COMMERCIAL AND MONEY MATTERS.

For Sales of Stocks, &c. see Fourth Page.

TUESDAY, P. M.

The Stock Market was active to day and opened with firmness, but at the second call it was heavy and Fancies generally lower. Treasury Notes were in fair demand at 6 per cent.

The Bill Market is firmer to-day, although there is not much doing. The importations promise to be very large this Fall, and there appears to be an apprehension that the supply of bills will be short. We quote Sterling 6@6½ for favorite signatures. France are 5.33¼@5.32½.

Freights have settled with considerable steadiness at 3s 6d and 10½d for Flour and Grain to Liverpool, and 3s 9d@4s and 10½@11d to London. An engagement of 30,000 bushels Corn, half bulk and half bags, was made at 10½. The Creole took some Flour at 3s 7½d. Two Americans were taken for Liverpool at 3s 6d, another for an out port at 4s, and one for Penzance at 4s and 12d. Cotton is a little easier.

The amount of goods imported and entered at the Custom-House at this port, exclusive of those sent to the warehouse, and the amount of duties paid during the month of July, compared with the same month last year, were as follows:

	1846.	1847.	Increase.
Free goods	$729,235	861,578	133,343
Dutiable goods	5,411,595	7,950,602	2,539,007
Total merchandize	$6,140,830	8,812,180	2,671,350
Specie	54,879	294,219	239,340
Total	$6,195,609	9,103,399	2,910,690
Cash received	1,644,959	2,068,335	239,340

EXPORTS FOR JULY, 1847.

Dutiable merchandize	$6,687,681
Foreign merchandize, free	42,735
Foreign merchandize, dutiable	79,255
Specie	27,670
Total	$6,837,341

The receipts, it will be seen, show a very large increase, equal to 43 per cent, without considering the specie. The business at the Custom House continues to be large, the receipts on the 24 having been $194,416, and the amount of goods entered exceeded $800,000.

A warrant for $50 drawn by the Treasurer of the United States on the Assistant Treasurer at this port was refused payment to-day on the ground that it had been issued more than eighty days. The Department may have good reasons for this annoying regulation, but it is not easy to imagine what they are. The consequence of the order is, that holders of warrants who may not be able to present them within the time specified must be at the risk, expense and delay of sending them to Washington.

The City Fire Insurance Company has declared a dividend of 10 per cent.

The Commonwealth of Massachusetts has taken her quota of one-third of the new stock at par, of the Western Railroad. This stock is selling at 11 and 12 per cent advance from the par value or cost.

The amount of duties received at the Philadelphia Custom House, was

	1846.	1847.
In July	$369,315	184,353
Previously	1,517,694	1,522,063
Total 7 months	$1,907,010	$1,706,010
Excess in 1847		$200,563.

The arrivals at Philadelphia in July, were 72 foreign and 1,528 coastwise.

The arrivals at Boston in July were 1,027, of which 737 were coastwise and 290 foreign. Of the arrivals, 1 bark, 19 brigs and 158 schooners were British. The Clearances were 631, of which 315 were coastwise and 316 foreign. The arrivals in this month were larger than ever before known in one month.

The following shows the collections at the Collector's Office, Philadelphia and Columbia Railway, Philadelphia:

The Little Miami Railroad Company have entered into a contract with the manufactory near Pittsburgh for sufficiency of heavy T rail to relay about 45 miles of the track.

The *Memphis Eagle*, of the 21st ult. says: "Farmers' and Merchants' money is a shade better—selling at 60 to 65 cents on the dollar." The *Memphis Monitor*, of the same date says:—"Farmers' and Merchants' Bank bills will be received at par for all new subscribers to the Monitor."

The *Louisville Courier* says that three thousand shares in the Louisville and Frankfort Railroad Company have been taken. This insures the completion of that work.

Markets—*Carefully reported for The Tribune.*

TUESDAY, August 3.

ASHES—The market is rather firm and active for Pots, and sales 300 bbls have been made at $4 81½. Pearls are $7 and steady, with sales 50 to 100 bbls.

COTTON—The market continues very buoyant, with good shipping demand. Holders are steady and not disposed to press lots on the market. The transactions reach 1,800 to 2,000 bales, nearly all for export. There is a little appearance of speculative action in the market. We quote:

	Upland.	Florida.	Mo. & N. Or.
Ordinary	10¼@10½	10 @10½	10¼@10½
Middling	10¾@10¾	10½@11	10¾@11¼
Mid. Fair	11¼@11½	11¼@11¾	11¼@12¼
Fair	11¾@12¼	11¾@12¾	12½@12¾
Inferior	none	none	none

FLOUR AND MEAL—There is a good demand for Flour for home use and the East, the demand for the latter showing an increase. This inquiry cleared the market of the irregular lots offering, and as the large receivers generally were indifferent about selling, the market gradually stiffened to $5 62½ for Genesee and $5 50 for strait Michigan, some sellers refusing these rates. We hear of no shipping demand to-day at current rates. The aggregate sales are 6,000 or 7,000 bbls, and some contracts settled at the same figures. The receipts are to fair extent. The first parcel of Western Flour of the season, from new Wheat, came to hand to-day. It is from the mill of "Hiram Smith." Wheatland, who has been the first in market for several seasons. It is a prime article and held at $7. In Southern there is little doing. Sales about 300 bbls Howard-st have been made at $5 62½@5 75. Meal is dull at $2 62½, nominally, for Western. Jersey is scarce and firm at $3 50. Brandywine $3 75. Rye Flour $3 75@3¾ without sales of importance.

GRAIN—There is not any firmness in Grain excepting in Rye and Barley. Corn is in fair request, but the market is weak. Mixed is 60@62, and Yellow and White 63@65 cts. The sales reach about 30,000 bushels. A large proportion of the Corn turned over on contracts, is going forward to Great Britain. Wheat is heavy and the demand is moderate. A sale of 2,100 bushels Genesee was made at 125 cts, and 1,000 do. State Spring Wheat at 105 cts. For Genesee 130 was bid. Rye is in fair demand; sales 600 bushels Ste delivered. Oats are in good supply and selling at 47@49 cts. A sale of 1,000 bushels Barley was made at 55 cts.

WHISKY—Sales 160 to 150 bbls have been made at 28@28½ cts. Drudge is steady at 28 cents, with sales 25 hhds.

PROVISIONS—The Provision market is generally inactive, and Pork is heavy. The quotations are nominally $12 50 and $13 25. A sale of 700 bbls Extra Messwas made on private terms and 300 or 400 bbls Prime at about $12 50. Beef is $9 and $12 50@13 25. We note sales 150 bbls Country Mess at $10 62½ and a small lot of Prime Mess at $19 50. Lard in kegs is wanted and not plenty. It is held at 11c with small sales, not prime, at 10½. Barrels are quiet. Butter is in good demand at 11@16c for Western and State. Cheese 6½@8 and firm. The supplies are light of both.

GROCERIES—The market for Groceries, influenced by a revival of trade, has assumed a very firm aspect, and the advance on Sugar and Molasses noticed in our last, has been fully sustained. Coffee is also in good request, and sales to a fair extent have been made of the various descriptions, closing also with firmness. The sales of Muscovadoes and other Sugars comprise the following lots: 72 hhds Cuba, 5¾, 56, 5¾; 200, 6c; 75, 6¼; 180, 6¼; 30, 6½c; 40 Porto Rico, 6¾; 78, 7¼; 140 St. Croix, 7¼, 8¼; 80 New Orleans, 6½c; 700 boxes Browns, 6¼@7½; 400 Whites, 8¼@8¾; 50 hhds Cuba Muscovados, damaged, at auction, average 5c; 70 boxes do.....Sales Molasses include 60 hhds dark Porto Rico, 30½c; 30 good do, 32c; 25 Nuevitas, 32; 50 hhds and 70 bbls Cuba, 25c; 50 do, 23c; 70 Cuba, Muscovado, 30c; Trinidad Muscovado is held out of the market, as also most lots of Porto Rico and St. Croix.....Coffee market very firm, sales 600 St. Domingo, 6¼@6¾, cash; 500 Sumatra, 6¼, 6 mos; 450 Java, 9c; 300 Laguayra, 7¼; 2,500 Brazil, 7@7½.

OIL—English Linseed is held at 70c, but we hear of no sales. A sale of 150 bbls Crude Sperm was made at 98c, cash.

LIME—There were cargo sales at 70c per cask, cash.

NAVAL STORES—In Turpentine we hear of nothing doing. A sale of 50 bbls Spirits was made at 41c, no charge for barrels.

LEAD—Sales are reported to have been made at 4 cts, cash, which is an advance.

BONE—Sales 5,000 lbs North-west at 2¼c, and another sale said to have been made at 2¾ and 30c for North-west and South Sea.

STEARINE—A sale 75 bbls White is reported at 9c, cash.

SODA ASH—We note a sale of 20 tons at 2½c, per lb. afloat.

HAY—The market is 40@50c with moderate inquiry.

200 firkins Butter;	195 bbls Pot,	28 Pearl Ashes;	3 374 qrs	
Wheat;	22 149 bbls Flour.			

ASHES—Retail sales have been made as high as 30s for old Pots, but with arrivals of new Montreal, not yet brought on the market, prices are unsettled.

BACON has been in large supply, especially short middles, rib in, viâ New-Orleans, many parcels of which have come to hand heated and discolored, to the great prejudice of value. We reduce our quotations 2s a 4s per cwt, and at these rates sales progress slowly in inferior parcels, while fine Eastern cure is wanted, and would still command extreme prices. The import of American Bacon into Liverpool, for the half year ending 30th ult. has been 27,629 cwt.

BEEF—With imports much below those of last year, holders are firm at our existing quotations, but which are considered almost nominal by the operations of dealers being of a limited character, owing to the large proportion of vessels which have supplied themselves with stores at the American ports.

" " 1847	1,377 "	1,114 "	

BUTTER—We have no arrival of States, and the Canadian parcels are as yet light. Irish continues to be in large supply, and the extreme quotation for such has receded to 92s, present prices ruling from 80s to 92s. The arrivals of Grease Butter continue to be limited, and 105 casks, of extra quality, cleared off at 42s per cwt.

Import of American Butter into Liverpool, from 1st January to 30th June, 1846, 1,969 firkins; 1st January to 30th June, 1847, 3 455 firkins.

CHEESE.—The arrivals of new continue to be of very mixed qualities in poor condition, sales of which are effected with difficulty, at low prices.

CORN, &c—Throughout this head we have only to advise continued large imports, fine seasonable weather, and a steady downward tendency in the value of breadstuffs, with sales limited to immediate wants for consumption. With reference to the future, we can add nothing to the information already placed before our friends, the question depends entirely upon the weather. Up to the present there is no ground for presuming that the Potato crop will be lost, although within the past few days Beans have been the subject of blight, to an extent sufficient to lead to an active inquiry for Egyptian, which had previously been quite neglected. The shipments from the St. Lawrence have begun to pour in, the arrivals between the 12th and 15th having been 1,374 quarters of Wheat, and 22,149 barrels of Flour. Any decided change in the aspect of our weather would lead to advanced prices, while, on the other hand, a continuance of present favorable prospects for our own harvest must lead to lower rates; speculation, for the present, is therefore at an end. Peas, White Kidney Beans and Black-eyed Peas, are in good wanted at present at any price, supplies of vegetables being abundant.

HAMS—Smoked or dried, continue to be neglected. Of Hams in salt or pickle, the arrivals have been large and the demand limited.

HOPS—The prospects for the hops crop continue to be of a very unfavorable character.

LARD has declined in value since our last, the demand during the warm weather being very limited.

Import of American Lard into Liverpool 1st January to 30th June:

1843	5,643	14,639

1846	9,628	25,889
1847	24,536	41,846

LINSEED CAKE has experienced a special active demand, and the market has been cleared of thick and thin round mixed in bulk, at £7 per ton, while some small arrivals of fine quality in thin round and in oblong in bulk, have sold subsequently at £7 15s to £8 5s.

PORK continues to be in liberal supply, and from shipstore dealers the demand is still of a limited character.—Mess strips only have met with inquiry, principally for Ireland, and fine parcels of new have realized as much as 79s per barrel.

SODA BISCUIT, in boxes, meets attention, at the reduced value of 40s to 46s per cwt, but the demand for barrels is very limited at 38s to 40s. Pilot Biscuit, or Navy Bread, is unsaleable at over 20s to 22s per cwt. This latter is duty free; Soda Biscuits are subject to a duty of 10 per cent.

TALLOW—The market has ruled dull, and sales have been made of Petersburg Y. C. a 50s, while for a small lot of dark colored North American 46s has been accepted. Import of North American Tallow into Liverpool: 1st Jan. to 30th June, 1846, 1,682 bbls; 2,483 bbls. 1st Jan. to 30th June, 1847, 1,799 bbls 3,196 bbls.

WOOL—We have had more business doing during the last fortnight than previously, and on some descriptions a slight advance has been obtained. The assortments of American fleeces on the market are very small, and prices steady. The sales since our last are for Merino 16½ per lb, Half-bred 15d.
