SAD ACCIDENT AND LOSS OF LIFE.—We learn, from our Provincetown correspondent, that Capt. Samuel Cohan, of the fishing schooner Brinda, of Provincetown, and nine of his crew, left that port on the 29th inst. for North Truro, in a sail boat, with the wind blowing heavy from the S. W. and the tide low; and when on the outer bar the sea broke into the boat, sunk her, and six persons were drowned. The anchor prevented the boat from drifting on shore. The following are the names of those lost: Capt. Samuel Cohan, 55 years of age; Daniel Pendergrass, 16 do; Andrew Cassity, 17 do; William Outra, 18 do. (formerly of Charlestown); Nathaniel Paine, 15 do; and John Ridley, 13 do all of North Truro. [Boston Atlas.

ANOTHER.—The schooner James Henry, Capt. Elisha Rowland, arrived at Brewster from Scituate just before the squall and change of wind on Tuesday evening last, and anchored a short distance from the shore. About 11 o'clock the Captain, mate and two men and a boy, left the vessel in a boat, and it is supposed were swamped in the heavy sea running on the bar. Two men remained on board during the night, and at sunrise the next morning, it being low water, walked ashore on the flats, and were the first to discover the lifeless bodies of the men. The captain had his son, a lad about seven years of age, clasped in his arms. [Yarmouth Reg. 29.

☞ GREEN, THE GAMBLER, has been challenged in a discussion by a man named Freeman, who acknowledges himself one of that proscribed fraternity,—he intends to show that gambling is not fifty per cent below stealing. Mr. Freeman has undertaken the most difficult part of the discussion, but between him and Mr. Green the uninitiated public stand a fair chance of learning some of the mysteries of the craft, or of seeing how dexterously the unsophisticated can be fleeced of their money. COMMERCIAL AND MONEY MATTERS.

For Sales of Stocks, &c. see Fourth Page.

FRIDAY, P. M.

The Stock market was buoyant to-day and active. Most of the fancies improved, and for sound stocks there was a good demand at steady prices.—Treasury Notes sold at the Board at 3½ prem. seller 60, and after the Board at 4 per cent. The demand is large.

The supply of Bills exceeded the demand to-day, and the rates fell back to 6½@6¾ for Sterling. The market at the close was firmer. France are not plenty and firm at 5.37½@5.35.

Freights are quiet and still have a downward tendency. There is no demand for vessels for Ireland. To Liverpool Flour is being shipped at 2s 6d: Grain is nominally 9@10d; heavy freight 35@40s. Within the week eight or nine vessels have been taken to load lumber at Quebec at £5@£5 10. To the Continent the rate is dull for Grain at 23c. Flour $1. Nothing doing for Havre.

The Sarah Sands had £185,000 in specie, and another arrival brought enough to make the amount nearly a million, which will form a desirable increase to the specie reports of our Banks.

The amount of specie in the Sub-Treasury here is but a little under three millions. The payments on the new loan have put the Treasurer in funds. There are drafts out against this amount of about a million. It is understood that the Secretary has now all the money he will need until June.

There was a sensible relief in the Money Market to-day, and paper was sought for at better rates.

The Bank of the State of New-York has declared a dividend of 3 per cent. payable on the 10th of May; the Brooklyn Fire Insurance Co. 8 per cent. payable on the 10th of May; the Brooklyn Union Ferry Co. 3½ per cent. payable May 1.

The amount of tolls paid by the Railroads of this State on freight going East and West, and the tons of freight going East and West on each road, is as annexed:

Roads.	TOLLS East.	TOLLS West.	TOLLS Total.	TONS East.	TONS West.	TONS Total.
Utica & Buffalo	$412	$422	$854	1,449	925	2,374

The second instalment of $5 per share on the capital stock of the Pennsylvania Railroad Co. is required to be paid on or before the 4th of May.

The completion of the Boston, Concord and Montreal Railroad is now rendered certain to Plymouth, 50 miles from Concord. About two months since a new subscription was opened for the purchase of iron for the road, payable on condition that $230,000 should be subscribed. Last Monday the Directors held a meeting at Concord, and on footing up their different subscription lists, found that they had received subscriptions to the amount of $240,000.

The Evening Journal, Albany, says:

The House of Assembly did a very sensible thing this morning, in refusing to pass a bill authorizing the deposit of U. S. stocks with the Controller for banking purposes. Our own State stocks form a basis broad enough for the object contemplated. Their value is enhanced by their relation to our banking system. That value would be diminished by the competition of U. S. stocks. If we are to resume the unfinished public works, the value of our stocks should be vigilantly protected.

The Directors of the New-York and New-Haven Railroad, having completed their location of this road, the Commissioners appointed by the State of Connecticut give notice that they will meet at New-Haven on the 10th of May, at Milford on the 11th, Bridgeport on the 12th, Norwalk on the 13th, and Stamford on the 14th, to hear objections.

The Board of Pennsylvania Canal Commissioners have advertised for a State Loan of $20,000 for the purpose of constructing certain works on the Delaware division of the Pennsylvania Canal.

The business on the Little Miami Railroad continues to show a large increase, viz:

Receipts, first half of month of April, 1847		$10,203 90
Do do do 1846		5,022 18

The following table shows the steady increase of receipts during the first four months for the last four years, viz;

	Jan.	Feb.	March.	April.
1844	1,336 98	1,929 99	1,284 79	1,330 28
1845	2,713 86	2,195 40	2,484 03	2,530 79
1846	6,795 31	7,732 41	8,367 35	8,846 74
1847	13,684 87	15,870 55	20,611 14	

It has been prophesied that in less than ten years the mile would leave Cincinnati one day, and reach New-York City the next, as follows: Leave Cincinnati in the morning by Railroad, and reach Cleveland the same evening; thence take a steamboat and reach Dunkirk, on Lake Erie, (the termination of the New-York and Erie Railroad,) in a few hours, and wait till morning; then take the cars of the latter Railroad, which will reach New-York the same evening.

The proposition of taking $75,000 worth of stock in the Cleveland, Columbus and Cincinnati Railroad, was submitted to the voters of Holmes County at their Spring election, and decided in the affirmative by 700 majority.

HAVRE, 3d April, evening, 1847.

Our Cotton market has relapsed into a very dull state and prices have again a downward tendency. The demand for consumption is very restricted.

In Flour, the sales amount to 15,000 bbls. at 50@51f. for New-York in loco, and 48@49f. 50 for New-Orleans. The principal transactions within these few days, were in New-Orleans, to arrive at 47@47f. 50.

Nothing has been done in Wheat, which looks down.

SALES OF REAL ESTATE.

By Wm. H. Franklin & Son.—2 story brick front house and lot No. 31 Roosevelt-st 2 yrs old $4,450.

By E. H. Ludlow & Co.—2 lots on Bloomingdale, between Thirty-eighth and Thirty-ninth sts. each 24 8x100, $855 each—$1,770; Plot of ground on Bloomingdale, near Forty-first-st. 79 8x77 5. $1,625; 1 lot on near Fifth-av. and One Hundred Twenty-fourth-st. 25x100 10, $220.

Markets....*Carefully reported for The Tribune.*

FRIDAY, April 30.

ASHES—The market is steady but not active, the supplies on the spot being very small. The quotations are 5 10½ and 6 50. To arrive by 10th June, 100 bbls Pots sold at 4 75.

COTTON—The sales to-day have only been about 800 bales without farther change in price. The two days later accounts from Liverpool per Sarah Sands have produced no perceptible effect on the markets. The following are the quotations of this day's operations:

	Upland.	Florida.	Mo. & N. Orls.
Inferior	none	none	none
Ordinary	11½@11¾	11½@11¾	11½@12
Middling	11¾@12¼	12 @12¼	12¼@12¾
Mid. Fair	12¼@13	12¾@13¼	13¼@13¾
Fair	13¼@13¾	13¼@13¾	13¾@14¼
Good fair	14 @—	14 @—	nom.
Fine	none	—@—	nom.

FLOUR AND MEAL—The market for parcels on the spot has a continued downward tendency and sales are made privately at rates below the quoted prices. The demand is small and confined to the supply of immediate wants. The sales have been at 7 50@7 75 for Western Genesee, occasional sales of Genesee having been made at 7 56@7 62½. The demand to arrive continues to be considerable and the rates are without change.—The only sales we hear of are 3000 or 4000 bbls at 6 37½@6 50 in May and 6 12½@6 25 in June. There were sellers at the close at 6 12½ for June. Good brands New-Orleans would bring 7 50 on the spot. The near approach of supplies of Flour from the Canal checks transactions in Western. For Southern the inquiry is limited and the market nominally 7 37½@7 50. We hear of 200 bbls Richmond Country at 7 44. Rye Flour is $5. Meal was in moderate request. Sales 1000 bbls Brooklyn at 4 25 in May, and 1000 do Jersey and North River at 4 56¼.

GRAIN—A sale of 10,000 bushels White Ohio Wheat was made to arrive in May at 140 cts, and 2000 do Genesee at 150 cts. Several samples were on the market unsold. Corn was without change in rates for immediate delivery, but the demand for future delivery was larger and rather better prices were in some cases obtained. Some of the demand is believed to be on orders from the South. Sales 6000 or 8000 bushels Northern Yellow at 97; 2600 do Southern, 96, and 5000 do, Southern White and Mixed, at 93@94 cts. To arrive the sales were 70,000 bushels at 75 in July, 78@80 in June, and 85@91½ in May, part early in May. Rye was quiet at 93@94 cts. No demand for Barley. Oats are rather duller. Sales River at 50@52 cts. To arrive 6000 bushels sold at 48 cts. Of Beans and Peas 150 packages sold at 1 50 for Pea Beans, and 1 18¾ for field Peas. A sale of 250 bags Black Eyed Peas was made at 2 37½ per bag of 2 bushels.

WHISKY—The market has an upward tendency with but small supplies. About 125 bbls sold at 29@29½, with fair sales Drudge at 28 up to 29 cts.

HAY—Sales 600 bales at 56½ cts.

TEA—The sale to-day went off with considerable spirit and the prices obtained show a steady market.—The Teas were good and nearly all sold.

HIDES—At auction to-day a catalogue of 10,000 was offered but the sale was stopped after a few lots were disposed of. The sales were 1500 dry Matamoros (23¾ lbs) at 10¼; 381 Country Orleans, (17¾ lbs.) 9; 50 dry rotted Matamoros (31½) at 7½; 100 Calf Skins, 9¼, and of damaged, 1257 dry Matamoros (22¾ lbs) at 7½, and 94 Orleans, 4½ cts. Terms, cash.

BEESWAX—Sales 2000 lbs Yellow at 26 cts.

TALLOW—About 10,000 lbs Prime sold at 9c, cash.

SUGARS—At auction sales 285 hhds New-Orleans at 7 06@7 56½ per cwt.

FISH—Within the week between 2000 and 3000 quintals Dry Cod have been sold at 3 90, cash. Mackerel are in fair demand at full prices.

RICE—The market is heavy and to make sales some concessions must be made by sellers.

HEMP—A small sale of Dressed was made at $185 per ton.

OIL—English Linseed is now held firmly at 70 cts. City is also 70c with small sales. For Crude Whale 33 cts is offered.

PROVISIONS—The transactions in provisions were very light to-day and the market without change to note. New Mess was offered at $17, buyer's option all this year. For Lard there was some inquiry, but we heard only of 150 bbls sold at 9¼ cts. The supplies of Butter and Cheese are still light and bring high prices.
