GEORGE W. BLUNT,

RUFUS F. ANDREWS
Chairman of Conference Com., of 22d st., Convention.

JOHN A. GRISWOLD AND THE WORKINGMEN.
NEW YORK, Nov. 2, 1868.

To the Editor of The Sun.

SIR: Allow me, through your independent columns, to give a flat and direct contradiction to certain gross and wholesale calumnies which appeared in the *Star* of this morning, against the character of Mr. Griswold as an employer and a friend of the workingmen. These calumnious statements occur in speeches said to have been delivered by parties named Muldoon and McCormick, at a trades union meeting held in this city on Saturday evening last.

With respect to the general bearing of the remarks of these individuals, which was to accuse Mr. Griswold of being a bad employer, all I shall say is to pronounce such an attempt to be false and fraudulent in the extreme. The gentleman who has been thus vilified is, on the contrary, one of the best and most liberal employers in this State, and I appeal to every honest and intelligent workingman in Troy for corroboration of this fact.

The only special falsehoods which I deem it necessary to refute are, first, that where Muldoon asserts that the recent address to Mr. Griswold from his employees, calling him to the gubernatorial chair, was got up on "false pretences," and that "the men did not know to what they were affixing their names," &c. &c. This, Mr. Editor, I pronounce to be not alone a deliberate falsehood, but a gross insult to the parties in question. The signers DID know to what they affixed their names, and they are one and all as capable of understanding its purport as the man who has thus belied them, and far more honest and truthful. The second calumny is not altogether so patent on the face of it:

"As an evidence of his tyranny, one fact will prove its stamp: *He positively prohibits any man in his employ from keeping a store or shop, fearing they might become independent of him.*"

There is here not alone a calumny, but a fraud. Mr. Griswold has certainly forbidden his employees to keep "stores," but not *all kinds* of "stores." The only stores he has forbidden them to keep are LIQUOR STORES. He has done this, not for the purpose of preventing them from becoming "independent of him," but for their own welfare and that of the community at large. He deserves to receive the praise and support, not the censure, of every virtuous and intelligent citizen in the land for the act alone, if for no other.

THOMAS McGRANE, of Troy.

Financial.

ONE OF THE BEST INVESTMENTS.

THE
FIRST MORTGAGE
BONDS
of the
UNION PACIFIC
RAILROAD COMPANY.

900 MILES COMPLETED.

A limited amount of the First Mortgage Bonds of the Union Pacific Railroad Company are offered to the public as one of the safest and most profitable investments.

1. They are a first mortgage upon the longest and most important railroad in the country.
2. By law they can be issued to the Company only as the road is completed, so that they always represent a real value.
3. Their amount is limited by act of Congress to Fifty Million Dollars on the entire Pacific line, or an average of less than $30,000 per mile.
4. Hon. E. D. Morgan, of the United States Senate, and Hon. Oakes Ames, of the United States House of Representatives, are the trustees for the bondholders, to see that all their interests are protected.
5. Five Government Directors, appointed by the President of the United States, are responsible to the country for the management of its affairs.
6. Three United States Commissioners must certify that the road is well built and equipped, and in all respects a first-class railway, before any bonds can be issued upon it.
7. The United States Government lends the Company its own bonds to the same amount that the Company issues, for which it takes a second mortgage as security.
8. As additional aid, it makes an absolute donation of 12,800 acres of land to the mile, lying upon each side of the road.
9. The bonds pay six per cent. in gold, and the principal is also payable in gold.
10. The earnings from the local or way business were over FOUR MILLION DOLLARS last year, which, after paying operating expenses, was much more than sufficient to pay the interest. These earnings will be vastly increased on the completion of the entire line in 1869.
11. No political action can reduce the rate of interest. It must remain for thirty years—*six per cent. per annum in gold*, now equal to between eight and nine per cent. in currency. *The principal is then payable in gold.*

If a bond, with such guarantees, were issued by the Government, its market price would not be less than from 20 to 25 per cent. premium. As these bonds are issued under Government authority and supervision, upon what is very largely a Government work, they must ultimately approach Government prices. No other corporate bonds are made so secure.

12. The issue will soon be exhausted. The sales have sometimes been half a million a day, and nearly twenty millions have already been sold. About ten millions more may be offered. It is not improbable that at some time not far distant, all the remainder of the bonds the Company can issue will be taken by some combination of capitalists and withdrawn from the market, except at a large advance. The long time, the high gold interest, and the perfect security, must make these bonds very valuable for export.

All the predictions which the officers of this Company have made in relation to the progress and business success of their enterprise, or the value and advance in the price of their securities, have been more than confirmed, and they therefore suggest that parties who desire to invest in their bonds *will find it to their advantage to do so at once.*

PROCLAMATION.

MAYOR'S OFFICE,
NEW YORK, Oct. 31, 1868.

TO THE PEOPLE OF THE CITY OF NEW YORK:

We are on the eve of an important election. Intense excitement pervades the whole community. Unscrupulous, designing, and dangerous men, political partisans, are resorting to extraordinary means to increase it. Gross and unfounded charges of fraud are made by them against those high in authority. Threats are made against naturalized citizens, and the authority of the Judges and the seal of the Supreme Court is defied. A Grand Jury of the United States Court, summoned through the agency of those who are in this scheme, has, as I have been informed, been induced, without that preliminary examination which is usual, and which is afforded by law for the protection of character, to find, in great haste and secrecy, bills of indictment against divers persons for the purpose openly avowed of intimidating them in the discharge of their public duties. The United States Marshal, a violent political partisan, has assumed to himself the power and duty of appointing swarms of special deputies to take their places at the polls, and to threaten and awe the electors of the State of New York in the exercise of their high privilege of casting their vote for the chief officers of the Nation and State. It is the first time in the history of the country that United States Government officials have attempted to interfere with free elections in the Empire state, and the act is attended with danger.

Evidence is accumulating that the combination of dangerous men who have set on foot and thus far carried into execution these unusual and unjustifiable movements have done so for two purposes:

First—To conceal and cover their own schemes of fraud which they hope to consummate by the aid of untried or pardoned criminals.

Second—So to excite the masses of the people in this city who are opposed to them, as to lead them into acts of disorder and violent resistance.

In the exercise of my duty as Chief Magistrate of this city, I call upon the people to unite in preventing the consummation of this scheme. Let them watch carefully the movements of those who seek to perpetrate great frauds, while they charge fraud upon others; and, above all things, let them see to it that there shall be no scenes of violence or disorder on the day of election. Perfect peace and order are essential to the welfare of the city, the prosperity of the State, and the maintenance of the rights of all the people.

Nothing but evil and calamity can come from any disturbance of the public peace. Those in authority, and those out of it alike, find their protection in the maintenance of law and the preservation of order. Let no citizen, however, be deterred by any threats or fears from the discharge of his duty at the polls somewhere, but let him assert his rights boldly, resolutely, and at the same time with calmness and dignity, and he will find his perfect protection under the laws and the lawfully constituted authorities of the State of New York.

By virtue of authority vested in me by law, I hereby offer a reward of one hundred dollars, to be paid on the arrest and conviction of any person charged with a violation of the election laws of this State, and a like sum to be paid on the arrest and conviction of any person charged with intimidating, obstructing, or defrauding any voter in the exercise of his right as an elector.

In witness whereof I have hereunto set my hand and official seal, at the City Hall, in the city of New York, this 31st day of October, A. D. 1868.

JOHN T. HOFFMAN, Mayor.

CITY OF NEW YORK—Department of Finance, Bureau of the Receiver of Taxes, Court House, Park, Oct. 31, 1868.—To Taxpayers.—Notice is hereby given that one per cent will be added to all taxes unpaid on the 1st of December; also, an additional one per cent on January 1, 1869.
