The *Evening Journal* has the following statement of receipts of Breadstuffs at tide-water:

The quantity of Flour, Wheat, Corn and Barley left at tide-water during the 1st week in September, in the years 1846 and 1847, is as follows:

	Flour, bbls.	Wheat, bu.	Corn, bu.	Barley, bu.
1847	74,366	81,300	128,821	3,650
1846	51,235	80,170	25,394	18,427
Increase	23,531	1,130	103,427	Dec. 14,777

The aggregate quantity of the same articles left at tide-water from the commencement of navigation to the 7th of September inclusive, is as follows:

	Flour, bbls.	Wheat, bu.	Corn bu.	Barley, bu.
1847	2,467,319	2,619,023	4,633,806	312,896
1846	1,590,292	927,856	1,043,162	196,637
Increase	877,027	1,691,167	3,590,644	116,259

By reducing the Wheat to Flour, the quantity of the latter left at tide-water this year, compared with the corresponding period of last year, shows an excess equal to 1,215,260 barrels of Flour.

The quantity of Flour left at tide-water during the season of navigation, in the year 1847, was 3,063,441 barrels, and of Wheat 2,950,635 bushels; and from the above statement it will be seen that the receipt of these articles this year to the 7th of September inclusive, compared with the *entire* receipts of 1846, show a deficiency of only 536,122 barrels of Flour, and only 331,613 bushels of Wheat.

The receipts of Corn thus far exceed by 3,023,657 bushels the entire receipts of 1846.

The following table shows the quantity of some of the principal articles of produce left at tide-water, from the commencement of navigation to the 7th of September inclusive, during the years 1845, (146 days,) 1846, (145 days,) and 1847, (130 days):

WASHINGTON

CROCKERY STORE,

Wholesale and Retail, at

NO. 138 WILLIAM-ST, opposite the "Washington Stores," 2d door below Fulton-st.

The subscriber having been for some time past largely engaged in the CHINA GLASS AND EARTHEN WARE business at WHOLESALE, has recently completed extensive arrangements for furnishing families and those commencing housekeeping with goods in his line, and he is enabled to sell his goods at lower rates than those engaged in the RETAIL TRADE exclusively, in consequence of his large and frequent importations for his WHOLESALE BUSINESS. The location of the establishment of the subscriber being such that he pays a low rent and incurs moderate expenses, enables him to carry out his intention of furnishing his wares at REDUCED PRICES.

The subscriber designs selling good articles, and without an enumeration of his styles of French China Dinner and Dessert Services, fine China decorated gilt-edge Tea and Coffee Sets, Toilet ware in great variety, Solar Lamps, Vases, Girandoles, Mantel Ornaments, Fancy Goods, Cut and Plain Glass and common goods, &c. &c. would say to all in want that he promises to convince them, if they will favor him with a call, that they can purchase goods at his establishment on much more FAVORABLE TERMS than at a RETAIL STORE. He would this not be deemed an indecement, he would solicit patronage upon the ground of offering for their inspection an unusually LARGE AND UNRIVALED STOCK, from which selections can be made that will give entire satisfaction. Hotels, ships and steamboats furnished.

Goods sent free of expense to all parts of the city.

A NEW TRUSS.

NOW FOR SALE HUNGERFORD'S PATENT TRUSS, for which he has received two Premiums by the American Institute, one in Oct. A.D. 1844, and one in Oct. A.D. 1845. From the universal testimony of the best physicians and the high spirited testimony of the wearers, the subscribers flatter themselves that this Truss is but to be universally known to supercede in practical utility all other Trusses now in market. The construction of the pad is such that it has rolling motion, accommodating itself to every motion of the body, perfectly securing the rupture without causing pain or uneasiness when the body is thrown into unusual positions. The ease and comfort with which this Truss is worn makes it truly the Empire Truss, surpassing all others in use. Purchasers may be assured, when properly fitted, it is perfectly free and easy, without chafing or irritating when the body is in motion.

Manufactured at Gaylord's Bridge, Conn. by SEELYE & WARNER.

TESTIMONY.—Being under the necessity of wearing a Truss, I applied Hull's, the back pad of which continually chafed and galled me, so much so that the remedy became worse than the disease. Being induced to try Hungerford's Patent Truss, I find myself entirely relieved from pain, while the rupture is perfectly secured with all the ease and comfort I could wish. Gentlemen try it for yourselves. I certainly would not part with the one that I have for fifty dollars, if I could not procure another.

WILLIAM W. DEYO.

New Paltz, Ulster Co. N. Y.

I have used Hungerford's Truss on many occasions during the past four years, and am convinced that its utility and as well as comfort, it excels all other Trusses now before the public.

JOHN BARNES, M. D.

Poughkeepsie, June 23, 1847.

MERCHANT TAILOR.

FRANCIS H McELROY (late with WM. T. JENNINGS & Co. of Broadway) begs to announce to his friends and the public that he has opened the store 234 Broadway, two doors above Wm. T. Jennings & Co's, for the purpose of carrying on the merchant tailoring business in all its branches. At all times he will have on hand the best and most fashionable of ready made garments, and will attend punctually to any custom work he has old customers or the public may favor him, with. Purchasing his goods for cash, he will be able to sell as low as any other establishment; and he hopes by strict integrity and attention to business, to merit the many favors he has heretofore received.

☞ Shirts, stocks, cravats and hosiery of all descriptions on hand.

TO BANKERS AND MERCHANTS.

WOODBRIDGE'S IMPROVED PATENT BANK, SAFE AND STORE LOCKS.

THE CLAIMS OF THIS LOCK to superiority are based on its safety, certainty of operation, simplicity of construction and durability.

The result of the recent trial at the Exchange has placed its safety beyond dispute. No other lock offered to the public has endured the same test.

The simplicity of its construction, and the manner in which its motions are produced, combine to render its action certain.

The PRICES are comparatively moderate, especially when considered in connection with their safety. Each lock is accompanied with two keys. Price of the largest size $200, medium size $125; for safes and stores from $30 to $15. The lowest priced locks are designed expressly for STORES, and are made on the same principle, but with solid instead of changeable keys. Orders may be addressed to W. E. WOODBRIDGE, at the Manufactory, 61 Elizabeth-st N. Y.

CISTERNS FOR SALE—Several large, strong and extra heavy bound vats for sale cheap, containing near 800 gallons each. Inquire of JOHN DWIGHT, Twenty-fifth-st. west of Tenth-avenue, opposite the wire mills. s9 3tos*
