURSDAY, March 11.

ASHES—The market is rather better for Pots. Sales 50 bbls at 4 8⅞; Pearls are 6 3¼, and firm.

COTTON—The sales to-day have been about 1200 bales, without change in prices. Holders are very firm, and only offer a small portion of their stocks at present prices.

FLOUR AND MEAL—On the spot there is but little doing, and the market is heavy. We quote 6 87½@7 06 for Western and Genesee, with sales 1000 to 1500 bbls. To arrive, there is a fair inquiry. Sales 2000 or 3000 bbls were made at $6, deliverable after opening Canal; 1000 bbls stipulated within ten days after, sold at 6 25.—There were also sales 1000 bbls deliverable at seller's option, all this year, at $5. In Southern the market is very dull. Philadelphia is offered at 6 37½, and Baltimore at 6 50, without buyers. Sales 1500 bbls Richmond City at about $8. Meal is very quiet. Sales 500 bbls at $5.—Rye Flour nominal at $5.

GRAIN—A small sale of Jersey Red Wheat, 1200 bushels, was made at 143½. The market is dull. In Corn there was a large activity to-day, and the sales were in the aggregate not less than 100,000 bushels, including 15,000 bushels Yellow Northern to arrive from up River at 93 cents; 20,000 do from and near head of River at 86@90 cents; 8000 do Jersey Yellow, to arrive in April, and 15,000 do, in a few days at 90@91 cents; 6000 do Northern White and Yellow at 88@92; 10,000 do Southern Yellow at 92@93 cents, and 15,000 to 20,000 Jersey and Southern White at 85@88 cents. Large parcels were offered to arrive in May at 75 cents, and 70 cents in June. In Barley and Rye there is little or nothing doing. Sales 1500 bushels Southern Oats at about 40 cts, and 1500 do Jersey at 46 cents. Canal are firm at 50 cts. White Beans are 1 25@1 60, and Peas $1@1 50. For the small Peas, which are scarce, there is a fair inquiry.

WHISKY—Drudge is down to 28½, with moderate sales. Bbls are 28 cents, with sales 150 to 200. There were 300 or 400 received by the Housatonic Road.

HAY—Government came into market to-day and took 1000 bales for the army at about 60 cents.

BONE—Sales 10,000 lbs prime North-west on private terms.

RICE—The market is quiet, but at a slight decline there might be some business done. Sales 20 tierces fair at 4 44, and at auction 100 do damaged at $3 50@4 19, cash.

OIL—City Linseed is held firmly at 80 cents: English is also 80 cents. Buyers are holding back. There is but little Country here.

PROVISIONS—There is a better feeling in Pork today. For 500 bbls Prime $12 was offered, with no sellers. Beef is steady, with sales 100 bbls Mess at previous quotations. The market is about 8 50@9 50, and $11@$12, for Country and City. We note sales 400 kegs Lard at 10¼@10½, and 100 bbls do at 9¾ cents. A sale of 700 City Hams, 'Leland's,' made at 11 cents, and 100 bbls 'Winchester' Shoulders brought 6¾ cents. Hamps at 8 cents. In Cheese there is a fair business doing at 7½@8½ cents. Butter is firm at 14@26 cents.

General Notices.

NERVOUS DEAFNESS.

☞ **The following is an Extract** from a letter received from a distinguished physician in this State. The name is withheld by request of the writer:

"A. H. CHRISTIE, M. D.: *Dear Sir*: One of my patients, unknown to me, obtained your Galvanic Belt, with the Magnetic Fluid, for a serious affection of deafness. The case was that of a lady whose nervous system was much disordered and her general health poor. Much was done previous to the application of the Belt, but with very little success, and I feel it only right to tell you that since she commenced wearing the Belt, but a few weeks ago, she has entirely recovered her hearing, and her general health is better than for several years. Her friends are rejoiced beyond measure at this happy result."

Dr. CHRISTIE would state that the above is not a solitary case. Many persons who have quite lost their hearing, and have been deaf for years, have recovered it by the same means. If the organ be not injured, there is always a fair chance of recovery by the proper application of Galvanism. It should, however, be remembered, that the sooner the application is made the better.

The only Agency in New-York for CHRISTIE'S genuine article is at 183 Broadway. Beware of spurious articles. No Drug Store has the genuine article. m12 1t

☞ **The next Lecture** of the course on Association will be delivered on Monday evening next, 15th inst. commencing at half-past 7, at the Lyceum Rooms, 309 Broadway. Subject—Life and Doctrines of Fourier. The public are respectfully invited to attend. Admittance free. Those who chose will contribute to pay expenses of light, fire, &c. &c. m12 3ts*

☞ **Mesmerism—Truth will Triumph!**—Six surgical operations have been performed this week at the Wesleyan Methodist Church, 76 Allen st. near Grand, upon Somnambulists while in a state of unconsciousness, and another will be performed this evening, (Friday, March 12.) Come and judge for yourselves, and do not depend on the dictum of brainless doctors. The world is challenged to show that mesmerism, like collusion is practiced in producing these results. To commence at 7½ o'clock. Admittance 12½ cents. m12 1t*

☞ **Silver Door-Plates.**—Fine silver Door-Plates, of latest styles, furnished and engraved at the low price of $3, warranted of the best material, at J. EVERDELL'S Door-Plate establishment, 302 Broadway, cor. Duane-st. m12 3misecd.

☞ **Mercantile Library and Reading Room,** Clinton Hall, corner Beekman and Nassau sts.—24,000 volumes—Sixty Reviews and Magazines, American and English. Clerk's Initiation Fee, $1; Half Yearly Dues, $1. Merchants and others' yearly subscription, $5.
C. L. EVERITT,
15f 1misMW&F President Mer. Lib. Association.

☞ **"Facts for the People."**—Exposure to cold when the body is heated, wet feet, pulling on or keeping on wet clothes, in addition to hereditary disposition or unwholesome employment, are some of the primary and most frequent causes of that fearful disease—PULMONARY CONSUMPTION. For the removal of the *effects of these causes*, freeing the system of all obstruction, allaying irritation and promoting a healthy action of the lungs, the most *speedy* and *certain* remedy is THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

This preparation is formed by a union of some of the principles of our most valuable *vegetable pectorals* in a combination with TAR—the value of which, in all affections of the breast, all know and confess. Since its introduction, of those who have employed it,

"None name it but to praise."

And even the prejudice of Physicians to the employment of combinations, of whose exact constituents they may be ignorant, has been so far overcome that *this one* has been *recommended* and is now daily *prescribed* in their practice. Prepared only by Aagney & Dickson, successors to S. P. Thomson, cor. Fifth and Spruce sts. Philadelphia. He has on hand a large supply. Sold by WYATT & KETCHUM, 121 Fulton-st. and by retail by H. Johnson, 273 Broadway, New-York. Price 50 cents a bottle; six bottles for $2 50. 319 6mis*

☞ **Dr. Wood's** Sarsaparilla and Wild Cherry Bitters, for the permanent removal of all such diseases as take their rise in a vitiated state of the blood, impaired digestion, morbid state of the liver and stomach, weakness of the nervous system, and a disordered habit of constitution, and the whole class of diseases, for which the medical faculty have for years united in prescribing the celebrated Sarsaparilla and the Bark of Wild Cherry.

Dr. Wood's Sarsaparilla and Wild Cherry Bitters, is the only medicine ever made of these articles, and founded as it is on the best medical principles, and their virtues extracted by a rigid chemical analysis, experience has shown its unusual power and efficacy, and will be found on trial, to be a sure and speedy remedy for the diseases enumerated above. They purify the blood, secure regular digestion, promote a healthy action of the liver and stomach, and strengthen the nerves, at once securing health and vigor to the whole system. In all cases of despondency, from indigestion or nervous irritation, they have been used with remarkable success; nor are they less useful as a remedy for headache, flatulency, loss of appetite, and a general prostration of the system. At the same time, it must be stated, that they are neither violent nor at all dangerous in their operations, securing as they do the desired end, by a steady, regular, and easy influence.

Sold wholesale and retail by WYATT & KETCHUM, general agents, 121 Fulton-st.; at retail 192 Broadway; 311 Bleecker-st. N. Y.; J. W. Smith, cor. Fulton and Cranberry sts. Brooklyn. Price $1, large bottles. 34 3mis*

☞ **Are You Ill?—Use Hyer's Pills!**—One of the best medical compounds ever known as a general corrective of the system. See "General Notice" column of **The Tribune to-morrow.** 8f MW&Fis

Postmasters remitting us $1 will receive 13 copies. The postage under the present Post-Office law cannot exceed 2½ cents per copy.

The Whig Almanac is for sale by most Booksellers in the United States. Persons desiring to procure it may send their orders through country merchants.

GREELEY & McELRATH, Publishers.
New-York, January 1, 1847. M W&SW

Subscribers to the Farmers' Library.

Where new subscribers order the last year as well as the current year, we would greatly prefer sending them the *bound volumes* of the former, wherever it is practicable to do so, but we are not at liberty to send them by mail. Wherever any other mode of forwarding them is suggested by the subscribers, we will always send the bound volumes of last year, in preference to sending the numbers. For twenty dollars we will send to our current subscribers four complete sets of the first year, bound.

Each year's publication of this work makes two very large and beautiful octavo volumes, of six hundred pages each, illustrated by numerous engravings. All persons interested in the beautiful and entertaining literature of Agriculture, are invited to examine this useful work.

GREELEY & McELRATH, Publishers.

General Notices.

☞ **Eighth-st. March 6, 1847**—Mr. BARRY, 139 Broadway—Sir: In justice to the merits of your Tricopherous, allow me to acknowledge the benefits I have experienced from its use in my own family. Mrs. C. after an accouchement of her first child, perceiving her hair suddenly fall off, was induced, through the information of her sister, to try your Tricopherous, which she represented as a most useful and pleasant article for dressing the hair.—After the use of a small bottle her hair recovered its former strength and appearance. I have since recommended it to my friends, and always find its reception such as to prove it an article of genuine merit. Please to send by bearer two bottles at 25 cents each, and oblige yours
THOMAS CAMERON.

BOARDING in Chambers-st.—Two single gentlemen can be accommodated with a pleasant room and board at 76 Chambers-st. m9 2wis

Miscellaneous.

FAIRBANKS'S PLATFORM SCALES.

THE GREAT SUPERIORITY of these Scales has never been so fully understood and appreciated as during the past year. While hundreds of imperfect yet "warranted" scales of other kinds have been tried, found wanting and condemned, the purchasers of Fairbanks's Scales have in no case been disappointed.

The universal confidence which is felt in the accuracy and perfect adjustment of these scales is such that they have come to be regarded as the standard, from which there is no appeal.

No matter how severe the test—(and the makers court the severest tests)—no matter whether the article or load to be weighed is placed on the center or on either angle of the platform—whether the amount is small or great—from the lowest to the highest capacity of the scale—the amount indicated is always right.

These considerations are duly estimated by all that class of the community who value their reputation for correct dealing, and hence the increased and constantly increasing demand for Fairbanks's Platform Scales.

FAIRBANKS & CO. Agents,
