Said bonds are to be issued for the purpose of providing means to redeem the Family Aid Fund Bonds of the city of New York, dated November 1, that portion of the county debt due November 1; and the quota of the state tax to be levied on account of State debt, charge-able to the county of New York during the present year.

The bonds will bear interest at the rate of seven per cent. per annum, payable semi-annually, on the first day of May and November in each year, and the principal will be redeemed on the first day of July, in the year 1879.

The proposals will state the amount of bonds desired, and the price per one hundred dollars thereof; and the persons whose proposals are accepted will thereupon be required to deposit with the Chamberlain the sums awarded to them respectively, together with any premium therefor.

The "Family Aid Fund Bonds, No. 5," of the city of New York, due November 1, 1869; the Bonds of the county of New York, entitled "New York County Bonds for the repayment of Taxes," due November 1, 1869; and the "Revenue Bonds" of the City and county of New York, of 1869," will be accepted at their par value and accrued interest, in payment, on account of any portion of the aforesaid Tax Relief Bonds of the city of New York, which may be accepted; and in such cases the adjustment will be made at this office and the new bonds issued.

On presenting to the Comptroller the receipts of the Chamberlain for deposits made with him on account of the aforesaid loan, the parties will be entitled to receive bonds for an equal amount of the loan herein first above awarded to them, bearing interest from the date of payment.

This loan, without increasing the debt of the city, offers an investment to companies and individuals *unrelated in security*, and for a period of years.
