SOUTHERN MARYLAND RAILROAD

When completed will extend from Washington City to DRUM POINT HARBOR, one of the finest harbors in the United States, and to St. Mary's Harbor, on St. Mary's River, and to POINT LOOKOUT, at the mouth of the POTOMAC RIVER. The entire line of road between Brandywine station, on the BALTIMORE and POTOMAC RAILROAD, and POINT LOOKOUT is graded except 12½ miles between California Station and St. Inigoes. The building of the wharf at Drum Point Harbor is progressing rapidly as possible. The track has been laid and the construction train is now running to a point near Cedarville. A glance at the map will show that the completion of this road from Brandywine to Drum Point Harbor will give the BALTIMORE and POTOMAC RAILROAD an outlet on the Lower Bay for the Anthracite Coal that comes to it over the Northern Central Railroad.

The entire amount of First Mortgage Bonds which can be issued on the proposed line and branches (including sidings), about eighty-two miles of track, and including WHARVES, WATER FRONTS, DEPOTS, ROLLING STOCK, AND PROPERTY OF EVERY KIND NOW OWNED OR HEREAFTER TO BE ACQUIRED, IS ONLY $1,600,000, of which only $350,000 have been issued, and all of the balance of the Bonds are held by the CITIZENS' NATIONAL BANK of Washington, D. C., in trust, and the Bonds, or the proceeds there of, can only be paid out by said bank as work is done on said road.
