COMMERCIAL AND MONEY MATTERS.

For sales of Stocks, &c. see Fourth Page.

MONDAY, September 18—P. M.

There is no marked change in Stocks generally, but the feeling is better and the tendency of prices was upward. There is considerable movement in Canton. At the Second Board Treasury Notes sold at 3¼, which is an improvement. Generally Government Securities are quite inactive.

The drawers of Sterling have been endeavoring to get the rate up for this steamer, but have not to any extent succeeded. Good bills are selling at 9@9¼, but choice names are held at 9½. France are 5.25@5.22½. There is a fair demand for Exchanges.

Freights are firm. Some engagements of Flour were made at 2s 3d but afterward 2s 6d was asked.—For Cotton 3 16d was refused and ¼d asked. To Ireland a vessel was taken up at 9d for Corn to a direct port. There is a considerable amount of produce offering for shipment.

The Sub-Treasury now contains $2,082,000 in coin, beside half a million on special deposit.

The Money market exhibited some symptoms of ease to-day. On call some money was to be had at 6@7, and one lot of $50,000 was taken at that rate.—Paper of first-class was in better demand and went at little better rates. With the exception of Auctioneers' paper, the supply of A No. 1 names is light.

The movement in Canton Company shares and the rise in price, is in consequence of a negotiation which is going on for the sale of a considerable parcel of land, at a large price, to a party of capitalists. The negotiation, we hear, is nearly completed and several thousand shares of the stock have been bought up by those who were aware of the arrangement, in expectation of a considerable rise.

On the 27th of October, the Treasury Department will be ready to pay the balance of the Mexican indemnity, to recover which, in part, the late war was nominally declared. The balance remaining is about $1,500,000, due in sums of $500 and upward, all of which will go into the hands of American citizens.—The will let loose a considerable portion of the coin now locked up in our Sub-Treasuries.

The following table will show the exports of specie from this port, as designated by the entries at the Custom House, since the publication of our last report, and during the year :—

Ship Westminster, London, Mexican dollars	$3,000
Schr. Vigilant, Montevideo, Patriot doubloons	8,000
Ship Splendid, Havre, Mexican dollars	39,285
do do French coin	24,062
do do sovereigns	2,000
do do American gold	10,000
Schr. Caberwood, St. Jago de Cuba, Span. doubl.	1,952
Steamer Severn, Bermuda, Mexican dollars	25,000
do do Patriot doubloons	4,312
Steamer Niagara, Liverpool, sovereigns	685
Total, September 5th to 16th	$171,006
Shipments, January 1st to September 9th	3,541,415
Total	$3,712,509

At Boston, there has been no material change in the Money market. Money continues to be in good demand, and the Banks are unable to supply all the wants of their customers. Corporation notes are more abundant in the street than legitimate business paper, but they are not taken so readily nor regarded with so much favor as formerly. Loans are still made on good securities at 12 per cent. and paper sells at 1 per cent. per month for first rate names. The amount of money seeking investment is unusually small. The Fall business is commencing with fair prospects.

The Receipts of the Old Colony Railroad for the week ending September 9th, were

Passengers.	Freight.	Total.	Increase.
3,926 97	1,437 21	5,374 18	1,945 72

The Directors of the Vermont and Massachusetts Railroad have created an additional number of shares, which are offered to the stockholders in the Corporation at $50 per share, in the proportion of two of the new for every three of the old. The new stock lately created by the Vermont Central Railroad Company has all been taken by stockholders and outside subscribers. The receipts in August of the Fitchburg and Maine Railroads exceed those of last year, although there has been a reduction of freights and fares since 1st of July last.

The experiment of low fare is about to be tried on our Railroads from Albany to Buffalo. The fare between these places is to be placed at $2 75, divided as follows :

Albany & Schenectady	$ 50	Auburn and Rochester	2 50
Utica and Schenectady	2 50	Tonawanda	1 50
Syracuse and Utica	1 50	Attica and Buffalo	90
Auburn and Syracuse	50	Total	$2 75

The present fare between Albany and Buffalo is $12. The reduced rate is to take effect on the first day of January next.

Coal in Philadelphia is now very low. The Lehigh Company's certificates, issued for arrears of interest, are received at their office in payment for prepared coal, deliverable, until the 1st of November next, on board vessels at $4, and in their boats at 3 75 per ton. The certificates are also receivable, until the 1st proximo, for coal, deliverable within the paved limits of the city and districts at 4 50. These prices, reduced to cash at the rate of discount—about 20 per cent.—at which the certificates are at present selling, make the market price about 3 60.

At Baltimore, Md. the Money market is rather easier, but the rate for paper is still one per cent. per month.

The preliminary survey of the two lines for the direct railroad between Syracuse and Rochester, have been made with satisfactory results.

The lands of the Illinois and Michigan Canal have just been brought into market. The sales on the first day amounted to within a fraction of $50,000, portions of which brought a premium upon their appraised value, some as high as fifty per cent. A number of eastern purchasers are in attendance upon the sale, and large amounts of money have been left in the hands of gentlemen of Chicago for investment in these lands.

The Beef packing business of the West is more extensive than most persons suppose, and is increasing every year. The *Chicago Democrat*, in giving some statistics of this business, says :

> The season for slaughtering commences as soon as the frost sets in; and then operations are pushed as briskly as possible; as the greater the quantity that can be put up and exported before navigation closes, the more advantageous to the operator, the brief coming into market new, at the time when the season in which the article can be stored, has commenced. The time occupied during the hurrying time as many as from 5 to 600 head of cattle are slaughtered.
>
> The price of cattle varies with the demand and the facilities for sending forward the beef when put up. The year contracts have been made for cattle of 800 lbs. at $3 25 per hundred. Cattle of lighter weight in proportion are lower, and this season it is expected prices will be favorable to the speculator; although as to the article even nothing certain.
>
> The establishments for putting up beef in Chicago, employ a large number of hands, to whom fair wages are paid; and some of them are carried on in a very methodical, and it may be said, scientific manner. The fat used is principally St. Ubes or Turks Island.

New-York Cattle Market....MONDAY, Sept. 18.

[By our own Reporter.]

AT MARKET—2,000 Beef Cattle, (about 1,600 from the South and West, via Philadelphia,) 80 Cows and Calves, and 5,500 Sheep and Lambs.

PRICES, &c.—The arrivals of Beef Cattle from all quarters last week were unusually large—larger, indeed, than we have known them to be all Summer; but, contrary to expectation, prices remain very firm, and fully equal to former quotations. This may be partly attributed to the cold weather, which, coming suddenly after August, never fails to operate to the advantage of holders. Prime cattle sell at from 5 to 5¼ cents @ lb., according to quality. Probably about 200 head remained undisposed of at the close of business late in the evening.

COWS AND CALVES—Brought from $30@$38 to $47 50. All sold.

SHEEP AND LAMBS—Market somewhat abundantly supplied, and sales as follows: Sheep 1 25 to 2 70@4 25. Lambs 87½@$3 to 3 75. 150 unsold.

Markets....CAREFULLY REPORTED FOR THE TRIBUNE.

MONDAY, September 18.

ASHES—Are active and very firm. Pots are 8c, with sales 75 bbls. Pearls have been sold to the extent of 100 bbls. at 8 7½@8 8c, closing firmly at 8c.

COTTON—There is a fair business doing. Sales 1,000 bales at full prices, partly for export.

FLOUR AND MEAL—There has been an active demand to-day for Flour, and nearly all the receipts have been taken. The demand was good, both for home trade and for export. The tendency of the market has been to improvement, although no marked advance is noticed. At the close the market was very firm, with sales of Western brands at $4 25@4 31. The aggregate sales are to 10,000 bbls., including round hoop Ohio, 5 87½; Genesee, Ontario, Ohio, Michigan, &c. 5 87½@5 94, and fresh brands Genesee at 5 94@6 06. Some extra brands were made at 6 50@6 75. Included in the sales were five thousand bbls. of Genesee, for the Southern and Western markets, at the business doing, at 6 06 for Georgetown, Petersburg, &c. Meal has a downward tendency, with moderate inquiry. Sales 5 or 600 bbls Jersey at 3 12½, afloat, and 3 25 in store. Rye Flour is 4 12½, and not plenty.

GRAIN—For Corn there was a moderate inquiry in the morning, but the demand improved toward the close. The sales add up 20,000 bush. at about 61 for mixed North Carolina, 62@63 for Mixed, 64@66 for flat Southern yellow, 65 for Western, 65 for good White Southern, and 69@70 for round Northern. Rye is firm at 76@78c, with sales 2,500 bush.; it is in demand at this rate. Oats are firmer, with sales 70,000 bush. at 30@32c cts. Sales 150 bags Black-eyed Peas at 125c ⅌ bag of 2 bush. Wheat is steady and in fair request. There have been sales 5,000 bush Genesee at 1 44@1 45 cts, 2,500 do good Ohio 1 35, 1,000 do Southern at 1 37 cts, and a parcel of inferior red Ohio at 1 10.

PROVISIONS—There has been a good demand for Pork to-day, but buyers and sellers have been 12½ cts ⅌ bbl apart. Some 3 or 400 bbls sold, and at the close 12 75 and 9 87½ were freely bid. Beef is very firm, with sale 150 bbls at $13. Lard is less active and not very firm, with sales 300 bbls prime good at 8¾@8¾c, 500 bbls reserved at 8 cts, and 30,000 bbls Grease at 6¾@7¼ cts. There are very few Pickled Meats in the market, and we hear of no sales. Good parcels Butter are in demand, and several sales State made at 15@16½c. Cheese is 5¼@7 cts according to quality, and good dairies are in fair request. Sales 50 pkgs Grease Butter at 4½c.

WHISKY—Is dull. Prices sold to extent of 150 bbls at 27½, but the market was not firm. Drudge is nominal at 29 cts.

HAY—Sales 800 bales at 45@47 cts for shipping, and 45@50 for City trade.

FLAX—Sales 8,000 ℔ Jersey at 9¾ cts, 4 mos.

TOBACCO—About 1,400 bales St. Domingo are going out of market, mostly on owners' account. Of this quantity 300 bales sold on private terms. Some 20 hhds Kentucky sold at 3¾@7 cts. The stag sales in this article is occasioned by a difference of 1 to 1½c between buyers and sellers. There were also sales 50 bales Yara at about 10c.

GROCERIES—The market for Sugar is very firm. The advance is still maintained. Sales 100 hhds Cuba at 5¾@5¾; 50 do New Orleans 5¾; 80 do Porto Rico, 5¾; 250 bxs Brown Havana, common grade, at 4¾, and 50 do White, 7¾. We understand two of the principal refiners have withdrawn their stocks from market. Molasses has again improved. Sales 150 hhds common Cuba at 22@23, and 300 do Turk at 20 cts. Early crop is generally held at 24 cts.

LEATHER—The stock of Sole is quite light, with a brisk demand at the advanced rates. Sales of middling weight Hemlock were made to-day at 15¾ cts, 4 ⅌ cent off for cash. Heavy weights very little on hand, prices nominally 14¾. Good damaged 12¾@13 cts. The above prices show a continued improvement.

BOOTS AND SHOES—The demand for the article is unusually good, and prices have advanced fully 10 ⅌ cent on saleable stock within a few days. The manufactures are unable to supply the immediate demand, and they decline orders ahead except at higher rates than present prices. The low prices during the Summer caused many to suspend their operations partially, which fact has caused an unusually light Fall stock to be made up for market.

OIL, MEAL, &c.—Linseed is 90@1 10, with sales 15 to 20 tons.

LIME—We notice further sales 1,000 cks Eastern at 75 cts, cash.

HOPS—A sale of 50 bales old was made for export at 4 cts. New are selling from 10 to 12½ cts ⅌ ℔.

GINSENG—A sale of 1,100 ℔ was made at 20 cts, cash.

TALLOW—We notice a sale of 10,000 ℔ at 8¼ cts.

FISH—Sales 400 quintals Cod at 2 62½.

SEED—A sale of 50 bs Rough Flax was made at 11 25.

RICE—The market is very firm. Sales 100 cks at 4@4¼ cts, and 100 tierces City at 4¼ cts.

NAVAL STORES—Sales 200 bbls Spirits Turpentine at 45 cts, cash, and 100 White Resin, 2 25.
