Mad Dogs Again.—A Message having been received from his Honor the Mayor in the early part of the evening, action was once had thereupon. The Message set forth that the resolution adopted by the Board at its last sitting did not add anything to the powers already vested in the Mayor. His Honor therefore suggested an amendment to the Resolution, so that it shall read: "Shall cause to be paid to persons who shall now be regularly appointed to kill and destroy dogs, &c.—the word 'not' being the essential word. This his Honor thought would begin to meet the difficulty.

The mover of the resolution (Ald. Hatfield) agreeing to the amendment, the whole affair was laid on the table for the present without further action.

Presently, however, it was again called up. A motion by Ald. Crolius to expunge "below Thirtieth-st." and insert description of *New-York Island*, was negatived, 12 to 5—when several substitutes were offered, each but the signal for renewed debate, in the midst of which the following amendment (by Ald. Hatfield) carried the point by a vote of 9 to 6:

Resolved, That the Mayor be and he is hereby authorized, from time to time and for such time as he may think proper and under such regulations as he may prescribe, to employ a suitable number of persons, who shall be specially appointed to kill and destroy Dogs, a sum not exceeding Fifty Cents for each dog found running loose or at large in the City below Forty-second-st. without being properly muzzled, and which may be killed or destroyed by them.

—A Message was received from the Mayor announcing the visit to our City of President Roberts, *of the Republic of Liberia*, and recommending suitable action on the part of the Board.

Mr. Roberts, (remarked the Mayor,) visits this country on the business of his Government, as well as to obtain such information of our Institutions as will be serviceable in the administration of the important trust confided in him.

The distinguished position which this gentleman holds as the Chief Magistrate of a sister Republic, founded by colonization from our own institutions, as well as the uniform courtesy and attention which have characterized his intercourse with Officers of our Navy, and other citizens visiting Liberia, entitle him to every facility calculated to secure the object of his mission; and he would therefore submit the propriety of extending to President Roberts such courtesies, in furtherance of his views, as are due alike to his official position and personal character.

A Special Committee was appointed for the purpose, consisting of Ald. Stevens, Swartwout and Hatfield.

A number of private petitions and bills, for compensation, &c. were presented and referred.

The Nuisance of Bone Boiling—Was strongly petitioned against by James V. Stout. The petition asked for the passage of an ordinance prohibiting this employment within the City, under a penalty of twelve months on Blackwell's Island and $250 fine for each offence. Referred to Committee on Ordinances.

The Committee on Cleaning Streets returned, approved of, the resolution requiring each Ward Officer to provide himself with a suitable box or barrel to let the same on a sidewalk to wait the arrival of the proper carts, and to keep the streets unincumbered thereof—whereupon the resolution so approved was adopted.

The Croton.—Report of the Joint Committee on Croton Aqueduct on the communication of the Water Commissioners in relation to the Aqueduct Bridge across the Harlem River....Adopted.

The Board went through some minor business and adjourned till Monday week at 5 o'clock.

Concurred in....To fence in vacant lots on Eighteenth and Nineteenth sts. between Seventh and Eighth avs. Concurred in....*Bus-House Clerks.*—The clerks whose right to appointments were recently contested, ask for $525 50 to pay counsel fees. Common Pleas—Nos. 126 to 135, 137 to 142, 3, 5, 7, 9.

Law Courts.

Circuit Court—Before Judge Hurlbut.—*James Fellows, et al. vs. Eliz Wolfe*—Action against Mr. W. sample dry goods dealer, No. 30 Beekman-st. to recover the value of a note drawn by Mr. Leon Lunenburgh, and endorsed by Mr. W. The note was made to Mr. Weill, and it was contended by the plaintiff's counsel that Mr. Weill, delegated his brother that Mr. Lunenburgh applied to Mr. W. to endorse the note, saying he was about to exhibit his large telescope, but was without means to obtain materials to enable him to do so, that that Mr. W. refused, and his brother, who had accompanied Mr. Weill, after, said did. It was shown that the endorsement was considered as that of defendant, and it was contended that although it might have been written by the brother, it was shown on the trial to have been so, if Mr. Ely W. had so far recognized the endorsement as to induce plaintiff to render him responsible for it. Verdict for plaintiff, $132 81—For plaintiff, Mr. Sommers; for defendant, Mr. Burrell.

Henry Burrill vs. Thomas E. Hervey—To recover cost of shoes sold by plaintiff, No. 227½ Bowery.—The defence is that the bargain agreed, if defendant would move out, which he did, a week before the 1st of May, he would take his pay in toys, being part of the stock, which he did. To this it was replied that the toys were charged double their value. The Court charged that the price could not be taken into consideration by the Jury, the only question was, if the toys had been accepted in payment. Verdict for defendant. For plaintiff, Mr. A. Wright; for defendant, Mr. J. S. Van Cott.

Marine Court—Before Judge Waterbury.—*Mason vs. Harken.*—The plaintiff sues the contractor for rebuilding Christ Church in Anthony-st for work and labor as a carpenter. For defence it was said that Mr. H. sub-contracted with Mr. Sniffen to do the carpenter's work, who employed plaintiff, and that Mr. Sniffen was paid in full for work done by him. On the other hand, it was averred that Mr. H. on the work refusing to go to work on account of not having been paid by Mr. S. said they should be paid, which was done. Judgment reserved.

COMMERCIAL AND MONEY MATTERS.

For Sales of Stocks, &c. see Fourth Page.

Monday, July 10—P. M.

Sound stocks had an upward tendency to-day—U. S. Sixes of '68 rising ¼, and Treasury Notes ⅛. The fancies mostly went the other way—Harlem and Worcester going down ¼; Farmers' Trust and Morris Canal ¼, and Canton Co. ⅛.

There was a moderate demand for Exchange—Sterling 9½@10; Francs 5 22½@5 20.

Bavings' Circular of the 24th ult. says: "We do not alter our quotations of American stocks. U. S. Sixes have been done at 95@98 per cent. with dividend from 1st July next."

The ceremony of opening the Gloucester Railroad took place yesterday.

The Atlantic and Ohio Telegraph Company (O'Reilly's) have declared a dividend of 8 per cent. out of the last six months' profits.

A meeting was held at Montreal on the 28th of June, to consider the propriety of raising the necessary funds for the construction of a Northern Railroad from Toronto to Lake Huron, by the way of the Georgian Bay. There was no action by the meeting beyond the appointment of a committee to collect information and report at a future meeting. The work upon the contemplated Great Western Railroad, which at some future period to shorten so materially the time necessary for a journey from the far west to the seaboard, is going steadily on. During the past season £18,000 have been expended. Ground has been broken at St. Catherine, Hamilton and London, and workmen are now engaged upon the line. In the meantime, the Detroit, Romeo, and Port Huron Company are active in obtaining subscriptions to stock, to enable them to meet the Canadian road at Sarnia. A corps of engineers are now on the line. The subscriptions of the stock are nearly enough to warrant its completion to Romeo.

The Leather Manufacturers' Bank made the following return on the 24th ult.

Markets....Carefully Reported for The Tribune.

Monday, July 10.

Ashes.—The market for Pearls has not varied since our last, a fair demand existing at 8 87½; but Pots, since the arrival of the steamer, have been in better request, and the sales are some 200 bbls at 8 87½@8 75, showing a slight improvement.

Cotton.—The tone of Thursday's letter feeling in the Cotton market since the Caledonia's news has come to hand, and though there has not as yet been much done the market is evidently firmer, and the sales of about four hundred bales which have transpired have been at very full prices.

Flour and Meal.—The Flour market is depressed to day, owing in part perhaps to unfavorable weather, and prices of the lower grades have fallen off 6¼ cts per bbl. The sales reach about 6,000 bbls at the quotations of Saturday, except that common Western State has only command 5 87½@5 94, to day, the latter being obtained for fresh Ovengo, Ohio, &c. The better grades have not varied particularly, but Rochester sold at 5 12½, good Ohio at 5 31, and mixed Michigan 5 18¾. Nothing doing in Southern—$6 is the current price now demanded. Rye Flour is dull at $3 50@3 62½. 500 bbls Jersey Corn Meal brought 2 50, cash. The market is firm.

Whisky—Is held very firmly, 25 cents being demanded early in the day, but about 100 bbls State Prison were afterward sold at 24½ cts, cash. Drudge is dull at from 23 to 23½ cts. The market is firm.—Grain—The continues in fair request, and the market is firm.—The sales are 2,500 bushels white Genesee at about 125 cts, 2,000 do Wisconsin 106, and 400 do red Illinois 112 cts. Rye is without change. Corn—Yellow Southern is in good demand. The sales are without limit, 1,000 bushels Northern brought 66 cts, delivered. Oats are without particular change, the demand continues heavy, however, is rather upward. We quote River and Canal at 42@45 cts—the latter rate in lots. For Corn delivery demanded higher rates, but this checking the demand there was but little done, say 10,000 bushels at 54@55 for Jersey yellow and 53 for mixed Western. Southern was high mixed Western. The quantity offering was considerable.

Naval Stores—Spirits Turpentine is in fair demand at 33@34 cts, cash. 1,000 bbls Rosin sold at 80 cts for Wilmington and 70 for North County.

Oil—We have to-day to notice a sale of 200 bbls Whale for export at 78½ cts. The market remains quite dull.

Bone—A lot of 10,000 lbs Whalebone has been disposed of at 25 cts for North west Coast, the former price.

Lime—Some 3,000 bbls Thomaston have been taken at 60@65 cts, which is a fair price.

Provisions—Pork has been in speculative demand to day, and the price has rapidly advanced, some 1,000 bbls having changed hands at 8 12½@8 25 for Prime and 10 00@10 12½ for Mess, closing at the higher rate. Beef continues dull, with sales of 300 bbls at 5 75@6 for Prime and 10 00@11 for Mess. Cut Meats are heavy, with sales of 1,000 bbls at 3@3½ cts for Shoulders and 4½@4¾ cts for Hams, and 30,000 lb Short Packed at 3¾ cts for Western. Lard is dull at 5@5½ cts for Jersey yellow and 4½@4¾ cts for Western. Butter and Cheese remain dull at previous rates.

Fruit—We notice sales of 400 boxes Lemons at 4 12½@4 50, 600 do Palermo Lemons at about $3, and 400 do French do on private terms.

Fish—There is but little doing in our description. Some 600 quintals Dry Cod changed hands at 2 12½.

Rice—100 casks were disposed of to day at 3 12½@3 25.

Sugar—Sales 150 hhds Muscovado at 6@6½ cts, 4 months.
