

# MOTHER SUGAR FACTORY

### Cost \$650,000 to Be Erected in the Great Bear River Valley. Factory Begins Its Season's Run on Next Monday.

The mother sugar factory which will have an estimated cost of \$650,000 to be erected in the Great Bear River Valley, near the mouth of the Snake river, will begin its season's run on next Monday. The factory is being erected by the Utah Sugar Company, and will be the largest of its kind in the West. It will have a capacity of 100,000 tons of sugar annually. The factory is being erected on a site which has been selected for its excellent location and its proximity to the sugar beets. The factory will be a model of modern sugar manufacturing, and will be a great benefit to the sugar industry in the West.

# \$35,000 TO BE DIVIDED

### Among 1490 Persons Submitting the Near-est Estimates on the Next Congressional Vote in Utah, Idaho and Wyoming.

The Salt Lake Tribune has arranged for a friendly Congressional estimating contest, over the correct number of votes which will be polled in the States of Utah, Idaho and Wyoming on November 4th next, by setting aside \$35,000 to be divided into 1490 parts for the nearest estimates on the number of votes polled; and in order to handle the matter systematically and avoid the possibility of any question being raised as to the business methods adopted we have established an independent Bureau of Distribution, which will have exclusive charge of the fund.

## THE PLAN OF DISTRIBUTION IS VERY SIMPLE.

The Tribune has deposited with Wells, Fargo & Co. \$35,000 as a guarantee of good faith, which money will not be distributed, or drawn against, until after the November election, when it will be awarded to the nearest estimator, by a special committee of unbiased citizens to be hereafter selected. The special committee will determine the successful estimator, by comparing with the returns from the legislatures of the respective States—showing the aggregate number of all votes cast—the ORIGINAL ESTIMATES SUBMITTED BY OUR PATRONS, which estimate immediately upon receipt are carefully filed away in our vault for future reference. In other words, we will refer to the original unbiased committee of citizens the entire distribution of the fund, which we have deposited. It must be borne in mind that all the awards are to be distributed on the COMBINED votes of Utah, Idaho and Wyoming, and that ALL THE VOTES CAST are to be included—Republican, Democratic, Populist, Socialist, etc. The awards are to be divided as follows:

To the one making the nearest correct estimate of the exact total of the votes.....	\$5,000.00
To the second nearest.....	4,000.00
To the third nearest.....	3,000.00
To the fourth nearest.....	2,000.00
To the fifth nearest.....	1,500.00

## WHAT WE WANT.

What we want is for our patrons to send in their estimates of what the total vote will be for the three States. To this end we have arranged for a friendly Congressional estimating contest, over the correct number of votes which will be polled in the States of Utah, Idaho and Wyoming on November 4th next, by setting aside \$35,000 to be divided into 1490 parts for the nearest estimates on the number of votes polled; and in order to handle the matter systematically and avoid the possibility of any question being raised as to the business methods adopted we have established an independent Bureau of Distribution, which will have exclusive charge of the fund.

## \$12,500.

If there should be a tie in the estimate of two or more persons for any of the prizes the amount thereof will be equally divided. The awards are announced by the select committee, together with the certificates of the successful estimator, by the Tribune and the Inter-Mountain Farmer and Ranchman as soon as possible after the election.

In fact all competitors will receive the complete returns, so there can be no question about the thoroughness of our system of fairness. ESTIMATORS WHO HAVE PAID THEIR SUBSCRIPTIONS IN ADVANCE, ONE ESTIMATE BEING ALLOWED FREE FOR EACH DOLLAR PAID ACCOUNT OF ADVANCE SUBSCRIPTIONS. NO ESTIMATES ARE RECEIVED ON PAYMENTS OF ARREARAGES.

ESTIMATORS WHO DO NOT CARE TO EXTEND THEIR SUBSCRIPTIONS, HOWEVER THEY ARE NOT BARRED FROM PARTICIPATION IN THE CONTEST, AS THEY MAY SUBMIT AS MANY STRAIGHT ESTIMATES AS THEY DESIRE BY ACCOMPANYING EACH ESTIMATE WITH 10 CENTS.

ESTIMATORS WHO HAVE PREVIOUSLY SUBSCRIBED FOR ONE OR TWO OTHER NUMBERS OF THE TRIBUNE ARE TAKING ADVANTAGE OF THEM TO BECOME PARTISAN TO THE GRAND DISTRIBUTION.

THE TRIBUNE DISTRIBUTION BUREAU, P. O. Box 1298, Salt Lake City, Utah.
