PENNSYLVANIA COMPANY.

ISSUE OF $10,000,000

IN 4½ PER CENT. FORTY-YEAR FIRST MORTGAGE GOLD BONDS, UNDER THE ABSOLUTE GUARANTEE OF THE PENNSYLVANIA RAILROAD COMPANY. COUPON OR REGISTERED, FREE FROM NATIONAL AND STATE TAXES.

The Pennsylvania Company is a corporation chartered in 1870 for the purpose of operating, managing, and developing the railways west of Pittsburgh controlled by the Pennsylvania Railroad Company.

To provide means for the acquirement of additional property and the further development of the Pennsylvania Railroad Company's system, the Pennsylvania Company has decided to create a First Mortgage to secure Bonds to the amount of $20,000,000, of which the present issue forms part, bearing interest at the rate of 4½ per cent. per annum, payable January 1 and July 1, the principal maturing in 1921, and both principal and interest payable in Gold, in the city of New York, free from National and State Taxes.

The Bonds are issued in denominations of $1,000 each, and EVERY BOND HAS ENDORSED THEREON THE ABSOLUTE GUARANTEE OF THE PENNSYLVANIA RAILROAD COMPANY FOR PRINCIPAL AND INTEREST.

The total authorized issue is further secured by mortgage as a first charge upon—

1st. The leases for 999 years, held by the Pennsylvania Company, of the Pittsburgh, Fort Wayne and Chicago, the Cleveland and Pittsburgh, and the Erie and the Pittsburgh Railways. THESE LEASES ALONE have for the twelve years from their date to December 31, 1880, yielded an average yearly net profit to the Pennsylvania Company exceeding one million dollars, which sum is more than double the entire annual interest on the $10,000,000 Bonds at present to be issued.

2d. The company's valuable real estate in the cities of Pittsburgh, Alleghany, and Chicago, and stocks and bonds in its treasury, to the par value of about $24,000,000, being mainly securities of lines forming part of the Pennsylvania system.

The company further agrees (the performance of which agreement is likewise guaranteed by the Pennsylvania Railroad Company) to purchase in every year in which bonds of this issue are offered at a price not above par, bonds equal to 1 per cent. on the then outstanding issue of said bonds, and the annual interest upon such bonds as shall have been before that time purchased, with sinking-fund—a provision which should at all times protect the price of the bonds against any material decline below the issue price.

The Pennsylvania Company has no other debts except $2,900,000 in debentures, secured by a deposit of $4,000,000 of the Pittsburgh, Fort Wayne and Chicago Railway stock (part of the securities enumerated above), and its bonded debt cannot under the law be increased beyond the amount of its full paid capital stock, which at present is $20,000,000, exclusively owned by the Pennsylvania Railroad Company.

The railways operated directly or indirectly by the Pennsylvania Company comprise a system of 3,284 miles, and the net earnings of the Company for the year 1880, after the payment of all fixed charges, amounted to $8,071,384 85

Three of the Pennsylvania Railroad Company's lines east of Pittsburgh, after payment of all fixed charges, to 7,638,549 01

TOTAL NET REVENUE FOR 1880 ..... $10,709,933 86

WHILE ONLY $1,000,000 will be required to meet the interest and sinking fund, WHEN THE WHOLE OF THE $20,000,000 BONDS ARE ISSUED.

Provision has been made to have Coupon Bonds registered in the owner's name, when desired, and also for their conversion into absolute Registered Bonds, interest payable to the registered owner only.

WILLIAM THAW, Vice-President Pennsylvania Company.

Approved: G. B. ROBERTS, President Pennsylvania Railroad Company.
