COMMERCIAL AND MONEY MATTERS.

For Sale of Stocks, &c. see Fourth Page.

MONDAY P. M.

The Market is not active, and the Fancies generally although held firmly, have rather a tendency to give way. These Stocks are mostly in strong hands.—There is a general complaint of want of animation.—Rumors of peace negotiations would have a fine effect upon the market.

In Bills there are but few transactions, and the rates are without change. Sterling is quoted 6¼@6¾—some 3.27@5.35.

The Freight Market is dull, with a large supply of tonnage on the market. There are probably over 100 square-rigged vessels here waiting freight. To Liverpool the quotation is 2s 6d@3s. Grain 9@10d.—Provisions 35@40s. Cotton 3-16d. To Havre, Flour 75 cents, and Grain 35 nom'nally. To Antwerp, &c. [illegible] cents.

Treasury Notes were in active request and large sales were made at 4½ per cent. premium. There were few buyers than sellers at that figure.

The Import of Specie into the country since the present movement commenced has reached about twenty millions. During last week the following amounts came to hand: Sarah Sands, about $900,000; Virginian, $[illegible] Liverpool, $27,500; Henry Clay, Liverpool, $241,[illegible] Switzerland, London, $241,500; China Samaria, [illegible] Marta, $30,000; Isabel, Valparaiso, $39,400; Nile, [illegible] Andreas $4,350; total, $1,484,250.

The following Table gives the amount of funds in the principal Government Depositories by returns received April 20, 1847. The entire amount in all the depositories is $7,267,820, against which drafts of $2,707,[illegible] have been drawn, leaving a balance of $5,060,850 to meet to draft against $3,531,959 at the time of last report:

The balances which were in the Banks of this City have all been drawn out, and the same is the case with all the banks which have been used as depositories throughout the country. The divorce of Bank and State is entire, and the Government funds are now in the hands of individuals and in the Mints. Even the Government brokers at Washington have lost their treasury pap, the whole balance in their hands being transferred to New-Orleans. The increased amount in our last report is $1,530,000, which has accrued under the new loan, mainly at New-York, Boston and Washington.

The business of the Custom House for the month of April shows a very large increase on the same month last year. The increase in Imports is over one hundred per cent; on Exports forty per cent. and on Duties received over fifty per cent. The Imports were:

	1846.	1847.
Free	$2,228,878	$1,987,033
Specie	106,544	3,397,064

Total	$6,440,815	$13,723,526
Increase	$7,282,711	

The free imports have fallen off, and of the increase $10,200,000 is in specie. The amount of Duties received now is annexed:

April, 1847	$1,373,752	April, 1847	$2,109,405
Increase		$735,653	

The Exports have increased nearly one hundred per cent in Domestic Produce, but other articles have fallen off. The Exports for April and March were:

	April 1847.	April 1846.	March 1845.	March 1847.

New-York Cattle Market.—MONDAY, May 3.

[By our own Reporter.]

At market, 1000 Beef Cattle (700 from the South,) 200 Cows and Calves, and 1100 Sheep and Lambs.

Beef Cattle—The sales this week amounted to 300, at about the prices of last week, viz. $7@$9. 43 head exported to Bermuda.

Cows and Calves—The market has not been so liberally supplied as it has been for two or three weeks past, prices range from $16 to $25@$40, as in quality, with a ready demand. A few sales of Extra are reported as high as $50. All sold.

Sheep and Lambs are in active request at from $1 50, to $4 50, at which prices the market was cleared.

Hay and Straw—The former sells at 66@75c. per cwt, and the latter at $2@$2 37½ per 100 bundles.

Markets—*Carefully reported for The Tribune.*

MONDAY, May 3.

ASHES—There are no sales of importance, but the market is very firm at 5 12½ and 6 50 for Pots and Pearls.

COTTON—The sales to-day have been nearly 1000 bales. Prices are rather heavy.

FLOUR AND MEAL—Prices for parcels on the spot are a good deal unsettled, and it is not easy to get at the real sales. Some transactions are made at a decline on former quotations, but how much is not made public. The sales are only of small parcels. The quotations are nominally 7 25@7 50 for Western and Genesee, but we heard of a sale of so-called Genesee at 7 12½, and some mixed Michigan at the same rate. Fair brands Genesee could be bought at 7 25. For parcels to arrive, on the contrary, the market had rather an improving tendency, and there was a good demand. The sales are 6000 to 10,000 bbls at $6@6 06 in July, 6 25 in June, 6 30 in all May, and 6 75 early in May. Of New-Orleans, a little fancy, 200 bbls, sold at 7 37½. In Southern there is no movement and not much offering. The range is 7 25@7 50, with some small sales at 7 37½@7 50. Meal is quiet, but holders are generally firm at $19. A few hundred bbls sold at 4 56½@4 62½. Rye flour is nominally $5.

GRAIN—The sale of 10,000 bushels Ohio Wheat on Saturday should have been reported at 139½ instead of 139. There is a good demand for Wheat, to arrive. The Corn market is dull, and Yellow on the spot will not bring over 95. Sales 10,000 bushels at 95@96 cts. White is nominally 91@93 cents. The samples are but few. To arrive, 30,000 bushels Western, for July, sold at 75 cents; 5000 do, 20th May, at 85; and 2500 do. next week, at 88 cents. Rye is dull at 90@91 cents. No sale for Barley. Oats are a trifle stiffer. Sales Prime at 50@51 cents. Sales 100 bbls Beans at 1 37½ ⅌ bushel. Peas are 87½ for Marrowfat and 1 12½@1 18½ for Field.

WHISKY—The market is nominally 29@29½ for bbls, with few offering. Small sales Drudge at 29 cents, with 28½ freely bid.

HAY—There is a large inquiry for Southern shipment, and 2500 bales were taken at 60@62 cts per cwt.

GROCERIES—The markets are not active to-day, but there is no marked change to notice.

TEAS—The sale of the Teas per Panama was a very fair one, there being over 400 lots. The Teas were fine, and the prices obtained were fully equal to those of previous sales, for Green, and in some cases, show a small advance. Blacks were dull. Nearly all the catalogue was sold.

Hyson—42 half chests at 71 cents per lb.; 51 do 70½; 67 do 70; 24 do 62, 10 do 65; 10 half do 64, 56 do 63½; 30 do 63; 40 chests 59.

Ningyong Souchong—30 half chests 24; 105 do 23½.

Padrae Souchong—20 boxes 71.

PROVISIONS—The market for Pork is very quiet, and although prices are sustained without marked decline, yet the tendency, especially for new, is downward. Old is nominally 12 87½@13, and 14 87½@15 with sales 300 bbls. New is held at 13 75 and 16 50. In Mess there is little or nothing doing. The quotations are nominal at 8 75@9 50, and 11 75@12 50. Pickled Meats are in fair request. We note sales 100 bbls Hams at 9½, and a few Shoulders at 6½ cents. A sale of 500 Smoked Hams, Leland's, was made at 12 cents. Lard is in rather better demand. NOTICE.

DISSOLUTION OF COPARTNERSHIP.—The copartnership heretofore existing, under the name of WM. SWAIM & SON, was dissolved on the 21st of July last, by the decease of the said Wm. Swaim, and the business is now, and will be in future, conducted exclusively by the subscriber, who has had the sole charge of the manufacturing of the Panacea and Vermifuge for the last fourteen years.

The Panacea will be put up as usual in round bottles, fluted longitudinally, with the following letters blown on the glass "*Swaim's Panacea, Philada.*" and the only change made is the name of JAS SWAIM stamped on the sealing-wax and written on the label covering the cork, and a new label for the side of the bottle, composed of geometric lathe work, comprising nine different dies, which have been turned for the exclusive use of the proprietor by Draper & Co Steel note engravers of Philadelphia. For dies of different patterns form the body of the work, and in the center is a portrait of the late Wm. Swaim, separated from the borders by two circles of lathe work. The words "Swaim's Panacea" are engraved conspicuously on two turned strips, and a large semi-circular die forms the upper margin. The borders are composed of plain lathe work strips, outside of which is engraved in small letters the entry of the copy right:

Philadelphia, Aug. 1846. JAMES SWAIM.

And also, the wonderful cures effected by Swaim's Panacea have for many years made it an invaluable remedy. The Panacea does not contain mercury in any form, and being an innocent preparation it may be given to the most tender infant.

THE RETAIL PRICE HAS BEEN REDUCED to One Dollar and Fifty Cents per bottle, (containing three half pints,) or three bottles for Four Dollars.
