ANTI-MONOPOLY.

A good Kid Glove is something that every lady needs; and we are certain that every lady wishes to purchase her gloves as cheaply as possible, provided only she can be assured that she gets the same style and quality at the lower price that she could secure at the higher.

Two styles of Gloves are at present in very general favor among the ladies of this city; and efforts are being made by those who think they control the monopoly of these styles, to maintain them at exorbitant prices. We are sworn foes to monopoly in every form, and we propose to sell both these styles of gloves at prices which will afford us a fair profit, and effect a large saving to our customers.

The celebrated ALEXANDRE KID GLOVE is controlled by a large Chicago house, who have the sole agency for this country. This house has appointed retail sub-agents in this city who are entitled to announce themselves as the sole authorized retailers, and in return are bound to charge the following prices: For 2-buttons, $1.60; for 3-buttons, $1.90; for 4-buttons, $2.20; and for 6-buttons, $2.70. We, being unfettered by any contract, can sell the same identical gloves at $1 for 2-buttons, $1.29 for 3-buttons, $1.49 for 4-buttons, and $1.99 for 6-buttons.

We invite an inspection of our stock, and we assert most positively that the gloves we offer are the same as those offered by the retail sub-agents, made by the same manufacturer, and, most probably, imported at the same time.

The second style to which we refer is the "Foster Hook Glove," which many ladies have learned to prefer to the button gloves. These are sold all over New York at $2 for the 5-hook style, and at proportionate prices for other sizes; and the wholesale houses dealing in them are bound by contract to maintain the wholesale price at such a figure as will prevent retailers from making any serious reduction. We, however, are prepared to furnish Fine Kid Gloves, with five Foster Hooks, in all the new fall shades, at only 75 cents per pair! The startling difference between our price and that of the monopolists will show ladies how easy it is to save money by visiting us.
