TO STRANGERS.

CHRISTIE'S GALVANIC AND MAGNETIC CURATIVES.

**In all cases of Rheumatism and Nervous** Complaints the efficacy of these articles is truly wonderful, complete cures often being accomplished when every other means have failed. Several physicians now recommend them in their practice, and the ordinary prejudice which is generally attached to articles of the kind is rapidly disappearing. Many of our most respectable citizens have used them with perfect success, particularly in cases of gout, tic doloreux, paralysis, apoplexy, neuralgia, nervous tremors, palpitations, and the long trains of nervous disorders. In the worst and most afflicting cases of deafness complete cures have often been effected. A great advantage in these articles is the entire safety and convenience attending them.

The only agency in New-York for Christie's genuine articles is it

between John-st. and Maiden-lane.

No drug store in New-York will ever be allowed to keep Dr. Christie's articles. Many of these establishments offer worthless imitations, against which the public are respectfully cautioned. m31

**To the Sick and Afflicted—An Invaluable Remedy.**—Dr. Swayne, in his "Compound Syrup of Wild Cherry," has placed before those afflicted with coughs, colds, consumption, and all diseases of the lungs, a remedy which cannot fail to speedily relieve their sufferings. Infants and the most delicate persons may take it without the slightest danger. The reputation of this medicine has caused many spurious articles to be put forth under its name, but the preparation of Dr. Swayne, beside being the first ever offered to the public, is the only one that can be relied on. Beware of all preparations of Wild Cherry except Dr. Swayne's.

**Eighth Ward.**—REFORM!—REFORM!!—REFORM!!!—The Eighth Ward City Reform Association, and all other citizens who are in favor of a reform in our Municipal Affairs, are invited to attend a meeting to be held at Lafayette Hall, 595 Broadway, on Wednesday evening, March 31, at half-past 7 o'clock, to respond to our nominations for Charter officers for the ensuing election. Taxpayers and Working-men! we call on you to join heart and hand with us, that we may destroy the corrupt abuses that have rendered our city affairs a bye-word and a jest; a place of filth and corruption; a second Augean stable. The following are some of the reforms we do advocate: The reduction of the present useless large number of Police to a number but sufficient to preserve order during the day, and the employment of a sufficient number of citizens to watch the lives and property of our citizens at night, as under the old system. Come one! Come all! Come every one!!! Several distinguished speakers will address the meeting. Also, a Band of Music will be in attendance. By order of the Committee.

**A Plain Statement.**—Thomsonn's Compound Syrup of Tar and Wood Naptha.—This medicine, the invention of a man who gave the subjects of Pulmonary, Bronchial and Pectoral Diseases the most rigid examination, has now been before the public near four years. During this period it has performed some of the most remarkable cures on record of Pulmonary Consumption—secured the recommendation and use of physicians in their practice, and the warmest approval of thousands of persons in ordinary and severe colds, coughs, in hoarseness, spitting of blood, &c.

Certificates of its wonderful power have been given in some instances, and sworn to as true, by persons, who, at any time, will give verbal verifications of their contents.

But, beware of imitations, and purchase Thompson's Compound Syrup of Tar from none but advertised agents, or of those above the suspicion of dealing in counterfeits.

It is frequently used and highly recommended by some of the most respectable physicians in New-York and Philadelphia.

**Dr. Wood's Sarsaparilla and Wild Cherry** Bitters, for the permanent removal of all such diseases as take their rise in an impure blood impaired digestion, morbid state of the liver and stomach, weakness of the nervous system, and a disordered habit of constitution, and the whole class of diseases, for which the medical faculty have for years united in prescribing the celebrated Sarsaparilla and the Bark of Wild Cherry.

**SHERWOOD'S** Magnetic Machines.—By recent improvements in these machines, their power is doubled in cases of the same size, and the price reduced to $9, $10, $12 and $14 each. They have now double the power, and run much better, and with less noise than any other machines, and are much better adapted for mesmerising as well as magnetizing patients than any other in use. Each one is accompanied with a manual (9th edition, pp. 284, 32mo.) in the English or French language, according to order, containing specific directions for the new method of using this instrument, and which alone can render it effective. Physicians and others are cautioned against purchasing the imitations of these machines under whatever name, as they will be found of little or no value. No premium has ever been obtained over our machines at the American or any other Institute, as represented by the manufacturers of inferior machines.
