At Buffalo Currency is rather more plentiful, the demand being lessened in consequence of the trifling amount of business doing in produce. Exchange on New-York is somewhat firmer at the usual rate, viz: 4 ⅌ cent. The amount of uncurrent funds afloat continues extremely limited.

The Report of the New England Health Insurance Co. made to the Connecticut Legislature, gives the net profits of last year at $7,852 which was divided as follows:

Dividends to stockholders, to be applied on their notes to the Company, 27, 21, 25 per cent. per annum, ... 2,923 78
Cash dividends to be paid to Stockholders on demand, 18, 10, 12 per cent. per annum, ... 1,587 92
Dividends to policy holders, 59 cents on each policy, ... 1,460 84
Surplus on hand, ... 1,879 89 7,852 43

The capital stock paid in is $18,700, and the amount of losses paid during the year $2,528. Mr. Ives, Secretary of the Long Island R. Road is the agent in this City.
