Law Courts.

UNITED STATES CIRCUIT COURT—Before Judge Nelson—Decisions.—*Amanda L. Pomsford vs. Wm. Johnson, administrator of James Pomsford deceased. Margaret M. his wife, and James H. Pomsford*—This was an important point in relation to the law of divorce. The late James Pomsford was proceeded against by his wife, who obtained a divorce from him on the ground of infidelity. Subsequently he induced complainant (then Amanda Louisa Mossin) to go secretly to Newark, N. J. and marry. They were united in 1837 by Rev. Thomas McCarroll, of the Methodist Church there—after which they returned to New-York and lived as man and wife—The wife from whom he had been divorced continued to reside in this City, and finally married, being united to Mr. Joseph Bellemy.

James Pomsford died in 1845, up to which time he and the said Amanda had lived together as man and wife—He left no children or heirs except Mrs. Margaret Johnson, one of the defendants in this suit, and her brother, James H. Pomsford, who were children of a brother of deceased. Mr. P left an estate worth between $30,000 and $40,000. Immediately on his death Mr. Johnson, husband of Margaret, took out letters of administration, and refused to acknowledge Amanda L. the complainant in this case, as the widow of James, saying her marriage with him was illegal, as he having had a divorce rendered against him could not marry again while his first wife lived. The said Amanda now resides in Jersey City, and brings action in the United States Court, contending that as her marriage was legal in the State of New-Jersey, where it was celebrated, it is so in New-York—that she was unaware of the said James having been divorced, and supposed his first wife was dead. She claims to be entitled to a moiety of the estate of said James and 2,000 additional according to law. Testimony was taken.—Messrs. W. Bliss and George Wood appeared for complainant, and Messrs. Walker and Lord opposed.

The Court decided as follows:

"The Court find that the marriage of the complainant with James Ponsford, deceased, was lawful and valid—that she is entitled to all the rights of the lawful widow of said J. P. under the laws of the State of New York—and that the defendant is bound to account and pay over her distributive share."

United States vs. *Ship Recorder.*—The Recorder is a British vessel and was libeled for an infringement of the carrying trade in bringing from London a quantity of East India gums. It was shown that the gums were the produce of a British possession in the East Indies. The Court considered, therefore, that she had a right to bring them. Libel dismissed.

Waddell, general assignee, vs. *Knecklands.*—Bill dismissed.

Parkhurst vs. *Kinsman and Hale.*—Injunction granted.

Adams and others vs. *Barnard and others*—Judgment for plaintiff on the verdict, to be adjusted.

Van Hook vs. *Pendleton and Leach*—Referred to a Master to take proof as to the alleged violation of injunction.

U. S. DISTRICT COURT—Before Judge Betts—Decisions.—*Henry J. Carr* vs. *Bark Zenobia*—Decided that the libellant in the case can hold the vessel in rem, and the captain in personem on the same libel.

Joseph Lewis vs. *Steamboat North America*—Libel for wages.—The man was offered the full amount said to be due to him, which he refused, and it was left for him with a third party; he then libelled the steamboat for a much larger amount, but subsequently took the money left for him, and gave a receipt. Motion is made to have the libel dismissed as the debt is settled, but Messrs. Burr & Benedict, L's attorneys, oppose, and say they have a right to go on. The Court refused to dismiss the libel, and the motion is denied.

SUPERIOR COURT—Before Judge Oakley—*Woodhull & Minturn* vs. *D. M. Wilson & Co.*—The Court in this case, being on a bill of sale of iron "at 4 mos." already referred to) charged that it was for the Jury to say, from the evidence, whether the words "4 mos." are understood as meaning that the purchaser shall give his note at 4 mos. or whether it was an ordinary book debt. The Jury considered the former and gave a verdict for plaintiff in amount. [Messrs. W. it was said, had previously purchased some tin of W. & M. which did not turn out as the respective parties supposed it would, which was the cause of their not now giving a note, although they subsequently offered to pay the cash. The controversy in this case is as to the costs of suit, which Messrs. W. will have to pay.]

REPORTED IMPRISONMENT OF AMERICAN OFFICERS—Capt. Carter, of the bark Kilby, which arrived yesterday from Havana, reports that the ship Atlas from New-York, bound to Vera Cruz with troops, was lying off the Moro on the 20th, and that a few days previously four officers of the U. S. Army went ashore for the purpose of purchasing a few small stores, that they were allowed to pass into the city by the sentinels and other city officers, and that after they had purchased what they wanted and were returning to the ship, they were arrested; that two of them had paid a fine of two to three hundred dollars each, and were released, and that the other two were still in custody, and that it was thought that they would be imprisoned on the 21st. Capt. Carter could not learn whether they had given any offence, and did not hear their names. [N. O. Com. Bulletin.

SHOCKING DEATH.—The Bangor Whig states that on Monday last Mr. Benjamin Cochran, of Dover, in Piscataquis County, was killed by a bull. He had recently purchased a fine blooded bull for the improvement of the breed of cattle in that vicinity, and left his house at nine o'clock in the morning. In short two hours afterward one of his neighbors, in passing, found Mr. Cochran prostrated in the barn yard, insensible—He soon ceased to breathe. The bull gored his bowels in a shocking manner.

☞ The following is from the Chickopee Telegraph: "We are happy to announce that the negotiations so long pending for the purchase of the water power at Hadley Falls, by Fairbanks & Co. of New-York, have terminated by the consummation of that object. George C. Ewing, Esq of that firm, has at length succeeded in purchasing, not only the property of the Hadley Falls Company, but all the real estate in that vicinity, requisite for the full development of the plans contemplated by that company.

In regard to the plans of operation we know but little—those plans are, probably not yet matured. We understand that some other Companies have united with the Fairbanks Company, and that they intend to commence operations immediately, with the investment of the sum of $2,000,000, which will lay the foundation for the profitable investment of many (we dare not say how many) millions more."

☞ Robert Watson and John Burns, a couple of notorious thieves, were recently arrested in New-Orleans. Neatly sewed up in the collar of Watson's coat was found $600 in Treasury Notes, being a part of $1,200 which he had recently stolen from Hiram W. Woods.

DEPLORABLE ACCIDENT.—Just after the evening salute had been commenced yesterday, a young man by the name of William Shepard, of Branford, was struck by a wad from the cannon on his thigh—the wad passing through his limb between the bone and the femoral artery tearing the flesh badly, but not so that amputation was deemed advisable at the time. This morning he was doing as well as could be expected. [New Haven Herald, 6th.

Thou hast left us, dearest baby,
And thy voice we can't forget;
Like a lovely rose thou art faded,
And thy loss we do regret.
Now thou art with angels dwelling,
Free from pain and sorrow here,
Joining with that heavenly realm
Let us singly drop a tear.

COMMERCIAL AND MONEY MATTERS.

For Sales of Stocks, &c. see Fourth Page.

WEDNESDAY, P. M.

The Stock Market was inactive to-day, as it will probably continue until the operators return from ruralizing. The Fancies were heavy and generally sold lower. Treasury Notes were held at 7¾ with 7¾ bid. After the Board sales were made at 7¾ per cent.

For Bills the market is firm, and some Canada Bank bills sold at 6¼ per cent. The range is 6@6¼ for good bills. Francs are 5.32½ and dull.

Freights were very active, and a large number of engagements were made. The rates were to Liverpool 2s 9d@3s in foreign, and 3s@3s 3d@3s 6d and 10d@11d in American vessels, and to London 3s 3d@3s 6d and 10½@11d. Heavy freight is 35s. To the Continent the rates are 80cts for bbls, 20cts for Grain and 3 cts per gal lon for Oil. At least a dozen vessels were filled up for Liverpool and London by the engagements to-day.

Some State Stocks have come over by the Caledonia for sale, but the amount, as far as we can ascertain, is not large.

New-Orleans funds are heavy at par and ¼ discount. The Government has made arrangements to place, altogether, four millions of specie in New-Orleans, one million of which has already reached there.

The earnings of the Harlem Road for the last four days exceed $6,000. They would have been much larger had there been cars enough to transport the passengers offering themselves.

The earnings of the Long-Island Road were also very large on Saturday and Monday.

The receipts of the Macon and Western Road for June were:

Through passg's.	$1,386 35	Mail.....	$411 00
Local do	4,240 67	Freight.....	2,110 09
Total.....			$8,148 11

The amount in all the Depositories of the Government is $8,807,663 all in specie, of which $6,144,196 was subject to drafts. The Assistant Treasurer at New-Orleans was overdrawn $2,853,831. In the New-York Depository there is piled up $3,798,163; at Philadelphia $1,951,489; at Boston, $1,022,769; at Charleston, $412,190 In addition to the amount in the depository at Philadelphia there was $861,728 in the mint at that place.

The receipts of Breadstuffs at tide water continue to show an increase over last year. For the fourth week in June the receipts are in excess 106,143 bbls Flour, 392,555 bushels Wheat, 383,106 bushels Corn, and 2,908 bushels Barley.

The aggregate receipts of the same articles at tide water, according to the Argus, from the commencement of navigation in 1847 and 1846, to and including the 30th day of June, have been as follows:

	Flour, brls.	Wheat, bu.	Corn, bu..	Barley, bu
1847.....	1,360,020	1,548,838	2,291,739	240,384

Increase ...	383,856	1,230,243	1,808,323	102,617

Reducing the Wheat to Flour, there is an excess of 620,904 brls over the receipts to the corresponding period last year. The receipts of Corn, so far, a period of 61 days of navigation, exceed the receipts of last year by 558,042 bushels.

The receipts of Flour and Wheat at Buffalo, reducing the Wheat to Flour thus far have been 7,415,588 bushels against 3,446,830 sometime in 1846, showing an excess of 3,868,708 bushels. The receipts of Flour are in excess 404,588 brls. and of Wheat 1,845,768 bushels. The receipts of Corn are 824,279 against 443,338, nearly 100 per cent. increase. The amount received at the Collector's office, Lancaster, Pa. since Nov. 30, 1846, is $42,295 against $27,863, being an excess of $14,431 over last year.

The Bank of North America has declared a semi-annual dividend of 5 per cent; and the Philadelphia Exchange Company an annual dididend of 3 per cent; the Long-Island Insurance Company a semi-annual dividend of 5 per cent.

[Shipping List.

FLOUR AND MEAL—The market has exhibited to-day the same declining features as were noticed yesterday. There is no firmness in holders generally, and the demands of buyers were met. Some sales were made early at $6 for mixed Michigan and Ohio, $6 12½ for strait and Oswego, and $6 18¾ for Genesee, but the demand was only moderate; and on 'Change some buyers for shipment coming in at $6 for Genesee, the market settled to that, with sales of strait brands, some in store. There were few important sales of Western below $6, but some lots were reported at $5 75@$5 94. The aggregate sales of the day were some 12,000 bbls, of which a large proportion were for export—A sale, to arrive next week, was made at $6 for pure Genesee, and 1,000 bbls, for August, at $5 50. PROVISIONS—The Pork market is firm, but there are no sales of importance. A few hundred bbls Prime sold at $13 50. There is some inquiry for Prime Mess Beef, and $20 was offered for a parcel. Lard goes slowly, and the advance demand is not obtained. A small parcel of good kegs sold at 10¼@10½ cts. Pickled Meats are a trifle better, and 100 tcs Hams sold at 8½c. Export from 1st to 6th July, 372 bbls Beef; 348 bbls Pork; 330 kegs Lard.
